Semiannual Regulatory Agenda, Fall 2003

AGENCY: Office of the Secretary, USDA.

ACTION: Semiannual regulatory agenda.

SUMMARY: This agenda provides summary descriptions of significant and not significant regulations being developed in agencies of the U.S. Department of Agriculture (USDA) in

conformance with Executive Order 12866 “Regulatory Planning and Review.” The agenda also describes regulations affecting small entities as required by section 602 of the Regulatory Flexibility Act, Public Law 96–354. This agenda also identifies regulatory actions that are being reviewed in compliance with section 610(c) of the Regulatory Flexibility Act. We invite public comment on those actions.

USDA has attempted to list all regulations and regulatory reviews pending at the time of publication except for minor and routine or repetitive actions, but some may have been inadvertently missed. There is no legal significance to the omission of an item from this listing. Also, the dates shown for the steps of each action are estimated and are not commitments to act on or by the date shown.

For this edition of the USDA regulatory agenda, the most significant regulatory actions are included in part II of this issue of the Federal Register. The Regulatory Plan entries are listed in the table of contents below and are denoted by a bracketed bold reference, which directs the reader to the appropriate sequence number in part II.

FOR FURTHER INFORMATION CONTACT: For further information on any specific entry shown in this agenda, please contact the person listed for that action. Requests for copies of the agenda should include a self-addressed, stamped envelope and be directed to: Regulatory Agenda, OBPA, Office of the Secretary, Room 118–E, Jamie Whitten Building, U.S. Department of Agriculture, Washington, DC 20250, (202) 720–1272.

Dated: October 23, 2003.

Geraldine Broadway,
Chief, Legislative and Regulatory Staff.

Agricultural Marketing Service—Prerule Stage

Sequence Number	Title	Regulation Identification Number
151	National Organic Program: Add Standards for the Organic Certification of Wild Captured Aquatic Animals (TM–01–08) (Reg Plan Seq No. 1)	0581–AB97

References in boldface appear in the Regulatory Plan in part II of this issue of the **Federal Register**.

Agricultural Marketing Service—Proposed Rule Stage

Sequence Number	Title	Regulation Identification Number
152	Changes in Fees for Federal Grading and Certification of Livestock for Chicago Mercantile Exchange Futures Deliveries	0581–AB66
153	Mango Promotion, Research, and Information Order (FV–01–707)	0581–AC05
154	Quality Systems Verification Program (LS–02–10)	0581–AC12
155	Exemption of Organic Producers From Research and Promotion/Marketing Order Assessment (PY–02–006 and FV–03–900–1)	0581–AC15
156	National Dairy Promotion and Research Program (DA–02–03) (Reg Plan Seq No. 2)	0581–AC16
157	Administrative Requirements for Voluntary Shell Egg, Poultry, and Rabbit Grading (PY–02–003)	0581–AC25
158	Plant Variety Protection Services (ST–02–02)	0581–AC31
159	Voluntary Federal Dairy Grading and Inspection Fees (DA–03–03)	0581–AC32
160	Voluntary Shell Egg Grading Regulation—Facilities and Equipment (PY–03–005)	0581–AC33

References in boldface appear in the Regulatory Plan in part II of this issue of the **Federal Register**.

Agricultural Marketing Service—Final Rule Stage

Sequence Number	Title	Regulation Identification Number
161	Livestock Mandatory Reporting Program—Lamb Amendment (LS–01–08) (Reg Plan Seq No. 3)	0581–AB98
162	Removal of Cottonseed Chemist Licensing Program and Amendments to Regulations Pertaining to Commodity Testing Laboratories (ST–02–03)	0581–AC18
163	Mandatory Country of Origin Labeling of Beef, Pork, Lamb, Fish, Perishable Agricultural Commodities, and Peanuts (LS–03–04) (Reg Plan Seq No. 4)	0581–AC26

USDA

Agricultural Marketing Service—Final Rule Stage (Continued)

Sequence Number	Title	Regulation Identification Number
164	Good Guidance Practices for the National Organic Program (TM-03-03)	0581-AC30

References in boldface appear in the Regulatory Plan in part II of this issue of the **Federal Register**.

Agricultural Marketing Service—Completed Actions

Sequence Number	Title	Regulation Identification Number
165	Revision of Regulations Governing the Inspection and Grading Service of Manufactured or Processed Dairy Products (DA-00-08)	0581-AB93
166	National Organic Program: Add Standards for Mushroom, Apiculture, Greenhouse, and Hydroponic Production Systems and the Handling of Honey (TM-01-09)	0581-AB96
167	Flue-Cured Tobacco Advisory Committee: Amendment to Regulations (TB-02-14)	0581-AC11
168	Voluntary Federal Meat Grading and Certification Services (LS-02-06)	0581-AC13
169	User Fees for 2003 Crop Cotton Classification Services (CN-02-006)	0581-AC17
170	National Organic Program, Amendment to the National List of Allowed and Prohibited Substances	0581-AC19
171	PACA: Coating or Battering Fruits and Vegetables Does Not Alter Their Character (FV-02-369)	0581-AC21
172	USDA "Produced From" Grademark for Shell Eggs (PY-02-007)	0581-AC24
173	National Organic Program: Amendments to the National List (2nd list)	0581-AC27

Farm Service Agency—Proposed Rule Stage

Sequence Number	Title	Regulation Identification Number
174	Amendments to the Standards for Approval of Warehouses for Commodity Credit Corporation Storage Contracts ..	0560-AE50
175	Selection of FSA State and County Committees	0560-AG90

Farm Service Agency—Final Rule Stage

Sequence Number	Title	Regulation Identification Number
176	Elimination of 30-Day Past-Due Period for Farm Loan Program Borrowers	0560-AG50
177	2002 Farm Bill Regulations—Loan Eligibility With Prior Debt Forgiveness	0560-AG81

Farm Service Agency—Long-Term Actions

Sequence Number	Title	Regulation Identification Number
178	Amendments to the Debt Settlement Policies and Procedures To Conform to the Debt Collection Improvement Act of 1996	0560-AF22
179	Regulatory Streamlining of the Farm Service Agency's Direct Farm Loan Programs	0560-AF60

200	Producer Disqualification for Crop Insurance Fraud	0560-AG70
201	2002 Farm Bill Regulations—Bioenergy Program	0560-AG84
202	2002 Farm Bill Regulations—Income Limits	0560-AG86
203	Providing Farm Loans in a National Security Emergency	0560-AG89
204	2003—Crop Marketing Quota and Price Support Level for Flue-Cured Tobacco	0560-AG91
205	2003—Crop Marketing Quota and Price Support Level for Burley Tobacco	0560-AG93
206	Crop Insurance Linkage	0560-AG94
207	2003 Agricultural Assistance Act—Crop Disaster Program, Livestock Assistance Program, and Weather-Related Losses for Sugar Beets	0560-AG95
208	Cottonseed Payment Program	0560-AG97
209	Hurricane Assistance for Sugarcane Producers and Processors	0560-AG98
210	Technical Changes to Citizenship Definition and Loan Eligibility Regulations	0560-AG99
211	Sugar Beet Disaster Program	0560-AH04
212	Removal of Obsolete Regulations	0560-AH05
213	Purchase of Crop Insurance for Tobacco Price Support Eligibility	0560-AH06

Animal and Plant Health Inspection Service—Proposed Rule Stage

Sequence Number	Title	Regulation Identification Number
214	Plum Pox Compensation	0579-AB19
215	Animal Welfare: Marine Mammals; Nonconsensus Language and Interactive Programs	0579-AB24
216	Chronic Wasting Disease in Elk and Deer; Interstate Movement Restrictions and Payment of Indemnity (Reg Plan Seq No. 5)	0579-AB35
217	Karnal Bunt Compensation	0579-AB45
218	Cost-Sharing for Animal and Plant Health Emergency Programs	0579-AB50
219	Trichinae Certification Program	0579-AB52
220	Methyl Bromide; Authorization as Official Quarantine Use	0579-AB54
221	Bovine Spongiform Encephalopathy: Minimal Risk Regions and Importation of Commodities (Reg Plan Seq No. 6)	0579-AB73

References in boldface appear in the Regulatory Plan in part II of this issue of the **Federal Register**.

Animal and Plant Health Inspection Service—Final Rule Stage

Sequence Number	Title	Regulation Identification Number
222	Animal Welfare; Inspection, Licensing, and Procurement of Animals (Section 610 Review)	0579-AA94
223	Importation of Unmanufactured Wood Articles From Mexico	0579-AB02
224	Blood and Tissue Collection at Slaughtering Establishments	0579-AB13

USDA

Animal and Plant Health Inspection Service—Final Rule Stage (Continued)

Sequence Number	Title	Regulation Identification Number
225	Phytosanitary Certificates for Imported Fruits and Vegetables	0579-AB18
226	Bees and Related Articles (Section 610 Review)	0579-AB20
227	Veterinary Diagnostic User Fees—5-Year Plan for Fees (Section 610 Review)	0579-AB22
228	Foot-and-Mouth Disease; Payment of Indemnity (Reg Plan Seq No. 7)	0579-AB34
229	Infectious Salmon Anemia; Payment of Indemnity	0579-AB37
230	Animal Welfare; Policy on Training and Handling of Potentially Dangerous Animals	0579-AB39
231	Brucellosis in Sheep, Goats, and Horses; Payment of Indemnity (Section 610 Review)	0579-AB42
232	Agricultural Bioterrorism Protection Act of 2002; Possession, Use, and Transfer of Biological Agents and Toxins (Reg Plan Seq No. 8)	0579-AB47
233	Importation of Solid Wood Packing Material; Adoption of International Standards	0579-AB48
234	Animal Welfare; Transportation of Animals on International Carriers	0579-AB51
235	Procedures for Reestablishing a Region as Free of a Disease	0579-AB53
236	Animal Welfare; Definition of Animal	0579-AB69

References in boldface appear in the Regulatory Plan in part II of this issue of the **Federal Register**.

Animal and Plant Health Inspection Service—Long-Term Actions

Sequence Number	Title	Regulation Identification Number
237	Plant Pest Regulations; Update of Current Provisions (Section 610 Review)	0579-AA80
238	Importation of Fuji Variety Apples From the Republic of Korea	0579-AA93
239	Pseudorabies in Swine; Payment of Indemnity	0579-AB10
240	Importation Prohibitions Because of Bovine Spongiform Encephalopathy	0579-AB26
241	Animals Destroyed Because of Tuberculosis; Payment of Indemnity	0579-AB29
242	Importation of Milk and Milk Products From FMD Countries	0579-AB38
243	Risk Reduction Strategies for Potential BSE Pathways Involving Downer Cattle and Dead Stock of Cattle and Other Species	0579-AB43
244	Amend Regulations To Harmonize Our Import Requirements With Proposed National Tuberculosis Eradication Program	0579-AB44
245	Gypsy Moth; Interstate Movement of Regulated Articles (Section 610 Review)	0579-AB55

Animal and Plant Health Inspection Service—Completed Actions

Sequence Number	Title	Regulation Identification Number
246	Importation of Unmanufactured Wood Articles; Solid Wood Packing Material	0579-AA99
247	Nursery Stock Regulations (Completion of a Section 610 Review)	0579-AB23
248	Salmonella Enteritidis Phage—Type 4; Remove Import Restrictions and Salmonella Enteritidis Serotype Enteritidis; Remove Regulations	0579-AB31
249	Low Pathogenic Avian Influenza; Payment of Indemnity	0579-AB46
250	Flag Smut Import Prohibitions on Wheat and Related Products	0579-AB49
251	Agricultural Inspection and AI User Fees Along the U.S./Canada Border	0579-AB70

Cooperative State Research, Education, and Extension Service—Proposed Rule Stage

Sequence Number	Title	Regulation Identification Number

RESEARCH, AND INFORMATION
ORDER (FV-01-707)**

Priority: Substantive, Nonsignificant

Legal Authority: 7 USC 7411 through 7425

CFR Citation: 7 CFR 1206

Legal Deadline: None

Abstract: Under the Mango Promotion, Research, and Information Order (Order), an industry board appointed by the Secretary of Agriculture will conduct a program of promotion, research, and information in order to increase consumption of mangos in the United States. Domestic handlers and importers will pay an assessment of

one half cent per pound on the mangos they handle and import, respectively, to fund the program. The board will be supervised by USDA and pay a user fee to USDA to cover the cost of USDA oversight.

...

Legal Deadline: Final, Statutory, May 13, 2003, Final.

Abstract: Under the 2002 Farm Bill, section 501 of the Federal Agriculture Improvement and Reform Act of 1996 (FAIR Act) was amended on May 13, 2002. The amendment exempts any person that produces and markets solely 100 percent organic products from paying assessments under a commodity promotion law. The FAIR Act governs all research and promotion programs and certain marketing order programs. Therefore, the Department of Agriculture is proposing amendments to the 16 research and promotion regulations and 28 applicable marketing order programs for which it has oversight. These amendments will be handled in two separate regulatory actions that will be published simultaneously.

158. • PLANT VARIETY PROTECTION SERVICES (ST-02-02)

Priority: Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

Legal Authority: 7 USC 2321; 7 USC 2401

CFR Citation: 7 CFR 97**Legal Deadline:** None

Abstract: This rule will establish a new fee schedule covering various administrative services that stakeholders are not currently charged for by the Plant Variety Protection (PVP) Office. PVP, as provided by the Agricultural Marketing Service is a voluntary, user-fee service, conducted under the authority of the PVP Act of 1970. The Act requires reasonable fees be collected from applicants for plant variety protection in order to cover program expenses. Program obligations and administrative costs have increased and user fees have been falling short of projections. Based on current level of activity, new service fees will generate approximately \$169,000 of new revenue in fiscal year 2003.

159. • VOLUNTARY FEDERAL DAIRY GRADING AND INSPECTION FEES (DA-03-03)

Priority: Substantive, Nonsignificant.
Major status under 5 USC 801 is
undetermined.

Legal Authority: 7 USC 1621
through 1627

CFR Citation: 7 CFR 58; 7 CFR 54

Legal Deadline: None

Abstract: This rule would revise the regulations to increase the fees charged users of dairy inspection and grading services. The increased fees are necessary to recover the increased costs of Federal employee pay and location adjustment as well as increases in operational costs. Also the fee increase would provide a limited amount of funding to automate business practices to improve program efficiency and effectiveness. These changes would also increase the fees charged to applicants

for the review of meat and poultry processing equipment.

174. AMENDMENTS TO THE STANDARDS FOR APPROVAL OF WAREHOUSES FOR COMMODITY CREDIT CORPORATION STORAGE CONTRACTS

Priority: Substantive, Nonsignificant

Legal Authority: 15 USC 714 et seq

CFR Citation: 7 CFR 1421; 7 CFR 1423; 7 CFR 1427

Legal Deadline: None

Abstract: This action will amend the regulations governing the standards that warehouse operators must meet to enter into storage contracts with CCC to allow additional financial institutions the ability to provide irrevocable letters of credit to CCC to satisfy deficiencies that some warehouse operators may have in meeting their required net worth and provide for the collection of fees to defray the costs incurred by CCC in conducting examinations of non-U.S.

Warehouse Act facilities as a result of warehouse operators modifying existing contracts. Costs of about \$50,000 will be incurred by CCC to defray examination costs. Separate rules will be promulgated for each CFR part amended.

175. SELECTION OF FSA STATE AND COUNTY COMMITTEES

Priority: Substantive, Nonsignificant

Legal Authority: PL 107-171

CFR Citation: 7 CFR 7; 7 CFR 710

Legal Deadline: None

Abstract: This action will amend the regulations to implement the provisions of the 2002 Farm Bill relating to the establishment of FSA county, area, and local committees. The statute provides that committees shall have from three to five members, that they shall be representative of the producers in the

USDA—FSA

Proposed Rule Stage

area, and that the term of office shall not exceed 3 years. It also provides that the Secretary shall solicit nominations from organizations representing the interests of socially disadvantaged groups and, if determined necessary, promulgate uniform guidelines for conducting elections that will ensure fair representation of socially disadvantaged groups. The Secretary may also ensure inclusion of socially disadvantaged farmers by appointing one additional voting member to a committee. The rule will provide for election procedures, including

nominations, opening of ballots and reporting of results.

Further, the rule will eliminate community committees from the existing regulations.

Final Rule Stage

176. ELIMINATION OF 30-DAY PAST-DUE PERIOD FOR FARM LOAN PROGRAM BORROWERS

Priority: Substantive, Nonsignificant

Legal Authority: 5 USC 301; 7 USC 1989; 31 USC 3716; 42 USC 1480

CFR Citation: 7 CFR 1951

Legal Deadline: None

Abstract: Currently, borrowers are considered “past due” for the first 30 days after a missed Farm Loan Program (FLP) payment and are then “delinquent.” This is not consistent with the terminology used by Farm Programs (FP), which considers borrowers “delinquent” immediately after a missed payment. This action will eliminate the 30-day past due period prior to delinquency. In addition to clarification and consistency, this change would allow FLP borrowers to receive debt write-down on the day after a missed payment, assuming all other primary loan servicing criteria are met, instead of waiting 31 days. This change will also clarify the use of the word delinquent with regard to all servicing and offsets. The rule will not affect the statutorily required “90 days past due” criteria that is currently used to determine the onset of primary loan servicing. This rule will not significantly affect costs for either the Government or borrowers.

177. 2002 FARM BILL REGULATIONS—LOAN ELIGIBILITY WITH PRIOR DEBT FORGIVENESS

Priority: Substantive, Nonsignificant

Legal Authority: PL 107-171

CFR Citation: 7 CFR 1941

Legal Deadline: None

Abstract: This action will seek to clarify language needed to implement the 2002 Farm Bill provisions relating to borrowers who received debt forgiveness and a change in the eligibility requirements for direct farm ownership loans: (1) The legislation provides that borrowers who received debt forgiveness may also be eligible for new direct or guaranteed operating loans if forgiveness resulted from a declared major emergency or natural disaster. However, besides areas designated as natural disasters, low-interest emergency loans are also

available in areas under plant or animal quarantines. This rule will obtain public comments on the types of emergencies or natural disasters to be considered eligible. (2) The legislation changes an eligibility requirement for direct farm ownership loans from persons who “operated” a farm to persons who “participated in the operation of” a farm. This rule will obtain public comments on the meaning of the new term. The expected cost is minimal.

192. • REVISIONS TO DIRECT FARM LOAN PROGRAMS APPRAISAL REGULATIONS

Priority: Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

Legal Authority: 42 USC 1480; 5 USC 301; 7 USC 1989

CFR Citation: 7 CFR 1910; 7 CFR 1941; 7 CFR 1965

Legal Deadline: None

Abstract: This rule proposes to amend the Farm Service Agency's (FSA) regulations governing real estate and chattel appraisals. In the loan making process, the rule proposes to allow FSA to obtain appraisals after loan funds become available and the applicant is determined eligible. Also, the rule proposes to increase the dollar threshold that determines when a real estate appraisal is required. In loan servicing, the rule proposes to raise the dollar threshold for real estate appraisals in partial release situations, and allow the Agency to release real estate security without appraising the retained real estate in some cases. All these changes will reduce FSA's appraisal costs and enhance the timeliness of program delivery of certain loan making and servicing actions.

194. ● OUTSIDE STORAGE OF EXTRA LONG STAPLE LOAN COTTON

Priority: Substantive, Nonsignificant.
Major status under 5 USC 801 is undetermined.

Legal Authority: 7 USC 7213; 15 USC 714b; PL 106-387

CFR Citation: 7 CFR 1427

Legal Deadline: None

Abstract: The Farm Service Agency (FSA) is amending regulations governing loan eligibility to permit outside storage of extra long staple (ELS) loan cotton by producers at facilities meeting certain requirements. Current policy requires that cotton must be stored inside a warehouse to be eligible for a loan. This rule change will reduce storage costs for producers able to meet the technical requirements for outside storage. These storage savings should enable that cotton to be sold at a more competitive price in domestic and export markets. ELS cotton loans are nonrecourse marketing assistance loans that are repaid in full based on an interest rate 1 percent above CCC's cost of borrowing. CCC does not pay any storage or other charges associated with the loan and

charges producers a loan-servicing fee. USDA estimates that there will be no increase in ELS cotton production as a result of this rule, and so no increase in loan forfeitures is foreseen. However, the quantity of ELS cotton placed under loan may increase by producers that use outside storage. Thus, some increase in loan volume and gross loan outlays is estimated, but net loan outlays or forfeitures to CCC are estimated as unchanged.

Abstract: The Farm Service Agency (FSA) is amending its regulations governing loan eligibility to conform with recent changes in other regulations and statutes. Specifically, this rule will change the term "citizenship" according to that now used by the United States Department of Homeland Security, Immigration and Naturalization Service, (2) allow a loan to an applicant that is operating in accordance with a confirmed bankruptcy plan, (3) prohibit operating loans to an applicant that is delinquent on an FSA guaranteed loan, (4) remove provisions for making non-farm enterprise loans, which are no longer authorized, (5) remove provisions for annual production loans to delinquent borrowers, which are no longer authorized, (6) correct the definition for socially disadvantaged applicant, and (7) amend the regulation covering installment schedules for balloon payments.

Abstract: This rule implements provisions of the Agricultural Assistance Act of 2003, Public Law 108-7, related to the Sugar Beet Disaster Program. This program will assist sugar beet producers who suffered production losses for either the 2001 or 2002 crop year due to weather related disasters which resulted in the prevention of planting or the reduction of quantity or quality while the beets were in the field. Outlays were \$60 million.

215. ANIMAL WELFARE: MARINE MAMMALS; NONCONSENSUS LANGUAGE AND INTERACTIVE PROGRAMS

Priority: Other Significant

Legal Authority: 7 USC 2131 to 2159

CFR Citation: 9 CFR 3

Legal Deadline: None

Abstract: The U.S. Department of Agriculture regulates the treatment of certain marine mammals under the Animal Welfare Act. The present standards for treatment of these animals have been in effect for over 10 years. During this time, advances have been made and new information has been developed with regard to the housing and care of marine mammals. We intend to develop amendments to the marine mammal standards on which consensus was not reached during negotiated rulemaking conducted between September 1995 and July 1996. The amendments would be to standards affecting variances, indoor facilities, outdoor facilities, space requirements, and water quality, as well as swim-with-the-dolphin programs. These actions appear necessary to ensure that

USDA—APHIS

Proposed Rule Stage

the minimum standards for the humane handling, care, treatment, and transportation of marine mammals in captivity are based on current general, industry, and scientific knowledge and experience.

Priority: Other Significant

Legal Authority: 7 USC 166; 7 USC 7711 to 7712; 7 USC 7714; 7 USC 7731; 7 USC 7735; 7 USC 7751 to 7754

CFR Citation: 7 CFR 301

Legal Deadline: None

Abstract: We are amending the Karnal bunt regulations to provide compensation for certain growers and handlers of grain and seed affected by Karnal bunt who are not currently eligible for compensation, for certain wheat grown outside the regulated area that was commingled with wheat grown in regulated areas, and for other

parties affected by the Karnal bunt regulations. The payment of compensation is necessary in order to encourage the participation of, and obtain cooperation from, affected individuals in our efforts to contain and reduce the prevalence of Karnal bunt.

218. COST-SHARING FOR ANIMAL AND PLANT HEALTH EMERGENCY PROGRAMS

Priority: Other Significant

Legal Authority: 7 USC 7701 to 7772; 7 USC 8301 to 8317

CFR Citation: 7 CFR 373; 9 CFR 60

Legal Deadline: None

Abstract: This action would establish criteria to determine the Federal share of financial responsibility relative to States and other cooperators in an emergency in which an animal or plant pest or disease threatens the agricultural production of the United States. The cost-sharing arrangements provided in this rule would apply to most emergency program activities, other than the payment of compensation, that are authorized under the Plant Protection Act and the Animal Health Protection Act. The

intent of this action would be to facilitate long-term resource planning and funding decisions by cooperators.

219. TRICHINAE CERTIFICATION PROGRAM

Priority: Other Significant

Legal Authority: 7 USC 8301 to 8317; 7 USC 1622; 15 USC 1828

CFR Citation: 9 CFR 149; 9 CFR 160 to 161

Legal Deadline: None

Abstract: APHIS is considering establishing a voluntary Trichinae Certification Program for U.S. pork that has been produced under disease-prevention conditions. Under the program, APHIS would certify pork production sites that follow prescribed good production practices that reduce, eliminate, or avoid the risk of exposure of animals to the zoonotic parasite *Trichinella spiralis*, a disease of swine. Such a program should enhance the marketing of pork and pork products both in the United States and in export markets.

Abstract: This rule would establish regulations to provide for the submission of requests by State, local, or tribal authorities for a determination whether methyl bromide treatments or applications required by the State, local, or tribal authorities to prevent the introduction, establishment, or spread of plant pests (including diseases) or noxious weeds should be authorized as official quarantine uses. The regulations are necessary to comply with a recent amendment to the Plant Protection Act that requires the Secretary to publish and maintain a registry of authorized State, local, and tribal requirements for methyl bromide treatments or applications. The rule would establish a process by which State, local, or tribal authorities could request and, if warranted, receive, authorization for their methyl bromide requirements as official quarantine uses.

224. BLOOD AND TISSUE COLLECTION AT SLAUGHTERING ESTABLISHMENTS

Priority: Other Significant

Legal Authority: 7 USC 8301 to 8316

CFR Citation: 9 CFR 71

Legal Deadline: None

Abstract: We are considering establishing requirements for the collection of blood and tissue samples from livestock (horses, cattle, bison, sheep, and swine) and poultry at slaughter establishments when it is necessary for disease surveillance. Under this proposal, any person who moves an animal interstate for slaughter could only move the animal to a slaughter establishment that has been approved by the Administrator. The Administrator would approve a

slaughter establishment after determining that it is not necessary to conduct testing at the establishment or determining that it is necessary to conduct testing at the establishment and the establishment provides space and facilities to collect blood and tissue samples for disease testing. This collection of blood and tissue samples would enable us to identify animals at slaughter that are affected by various communicable diseases. This change would affect persons moving animals interstate for slaughter, slaughter plants that receive animals in interstate commerce, and in cases where an animal that tests positive can be successfully traced back to its herd or flock of origin, the owners of such herds or flocks. The long-term effects of this change would be to improve surveillance programs for animal diseases and to contribute to the eventual control or eradication of such diseases.

226. BEES AND RELATED ARTICLES

Priority: Other Significant

Legal Authority: 7 USC 281; 7 USC 450; 7 USC 7701 to 7772; 21 USC 136 to 136a

CFR Citation: 7 CFR 319; 7 CFR 322

Legal Deadline: None

Abstract: This rule would revise the regulations for the importation of honeybees and honeybee semen. Among other things, it would allow, under certain conditions, the importation into the United States of honeybees from Australia and

USDA—APHIS

Final Rule Stage

honeybees and honeybee germ plasm from New Zealand. It also would make these regulations more consistent with standards established by the Office International des Epizooties, update them to reflect current research and terminology, and simplify them and make them more useful.

In addition, the rule would combine the regulations for the importation of honeybees and honeybee semen with the regulations established to prevent the introduction of exotic bee diseases and parasites through the importation of bees other than honeybees, certain beekeeping byproducts, and used beekeeping equipment. This change would make the regulations more useful by consolidating all of the requirements related to the importation of bees, beekeeping byproducts, and used beekeeping equipment into one part.

229. INFECTIOUS SALMON ANEMIA; PAYMENT OF INDEMNITY

Priority: Other Significant

Legal Authority: 7 USC 8301 to 8316

CFR Citation: 9 CFR 53

Legal Deadline: None

Abstract: This rule amended the regulations regarding the control and eradication of certain communicable diseases of livestock or poultry to provide for the payment of indemnity to producers in the State of Maine for fish destroyed due to infectious salmon anemia. Because depopulation is necessary to control infectious salmon

anemia, a successful control program will provide for indemnification of depopulated fish to gain producer support. This action will, therefore, increase the effectiveness of our efforts to control infectious salmon anemia in Maine and prevent further outbreaks of the disease.

230. ANIMAL WELFARE; POLICY ON TRAINING AND HANDLING OF POTENTIALLY DANGEROUS ANIMALS

Priority: Other Significant

Legal Authority: 7 USC 2131 to 2159

CFR Citation: 9 CFR 3

Legal Deadline: None

Abstract: APHIS's Animal Welfare Act regulations require exhibitors and other regulated entities that handle potentially dangerous animals to provide a sufficient number of adequately trained personnel to handle and care for the animals and to provide adequate protection from risk for the general public when animals are exhibited.

APHIS sought comment on a policy statement to provide guidance to exhibitors and other regulated entities for the training and handling of potentially dangerous animals,

USDA—APHIS

Final Rule Stage

adequate experience and training of trainers, handlers, and attendants, and points to consider when developing emergency contingency plans. After reviewing the comments received and considering alternative ways to provide guidance and promote compliance with the regulations, APHIS has decided not to proceed with a final policy statement.

231. BRUCELLOSIS IN SHEEP, GOATS, AND HORSES; PAYMENT OF INDEMNITY

Priority: Other Significant

Legal Authority: 7 USC 8301 to 8316

CFR Citation: 9 CFR 51

Legal Deadline: None

Abstract: This rule would amend the brucellosis indemnity regulations to allow us to pay indemnity for sheep, goats, and horses destroyed because of brucellosis. This action would make it easier to eliminate affected herds/flocks and infected animals as sources of infection by encouraging herd and flock owners to cooperate with our brucellosis eradication program. This action is intended to help reduce the incidence of brucellosis and the likelihood of it spreading within the United States.

