March 25, 2003.

The Clark Fork and Blackfoot, L.L.C. ("Clark Fork") filed an application for market-based rate authority, with accompanying tariff. The proposed market-based rate tariff provides for the wholesale sales of electric power, energy and certain ancillary services. Clark Fork also requested waiver of various Commission regulations. In particular, Clark Fork requested that the Commission grant blanket approval under 18 CFR part 34 of all future issuances of securities and assumptions of liability by Clark Fork.

On March 21, 2003, pursuant to delegated authority, the Director, Division of Tariffs and Market Development—South, granted the request for blanket approval under part 34, subject to the following:

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of Clark Fork's issuances of securities or assumptions of liability.
