SUPPLEMENTARY INFORMATION:

Executive Order 12866: The Office of Management and Budget exempted this action from the review requirements of Executive Order 12866 pursuant to section 6 of that order.

Regulatory Flexibility Act (RFA): Under the RFA, 5 U.S.C. 601 *et seq.*, a federal agency must prepare an initial regulatory flexibility analysis "for any proposed rule" for which the agency "is required by section 553 of (the Administrative Procedure Act (APA)), or any other law, to publish general notice of proposed rulemaking." The RFA exempts from this requirement any rule that the issuing agency certifies "will not, if promulgated, have a significant economic impact on a substantial number of small entities." EPA has concluded that NPDES general permits are permits under the APA and thus not subject to APA rulemaking requirements or the RFA.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collections contact Les Smith at 202-418-0217 or via Internet at Leslie.Smith@fcc.gov.

SUPPLEMENTARY INFORMATION: The Commission has requested emergency OMB review of this collection with an approval by September 17, 2003.

OMB Control Number: 3060-1033.

Type of Review: Extension of a currently approved collection.

Title: Multi-Channel Video Program Distributor EEO Program Annual Report, FCC Form 396-C.

Form Number: FCC 396-C.

Respondents: Business or other for-profit entities; Not-for-profit institutions.

Number of Respondents: 2,200.

Estimated Time per Response: 10 mins. to 2.5 hrs.

Frequency of Response:

Recordkeeping; Annual and five-year reporting requirements.

Total Annual Burden: 3,188 hours.

Total Annual Cost: None.

Needs and Uses: On November 7, 2002, the FCC adopted a Second Report and Order and Third NPRM (Second R&O), MM Docket No. 98-204, FCC 02-303, 68 FR 670 (2003), which established new EEO rules and forms to comply with the court's decision in *MD/DC/DE Broadcasters Association v. FCC*. The new EEO rules ensure equal employment opportunity in the broadcast and multi-channel video program distribution (MVPD) industries through outreach to the community in recruitment and prevention of employment discrimination. In addition, the Second R&O combined previous FCC Forms 395-A and 395-M, which requested substantially the same information. The FCC adopted new Form 396-C, which is substantially the same as those portions of FCC 395-A and 395-M that sought data about the MVPD's compliance with EEO program requirements, but it omits those portions of the prior forms that sought workforce data. All MVPDs with six or more full-time employees must file an EEO report annually in the public file detailing their outreach efforts and the results for the prior year, as part of the in-depth MVPD investigation conducted once every five years. Emergency approval is needed for this form because it is due to be filed by September 30, 2003, and the FCC needs OMB approval before that date to allow time for the

Commission to post a public notice announcing OMB approval and to give filers time to file, as well as to enable the **Federal Register** time to publish this notice by September 23, 2003.