RIN: 0579-AB47

233. IMPORTATION OF SOLID WOOD PACKING MATERIAL; ADOPTION OF INTERNATIONAL STANDARDS

Priority: Other Significant

Legal Authority: 7 USC 166; 7 USC 450; 7 USC 7711 to 7714; 7 USC 7718; 7 USC 7731 to 7732; 7 USC 7751 to 7754; 21 USC 136 to 136a

CFR Citation: 7 CFR 319

Legal Deadline: None

Abstract: This rule would amend the regulations for the importation of unmanufactured wood articles to adopt an international standard entitled "Guidelines for Regulating Wood Packaging Material in International Trade" that was approved by the Interim Commission on Phytosanitary Measures of the International Plant Protection Convention on March 15,

2002. The standard calls for wood packaging material to be either heat treated or fumigated with methyl bromide, in accordance with the Guidelines, and marked with an approved international mark certifying treatment. The rule would adopt the IPPC Guidelines because recent analyses of pest interceptions at ports show an increase in pests associated with certain wood packaging material. This increase in pests was found in wood packaging material that does not meet the IPPC Guidelines' (e.g., wood packaging material from everywhere except China, which must already be treated due to past pest interceptions). There has been a decrease in pests associated with wood packaging material from China, however, since we began requiring that material be treated prior to importation. This change would affect all persons using wood packaging material in connection with importing goods into the United States.

234. ANIMAL WELFARE; TRANSPORTATION OF ANIMALS ON INTERNATIONAL CARRIERS

Priority: Other Significant

Legal Authority: 7 USC 2131 to 2159

CFR Citation: 9 CFR 1 to 3

Legal Deadline: None

USDA—APHIS

Final Rule Stage

Abstract: This document gives notice that we intend to begin consistently and routinely applying the standards in the Animal Welfare Act regulations for the humane transportation of animals in commerce to international carriers operating with the United States, its territories, possessions, or the District of Columbia. While these standards have been enforced on domestic carriers, international carriers, for the most part, have not been held to the same requirements, and there have been instances of foreign carriers arriving in the United States with sick, dying, or dead animals, possibly as a result of improper handling or transportation conditions. This action will ensure that any animal covered by the Animal Welfare Act, whether coming into, traveling from point to point in, or leaving the United States, its territories, possessions, or the District of Columbia, will be provided the protection of the Animal Welfare Act while in transportation.

Abstract: This rule would establish procedures that APHIS will follow when a region that we recognize as free of a disease experiences an outbreak of that disease. The procedures include steps we would take to prevent the introduction of disease from that region and steps we would take to further assess the region's animal health status. The procedures would allow for timely reinstatement of the region's disease-free status if supported by the reassessment.

RIN: 0579-AB53**236. • ANIMAL WELFARE; DEFINITION OF ANIMAL****Priority:** Other Significant. Major status under 5 USC 801 is undetermined.**Legal Authority:** 7 USC 2131 to 2159**CFR Citation:** 9 CFR 1**Legal Deadline:** None

Abstract: We are amending the Animal Welfare Act (AWA) regulations to reflect an amendment to the Act's definition of the term animal. The Farm Security and Rural Investment Act of 2002 amended the definition of animal to specifically exclude birds, rats of the genus *Rattus*, and mice of the genus *Mus* bred for use in research. While the definition of animal in the regulations excludes rats of the genus *Rattus* and mice of the genus *Mus* bred for use in research, that definition also excludes all birds (i.e., not just those bred for use in research). To make the definition of animal in the regulations consistent with the definition of animal in the AWA, this final rule amends the regulations by narrowing of the scope of the exclusion for birds to only those birds bred for use in research. This final rule is intended only to make the definition of animal in the regulations consistent with the definition of animal in the AWA. We do not intend to immediately begin regulating birds not bred for use in research as a result of this action.

Completed Actions

CFR Citation: 7 CFR 319; 7 CFR 354**Legal Deadline:** None

Abstract: We are amending the foreign quarantine and user fee regulations by removing the exemptions from inspection for agricultural products imported from Canada and the exemptions from user fees for commercial vessels, commercial trucks, commercial railroad cars, commercial aircraft, and international passengers entering the United States from Canada. As a result of this action, agricultural products imported from Canada will be subject to inspection, and the commercial conveyances in which they are moved, as well as airline passengers arriving on flights from Canada, will be subject to inspection user fees. We are taking this action because recent

inspections along the U.S./Canada border resulted in numerous interceptions of prohibited regulated material that originated in regions other than Canada that presents a high risk of introducing plant pests or animal diseases into the United States. This action is necessary to prevent the introduction of plant pests and animal diseases through unauthorized importations into the United States through Canada.

Abstract: The Agency intends to publish a proposed rule to effectuate a comprehensive civil rights regulation implementing the following laws: The Equal Credit Opportunity Act (ECOA); title VI of the Civil Rights Act of 1964; title VIII of the Civil Rights Act of 1968, as amended by the Fair Housing Amendments Act of 1988 (The Fair Housing Act); section 504 Federally

Conducted and Federally Assisted Programs; title IX of the Education Amendments of 1972; Age Discrimination Act of 1975; and Executive Orders 11246 and 12898 (Environmental Justice). The revised regulations will provide detailed guidelines for field offices for improved enforcement and compliance with these laws, which heavily impact the Agency's programs. Mechanisms for monitoring compliance by field offices and recipients of Federal financial assistance at all levels will decrease the Agency's vulnerability that exists due to noncompliance with recently enacted Civil Rights legislation.

Legal Deadline: None

Abstract: The Rural Housing Service (RHS) an Agency in Rural Development is consolidating, simplifying, and updating the Agency standards for planning and developing sites and buildings to bring them in line with contemporary industry standards. This Agency regulation will contain the policies and procedures for planning and developing sites and buildings proposed for RHS financial assistance. This effort will produce a user-friendly tool to help program constituents, rural communities and Agency personnel. The consolidation effort will also bring the requirements of these two regulations in line with the Agency's

USDA—RHS

Proposed Rule Stage

Single Family Housing, Multi-Family Housing, Community Programs, and Business and Industry regulations and handbooks. This action will have no financial impact on the public or Agency. These consolidations and technical revisions are in the best interest of the Government and public. This is a positive and needed action in RHS program delivery and will add value to the access and delivery of the Agency's programs.

266. TECHNICAL ASSISTANCE TO ENCOURAGE THE DEVELOPMENT OF DOMESTIC AND MIGRANT FARM LABOR HOUSING**Priority:** Substantive, Nonsignificant**Legal Authority:** 42 USC 1484; 42 USC 1486**CFR Citation:** 7 CFR 1944, subpart D**Legal Deadline:** None

Abstract: Section 514 of title V of the Housing Act of 1949 authorizes USDA to make loans for farm labor housing. Section 516 of the Act authorizes USDA to make grants for the same purpose. These authorities are implemented through 7 CFR part 1944, subpart D. Section 516 also authorizes USDA to provide financial assistance to private and public nonprofit agencies to encourage the development of farm labor housing. Recipients of this financial assistance, in turn, assist other organizations to obtain loans and grants for the construction of farm labor housing. This regulation change will incorporate the "technical assistance" provision of the statute into 7 CFR 1944. The amount of assistance is limited by statute to 10 percent of the total section 516 allocation.

Abstract: Section 538 of title V of the Housing Act of 1949 authorizes USDA to make commitments to guarantee loans for the development of housing and related facilities. By this authority, the Rural Housing Service (RHS) administers the Guaranteed Rural Rental Housing Program. The RHS, through consultation with industry and government experts in the loan guarantee field, has identified barriers to the success of the program. In the case of default, regulations will be revised to allow for a timely payment to the investor. In addition, lenders will be allowed to submit a claim for "estimated" losses. The RHS also intends to lower the annual guarantee fee from 50 to 25 basis points.

Abstract: The Federal Crop Insurance Corporation (FCIC) proposes to amend its General Administrative Regulations to publish the terms of the Standard Reinsurance Agreement (SRA) in the Federal Register. This will improve the integrity of the public/private partnership by avoiding ad hoc changes to important definitions and terms during negotiations involving compensation paid to each insurance provider. The current SRA has not been published in the Federal Register; therefore, the intent of this proposal is to codify the definitions and terms.

Abstract: The Federal Crop Insurance Corporation (FCIC) proposes a regulation to amend its General Administrative Regulations that includes an additional subpart which contains the Quality Assurance and Performance Measurement System for private sector delivery of the Federal Crop Insurance program.

This regulation will establish a standard of measure for determining acceptable and unacceptable levels of performance by private insurance providers. It will define how monetary errors will be identified, classified, and reported. It will also establish a system of incentives and sanctions.

Proposed Rule Stage

278. COMMON CROP INSURANCE REGULATIONS; PROCESSING TOMATO CROP INSURANCE PROVISIONS**Priority:** Routine and Frequent**Legal Authority:** 7 USC 1506(l); 7 USC 1506(p)**CFR Citation:** 7 CFR 457**Legal Deadline:** None

Abstract: The purpose of this rule is to amend the Common Crop Insurance Policy: Processing Tomato Crop Insurance Provisions to clarify that producers who have production contracts with tomato brokers are eligible for insurance. Current provisions do not clearly relay this intent. The proposed rule requires a tomato broker to have all licenses and permits required by the state in which it operates, and to have a long term agreement in writing with a processor to purchase and deliver processing tomatoes.

COMMON CROP INSURANCE REGULATIONS; PECAN REVENUE CROP INSURANCE PROVISIONS****Priority:** Routine and Frequent**Legal Authority:** 7 USC 1506(l); 7 USC 1506(p)**CFR Citation:** 7 CFR 457**Legal Deadline:** None

Abstract: The purpose of this proposed rule is to solicit public comments on FCIC's proposed action to convert the pecan revenue pilot crop insurance program to a permanent insurance program for the 2004 and succeeding crop years. The pilot was initiated for the 1998 crop year for selected counties in Georgia, New Mexico, and Texas and covered only the improved pecan varieties. On September 19, 2002, FCIC's Board of Directors voted to expand the pilot pecan program into 79 additional counties in Georgia for

the 2003 crop year and to convert the program to a permanent program effective for the 2004 crop year. As a result of the pilot review, several changes were made to the policy as follows: Changed the cancellation and termination dates, end of insurance date, and sales closing date to better meet the needs of the pecan producer; removed language that prohibited insurance to be provided by written agreement only for counties where the pecan actuarial documents have been filed; and removed language that is a duplication of the Basic Provisions language.

Federal Crop Insurance Corporation (FCIC)****Final Rule Stage****280. GENERAL ADMINISTRATIVE REGULATIONS; NONSTANDARD UNDERWRITING CLASSIFICATION SYSTEM****Priority:** Other Significant**Legal Authority:** 7 USC 1506(l); 7 USC 1506(p)**CFR Citation:** 7 CFR 400**Legal Deadline:** None

Abstract: Nonstandard Underwriting Classification System (NCS): NCS was criticized by producers and their representatives for several years and became a major issue with the repetitive floods in the upper Midwest and multi-year droughts in the Southwest. Complaints included claims that the NCS procedures: 1) Did not adequately exclude widespread causes of loss (disaster adjustment); 2) failed to recognize diverse conditions within a county; 3) unfairly hit new or

struggling producers caught by repetitive disasters; and 4) set too high a premium for those producers listed. Additionally, administration of the NCS process was complicated, sometimes subjective, and labor intensive.

The Advanced Notice of Proposed Rulemaking that was published in the Federal Register in September 1997 sought comments from the public on options to improve NCS. Twenty-two comments were received in response to the advanced notice. RMA decided to replace NCS with a process that charged appropriate rates for those producers with adverse loss experience and less than average production histories.

RMA examined increasing premium rates based on producers' lower APH yields and using a surcharge based on use of the yield floor (or some other identifiable indicator of adverse

experience) to determine if these measures would adequately address the need to increase premiums for those producers with the most adverse loss histories based on the frequency and severity of losses. After reviewing past NCS experience on the existing book of business, it was determined that appropriate rate increases for those producers whose APH yields were less than average would compensate entirely for the elimination of NCS.

RMA implemented the following actions to accomplish the goal of replacing NCS beginning with the 1999 crop year:

— Removed and reserved the current NCS regulation (7 CFR part 400, subpart O) by publishing a proposed rule in the Federal Register. The final rule is pending clearance; however, the Agency proceeded with the process and has waived NCS since 1999.

USDA—FCIC

Final Rule Stage

— Developed and implemented appropriate rate adjustments to offset the removal of NCS.

294. REVIEW INSPECTION REQUIREMENTS

Priority: Other Significant

Legal Authority: 7 USC 71 et seq

CFR Citation: 7 CFR 800.125; 7 CFR 800.135; 7 CFR 800.87

Legal Deadline: None

Abstract: The Agency is proposing to revise regulations under the U.S. Grain Standards Act to allow interested persons to stipulate the quality factors that would be redetermined during a reinspection or appeal inspection for grade. Currently reinspections and appeal inspections for grade must include a review for all factors that: (1) may determine the grade; (2) are reported on the original certificate; or (3) are required to be shown. The Agency has determined that mandating all quality factors be reexamined during a review inspection is inefficient, time consuming, and costly. Further, such a complete review of the preceding inspection service is usually not needed to confirm the true quality of the grain. This proposed action will allow interested parties to specify which official factors should be redetermined during the reinspection or appeal inspection service. However, to safeguard against inadvertent misgrading, official personnel may determine other factors, when deemed necessary.

300. • SPECIAL SUPPLEMENTAL NUTRITION PROGRAM FOR WOMEN, INFANTS, AND CHILDREN (WIC): REVISIONS TO WIC FOOD PACKAGES

Regulatory Plan: This entry is Seq. No. 10 in part II of this issue of the Federal Register.

RIN: 0584-AD39

Department of Agriculture (USDA)
Food and Nutrition Service (FNS)

Proposed Rule Stage

301. DISQUALIFIED RECIPIENT REPORTING AND COMPUTER MATCHING REQUIREMENTS THAT AFFECT THE FOOD STAMP PROGRAM

Priority: Other Significant. Major status under 5 USC 801 is undetermined.

Legal Authority: 5 USC 552(a) Computer Matching and Privacy Protection Act; 7 USC 2015(b) Food Stamp Act

CFR Citation: 7 CFR 272; 7 CFR 273

Legal Deadline: None

Abstract: This proposed rule describes requirements for State agencies to report information on individuals disqualified from the program for intentional program violations to FNS and codifies prisoner verification and death master file matching mandated by legislation and previously implemented through agency directive. (89-010)

302. COMMODITY SUPPLEMENTAL FOOD PROGRAM (CSFP): PLAIN LANGUAGE, PROGRAM ACCOUNTABILITY, AND PROGRAM FLEXIBILITY

Regulatory Plan: This entry is Seq. No. 11 in part II of this issue of the **Federal Register**.

RIN: 0584-AC84

303. FOOD STAMP PROGRAM: ADMINISTRATIVE COST REIMBURSEMENT

Priority: Economically Significant. Major under 5 USC 801.

Unfunded Mandates: Undetermined

Legal Authority: PL 105-185, sec 502

CFR Citation: 7 CFR 277

Legal Deadline: Final, Statutory, October 1, 1998, Final.

Abstract: This rule will allow State agencies to charge the FSP for its share of common costs for determining eligibility of Temporary Assistance for Needy Families (TANF) households for FSP in accordance with new HHS policy and approved cost allocation plans. (99-007)

304. FOOD DISTRIBUTION PROGRAM ON INDIAN RESERVATIONS: RESOURCE LIMITS AND EXCLUSIONS, EXTENDED CERTIFICATION PERIODS, AND TRANSITIONAL BENEFITS

Priority: Other Significant

Legal Authority: 7 USC 2011 to 2032

CFR Citation: 7 CFR 253; 7 CFR 254

Legal Deadline: None

Abstract: This proposed rule would amend FDPIR regulations by: 1) Bringing the maximum level of allowable resources in line with the Food Stamp Program by: a) Establishing

a new resource limit of \$3,000 for households with a disabled member, and b) increasing the resource limit from \$1,750 to \$2,000 for households without elderly or disabled members; 2) allowing a resource exclusion for the first \$1,500 of the value of one prepaid funeral arrangement per household member; 3) allowing households in which all members are elderly or disabled to be certified for up to 24 months; and 4) allowing State agencies the option to provide transitional benefits to households that leave the Temporary Assistance Program for Needy Families. The above provisions are modeled after Food Stamp Program provisions. (01-005)

305. CHILD AND ADULT CARE FOOD PROGRAM (CACFP): AT-RISK AFTERSCHOOL SUPPERS

Priority: Other Significant

Legal Authority: PL 106-224, sec 243(i)

CFR Citation: 7 CFR 226

Legal Deadline: None

Abstract: This proposed rule would revise the Child and Adult Care Food Program (CACFP) regulations to allow reimbursement of suppers provided by at-risk afterschool care programs in seven States. Six States were initially authorized by the Agricultural Risk Protection Act (Pub. L. 106-224); the seventh State was authorized by fiscal year 2002 appropriation legislation. At-risk suppers in these States (Delaware, Illinois, Pennsylvania, Michigan, Missouri, New York, and Oregon) are reimbursed under the same conditions

USDA—FNS

Proposed Rule Stage

set forth in the National School Lunch Act (NSLA) for at-risk snacks in the CACFP. Children who are 18 or younger and enrolled in qualifying afterschool programs located in the seven States may receive free suppers. To qualify, afterschool care programs must be located in low-income areas, provide care to children, and have an educational or enrichment purpose. (01–007)

306. FOOD STAMP PROGRAM: ADMINISTRATIVE SANCTIONS IMPOSED AGAINST VIOLATING ELECTRONIC BENEFITS TRANSFER (EBT) STORES

Priority: Other Significant

Legal Authority: 12 USC 2021; 13 USC 2022

CFR Citation: 7 CFR 278.6

Legal Deadline: None

Abstract: The United States Department of Agriculture, Food and Nutrition Service (FNS), is proposing to revise section 278.6 of the Food Stamp Program Regulations entitled “Disqualification of Retail Food Stores and Wholesale Food Concerns and Imposition of Civil Money Penalties In Lieu of Disqualifications.” This section of the regulation is being revised as a result of the implementation of the Electronic Benefits Transfer (EBT) system. This section of the regulations addresses the administrative sanctions (i.e., imposing a period of disqualification or assessing a monetary penalty) that may be imposed by FNS against retail food stores and wholesale food concerns that are found violating the Food Stamp Program. 308. FOOD STAMP PROGRAM: CLARIFICATIONS AND CORRECTIONS TO RECIPIENT CLAIM ESTABLISHMENT AND COLLECTION STANDARDS

Priority: Substantive, Nonsignificant

Legal Authority: 7 USC 2011 to 2036

CFR Citation: 7 CFR 272; 7 CFR 273

Legal Deadline: None

Abstract: Section 13 of the Food Stamp Act of 1977, as amended, requires State agencies to pursue collection of recipient overissuances in the Food Stamp Program. On July 6, 2000, FNS published a major rule that revised many of the processes and procedures in this area. This proposed rule provides clarifications and corrections to the July 6, 2000, rulemaking. Priority: Substantive, Nonsignificant

Legal Authority: 42 USC 1786

CFR Citation: 7 CFR 246

Legal Deadline: None

Abstract: This proposed rule amends the WIC regulations to clarify issues that have arisen subsequent to the

USDA—FNS

Proposed Rule Stage

publication of the WIC Food Delivery Systems final rule. It includes the following provisions: Allows the release of vendor information such as telephone numbers, e-mail/website addresses, store type, and whether the vendor has been disqualified; requires State agencies to document the number of cans of infant formula purchased by participants; prohibits provision of incentive items solely to WIC participants; protects State agencies against loss of revenue due to vendor nonselection; and provides for an abbreviated administrative review when a State agency issues a civil money penalty in lieu of a reciprocal WIC disqualification. The rule also increases the maximum fine for theft or fraud from \$10,000 to \$25,000, in accordance with Public Law 105-336. (02-013)

315. NATIONAL SCHOOL LUNCH PROGRAM (NSLP) ALLOWABLE COSTS

Priority: Substantive, Nonsignificant

Legal Authority: 42 USC 1752

CFR Citation: 7 CFR 210

Legal Deadline: None

Abstract: Update NSLP regulations 7 CFR 210 regarding the use of federal funds for the provision of meals for school children under the NSLP. This rule will prohibit school food authorities (SFA) from using funds in the non-profit school food service account for expenditures made under any cost reimbursable provision of a contract that permits the contractor to receive payments in excess of the contractor's actual net allowable costs. The expected result is that regulatory language will ensure optimum utilization of funds in the non-profit school food service account. (03-001)

316. • CHILD NUTRITION PROGRAMS: NATIONAL SCHOOL LUNCH PROGRAM: SERVING FRUITS AND VEGETABLES AS AFTERSCHOOL SNACKS

Priority: Other Significant. Major status under 5 USC 801 is undetermined.

Legal Authority: Richard B. Russell National School Lunch Act (42 U.S.C. 1751 et. seq.)

CFR Citation: 7 CFR 210.10

Legal Deadline: None

Abstract: This proposed rule would require that a fresh vegetable or a fresh/dried fruit be one of the components served in the afterschool snack service under the National School Lunch Program and that it be served at least three times per 5-day week. The U.S. Department of Agriculture is establishing this requirement to promote the health of the Nation's school children by encouraging them to consume more fruits and vegetables. (03-003)

317. • WIC FARMERS' MARKET NUTRITION PROGRAM (FMNP): FUNDING FORMULA RULE

Priority: Other Significant. Major status under 5 USC 801 is undetermined.

Legal Authority: 42 USC 1786

CFR Citation: 7 CFR 248

Legal Deadline: None

Abstract: The FMNP is a fixed grant program with limited funds. Funding increases are not guaranteed from year to year. Section 17(m) of the Child Nutrition Act of 1966, as amended, sets forth broad funding requirements for the FMNP. By law, after base grants are provided to current State agencies, i.e., total Federal funds received in the prior fiscal year, the remaining funds are divided so that 75 percent is provided for expansion funds for current State agencies and 25 percent is provided for new State agencies. Currently, beyond the division of funds noted above, there are no requirements for how to allocate funds for expansion and new State agencies when funds requested exceed the amount of available funds. This proposed regulation would amend 7 CFR Part 248 to set forth a funding formula in cases where FMNP funds requested exceed available funds to allocate. The proposed methodology would provide a base funding level for each State agency. Funding above the base level would be based on the individual State agency's need relative to all other State agencies' needs. (03-004)

323. SPECIAL NUTRITION PROGRAMS: DISCLOSURE OF CHILDREN'S ELIGIBILITY INFORMATION UNDER THE CHILD NUTRITION PROGRAMS

Priority: Other Significant

Legal Authority: PL 106-224, sec 242; PL 103-448, sec 108

CFR Citation: 7 CFR 215; 7 CFR 225; 7 CFR 226; 7 CFR 245

Legal Deadline: Final, Statutory, October 20, 2000.

Abstract: This rule establishes requirements for the disclosure of

children's free and reduced price meal and free milk eligibility information by agencies that make the free and reduced price meal or free milk determination under the National School Lunch Program, the School Breakfast Program, the Special Milk Program, the Child and Adult Care Food Program, and the Summer Food Service Program. The rule responds to amendments to the Richard B. Russell National School Lunch Act, which allow limited disclosure of children's free and reduced price meal or free milk eligibility information, Public Law 103-448, the Healthy Meals for Healthy Americans Act of 1994, Public Law 106-224, the Agricultural Risk Protection Act of 2000, comments received on the July 25, 2000, proposed rule on "Disclosure of Children's Eligibility Information" (65 FR 45725 issued under RIN 0584-AC21), and comments received on the January 11, 2001, interim rule on "Disclosure of Children's Eligibility Information to State Medicaid and the State Children's Health Insurance Program" (66 FR 2195 issued under RIN 0584-AC95). This rule incorporates the proposed rule and interim rule into one final rule. Therefore, RIN 0584-AC21 is withdrawn, and the final provisions will be issued under RIN 0584-AC95. The final rule will adopt or modify as necessary many of the provisions mandated by the statute and required by the interim rule. Many of these same provisions were presented as recommendations in the proposed rule. The objective is to provide consistency in procedures when determining agencies' option to disclose children's eligibility information and to provide some protection against unauthorized disclosures and misuse of personal information, regardless of whether the disclosure is to Medicaid or SCHIP or to an education or other program. 328. FSP: EBT AND RETAIL FOOD STORES PROVISIONS OF THE FARM SECURITY AND RURAL INVESTMENT ACT OF 2002

Priority: Substantive, Nonsignificant

Legal Authority: PL 107-171, secs 4108, 4110, 4113, and 4117

CFR Citation: 7 CFR 274.12; 7 CFR 278; 7 CFR 279

Legal Deadline: Other, Statutory, May 13, 2002, Other.
Other, Statutory, October 1, 2002, Other.

Abstract: Section 4108—This rule allows alternate methods for issuing food stamp benefits during disasters when reliance on electronic benefit transfer systems (EBT) is impracticable.

Section 4110—This rule eliminates the requirement that Federal costs for electronic benefit transfer systems cannot exceed the costs of the paper systems they replace.

Section 4113—This rule allows group homes and institutions to redeem EBT benefits directly through banks in areas where EBT has been implemented rather than going through authorized wholesalers or other retailers.

Section 4117—This rule allows the Secretary of Agriculture to use mailing methods other than certified mail when notifying retailers of the above mentioned adverse actions so long as the method provides evidence of delivery. (02-005)

BILLING CODE 3410-DM-S

Department of Agriculture (USDA)
Food Safety and Inspection Service (FSIS)

Prerule Stage

337. NUTRITION LABELING OF MEAT AND POULTRY PRODUCTS

Priority: Other Significant

Legal Authority: 5 USC 610; 21 USC 601; 21 USC 453; ...

CFR Citation: 9 CFR 317; 9 CFR 318; 9 CFR 381

Legal Deadline: Other, Statutory, June 2004, Other.

Section 610 of the RFA mandates that this review be concluded within 12 months after its commencement date.

Abstract: On January 6, 1993, the Department of Agriculture, Food Safety and Inspection Service (FSIS) amended the Federal meat and poultry products inspection regulations with promulgation of the aforementioned final rule (58 FR 632) to (1) permit voluntary nutrition labeling on single-ingredient, raw meat and poultry products; and (2) to establish mandatory nutrition labeling requirements for all other meat and poultry products, notwithstanding specific exceptions.

Promulgation Purpose and Legal Basis: Sections 1(n) of the Federal Meat Inspection Act (FMIA), and 4(h) of the Poultry Products Inspection Act (PPIA) establish the Secretary of Agriculture's

statutory responsibility for ensuring that meat and meat food products, prepared and intended to be distributed in commerce, are not adulterated, misbranded, or improperly marked, labeled, and packaged (21 U.S.C. 601(n)(1); 21 U.S.C. 453(4)(h)).

On November 8, 1990, the Nutrition Labeling and Education Act of 1990 (NLEA) was enacted by Public Law 101.535 (104 Stat. 2353). The statute amended certain provisions of the Federal Food, Drug, and Cosmetic Act and required: (1) Mandatory nutrition labeling for most of the Food and Drug Administration's (FDA) regulated packaged food products; and (2) issuance of voluntary nutrition guidelines to food retailers for providing nutrition information on 20 of each most frequently consumed during a year varieties of raw vegetables, raw fruits, and raw fish. However, if food retailers failed to substantially comply with the voluntary guidelines, the NLEA requires FDA to issue mandatory requirements.

FSIS' final rule entitled, "Nutrition Labeling of Meat and Poultry Products," will be reviewed under the Regulatory Flexibility Act's section 610 provisions within the succeeding 12

months. Accordingly, the FSIS invites all interested parties to submit comments on: (1) The continued need for the rule; (2) the complexity of the rule; (3) the extent to which the rule overlaps, duplicates, or conflicts with other Federal, State, and local rules; (4) the nature of complaints or comments received concerning the rule from the public; and (5) the technology and economic conditions, or other factors, which have changed the specific area affected by the rule.

CFR Citation: 9 CFR 317; 9 CFR 327; 9 CFR 381; 9 CFR 412

Legal Deadline: None

Abstract: This rulemaking will continue an effort initiated several years ago by amending FSIS's regulations to expand the types of labeling that are generically approved. FSIS plans to propose that the submission of labeling for approval prior to use be limited to certain types of labeling, as specified in the regulations. In addition, FSIS plans to reorganize and amend the regulations by consolidating the nutrition labeling rules that currently are stated separately for livestock products and poultry products (in part 317, subpart B, and part 381, subpart Y, respectively) and by amending their provisions to set out clearly various circumstances under which these products are misbranded.

341. FOOD STANDARDS; GENERAL PRINCIPLES AND FOOD STANDARDS MODERNIZATION**Priority:** Other Significant**Legal Authority:** 21 USC 601 et seq; 21 USC 451 et seq**CFR Citation:** Not Yet Determined**Legal Deadline:** None

Abstract: The Food Safety and Inspection Service (FSIS) and the Food and Drug Administration (FDA) are proposing to modernize their food standards. The agencies are proposing a set of guiding principles for food standards. The adherence to these principles will result in standards that will better promote honesty and fair dealing in the interest of consumers, protect the public, allow for technological advances in food production, are consistent with international food standards, and are clear, simple, and easy to use for both manufacturers and the agencies that enforce compliance with the standards. The proposed guiding principles will establish the criteria that the Agencies will use in considering whether a petition to establish, revise, or eliminate a food standard will be the basis for a proposed rule.

Abstract: FSIS is proposing to amend the official U.S. classes of poultry so that they more accurately and clearly describe the characteristics of poultry in the market today. Poultry classes are defined primarily in terms of age and sex of the bird. Genetic improvements and new poultry management techniques have reduced the grow-out period for some poultry classes while extensive cross breeding has produced poultry with higher meat yields but blurred breed distinctions. This action is being taken to ensure that poultry products are labeled in a truthful and non-misleading manner.

**Department of Agriculture (USDA)
Food Safety and Inspection Service (FSIS)****Final Rule Stage****350. BEEF OR PORK WITH BARBECUE SAUCE; REVISION OF STANDARDS**

Priority: Substantive, Nonsignificant

Legal Authority: 21 USC 601 et seq

CFR Citation: 9 CFR 319

Legal Deadline: None

Abstract: The Food Safety and Inspection Service (FSIS) has been petitioned to amend the Federal meat inspection regulations by removing a meat yield requirement for the standardized products "Beef With Barbecue Sauce" and "Pork With Barbecue Sauce." Current regulations for these products require that the

product contain not less than 50 percent of the species identified on the label and that the weight of the cooked pork or beef not exceed 70 percent of the uncooked weight of the meat. The first requirement is consistent with other meat and sauce requirements, but the second requirement is not. The petitioner asserts that the product standard (promulgated in 1952) does not reflect current production practices or the commercial marketability of beef or pork with barbecue sauce. The petitioner further states that producers of these products are at a competitive disadvantage with other meat and sauce producers, because other meat and sauce producers do not have a 70

percent yield requirement. For example, producers of the standardized products "Beef with Gravy," "Meat Pies," and "Spaghetti with Meat and Sauce" and similar standardized products do not have any meat yield requirements.

FSIS has determined that the petitioner's request should be granted. This action would permit fair competition between meat and barbecue sauce producers, and poultry and sauce producers, and would provide consistent requirements in both the meat and poultry inspection regulations.

RIN: 0583-AC78**354. ● PROHIBITION ON THE USE OF AIR-INJECTION STUNNERS FOR THE SLAUGHTER OF CATTLE**

Priority: Other Significant. Major status under 5 USC 801 is undetermined.

Legal Authority: Federal Meat Inspection Act; . . .

CFR Citation: 9 CFR 313**Legal Deadline:** None

Abstract: The Food Safety and Inspection Service (FSIS) is amending the Federal meat inspection regulations to prohibit the use of penetrative captive bolt stunning devices that deliberately inject air into the cranial

cavity of cattle. This rulemaking responds to the findings of a risk assessment on bovine spongiform encephalopathy (BSE) conducted by the Harvard Center for Risk Analysis (referred to as the Harvard study) and is part of a series of actions that the USDA is taking to strengthen its BSE prevention programs.

BSE has never been detected in the United States (U.S.) despite active surveillance for the disease by the USDA since May 1990. Furthermore, the Harvard study found that, owing to already ongoing Federal programs, the U.S. is highly resistant to the introduction and spread of the disease. Even so, the USDA response to BSE has always been proactive and preventive. Therefore, FSIS is taking this action to address the potential risk posed by stunning devices that may force visible pieces of brain, known as macro-emboli, into the circulatory system of stunned cattle.

356. • ANTE-MORTEM AND POST-MORTEM INSPECTION OF LIVESTOCK AND POULTRY

Priority: Other Significant. Major status under 5 USC 801 is undetermined.

Legal Authority: 21 USC 601 to 695 et seq; 7 USC 138 et seq; 21 USC 450 et seq; 21 USC 451 to 470 et seq; 7 CFR 2.18 to 2.53 et seq

CFR Citation: 9 CFR 309; 9 CFR 310; 9 CFR 381

Legal Deadline: None

Abstract: FSIS is proposing to reform the regulations governing ante-mortem and post-mortem inspection of livestock and poultry. A number of the current regulations are no longer appropriate for the conditions under which meat and poultry products are produced and distributed today (e.g., splitting of sterna, prohibition of inflating carcasses). Others are duplicative regulations (e.g., those dealing with bruises and contamination) applying separately to meat and to poultry that could be combined into single regulations applying to both meat and poultry.

Most emphasize the procedures for achieving regulatory objectives rather than the objectives themselves. This proposal would remove these prescriptive, detailed, or obsolete regulations or convert them to performance standards that are consistent with FSIS requirements for establishment-operated hazard analysis and critical control points (HACCP) systems and with the Agency's food safety regulatory strategy.

Under the proposal, the current ante-mortem requirements, listing objectionable diseases or conditions and corresponding actions to be taken, would be replaced by performance standards intended to ensure that only "normal," healthy animals that do not pose an evident hazard to public health are permitted to enter a slaughtering establishment. "Normal" animals would include those, for example, that are not running a temperature or that do not exhibit lesions of disease or behaviors characteristic of central nervous system disorders. Similarly, the post-mortem regulations, with their lists of conditions and detailed, command-and-control procedures, would be streamlined. The prescriptive provisions would be replaced by performance standards relating to food safety.

This proposal would also recodify the ante-mortem and post-mortem inspection regulations for livestock and poultry. To the extent possible, consistent with the Federal Meat Inspection Act and the Poultry Products Inspection Act, regulations concerning livestock and meat carcasses and parts, and those concerning poultry carcasses and parts, would be designated to the same parts and sections of the Code of Federal Regulations. These changes would be part of the ongoing Agency effort to make the regulations more streamlined and user-friendly.

This proposal would focus on the performance standards that establishments should meet through operation of their HACCP systems for

slaughtering and dressing operations. It would remove impediments to the development and operation of HACCP plans by making the current regulations compatible with the HACCP approach to food safety.

Besides the proposed action, FSIS considered the alternative of no rulemaking and the alternative of eliminating all regulations on livestock, poultry, and the carcasses and parts of livestock and poultry, affected by specific diseases and conditions. The first alternative would leave in place numerous detailed prescriptions and procedural requirements inconsistent with, or duplicative of, HACCP systems. The second would risk exposing the public to products that may be unwholesome or otherwise adulterated.

The Agency believes the alternative represented by this proposal—converting to performance standards the ante-mortem and post-mortem inspection regulations—would offer the best prospect for the efficient and effective implementation of HACCP. It would also maximize the flexibility establishments have to adopt technological innovations that would increase the assurance of food safety.

STANDARDS AND LABELING REQUIREMENTS FOR MECHANICALLY SEPARATED SPECIES AND PRODUCTS IN WHICH IT IS USED****Priority:** Info./Admin./Other**Legal Authority:** 5 USC 610(c)**CFR Citation:** 9 CFR 317.2(j)(13)(ii); 9 CFR 318.18; 9 CFR 319.5**Legal Deadline:** Other, Statutory, May 2003, Other.

Provisions of the RFA mandate that this review conclude within 12 months after the initial announcement.

Abstract: On June 29, 1982, the Department of Agriculture amended the Federal meat inspection regulations with promulgation of the final rule (47 FR 28214) to (1) modify the definition, standard, and permitted uses for the finely comminuted product resulting from the mechanical separation and removal of most of the bone from attached skeletal muscle of livestock carcasses and parts of carcasses, and the labeling requirements for meat food products in which it is used as an ingredient; and (2) to establish labeling requirements for such products.

Promulgation Purpose and Legal Basis:

Sections 1(m), (n), 7, and 10 of the Federal Meat Inspection Act (FMIA) establishes the Secretary of Agriculture's statutory responsibility for ensuring that meat and meat food products, prepared and intended to be distributed in commerce, are not adulterated, misbranded, or improperly

marked, labeled, and packaged. (21 U.S.C. 601(m)(n), 607, 610) The final rule governing the production and use of mechanically separated species was issued in 1978 (43 FR 26416). However, despite the availability of technology and raw materials, a potential food source was not being made available to the general public. In the interim, the Pacific Coast Meat Association (PCMA) and the American Meat Institute (AMI) contended that its failure to market products containing Mechanically Processed (Species) Product (MP(S)P) was due to regulatory requirements that extended beyond the perimeters necessary to protect the public, and argued that they were effectively precluded from producing or marketing mechanically deboned beef, pork, or veal or lamb by the misleading labeling and the unreasonable compositional standards imposed by the regulations. PCMA and the AMI petitioned the agency to reconsider the requirements in light of information compiled since the promulgation of the 1978 regulations. PCMA and AMI submitted a report on a series of consumer focus group's sessions exploring attitudes towards various types of meat food product labeling, and an analysis of the economic impacts of the 1978 regulations. Based on the original petition's argument, data compiled since 1978, and the Agency's internal review and reevaluation of its regulations in accordance with Executive Order 12291 (now Executive Order 12866), the Department decided to amend the requirements and issue a new final rule entitled "Standards and Labeling Requirements for Mechanically Separated (Species) and Products in Which It Is Used."

This regulation has been reviewed under the Regulatory Flexibility Act's section 610 provisions. The Food Safety and Inspection Service (FSIS) intends to publish the results of its mandatory review in the Federal Register by May 31, 2003.

Proposed Rule Stage

372. PROGRAM TO PROVIDE TECHNICAL ASSISTANCE TO PROMOTE U.S. AGRICULTURAL EXPORTS TO EMERGING MARKETS (EMERGING MARKETS PROGRAM)

Priority: Other Significant

Legal Authority: Not Yet Determined

CFR Citation: None

Legal Deadline: None

Abstract: This rule proposes to establish regulations applicable to the Emerging Markets Program, currently authorized by the Food, Agriculture, Conservation, and Trade Act of 1990 and amended by the Federal

Agriculture Improvement and Reform Act of 1996. The Emerging Markets Program currently operates under agency guidelines. The proposed rule would amend and codify the existing guidelines. Codification of the guidelines should not change program administration noticeably. Because the program is already in operation under agency guidelines, this proposal would have no significant impact on the U.S. economy.

The proposed rule will provide specific regulations concerning program administration. Significant provisions include definitions of emerging market and country eligibility, program

objectives and priorities, eligible organizations, qualification requirements, application and review processes, decisions and appeals, reimbursement rules and procedures, reporting requirements, evaluations, and program controls.

373. NEW PROVISIONS AND REVISIONS TO SUGAR REEXPORT PROGRAMS UNDER 7 CFR 1530

Priority: Other Significant. Major status under 5 USC 801 is undetermined.

Unfunded Mandates: Undetermined

Legal Authority: 19 USC 1202; 19 USC 3314

CFR Citation: 7 CFR 1530

Legal Deadline: None

Abstract: This regulation governs the importation of world price sugar and its subsequent use as a refined reexport, product ingredient, or input into the production of polyhydric alcohols. The proposed amendments and/or modifications are principally aimed at reorganizing and simplifying the complexity of the current Regulation; clarifying certain definitions, including the coverage of beet and cane sugar, extending the scope of the Regulation to specially include toll operations which was inadvertently omitted; establishing a reexport program for raw sugar; and implementing Mexico-NAFTA legal commitments. The proposed action will provide for increased operational efficiencies and promote the Government's objectives regarding regulatory simplification.

380. • CLARIFICATION OF CERTAIN PROVISIONS CONTAINED IN THE EXPORT SALES REPORTING REQUIREMENTS

Priority: Substantive, Nonsignificant.

Major status under 5 USC 801 is undetermined.

Legal Authority: PL 101-624; PL 96-72

CFR Citation: 7 CFR 20

Legal Deadline: None

Abstract: This final rule amends the Export Sales Reporting requirements Regulation to clarify certain definitions and terms of reporting as they relate to the list of commodities subject to this regulation to ensure the accuracy of U.S. Export Sales and incorporate new technologies. Under this final rule, exporters are still required to report on a weekly basis information concerning the quantity, country of destination, and marketing period of shipment for their export sales. Information collected is aggregated and included in the weekly "U.S. Export Sales" report published by the Foreign Agricultural Service (FAS). In addition, the rule responds to comments on electronic reporting. Electronic submission, including the use of ASCII comma delimited files, for all reportable commodities is another option given to program participants. (Reference, Federal Register, Vol. 66, No. 197, October 11, 2001, "Electronic Submission of Export Sales Reporting Requirements.")

Legal Authority: 16 USC 551; 43 USC 1761

CFR Citation: 36 CFR 251

Legal Deadline: None

Abstract: The Forest Service is revising its current policy and procedures, implemented in February 1987, concerning administration of hydropower authorizations and the processing of proposals for hydropower projects affecting National Forest

System lands. These revisions are necessary to make Agency policy and procedures consistent with regulatory changes by the Federal Energy Regulatory Commission (FERC). The proposed policy was published in the Federal Register on May 22, 1995 (60

USDA—FS

Proposed Rule Stage

FR 27153), for a 60-day public comment period, which was extended for another 45 days (60 FR 36401). As a result of the comments received, substantial changes were made to the proposed policy (60 FR 36401). Therefore, the Forest Service is publishing a revised proposed policy for public comment.

382. INDIAN ALLOTMENTS ON NATIONAL FOREST SYSTEM LANDS

Priority: Other Significant

Legal Authority: 16 USC 472; 16 USC 551; 16 USC 1603; 43 USC 1740; 25 USC 337

CFR Citation: 36 CFR 254

Legal Deadline: None

Abstract: This proposed rule sets forth the Forest Service role and procedures in the conveyance of Indian allotments on National Forest System (NFS) lands. The Indian Allotment Act of 1910, as amended, authorizes the Secretary of the Interior to make allotments of NFS lands to American Indians for homesteading and agricultural and grazing purposes, but only after a determination by the Secretary of Agriculture that the lands are more valuable for agriculture or grazing than for timber. The Forest Service has relied upon U.S. Department of the Interior rules and procedures at 43 CFR 2533 to govern its involvement in Indian allotment cases. Litigation and

a decision by the Interior Board of Land Appeals require the Forest Service to set forth its own regulations. This proposed rule clarifies the role of the Forest Service in the allotment process. It preserves the rights of affected individual American Indians who wish to apply for allotments on NFS lands. An earlier version of this proposed rule was published in the Federal Register on June 22, 1987 (52 FR 23473). Very few comments were received on the 1987 proposed rule, and this revision of the proposed rule makes only limited changes needed to update the rule due to the passage of 15 years since publication of the first version of the proposed rule. Because of the amount of time that has elapsed since the earlier version of the proposed rule was published, the agency believes that it is in the public interest to publish a revised proposed rule and request comment prior to adopting a final rule.

Legal Deadline: None

Abstract: This proposed rule would amend 36 CFR 223.200 to list species proposed to be surplus to domestic manufacturing needs. This proposed rule would implement a portion of section 620a(b) of the Forest Resources Conservation and Shortage Relief Act of 1990 (16 U.S.C. 620 et seq.). Section 620a(a) of the Act provides that no person who acquires unprocessed timber originating from Federal lands west of the 100th meridian in the contiguous 48 States may export such timber from the United States, or sell, trade, exchange, or otherwise convey such timber from the United States, unless such timber has been determined under subsection (b) to be surplus to the needs of timber manufacturing facilities in the United States. Section 620a(b) of the Act provides that the prohibition contained in section (a) shall not apply to specific quantities of grades and species of unprocessed timber originating in Federal lands which the Secretary determines, through rulemaking, to be surplus to domestic manufacturing needs.

385. APPEAL OF DECISIONS RELATING TO OCCUPANCY AND USE OF NATIONAL FOREST SYSTEM LANDS

Priority: Substantive, Nonsignificant**Legal Authority:** 16 USC 472; 16 USC 551**CFR Citation:** 36 CFR 251; 36 CFR 214**Legal Deadline:** None

Abstract: The Forest Service is publishing a proposed rule to redesignate appeals of decisions relating to occupancy and use of National Forest System lands from 36 CFR part 251 to 36 CFR part 214, thus placing all appeal rules in close proximity. The current rule at 36 CFR part 251 also needs to be updated for conformance with the Appeal Reform Act. The proposed rule would revise a number of existing provisions. For example, changes to part 251 would remove the review of decisions subject to the National Environmental Policy Act and place this kind of appeal under 36 CFR 215, thus narrowing the scope of part 251 subpart C to actions that administer existing special use authorizations, such as written decisions that modify, suspend, or cancel an authorization. Additionally, the proposed rule would clarify that this is the appropriate part for appeal of decisions related to locatable mining operations. Among specific changes being proposed are establishing the Regional Forester as the appellate level for review of both District Ranger and Forest Supervisor decisions; eliminating the discretionary review option; establishing timeframes for

scheduling oral presentations; clarifying that decisions to deny permits for noncommercial group use are not subject to appeal, but rather are immediately subject to judicial review; and making changes to conform terminology and definitions with 36 CFR part 215.

386. LAW ENFORCEMENT SUPPORT ACTIVITIES

Priority: Substantive, Nonsignificant**Legal Authority:** 7 USC 1011(f); 16 USC 472; 16 USC 551; 16 USC 559(a) to 559(g); 40 USC 484(m)**CFR Citation:** 36 CFR 262**Legal Deadline:** None

Abstract: On February 16, 1994 (59 FR 7880), the Forest Service published a proposed rule for 36 CFR part 261, Prohibitions, and part 262, Law Enforcement Support Activities. Due to the high level of interest in and comment on part 261, the decision was made to publish second proposed rules separately for each part.

The Forest Service is proceeding with publication of a second proposed rule for part 262, Law Enforcement Support Activities. The proposed revisions to part 262 are narrow in scope and are meant to clarify specific administrative provisions. In particular, they address the limitations and conditions for paying rewards in connection to fire or property prosecution; clarify the rules regarding the purchase of information or evidence in furtherance of investigations; and clarify certain actions and regulations regarding the impoundment, removal, and

disposition of animals and personal property from National Forest System lands. The proposed rule also responds to comments concerning part 262 that were received in response to the proposed rule published in 1994. The majority of those comments referred to how the rule defines certain terms; to address those comments in this second proposed rule, the agency proposes to add a new section for definitions.

387. NONCOMPETITIVE SALE OF TIMBER; TIMBER SUBSTITUTION

Priority: Substantive, Nonsignificant**Legal Authority:** 16 USC 472(a)**CFR Citation:** 36 CFR 223.85**Legal Deadline:** None

Abstract: This proposed rule would revise 36 CFR 223.85 by removing references to section 2001(k) of Public Law 104-19 (109 Stat. 246) and defining the conditions under which forest officers, without advertisement, could make modifications to existing timber sale contracts and forest product sales contracts, which result in the substitution of timber or forest products from outside the sale area specified in the contract. Under the proposed rule, substitute timber or forest products would have to come from the same administrative national forest and meet Agency requirements for compliance with the National Environmental Policy Act and other environmental laws. Forest Service officials would be authorized to propose timber sale

USDA—FS

Proposed Rule Stage

modifications and to enter into discussions with purchasers on such modifications. However, timber purchasers would not be compelled to accept any modifications offered under this rule.

To the extent that timber sale cancellations and partial cancellations are avoided, the effect of this proposed rule would be to reduce future damage claims on timber sales.

388. SALE AND DISPOSAL OF NATIONAL FOREST SYSTEM TIMBER; TIMBER EXPORT AND SUBSTITUTION RESTRICTIONS

Priority: Substantive, Nonsignificant

Legal Authority: 16 USC 620

CFR Citation: 36 CFR 223; 36 CFR 261

Legal Deadline: None

Abstract: This proposed rule for timber export and substitution restrictions would implement the provisions of the Forest Resources Conservation and Shortage Relief Act of 1990, as amended. The proposed rule defines the certain terms necessary to facilitate uniform compliance; prohibits transfer of unprocessed private timber for export by a person who possesses or acquires unprocessed Federal timber; prohibits export of such unprocessed private timber by a third or successive party; prescribes procedures for reporting the acquisition and disposition of National Forest System (NFS) and private timber requiring domestic processing, including transfers; prescribes procedures for identifying unprocessed NFS and private timber requiring domestic

processing; and establishes procedures for assessing civil and criminal penalties and applying administrative remedies for violations of the Act, its implementing regulations, and contracts subject to the Act.

389. LAND USES; PROHIBITIONS; PALEONTOLOGICAL RESOURCES

Priority: Substantive, Nonsignificant

Legal Authority: 16 USC 551; 18 USC 641

CFR Citation: 36 CFR 251.51; 36 CFR 251.53; 36 CFR 261.2; 36 CFR 261.9(i)

Legal Deadline: None

Abstract: This proposed rule consists of several technical changes to the Agency's special uses and prohibited acts regulations regarding fossil collecting. First, the proposed rule would revise 36 CFR 251.50 to make clear that special use permits for collecting vertebrate paleontological resources are authorized under the Act of 1897. Noncommercial vertebrate fossil collecting by academic and other similar institutions would be added as an activity that requires a special use authorization. The commercial collection of paleontological resources would not be authorized on National Forest System Lands. Second, this proposed rule would revise the definition for "paleontological resource" at 36 CFR 261.2 to make it scientifically correct and to make clear that mineral resources are excluded from the definition. The revised definition for "paleontological resource" would be added to 36 CFR

251.51. Third, the prohibitions related to paleontology at 36 CFR 261.9 would be revised to reflect the changes at 36 CFR part 251. Other conforming amendments to 36 CFR parts 251 and 261 will be made to accommodate the changes identified in this abstract. This proposed rule is consistent with the Forest Service's stated commitment to develop a unified policy for management of fossil resources on Federal and Indian lands in accordance with the seven principles established in the May 2000 Secretary of the Interior's Report to the Senate.

390. FOREST SERVICE TRAILS ACCESSIBILITY GUIDELINES

Priority: Other Significant

Legal Authority: 49 USC 4151; 29 USC 794; 7 CFR 15e

CFR Citation: None

Legal Deadline: None

Abstract: The Architectural Barriers Act of 1968, section 504 of the Rehabilitation Act of 1973, and 7 CFR 15e require that new or reconstructed facilities be accessible. The Forest Service Trails Accessibility Guidelines in this proposed policy amending Forest Service Manual (FSM) 2350, Trail, River, and Similar Recreation Opportunities, would establish clear agency guidelines to provide the highest level of accessibility to pedestrian/hiker trails for the greatest number of people, including persons with disabilities, while not fundamentally altering the environment and recreational setting. The proposed

USDA—FS

Proposed Rule Stage

policy also would incorporate the definition of a wheelchair and clarify direction that a mobility device that meets that definition of a wheelchair may be used anywhere foot travel is permitted. Comments will be considered in development of the final guidelines.

392. OBJECTION PROCESS; LAND MANAGEMENT PLANNING (INTERIM DIRECTIVE, FOREST SERVICE MANUAL, CHAPTER 1920)

Priority: Substantive, Nonsignificant

Legal Authority: 36 CFR 219

CFR Citation: None

Legal Deadline: None

Abstract: The Agency is proposing to issue an interim directive (ID) to Forest Service Manual chapter 1920, Land and Resource Management Planning to provide Agency-wide guidance on objections filed against land and resource management plan decisions. The pre-decisional objection process is authorized in the National Forest System Land and Resource Management Planning rule at 36 CFR 219.32 (65 FR 65714, November 9, 2000). The 2000 Planning Rule is currently being revised to address concerns raised regarding the Agency's ability to implement some portions of the rule's provisions. Nevertheless, this objection process is a viable tool for field units to use to attempt to resolve issue(s) prior to making a final Agency decision on land and resource management plans. Therefore, it is prudent to provide interim direction on the objection process in order to ensure Agency-wide consistency in its

implementation. Upon issuance of this ID, notice will be given in the Federal Register with a request for public comment. Comments will be reviewed and considered in developing the final policy on the objection process.

393. LOCATABLE MINERALS

Priority: Other Significant

Legal Authority: 30 USC 21 to 54; 30 USC 612

CFR Citation: 36 CFR 228, subpart A

Legal Deadline: None

Abstract: This revision follows recommended changes developed by GAO and OIG audits and recommendations in the National Research Council's 1999 report titled "Hardrock Mining on Federal Lands." The proposed rule would improve the administration of the locatable minerals program. The proposed rule's objectives are to improve the process for modifying, suspending, and terminating plans of operation; improve the process of reviewing and adjusting reclamation bonds to cover the full cost of reclamation; improve the process of managing temporary closures; define proper occupancy and use; and improve noncompliance and enforcement actions. This proposed rule revision will increase the efficiency of locatable minerals administration and protect the public from funding mine reclamation.

Abstract: The Forest Service is proposing a limited amendment to the rules at 36 CFR 292.16(e)(2)(ii) applicable to private lands on the Sawtooth National Recreation Area in Idaho. This proposed rule would revise the standard for residential outbuildings on the SNRA to a maximum area of 850 square feet (currently, 400 square feet) and would limit such outbuildings to one story. This change would accommodate the storage needs for residents within the SNRA. The new standard would facilitate replacement of the temporary structures and also the unsightly, unprotected outdoor storage of materials, equipment, and vehicles. In general the residents within the SNRA are supportive of the proposed amendment, which should be considered as noncontroversial based on comments previously received in response to an environmental assessment prepared in 2000 for a proposed revision of the Sawtooth National Forest land and resource management plan. At that time, numerous comments stated that the existing standard for the size of outbuildings is inadequate, and they expressed support for revising the outbuilding standard.

RIN: 0596-AC02**396. • SPECIAL AREAS; ROADLESS AREA CONSERVATION; APPLICABILITY TO NATIONAL FOREST SYSTEM LANDS IN ALASKA****Priority:** Other Significant. Major status under 5 USC 801 is undetermined.**Legal Authority:** 16 USC 472; 16 USC 551; 16 USC 1604 ; 42 USC 4321**CFR Citation:** 36 CFR 294**Legal Deadline:** Other, Judicial, August 10, 2003, Other.

As required by a settlement agreement signed on June 10, 2003, between the U.S. Department of Justice and the State of Alaska, the Forest Service must publish this advance notice of proposed rule in the **Federal Register** within 60 days of the signing of the settlement agreement. .

Abstract: The Forest Service is publishing a proposed rule to seek further public comment on possible amendments to 36 CFR 294.14(d) that would permanently exempt the Tongass and Chugach National Forests in Alaska from the scope and applicability of the Roadless Area Conservation final rule (the "roadless rule") published in the Federal Register on January 12, 2001, which established prohibitions on road construction, road reconstruction, and timber harvesting in inventoried roadless areas at 36 CFR part 294 (66 FR 3244). Since publication, the roadless rule has been challenged by nine lawsuits filed in six judicial districts, including the Alaska district, and in four Federal circuits. On May 10, 2001, a Federal judge issued a preliminary injunction order preventing the Department from implementing the roadless rule. On April 14, 2003, the injunction order was reversed by the Ninth Circuit Court of Appeals. On July 14, 2003, a Federal district judge in the Tenth Circuit issued a permanent injunction order which is now pending appeal before the Tenth Circuit Court of Appeals.

On June 10, 2003, a settlement agreement was signed between the U.S. Department of Justice and the State of Alaska to resolve the suit filed by the

USDA—FS

Proposed Rule Stage

State of Alaska and other plaintiffs. As required by the settlement agreement, an advance notice of proposed rulemaking (ANPRM) was published on July 15, 2003 (68 FR 41864). This proposed rule is being prepared after evaluation and consideration of public comments received on the advance notice of proposed rulemaking published in July.

As further stipulated by the settlement agreement, the agency also published on July 15, 2003 (68 FR 41865), a proposed amendment to the roadless rule that would exclude the Tongass National Forest from its applicability until USDA promulgates a revised final roadless rule as announced in the July 10, 2001, advance notice of proposed rulemaking (66 FR 35918).

397. ● STATE PETITIONS FOR ROADLESS MANAGEMENT

Priority: Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

Legal Authority: Not Yet Determined

CFR Citation: 36 CFR 231

Legal Deadline: None

Abstract: On January 12, 2001, the Forest Service published the Roadless

Area Conservation final rule (the "roadless rule") in the Federal Register establishing prohibitions on road construction, road reconstruction, and timber harvesting in inventoried roadless areas at 36 CFR part 294, subpart B (66 FR 3244). Since publication, the roadless rule has been challenged by nine lawsuits filed in six judicial districts and in four Federal circuits. On July 14, 2003, the U.S. District Court for the District of Wyoming issued a permanent injunction order enjoining the Department from implementing the roadless rule. That ruling has been appealed.

Due to the continued legal uncertainty of providing protection for roadless areas through the application of the roadless rule, the agency is proposing a separate procedural rule at 36 CFR part 231 that will set out an administrative process for Governors of States to petition the Secretary of Agriculture to establish or adjust management direction for roadless within their State. Such petitions would be evaluated and, if agreed to, addressed by the Secretary in subsequent rulemaking on a State-by-State basis.

398. ● USE AND PROHIBITIONS OF MOTOR VEHICLES OFF NATIONAL FOREST SYSTEM ROADS

Priority: Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

Legal Authority: Not Yet Determined

CFR Citation: 36 CFR 261 and 295

Legal Deadline: None

Abstract: The Forest Service is publishing an advance notice of proposed rule that would amend 36 CFR part 295 to update language in current usage, coordinate the rule with other Forest Service programs that have been updated or are in the process of being updated to complement those changes, and incorporate current guidance on off-highway vehicle management. The proposed changes would also clarify definitions and direction, and improve consistency in management of off-highway vehicles on National Forest System lands in an effort to blend broad agency policy with local decisionmaking. These changes would ensure that collaborative efforts at the local level are integrated into decisionmaking.

The proposed rule would also amend 36 CFR part 261 to update language in current usage, consistent with the proposed changes in 36 CFR part 295, and to add prohibitions not currently covered in existing regulations that would clarify the management and use of off-highway vehicles on National Forest System lands.

