OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Determinations Under the African Growth and Opportunity Act

AGENCY: Office of the United States Trade Representative.

ACTION: Notice.

SUMMARY: The United States Trade Representative (USTR) has determined that Mali has adopted an effective visa system and related procedures to prevent unlawful transshipment and the use of counterfeit documents in connection with shipments of textile and apparel articles and has implemented and follows, or is making substantial progress toward implementing and following, the customs procedures required by the African Growth and Opportunity Act (AGOA). Therefore, imports of eligible products from Mali qualify for the textile and apparel benefits provided under the AGOA.

DATES: Effective December 11, 2003.

FOR FURTHER INFORMATION CONTACT:

Patrick Coleman, Director for African Affairs, Office of the United States Trade Representative, (202) 395-9514.

SUPPLEMENTARY INFORMATION: The AGOA (Title I of the Trade and Development Act of 2000, Public Law 106-200) provides preferential tariff treatment for imports of certain textile and apparel products of beneficiary sub-Saharan African countries. The textile and apparel trade benefits under the AGOA are available to imports of eligible products from countries that the President designates as "beneficiary sub-Saharan African countries," provided that these countries: (1) Have adopted an effective visa system and related procedures to prevent unlawful transshipment and the use of counterfeit documents; and (2) have implemented and follow, or are making substantial progress toward implementing and following, certain customs procedures that assist the Customs Service in verifying the origin of the products.

In Proclamation 7350 (Oct. 2, 2000), the President designated Mali as a "beneficiary sub-Saharan African country." Proclamation 7350 delegated to the USTR the authority to determine whether designated countries have met the two requirements described above. The President directed the USTR to announce any such determinations in the **Federal Register** and to implement them through modifications of the Harmonized Tariff Schedule of the United States (HTS). Based on actions that Mali has taken, I have determined

that Mali has satisfied these two requirements.

Accordingly, pursuant to the authority vested in the USTR by Proclamation 7350, U.S. note 7(a) to subchapter II of chapter 98 of the HTS and U.S. note 1 to subchapter XIX of chapter 98 of the HTS are each modified by inserting "Mali" in alphabetical sequence in the list of countries. The foregoing modifications to the HTS are effective with respect to articles entered, or withdrawn from warehouse for consumption, on or after the effective date of this notice. Importers claiming preferential tariff treatment under the AGOA for entries of textile and apparel articles should ensure that those entries meet the applicable visa requirements. *See Visa Requirements Under the African Growth and Opportunity Act*, 66 FR 7837 (2001).

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Technical Corrections to the Harmonized Tariff Schedule of the United States

AGENCY: Office of the United States Trade Representative.

ACTION: Notice.

SUMMARY: Pursuant to authority delegated to the United States Trade Representative ("USTR") in Presidential Proclamation 6969 of January 27, 1997 (62 FR 4415), USTR is making technical corrections to subchapter III of chapter 99 of the Harmonized Tariff Schedule of the United States ("HTS") as set forth in the annex to this notice. These modifications correct several inadvertent errors and omissions in subheadings 9903.72.30 through 9903.74.24 of the HTS so that the intended tariff treatment is provided. In addition, USTR is modifying other portions of the HTS so as to reflect the correct treatment of goods described in general note 10(c) of the HTS and subheading 2933.59.95 of the HTS.

EFFECTIVE DATE: The corrections made in this notice are effective with respect to articles entered, or withdrawn from warehouse for consumption, on or after the dates set forth in the annex to this notice.

FOR FURTHER INFORMATION CONTACT:

Office of Industry, Office of the United States Trade Representative, 600 17th

Street, NW., Room 501, Washington, DC 20508. Telephone (202) 395-5656.

SUPPLEMENTARY INFORMATION: On March 5, 2002, pursuant to section 203 of the Trade Act of 1974, as amended (the "Trade Act") (19 U.S.C. 2253), the President issued Proclamation 7529 (67 FR 10553), which imposed tariffs and a tariff-rate quota on (a) certain flat steel, consisting of: slabs, plate, hot-rolled steel, cold-rolled steel, and coated steel; (b) hot-rolled bar; (c) cold-finished bar; (d) rebar; (e) certain tubular products; (f) carbon and alloy fittings; (g) stainless steel bar; (h) stainless steel rod; (i) tin mill products; and (j) stainless steel wire, as provided for in subheadings 9903.72.30 through 9903.74.24 of the Harmonized Tariff Schedule of the United States ("HTS") ("safeguard measures") for a period of three years plus 1 day. Effective with respect to goods entered, or withdrawn from warehouse for consumption, on or after 12:01 a.m., e.s.t., on March 20, 2002, Proclamation 7529 modified subchapter III of chapter 99 of the HTS so as to provide for such increased duties and a tariff-rate quota. Proclamation 7529 also delegated to the USTR the authority to consider requests for exclusion of a particular product submitted in accordance with the procedures set out in 66 FR 54321, 54322-54323 (October 26, 2001) and, upon publication in the **Federal Register** of a notice of his finding that a particular product should be excluded, to modify the HTS provision created by the annex to that proclamation to exclude such particular product from the pertinent safeguard measure. On April 5, 2002, USTR published a notice in the **Federal Register** excluding particular products from the safeguard measures, and modified the HTS accordingly. 67 FR 16484. On July 3, the President issued Proclamation 7576, which extended the period for granting exclusions until August 31, 2002. On July 12, 2002, August 30, 2002, and March 31, 2003, USTR published notices in the **Federal Register** excluding additional products from the safeguard measures, and modified the HTS accordingly. 67 FR 46221, 67 FR 56182, and 68 FR 15494.

On March 19, 2002, June 4, 2002, July 12, 2002, August 30, 2002, November 14, 2002, February 11, 2003, March 31, 2003 and June 9, 2003, USTR published **Federal Register** notices (67 FR 12635, 67 FR 38541, 67 FR 46221, 67 FR 56182, 67 FR 69065, 68 FR 6982, 68 FR 15494, 68 FR 34462 respectively) making technical corrections to subchapter III of chapter 99 of the HTS to remedy several technical errors introduced in the annex to Proclamation 7529. These corrections

ensured that the intended tariff treatment was provided. Since the publication of these **Federal Register** notices, additional technical errors and omissions in subchapter III of chapter 99 have come to the attention of USTR. Annex I to this notice makes technical corrections to the HTS to remedy these errors and omissions. In particular, the annex to this notice corrects errors in the descriptions of the physical dimensions, chemical composition, or mechanical characteristics of certain products excluded from the application of the safeguard measures.

In addition, it has come to the attention of USTR that there are technical errors and omissions in other chapters of the HTS due to prior proclamations unrelated to Proclamation 7529. Annex II to this notice makes two corrections in the HTS so as to ensure that the intended tariff treatment is accorded. Such corrections are being made pursuant to authority delegated to the USTR in Presidential Proclamation 6969 of January 27, 1997 (62 FR 4415). These modifications correct an inadvertent error in a provision of Presidential Proclamation 6763 of December 23, 1994 (60 FR 1007, 1196) and an inadvertent omission of a conforming change by Presidential Proclamation 7616 of October 31, 2002 (67 FR 67283, 67290) following enactment of section 3106 of the Trade Act of 2002. These changes would appear to have no impact on duty treatment.

Proclamation 6969 authorized the USTR to exercise the authority provided to the President under section 604 of the Trade Act of 1974 (19 U.S.C. 2483) to embody rectifications, technical or conforming changes, or similar modifications in the HTS. Under authority vested in the USTR by Proclamation 6969, the rectifications, technical and conforming changes, and similar modifications set forth in the annex to this notice shall be embodied in the HTS with respect to goods entered, or withdrawn from warehouse for consumption, on or after the dates set forth in the Annex to this notice.

Robert B. Zoellick,

United States Trade Representative.
