[or to the business of its affiliates which are engaged in the transaction of business as a broker or dealer in securities or commodities or in such other businesses as have been approved by the Exchange.]*

B. Description of the Proposed Rule Change

Currently, CBOE rule 9.4 ("Other Affiliations of Registered Representatives") requires a member firm's Registered Representatives and Registered Options Principals ("ROPs") to obtain express written permission

from the Exchange in order to engage in any business, other than that of their member organization, during business hours. Further, CBOE rule 3.6A ("Qualification and Registration of Certain Associated Persons") provides that a member firm may employ a part-time employee or independent contractor as a Financial/Operations Principal, provided that it receives the prior written approval of the Exchange to do so.

Pursuant to the proposed rule change, CBOE would amend rule 9.4 to apply to all of a member firm's registered APs. The rule would now provide that, other than in the case of a passive investment, all such persons would be required to give prompt written notice to the employing member, and to receive the member's prior written consent, with respect to outside business activities. Where CBOE is the firm's Designated Examining Authority, and the AP in question is a ROP, Sales Supervisor, or Financial / Operations Principal, the CBOE will also require prompt written notice to the Exchange. CBOE rule 3.6A's restrictions on FINOPs would also be amended with changes corresponding to the new provisions of rule 9.4.

III. Discussion

After careful review, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.⁷ In particular, the Commission believes that the proposal is consistent with section 6(b)(5) of the Act,⁸ which requires, among other things, that the rules of an exchange be designed to promote just and equitable principles of trade and to protect investors and the public interest.

The Commission believes that the proposed rule change will provide CBOE with information that it needs to regulate its member firms. The Commission further notes that the proposed rules are similar to rules of other self-regulatory organizations.⁹ Finally, the proposed rule change does not alter in any way the obligation of a CBOE member or member organization to oversee the operation of its business and supervise the performance of its

associated persons, including any potential conflicts of interest involving any associated person, in a manner that assures compliance with the Act and rules and regulations thereunder, as well as applicable rules of the CBOE. To this end, the Commission notes that CBOE member firms will be obligated to review and approve in writing any outside business arrangements of their personnel.

Therefore, the Commission believes that the proposal is consistent with section 6(b)(5) of the Act,¹⁰ which requires, among other things, that the rules of an exchange be designed to promote just and equitable principles of trade, and to protect investors and the public interest.

IV. Conclusion

It is therefore ordered, pursuant to section 19(b)(2) of the Act,¹¹ that the proposed rule change, as amended (File No. SR-CBOE-2003-02) be, and it hereby is, approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹²

CME proposes to adopt, on a permanent basis, CME Rule 930.B.2.b.(3) (herein referred to as "Market Maker Exclusion"). On November 8, 2002, the Commission approved the Market Maker Exclusion on a pilot basis, ending May 7, 2003 (the "Pilot").³ CME believes that permanent approval of the Market Maker Exclusion is consistent with the jointly adopted margin rules of the Commission and the Commodity Futures Trading Commission ("CFTC") (collectively, "Commissions").

Below is the text of the proposed rule change that CME proposes to adopt on a permanent basis.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the CME included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item III below. The CME has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The CME proposes to adopt, on a permanent basis, the Market Maker Exclusion, which sets forth the standards under which a CME member may be excluded from the Exchange's margin requirements as a "market maker." The CME believes that the proposed rule change is consistent with Commission Rule 400(c)(2)(v) under the Act⁴ and CFTC Rule 41.42(c)(2)(v),⁵ which establish standards by which members of national securities exchanges may qualify as Security Futures Dealers and therefore be

excluded from customer margin requirements for security futures.

The CME notes that the Market Maker Exclusion has not actually been deployed in practice at the Exchange to date. In addition, the CME notes that the Commission has received no comment letters on this matter during the pilot period. The CME proposes no changes to the Market Maker Exclusion and, therefore, CME proposes to adopt the proposed rule change on a permanent basis.

2. Statutory Basis

The CME believes that the proposed rule change is consistent with section 6(b)(5) of the Act⁶ in that it promotes competition and is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and to protect investors and the public interest. The CME believes that the proposed rule change is designed to accomplish these goals by permitting members to trade security futures, as permitted under the Commission's Rule.

B. Self-Regulatory Organization's Statement on Burden on Competition

The CME does not believe that the proposed rule change will have an impact on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Comments on the proposed rule change have not been solicited and none have been received.

III. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference

³ See Securities Exchange Act Release No. 46792 (November 8, 2002), 67 FR 69273 (November 15, 2002).

⁵ 17 CFR 41.42(c)(2)(v).

Room. Copies of such filing will also be available for inspection and copying at the principal office of the CME. All submissions should refer to File No. SR-CME-2003-01 and should be submitted by June 5, 2003.

IV. Commission Findings and Order Granting Accelerated Approval of a Proposed Rule Change

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.⁷ In particular, the Commission believes that the proposed rule change is consistent with the requirements of section 6(b)(5) of the Act,⁸ which requires, among other things, that the rules of the Exchange be designed to promote just and equitable principles of trade and, in general, to protect investors and the public interest.⁹ In addition, the Commission believes that the proposed rule change is consistent with section 7(c)(2)(B) of the Act,¹⁰ which provides, among other things, that the margin requirements for security futures must preserve the financial integrity of markets trading security futures, prevent systemic risk, be consistent with the margin requirements for comparable exchange-traded options, and provide that the margin levels for security futures may be no lower than the lowest level of margin, exclusive of premium, required for any comparable exchange-traded option.

The Commission believes that the CME's standards for market makers under Rule 930.B.2.b.(3) are consistent with the Act, and Rule 400(c)(2)(v) thereunder.¹¹ Specifically, Rule 400(c)(2)(v) provides that the Commissions' joint margin rules do not apply to a member of a national securities exchange that is registered with such exchange as a "Security Futures Dealer" pursuant to exchange rules that must meet several criteria, including a requirement that a Security Futures Dealer be required to "to hold itself out as being willing to buy and sell security futures for its own account on a regular and continuous basis." The Commission believes that the affirmative obligations required by the

CME pursuant to Rule 930.B.2.b.(3) satisfy this requirement.

The CME has requested that the Commission approve the proposed rule change prior to the thirtieth day after publication of notice of the filing in the **Federal Register**. The Commission finds good cause for approving the proposed rule change prior to the thirtieth day after the date of publication of notice of filing thereof in the **Federal Register**. The Commission believes that accelerated approval of the proposed rule change should enable CME members to trade security futures as market makers under the Market Maker Exclusion without undue delay. The Commission notes that it approved the Market Maker Exclusion as a temporary pilot to give members of the public an opportunity to comment on the substance of the Market Maker Exclusion. The Commission received no comments on the Pilot. Accordingly, the Commission finds good cause, consistent with section 19(b)(2) of the Act,¹² to approve the proposed rule change prior to the thirtieth day after publication of the notice of filing.

V. Conclusion

It is therefore Ordered, pursuant to section 19(b)(2) of the Act,¹³ that the proposed rule change (File No. SR-CME-2003-01) be approved, on a permanent basis, on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁴

Deputy Secretary.