399. ● GRAZING PERMIT ADMINISTRATION

Priority: Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

Legal Authority: Not Yet Determined

CFR Citation: None

Legal Deadline: None

Abstract: Updated national direction is needed to ensure the agency is both current and consistent in working with

USDA—FS

Proposed Rule Stage

grazing permittees in all Forest Service Regions. The Forest Service is proposing to issue amendments to certain chapters and sections of Forest Service Manual (FSM) title 2200, Rangeland Management, and to all chapters of Forest Service Handbook (FSH) 2209.13, Grazing Permit Administration. The last substantive amendments to both FSM 2200 and FSH 2209.13 were made in 1985. Clarifications and adjustments in policy are necessary to respond to changing needs of both the Forest Service and the livestock industry and to make the agency's policy current with legislation, court decisions, and agency management. The Forest Service has determined that two chapters in FSH 2209.13 require public notice and comment before the amendments can be finalized: chapter 10, Permits With Term Status, and chapter 20, Grazing Agreements. Both chapters contain substantive changes to agency operating procedures that affect how the Forest Service does business with permittees, grazing associations, and applicants for livestock grazing authorizations.

Legal Deadline: None

Abstract: The Forest Service is proposing to revise its directives issued to the Forest Service Manual (FSM) 1570, Appeals and Litigation, to reestablish the Forest Service Handbook (FSH) for appeals filed pursuant to notice, comment, and appeal procedures for National Forest System projects and activities at 36 CFR part 215. These proposed directives would provide additional direction to agency employees necessary to implement the provisions in 36 CFR part 215, adopted on June 4, 2003 (68 FR 33582).

401. • PROPOSED REVISION OF TIMBER SALE CONTRACTS (FS-2400-6 AND FS-2400-6T)

Priority: Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

Legal Authority: 36 CFR 223.110-223.117

CFR Citation: None

Legal Deadline: None

Abstract: The Forest Service is proposing to revise timber sale contracts FS-2400-6 for scaled sales procedures and FS-2400-6T for tree measurement timber sale procedures. A notice with request for public comment is being published in the Federal Register to seek public input on the proposed changes to these contracts, which include: (1) Clarifying the

remedies available when contracts are suspended, modified, or terminated for environmental reasons; (2) incorporating special provisions that are required by the National Forest Management Act and Forest Service regulations at 36 CFR part 223; (3) correcting inconsistencies and clarifying ambiguous language in the existing contract provisions; and (4) making organizational and editorial changes intended to eliminate duplicative and unnecessary provisions. These proposed contracts will be available for public review electronically via the Internet, as well as in paper copy at the Forest and Rangeland Staff office. Public comments received will be considered in the preparation of the final revised timber sale contracts.

These timber sale contracts were originally brought into use in the early 1970s. Contract revisions were made to FS-2400-6 in September 1973 and to FS-2400-6T in October of 1973. From that time until July 2001, new legislation and policy changes were incorporated into these contracts by adding new provisions and making existing provisions nonapplicable. There is now a need to reduce the complexity of the contracts, make the above changes part of the standard contracts, and include needed changes that affect the rights and obligations of the Forest Service and purchasers.

Final Rule Stage
402. SALE AND DISPOSAL OF NATIONAL FOREST TIMBER; CANCELLATION OF TIMBER SALE CONTRACTS
Priority: Substantive, Nonsignificant

Legal Authority: 16 USC 472a; 16 USC 551; 16 USC 618

CFR Citation: 36 CFR 223.30; 36 CFR 223.40; 36 CFR 223.116

Legal Deadline: None

Abstract: The Forest Service is issuing a final rule to revise current Agency regulations regarding cancellation of timber sale contracts, permits, and other such instruments authorizing the sale or harvest of timber or other forest products. This rule is needed to clarify when, why, and by whom contracts may be cancelled to remove redundant provisions and to provide a new formula for compensation when the Government must cancel timber sale contracts. The Forest Service takes every precaution before authorizing a particular activity on National Forest System lands to ensure that its authorization conforms with existing laws and with existing conditions on the ground at the time of the authorization. The current regulations place an inappropriate amount of financial liability on the Forest Service when the agency must, for reasons of public policy, judicial decision, or statutory direction, cancel a timber sale contract or permit. The regulatory changes are necessary because the Forest Service is unable to continue bearing the majority of the financial risk and burden of contract cancellations. This rule would more reasonably allocate the risk between the Government and private parties. Establishing these reasonable limits to the Government's exposure to financial liability and burden of risk in the event of contractual changes or contract cancellations is critical to protecting the public's financial interests.

403. LAND USES; SPECIAL USES; RECOVERY OF COSTS FOR PROCESSING SPECIAL USE APPLICATIONS AND MONITORING COMPLIANCE WITH SPECIAL USE AUTHORIZATIONS
Priority: Substantive, Nonsignificant

Legal Authority: 43 USC 1764; 30 USC 181

CFR Citation: 36 CFR 251

Legal Deadline: None

Abstract: This final rule, as authorized by the Mineral Leasing Act and the Federal Land Policy and Management Act, would provide for recovering costs associated with processing applications for special use authorizations to use and occupy National Forest System (NFS) lands and with monitoring compliance with these special use authorizations. The action is needed to provide timely reviews and evaluations of special use applications; to ensure that forest resources are adequately protected; and to ensure that holders comply with the terms and conditions of their authorization. Promulgation of this rule would comply with requirements of OMB Circular A-27, section 7, which directs that user charges be instituted through promulgation of agency regulations implementing the authority for Federal agencies to recover costs under the Independent Officers Appropriations Act (IOAA). The rule would also respond to recommendations in GAO reports RCED-96-84 (April 1996) and RCED 97-16 (December 1996) that the Forest Service (1) operate its special uses program in a more cost-efficient and businesslike manner and (2) promulgate regulations allowing the Agency to exercise existing authority to recover from applicants and holders the Agency's costs to process special-use applications and monitor compliance with those authorizations. This rule would also make Forest Service procedures and fees related to cost recovery consistent with the Bureau of Land Management's (BLM) rules at 43 CFR parts 2800, 2880, and 2930.

Additional Information: Cost reimbursement for processing special use applications and administration of special use authorizations was originally included under RIN 0596-AA36. All provisions pertaining to the special use application and administration process were merged into the final rule published November 30, 1998 (63 FR 65950, RIN 0596-AB35). Thus, this rulemaking addresses only the cost-reimbursement provisions.

404. SALE AND DISPOSAL OF NATIONAL FOREST SYSTEM TIMBER; EXTENSION OF TIMBER SALE CONTRACTS TO PERMIT URGENT REMOVAL OF TIMBER FROM OTHER LANDS
Priority: Substantive, Nonsignificant

Legal Authority: 16 USC 472a; 16 USC 618; 16 USC 620

CFR Citation: 36 CFR 223.50; 36 CFR 223.53

Legal Deadline: None

Abstract: The Forest Service is issuing a final rule to provide for extension of National Forest System (NFS) timber sale contracts when such an extension will permit the prompt removal and utilization of non-NFS timber damaged by catastrophic events. This rule defines the responsibilities of the

USDA—FS

Final Rule Stage

parties for requesting and approving such extensions and specify when such extensions should be approved. This rule also allows for the use of scarce timber resources and the recovery of economic benefits from timber that might otherwise be lost because of contractual obligations to harvest undamaged timber. This rule provides the regulatory foundation for extending existing contracts.

405. NATIONAL ENVIRONMENTAL POLICY ACT DOCUMENTATION NEEDED FOR CERTAIN SPECIAL USES PERMIT ACTIONS (FINAL INTERIM DIRECTIVE TO FSH 1909.15, CHAPTER 30)

Priority: Substantive, Nonsignificant

Legal Authority: 42 USC 4321 to 4346

CFR Citation: None

Legal Deadline: None

Abstract: In April 1997, the Forest Service completed a reengineering study of its special uses program. One finding in that study was that the Forest Service is conducting extensive National Environmental Policy Act (NEPA) analysis and documentation for the renewal or transfer of ownership of special use authorizations having no significant effect on the human environment, either individually or cumulatively. This level of NEPA compliance is costly, time consuming, and not commensurate with the risk attributed to the activity. Therefore, the Forest Service is adding a new category

of categorical exclusions from NEPA documentation at sections 31.1b and 31.2 of FSH 1909.15, Environmental Policy and Procedures Handbook. This action gives clearer direction regarding the NEPA obligation when issuance of a special use authorization is a purely ministerial action and no changes are proposed in permitted activities or facilities.

The proposed policy, published September 20, 2001 (66 FR 48412), also contained a proposed revision to section 30.3 to clarify documentation that is needed for a categorical exclusion when extraordinary circumstances exist. This revision to section 30.3 regarding extraordinary circumstances was incorporated as a separate action in RIN 0596-AB94, and the final policy was published August 23, 2002 (67 FR 54622).

406. LAND USES; SPECIAL USES REQUIRING AUTHORIZATIONS

Priority: Substantive, Nonsignificant

Legal Authority: 16 USC 477 to 482; 16 USC 551; 43 USC 1761 to 1771

CFR Citation: 36 CFR 251, 261, 295

Legal Deadline: None

Abstract: In April 1997, the Forest Service completed a reengineering study of its special uses program on how to manage the program in a more businesslike, customer-service-oriented way. The Agency plans to promulgate a final rule at 36 CFR 251.50 that would implement recommendations

from this study. The study determined that many units are issuing special use authorizations unnecessarily, thereby increasing workloads. The study concluded that the Agency should clarify the special uses rules at section 251.50(a) to make explicitly clear that special use authorizations should not be issued for activities that are addressed by other Forest Service regulations; for example, those governing the disposal of timber (part 223); minerals (part 228); and the grazing of livestock (part 222). The study also concluded that section 251.50(e) should be added to direct that special use authorizations should not be issued where such authorization would serve no land or resource management objective and would have nominal effects on National Forest System lands; for example, where activities are adequately regulated by other governmental entities or where an authorized officer determines that normal operation and maintenance by the holder is within the scope of a right-of-way, easement, or other valid existing real property interest. Further, the rule at section 251.50(d) would clarify requirements regarding authorizations for special uses involving National Forest System roads and trails. The current regulation requires the issuance of closure orders for regulation of special uses on NFS roads and trails. The revised regulation would eliminate the necessity of individual closure orders for common public service permit programs.

Final Rule Stage

407. SPECIAL FOREST PRODUCTS AND FOREST BOTANICAL PRODUCTS**Priority:** Substantive, Nonsignificant**Legal Authority:** PL 106–113**CFR Citation:** 36 CFR 223**Legal Deadline:** None

Abstract: The Forest Service proposes to promulgate regulations for managing special forest products and forest botanical products. The regulations will guide the Forest Service in the administration of the broader category of special forest products. The proposed rule also implements Public Law 106–113, which authorizes a pilot program of charges and fees for harvest of forest botanical products (Appropriations Act H.R. 3423, section 339, Forest Botanical Products). Forest botanical products include products, such as herbs, berries, seeds, and wildflowers that are not wood products. The intended effect of this rule is to give guidance and consistency for the sustainability and sale of special forest products including forest botanical products.

RIN: 0596–AB81**408. DETERMINING FAIR MARKET VALUE FOR RECREATION RESIDENCE USE AUTHORIZATIONS****Priority:** Substantive, Nonsignificant**Legal Authority:** 16 USC 497; PL 106–291, title VI**CFR Citation:** None**Legal Deadline:** None

Abstract: The Appropriations Act for the Department of the Interior and Related Agencies for Fiscal Year 2001 (Pub. L. 106–291) contains provisions in title VI “Cabin User Fee Fairness Act of 2000” to ensure consistent and fair processes for appraising the fee simple value of recreation residence lots on National Forest System (NFS) lands. The Forest Service is adopting final regulations at 36 CFR part 251, subpart B, and final policy in the Forest Service Manual (FSM) 2347 and FSM 2721, and Forest Service Handbook (FSH) 2709.11, section 33, and FSH 5409.12, chapter 6, that would provide the regulatory framework and Agency management direction necessary to implement the provisions of the act. The proposed policies and proposed rule were published on May 13, 2003 (68 FR 25748), with a 60-day comment period ending August 11, 2003. The proposed rule and proposed policy included provisions for establishing a base annual fee and a new appraisal cycle, conducting inventories of recreation residence lots, and setting out appeal and judicial review processes and appraisal guidelines for appraising the fee simple value of recreation residence lots. An estimated 2,500 comments were received, the majority of which were submitted by permit holders or organized associations of permit holders. The comments are being analyzed and will be considered in development of the final rule and policy. There are approximately 15,000 recreation residences nationally on NFS lands. Recreation residence permit holders and their immediate families and friends are particularly interested in the outcome of this rule and policymaking, as well as a few specific members of Congress. A cursory review of the comments received suggests that most of the substantive concerns either can be accommodated with minor changes in the draft policy revisions and rulemaking or, alternatively, can be addressed in the preamble to the final rulemaking and policymaking documents. The general nature of the comments do suggest the need for major, substantive changes to the draft of the proposed rule and policy, as published on May 13, 2003.

REVISIONS TO ROAD MANAGEMENT POLICY (FOREST SERVICE MANUAL CHAPTER 7710)****Priority:** Other Significant**Legal Authority:** 16 USC 551; 23 USC 205**CFR Citation:** 36 CFR 212**Legal Deadline:** None

Abstract: On January 12, 2001 (66 FR 3205), the Forest Service adopted a new road management policy to improve the analysis and decisionmaking of the National Forest System road system. As part of a Governmentwide review of recently adopted rules and policies announced January 20, 2001, the Chief conducted an internal review of the new road management policy. As a consequence, the Agency identified several changes to be made to Forest Service Manual (FSM) chapter 7710. The first of these was to issue an interim directive (ID No. 7710–2001–1) to redelegate the authority for extending deadlines for completion of forest-scale analysis from the Chief to the Regional Foresters. Additionally, the ID granted all units an additional year to complete road inventories and analysis. This ID was effective May 31, 2001. Upon issuance, the Agency gave notice in the Federal Register with a

USDA—FS

Final Rule Stage

request for comment. The Agency later determined that the interim requirements of the road management policy limiting road construction in inventoried roadless and contiguous unroaded areas were not relevant to the road management policy; rather, these requirements should be dealt with in the context of overall management planning of roadless areas. Moreover, field units were generally finding it difficult to determine how to define and map contiguous unroaded areas consistently. In some recent cases, the interim requirements were resulting in EIS's for minimal road construction or reconstruction along the edge of inventoried roadless areas and contiguous unroaded areas, with resultant delays in project decisions. Therefore, the Agency issued a second ID effective December 14, 2001 (ID No. 7710-2001-3), to rescind these interim requirements from FSM chapter 7710 and simultaneously issued a third ID (ID No. 1920-2001-1) to relocate these roadless requirements to FSM chapter 1920, Land and Resource Management Planning. Although the second ID was immediately effective, a notice with a request for comment was published in the Federal Register on December 20, 2001 (66 FR 65796). The direction previously issued in ID No. 7710-2001-3 was reissued, without substantive change, as ID No. 7710-2003-1, effective June 12, 2003. Comments on ID No. 7710-2001-1 and ID No. 7710-2001-3 have been considered in developing the next appropriate steps concerning the road management policy.

