SUPPLEMENTARY INFORMATION:

1. Background

The Department of Labor (DOL) conducts a variety of voluntary Customer Satisfaction Surveys of regulated/non-regulated entities, which are specifically designed to gather information from a customer's

perspective as prescribed by E.O. 12862, Setting Customer Service Standards, September 11, 1993. These Customer Satisfaction Surveys provide information on customer attitudes about the delivery and quality of agency products/services and are used as part of an ongoing process to improve DOL programs. This generic clearance allows agencies to gather information from both Federal and non-Federal users.

In addition to conducting Customer Satisfaction Surveys, the Department also includes the use of evaluation forms for those DOL agencies conducting conferences. These evaluations are helpful in determining the success of the current conference, in developing future conferences, and in meeting the needs of the Department's product/service users.

II. Current Actions

Over the past three years the DOL has conducted more than two dozen Customer Satisfaction Surveys and conference evaluations, which have helped assess the Departments products and services and has led to improvements in areas deemed necessary. Office of Management and Budget approval for this collection of information expires June 30, 2003. DOL proposes to seek continued approval for this collection of information for an additional three years.
