

022TA0402, constitutes terminating action for the requirements of this AD.

(e) To request a different method of compliance or a different compliance time for this AD, follow the procedures in 14 CFR 39.19. Contact the Safety Management Group, Rotorcraft Directorate, FAA, for information about previously approved alternative methods of compliance.

(f) Special flight permits will not be issued.

(g) This amendment becomes effective on October 14, 2003.

Note 2: The subject of this AD is addressed in Direction Generale De L'Aviation Civile (France), AD No. 2003-196(A), dated May 28, 2003.

Issued in Fort Worth, Texas, on September 15, 2003.

Kim Smith,

*Acting Manager, Rotorcraft Directorate,
Aircraft Certification Service.*

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2003-15628; Airspace
Docket No. 03-AWP-10]

Modification of Class E Airspace; Waimea-Kohala, HI

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Direct final rule; request for
comments; correction and confirmation
of effective date.

SUMMARY: This action corrects a rule that was published in the **Federal Register** on August 12, 2003, (68 FR 47846; FR Doc. 03-20406). It corrects an error in the latitude description of the Waimea-Kohala Airport and omits a word in the airspace description for Waimea-Kohala, HI. This document also confirms the effective date of the direct final rule, which modifies the Class E airspace at Waimea-Kohala, HI.

DATES: The direct final rule and this correction are effective at 0901 UTC on October 30, 2003. Comments for inclusion in the Rules Docket must have been received on or before August 29, 2003.

FOR FURTHER INFORMATION CONTACT:
Debra Trindle, Air Traffic Division,
Airspace Branch, AWP-520, Western-
Pacific Region, Federal Aviation
Administration, 15000 Aviation
Boulevard, Lawndale, California 90261,
telephone (310) 725-6622.

SUPPLEMENTARY INFORMATION: The FAA published FR Document 03-20406 in the **Federal Register** on August 12,

2003, (68 FR 47846) to modify Class E airspace at Waimea-Kohala, HI. The latitude description of the Waimea-Kohala Airport and the wording of the 700' Class E airspace were described incorrectly.

§ 71.1 [Corrected]

The following information corrects those errors for Waimea-Kohala, HI. On page 47847, correct the Waimea-Kohala Airport, HI latitude to read: (Lat. 20°00'05" N.) and on page 47847, column 1, 3rd line from the bottom omit the word "the".

Confirmation of Effective Date

The FAA published this direct final rule with a request for comments in the **Federal Register** on August 12, 2003, (68 FR 47846). The FAA uses the direct final rulemaking procedure for a non-controversial rule where the FAA believes that there will be no adverse public comment. This direct final rule advised the public that no adverse comments were anticipated, and that unless a written adverse comment, or a written notice of intent to submit such an adverse comment, were received within the comment period, the regulation would become effective on October 30, 2003. No adverse comments were received, and thus this action confirms that this direct final rule will be effective on that date.

Issued in Los Angeles, California,
September 10, 2003.

John Clancy,

*Manager, Air Traffic Division, Western-Pacific
Region.*

BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2003-16122; Airspace
Docket No. 03-ASO-17]

Removal of Class E Airspace; Clifton, TN

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action removes the Class E5 Airspace at Clifton, TN, as there is no longer a Standard Instrument Approach Procedure (SIAP) for Hassell Field Airport requiring Class E5 airspace.

EFFECTIVE DATE: 0901 UTC, October 30, 2003.

FOR FURTHER INFORMATION CONTACT:

Walter R. Cochran, Manager Airspace Branch, Air Traffic Division, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone (404) 305-5627.

SUPPLEMENTARY INFORMATION:

History

The VHF Omnidirectional Range/Distance Measuring Equipment (VOR/DME) SIAP for Hassell Field Airport has been canceled. Therefore, the Class E5 airspace area must be removed. This rule will become effective on the date specified in the "DATE" section. Since this action eliminates the impact of controlled airspace on users of the airspace in the vicinity of the Hassell Field Airport, notice and public procedure under 5 U.S.C. 553(b) are unnecessary. Class E airspace designations for airspace areas extending upward from 700 feet or more above the surface of the earth are published in Paragraph 6005 of FAA Order 7400.9K, dated August 30, 2002, and effective September 16, 2002, which is incorporated by reference in 14 CFR 71.1. The Class E designation listed in this document will be published subsequently in the Order.

The Rule

This amendment to Part 71 of the Federal Aviation Regulations (14 CFR part 71) removes Class E5 airspace at Clifton, TN.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference,
Navigation (air).

Adoption of the Amendment

■ In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR Part 71 as follows:
