

continuation of this pilot standard appropriately takes into account the important investor protections provided by the short sale rule and the ongoing relationship of the valid short sale price amount to the minimum quotation increment of the Nasdaq market (currently also \$0.01).

## 2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act<sup>10</sup> in that it is designed to: (1) Promote just and equitable principles of trade; (2) foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to and facilitating transactions in securities; (3) perfect the mechanism of a free and open market and a national market system; and (4) protect investors and the public interest.

### *B. Self-Regulatory Organization's Statement on Burden on Competition*

Nasdaq does not believe that the proposed rule change will impose any inappropriate burden on competition.

### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others*

Written comments were neither solicited nor received.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not:

- (i) Significantly affect the protection of investors or the public interest;
- (ii) Impose any significant burden on competition; and
- (iii) Become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, it has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>11</sup> and Rule 19b-4(f)(6) thereunder.<sup>12</sup> At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

Nasdaq has requested that the Commission waive both the 5-day

notice and the 30-day operative delay. The Commission believes waiving the 5-day notice and 30-day operative delay is consistent with the protection of investors and the public interest. Acceleration of the operative date will allow the pilot to continue uninterrupted through June 30, 2004, and will provide Nasdaq and the Commission with an opportunity to evaluate the impact of the penny short sale pilot. For these reasons, the Commission designates the proposal to be effective and operative upon filing with the Commission.<sup>13</sup>

Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of Nasdaq. ## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-48876; File No. SR-NASD-2003-180]

### Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by the National Association of Securities Dealers, Inc., To Extend the Pilot for Limit Order Protection of Securities Priced in Decimals

December 4, 2003.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on December 1, 2003, the National Association of Securities Dealers, Inc. ("NASD" or "Association"), through its subsidiary, the Nasdaq Stock Market, Inc. ("Nasdaq"), filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by Nasdaq. Nasdaq filed the proposal pursuant to Section 19(b)(3)(A) of the Act,<sup>3</sup> and Rule 19b-4(f)(6)<sup>4</sup> thereunder, which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Nasdaq proposes to extend through June 30, 2004, the current pilot price-improvement standards for decimalized securities contained in NASD Interpretative Material 2110-2—Trading Ahead of Customer Limit Order ("Manning Interpretation" or "Interpretation"). Without such an extension these standards would terminate on December 1, 2003. Nasdaq does not propose to make any substantive changes to the pilot; the only change is an extension of the pilot's expiration date through June 30, 2004. Nasdaq requests that the Commission waive both the 5-day notice and 30-day operative requirements contained in Rule 19b-4(f)(6)(iii)<sup>5</sup> of the Act. If such waivers are granted by the Commission, Nasdaq will implement this rule change immediately.

## II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of and basis for its proposal and discussed any comments it received regarding the proposal. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

#### 1. Purpose

NASD's Manning Interpretation requires NASD member firms to provide a minimum level of price improvement to incoming orders in NMS and SmallCap securities if the firm chooses to trade as principal with those incoming orders at prices superior to customer limit orders they currently hold. If a firm fails to provide the minimum level of price improvement to the incoming order, the firm must execute its held customer limit orders. Generally, if a firm fails to provide the requisite amount of price improvement and also fails to execute its held customer limit orders, it is in violation of the Manning Interpretation.

On April 6, 2001,<sup>6</sup> the Commission approved, on a pilot basis, Nasdaq's proposal to establish the following price improvement standards whenever a market maker wished to trade proprietarily in front of its held customer limit orders without triggering an obligation to also execute those orders:

(1) For customer limit orders priced at or inside the best inside market displayed in Nasdaq, the minimum amount of price improvement required is \$0.01; and

(2) For customer limit orders priced outside the best inside market displayed in Nasdaq, the market maker must price improve the incoming order by executing the incoming order at a price at least equal to the next superior minimum quotation increment in Nasdaq (currently \$0.01).<sup>7</sup>

<sup>6</sup> See Securities Exchange Act Release No. 44165 (April 6, 2001), 66 FR 19268 (April 13, 2001) (order approving proposed rule change modifying NASD's Interpretative Material 2110-2—Trading Ahead of Customer Limit Order).

<sup>7</sup> Pursuant to the terms of the Decimals Implementation Plan for the Equities and Options Markets, the minimum quotation increment for

Since approval, these standards have operated on a pilot basis and are currently scheduled to terminate on December 1, 2003. After consultation with Commission staff, Nasdaq seeks an extension of its current Manning pilot until June 30, 2004. Nasdaq believes that such an extension provides for an appropriate continuation of the current Manning price-improvement standard while the Commission analyzes the issues related to customer limit order protection for decimalized securities, and reviews Nasdaq's separately filed rule proposal to make this pilot permanent.<sup>8</sup>

#### 2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act<sup>9</sup> in that it is designed to: (1) Promote just and equitable principles of trade; (2) foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to and facilitating transactions in securities; (3) perfect the mechanism of a free and open market and a national market system; and (4) protect investors and the public interest.

### B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will impose any inappropriate burden on competition.

### C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not:

(i) Significantly affect the protection of investors or the public interest;

(ii) Impose any significant burden on competition; and

(iii) Become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public

interest, it has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>10</sup> and Rule 19b-4(f)(6) thereunder.<sup>11</sup> At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

Nasdaq has requested that the Commission waive both the 5-day notice and the 30-day operative delay. The Commission believes waiving the 5-day notice and 30-day operative delay is consistent with the protection of investors and the public interest. Acceleration of the operative date will allow the pilot to continue uninterrupted through June 30, 2004, and will allow Nasdaq and the Commission to analyze the issues related to customer limit order protection in a decimals environment. For these reasons, the Commission designates the proposal to be effective and operative upon filing with the Commission.<sup>12</sup>

## DEPARTMENT OF STATE

### [Public Notice 4551]

#### Bureau of Educational and Cultural Affairs Request for Grant Proposals: Women's Political, Educational, and Economic Development for Afghanistan

**SUMMARY:** The Office of Citizen Exchanges of the Bureau of Educational and Cultural Affairs, United States Department of State, on behalf of the U.S.-Afghan Women's Council and in cooperation with the Office of International Women's Issues of the U.S. Department of State, announces an open competition for grants to support a series of exchanges and training programs promoting "Women's

Political, Educational, and Economic Development in Afghanistan." U.S. public and private non-profit organizations meeting the provisions described in Internal Revenue Code section 26 U.S.C. 501(c)(3) may submit proposals to develop and implement exchanges and training programs involving participants from Afghanistan, including training conducted in Afghanistan. These U.S. organizations should have a current presence in Afghanistan, or experience working in Afghanistan, and work in conjunction with Afghan NGO partners. This competition is in direct support of the work plan developed by the U.S.-Afghan Women's Council, which seeks to carry out training programs in partnership with provincial Women's Resource Centers. Up to five grants, not exceeding \$150,000 each, may be awarded. Depending on the types and number of proposals received, more than one award may be made in some areas of focus and no awards may be made in others. Proposals that clearly demonstrate significant cost-sharing—with 50% of the amount requested from ECA as the preferred target—will be judged more competitive. For example, an organization requesting \$150,000 would be more competitive if the proposal presents at least \$75,000 in allowable cost sharing. *A maximum of 10 Afghans traveling to the U.S. will be permitted for each grant awarded under this competition, and all individuals traveling to the U.S. should use their U.S. experience directly for carrying out programs in Afghanistan after their return home.* Deadline for submissions is Friday, February 6, 2004.

**Important Note:** This Request for Grant Proposals contains language in the "Shipment and Deadline for Proposals" section that is significantly different from that used in the past. Please pay special attention to procedural changes as outlined.

#### Program Information

**Overview:** On January 28, 2002, Presidents Bush and Karzai announced the creation of the U.S.-Afghan Women's Council to promote private/public partnerships between U.S. and Afghan institutions and to mobilize private resources to ensure that Afghan women are provided access to the education and skills to which they had no access during the years of Taliban misrule. The Council is co-chaired by the Under Secretary of State for Global Affairs, the Afghan Minister of Women's Affairs and the Minister of Foreign Affairs. The Council is staffed in the United States by the State Department's Office of International Women's Issues.

The U.S.-Afghan Women's Council seeks to help integrate women into Afghan society and to prepare them for positions of leadership and management. The priority themes listed below reflect the goals and work plan of the Council, and the exchange and training programs being funded will be carried out as programs of the U.S.-Afghan Women's Council. Please refer to the following Web site for more information on the Council: <http://usawc.state.gov>.

The Office of Citizen Exchanges of the Bureau of Educational and Cultural Affairs (ECA) consults with and supports American public and private nonprofit organizations in developing and implementing multi-phased, often multi-year, exchanges of professionals, community leaders, scholars and academics, public policy advocates, etc. These exchanges address issues of critical importance to both the United States and to the countries with which the exchanges will be conducted. They encourage substantive and cooperative interaction among counterparts, and they entail both theoretical and experiential learning for all participants. A primary goal is the development of sustained, international institutional and individual linkages. In addition to providing a context for professional development and collaborative problem-solving, these projects are intended to introduce participants to one another's political, social, and economic structures, facilitating improved communication and enhancing mutual understanding.

**Special Note:** The Afghan Ministry of Women's Affairs is establishing Women's Resource Centers throughout Afghanistan. The US-Afghan Women's Council and the Department of State are dedicated to supporting the work of these centers. All proposals submitted in response to this RFGP must feature activities organized in close cooperation with and promoting the work of these centers, including training activities taking place inside these centers in provinces outside of Kabul. All proposals must display an understanding of the work of the Afghan Ministry of Women's Affairs and the Women's Resource Centers and discuss how proposed exchange activities will further the work of these centers. To the extent possible, exchange and training activities in Afghanistan will take place at or center around the Resource Centers in provinces where such Centers have been established. Proposals should also reflect a clear understanding of the work of USAID in support of the Centers and demonstrate how exchanges will complement and further that support.