411. FOREST LAND ENHANCEMENT PROGRAM**Priority:** Other Significant**Legal Authority:** PL 107-171**CFR Citation:** 36 CFR 230, subpart C (New)**Legal Deadline:** None

Abstract: The Forest Service is adopting a final rule for the implementation of the Forest Land Enhancement Program (FLEP) authorized in the 2002 Farm Security and Rural Investment Act of 2002 (Pub. L. 107-171) through an amendment to the Cooperative Forestry Assistance Act (16 U.S.C. 2103). The FLEP program was implemented through an interim final rule published on June 9, 2003 (68 FR 25748). The final rule focuses on guidance needed to allow State forestry agencies to implement the program throughout its existence. In developing the final rule, the Department is considering comments on the interim rule, information and experience gained during the first year of implementing FLEP, and consultation with other State and Federal government agencies.

The goals of FLEP are to: (1) enhance the productivity of timber, fish and wildlife habitat, soil and water quality, wetland, recreational resources, and aesthetic values of private nonindustrial private forestland (NIPF); and (2) establish, manage, maintain, enhance, and restore such forests. The act requires establishing a coordinated and cooperative Federal, State, and local grants program directed to achieve sustainable forestry; assisting owners of nonindustrial private forestlands to more actively manage these lands and related resources; and encouraging such owners to use State, Federal, and private sector resource management expertise, financial assistance, and educational programs. The FLEP program replaces two previous conservation incentives programs: The Stewardship Incentive Program (SIP) and the Forestry Incentives Program (FIP). It is very similar to other cooperative grant and agreement programs that the Forest Service has managed over the past 50 years.

Program funding is expected to remain at an average of about \$20 million annually over a 5-year period (FY 2003 through FY 2007). The FLEP program is administered by the Forest Service through State forestry agencies and the

Forest Service State and Private Forestry (S&PF) Deputy Area.

412. COMMUNITY AND PRIVATE LAND FOREST FIRE ASSISTANCE PROGRAM**Priority:** Other Significant**Unfunded Mandates:** Undetermined**Legal Authority:** PL 107-171**CFR Citation:** 36 CFR 230, subpart D (new)**Legal Deadline:** None

Abstract: The Farm Security and Rural Investment Act of 2002 directs the Secretary of Agriculture to establish a Community and Private Land Fire Assistance Program, to be administered by the Forest Service and implemented through the State Foresters. The Forest Service is issuing an interim rule to provide for the implementation and administration of the program, which would allow the following activities on both Federal and non-Federal lands: Fuel hazard mitigation and prevention, invasive species management, multi-resource wildfire planning, community protection planning, community and landowner education, market development and expansion, improved wood utilization, and special restoration projects.

413. NATIONAL FOREST SYSTEM LAND AND RESOURCE MANAGEMENT PLANNING; EXTENSION OF COMPLIANCE DEADLINE FOR SITE-SPECIFIC PROJECTS

Priority: Substantive, Nonsignificant

Legal Authority: 5 USC 301; 16 USC et seq

CFR Citation: 36 CFR 219.35(d)

Legal Deadline: None

Abstract: On November 9, 2000 (65 FR 67514), a rule substantially revising National Forest System land and resource management planning was adopted. Previous planning regulations to implement the National Forest Management Act applied only to the development, revision, and amendment of land and resource management plans. The November 2000 rule also applied to site-specific project decisions. Section 219.35 of that rule provided for the transition from the 1982 planning rule to the 2000 rule. November 9, 2003, is the date by which all site-specific decisions must be in conformance with the provisions of the 2000 rule. However, early in 2001, the Department determined that the November 2000 planning regulation needed to be revised in order to improve its implementation by field personnel. On December 6, 2002, the Forest Service published a proposed planning rule (67 FR 72770). Like the

1982 planning regulation, this proposed rule would not apply the provisions of the planning regulations to site-specific project decisions. The revised planning rule was not completed by November 9, 2003; thus the Department needs to extend the compliance deadline in 36 CFR 219.35(d) regarding site-specific project decisions until the adoption of a final planning rule. This action is needed immediately because planning for site-specific projects often begins at least 6 to 9 months before an anticipated decision. It is necessary to grant relief to field units of the National Forest System from being held to the provisions of the 2000 rule for site-specific project decisions.

414. STEWARDSHIP END RESULT CONTRACTING (NOTICE OF INTERIM GUIDELINES)

Priority: Substantive, Nonsignificant

Legal Authority: PL 108-7

CFR Citation: None

Legal Deadline: None

Abstract: The Forest Service is developing proposed interim directives to set out the detailed policy and procedures in Forest Service Manual 2400 and Related Handbooks needed to implement the provisions for stewardship contracting projects authorized for a period of 10 years by section 323 of the Consolidated Appropriations Act for Fiscal Year 2003 (Pub. L. 108-7). The expanded authority for these projects would

provide for collaboration with the States and local communities; opportunities for local communities to respond to contract proposals; agreements and contracts with private or other public entities; the exchange of goods for services; use of receipts for land restoration and enhancement efforts; and contract awards based on "best value."

Comments received on the proposed interim directives would be considered in the development of final directives.

415. • SPECIAL AREAS; ROADLESS AREA CONSERVATION; APPLICABILITY TO THE TONGASS NATIONAL FOREST, ALASKA

Priority: Other Significant. Major status under 5 USC 801 is undetermined.

Legal Authority: 16 USC 472; 16 USC 551; 16 USC 1604; 42 USC 4321

CFR Citation: 36 CFR 294

Legal Deadline: NPRM, Judicial, August 10, 2003, NPRM.

As required by a settlement agreement signed on June 10, 2003, between the U.S. Department of Justice and the State of Alaska, the Forest Service must publish this proposed rule in the **Federal Register** within 60 days of the signing of the settlement agreement.

Abstract: The Forest Service is adopting a final rule at 36 CFR 294.14(d) to exempt the Tongass National Forest in Alaska from the scope and applicability of the prohibitions in the Roadless Area

USDA—FS

Final Rule Stage

Conservation final rule (the “roadless rule”) until USDA promulgates a revised final roadless rule as announced in the July 10, 2001, advance notice of proposed rulemaking (66 FR 35918). This final rule will provide a more balanced approach for the management of roadless areas on the Tongass National Forest.

On January 12, 2001, the Forest Service published the roadless rule in the Federal Register establishing prohibitions on road construction, road reconstruction, and timber harvesting in inventoried roadless areas at 36 CFR part 294, subpart B (66 FR 3244). Since publication, the roadless rule has been challenged by nine lawsuits filed in six judicial districts, including the Alaska district, and in four Federal circuits. On May 10, 2001, a Federal judge issued a preliminary injunction order preventing the Department from implementing the roadless rule. On April 14, 2003, the injunction order was reversed by the Ninth Circuit Court of Appeals. On July 14, 2003, a Federal district judge in the Tenth Circuit issued a permanent injunction order which is now pending appeal before the Tenth Circuit Court of Appeals.

On June 10, 2003, a settlement agreement was signed by the United States and the State of Alaska to resolve the suit filed by the State of Alaska and other plaintiffs. As required by the settlement agreement, a proposed rule was published on July 15, 2003 (68 FR 41865), with a 30-day comment period ending August 14, 2003. Subsequently, a notice was published on August 18, 2003, extending the comment period to September 2, 2003 (68 FR 49395). In developing this final rule, the Department is reviewing the public comments received on the proposed rule, along with the existing information, including the 2003 Supplemental EIS for the Revised Tongass Forest Plan, and evaluating the existing situation in Southeast Alaska. As further stipulated by the settlement agreement, the agency also published

on July 15, 2003 (68 FR 41864), an advance notice of proposed rulemaking to seek public comment on a proposal that would permanently exclude National Forest System lands in Alaska (that is, the Tongass and Chugach National Forests) from the prohibitions established by the roadless rule.

RIN: 0596-AC04**416. • DELEGATION OF AUTHORITY TO APPROVE FREE USE BY INDIVIDUALS**

Priority: Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

Legal Authority: Not Yet Determined**CFR Citation:** 36 CFR 223.8**Legal Deadline:** None

Abstract: The Forest Service is developing an interim final rule to revise the current regulations at 36 CFR 223.8 to increase the value of timber

and special forest products on National Forest System lands made available for free use. The current regulation, which has not been updated for over 30 years, provides for free use of timber up to \$20 in value in any one fiscal year. Forest Supervisors may grant permits of material not exceeding \$100 in value. Regional Foresters may approve permits for larger amounts, and in times of emergency may delegate authority to Forest Supervisors for up to \$500 in value. Prior approval is required by the Chief if the amount exceeds \$5,000 in value. The market value of timber and special forest products has increased, however, and therefore, the regulation needs to be updated to reflect current values. This increase will authorize Forest Supervisors and Regional Foresters to provide free use of timber and special forest products up to \$5,000 and \$10,000 in value respectively.

The interim final rule will be published in the Federal Register with request for public comment. Comments received will be considered in the development of the final rule.

423. GENERAL NONPROCUREMENT REGULATIONS

Priority: Substantive, Nonsignificant

Legal Authority: 5 USC 301; 5 USC 901 et seq

CFR Citation: 7 CFR 3020

Legal Deadline: None

Abstract: USDA published 7 CFR part 3015, Uniform Federal Assistance Regulations, in 1981 to establish and codify departmentwide policies and standards for administering grants and cooperative agreements to governmental and nongovernmental entities. Since that time, the Office of Management and Budget has led efforts to establish Governmentwide common rules for governmental and nongovernmental recipients of grants and cooperative agreements. Consequently, over the years, USDA has codified its

Governmentwide common rules in other parts of title 7 of the CFR. This has resulted in corresponding amendments to part 3015 to revise its scope accordingly. We are proposing to remove part 3015 and to add part 3020 to parts of title 7. We are proposing to include other administrative requirements that were never codified. The alternative would be to continue to work with the disjointed, outdated part 3015. Expected results are that the new part 3020 will be more clear and concise and will only contain those cross-cutting requirements not included in other USDA departmentwide administrative regulations.

Legal Deadline: None

Abstract: This action will incorporate the requirement for housing-related projects (such as apartment buildings, nursing homes, group homes, and assisted living type facilities) to develop an Affirmative Fair Housing Marketing Plan (plan) when receiving funding from the Intermediary Relending Program, Rural Business

USDA—RBS

Proposed Rule Stage

Enterprise Grant Program, Rural Business Opportunity Grant Program, Rural Economic Development Loan and Grant Programs, and the Business and Industry Direct and Guaranteed Loan Programs. The plan will describe strategies to attract applications from all groups in a housing market area and efforts to reach those persons in the market area who traditionally would not be expected to apply for housing. The Rural Housing Service Multifamily Housing Program regulations currently include this borrower requirement.

430. RURAL BUSINESS INVESTMENT PROGRAM

Priority: Other Significant

Legal Authority: PL 107-171, sec 6029

CFR Citation: Not Yet Determined

Legal Deadline: None

Abstract: This action will implement the provisions of section 6029 of the Farm Security and Rural Investment Act, which amended the Consolidated Farm and Rural Development Act by adding "Subtitle H—Rural Business Investment Program." Section 6029 provides that the Secretary "shall" establish the program and provides mandatory no-year funding out of the Commodity Credit Corporation at a level sufficient to guarantee \$280 million of debentures and \$44 million in grants. The purpose of the program is the establishment of equity capital investment in Rural Business Investment Companies and other entities through a combination of grants and guarantees of debentures with the objective of fostering economic development in rural areas. By law, the program is required to be administered by another Federal agency that has considerable expertise in operating a similar program; the joint Explanatory Statement of the Conference Committee refers to the Small Business

USDA—RBS

Proposed Rule Stage

Administration (SBA) in this context. The Rural Business-Cooperative Service is currently working with SBA to develop the program; negotiations are ongoing.

433. • TANGIBLE NET EQUITY

Priority: Other Significant. Major status under 5 USC 801 is undetermined.

Legal Authority: 7 USC 1932(a)

CFR Citation: 7 CFR 1980; 7 CFR 4279

Legal Deadline: None

Abstract: This proposed rulemaking amends 7 CFR parts 4279 and 1980 by modifying the equity requirement considered in the underwriting of business and industry loans by guaranteed lenders and/or the Rural Business-Cooperative Service as follows:

— In the case of direct or guaranteed refinancing loans only, apply an adjusted equity requirement, where tangible net equity is modified by (i) including asset value to the extent of the difference between the depreciated book value of real property assets and current market value supported by an independent appraisal, or the original

loan amount, whichever is less and (ii) family capital subordinated debt, where the subordinated debt is held by and represents a cash infusion to the business by the owner or close family member, and the repayment terms are such that repayment is not ahead of Agency direct and/or guaranteed loan exposure.

— Increase the equity requirement for energy loans to 40 percent for existing businesses (in existence for three years) and 50 percent for new businesses. Construction financing is not an eligible energy loan purpose; energy project that produce biomass fuel, biogas, fuel cells or batteries as an output must have completed two operating cycles at design performance levels acceptable to the Agency.

Priority: Other Significant

Legal Authority: 7 USC 940c

CFR Citation: 7 CFR 1703, subpart B; 7 CFR 4280, subpart A

Legal Deadline: None

Abstract: This action is part of a reinvention laboratory initiative of the Department of Agriculture and Rural Business-Cooperative Service. The regulations will be written in a "plain language" style. The regulation will be simpler and improve the ease of use by the public and program beneficiaries. The regulation will be written in a question and answer format from the perspective of questions from the applicant under this program. The regulations will simplify the application format, review and selection process, and recipient's recordkeeping requirements. It will also add a section on the appeal of adverse decisions. The comment period on the proposed rule ended February 14, 2000. The Agency received 28 written comments. The Agency conducted a meeting, which was open to the public on August 2, 2000, to allow the Agency to listen to oral presentations from the general public on the proposed rule. The Agency will respond to the comments made at the meeting in the preamble to the final rule as part of the rulemaking processing under the Administrative Procedures Act.

436. RURAL BUSINESS ENTERPRISE GRANT PROGRAM—FARM BILL CHANGES

Priority: Substantive, Nonsignificant

Legal Authority: 7 USC 1932

CFR Citation: 7 CFR 1942

Legal Deadline: None

Abstract: President Bush signed the Farm Bill May 13, 2002, changing the definition of rural and rural area in the Consolidated Farm and Rural Development Act for certain programs including the Rural Business Enterprise Grant (RBEG) program. The definition now reads "any area other than a city or town that has a population of greater than 50,000 inhabitants and the urbanized area contiguous and adjacent to such as a city or town." The previous definition of rural and rural area was "any area that is not within the outer boundary of any city having a population of 50,000 or more and its immediately adjacent urbanized and urbanizing areas with a population density of more than 100 persons per square mile." Therefore, the RBEG program, which is authorized under the Consolidated Farm and Rural Development Act, must be changed to reflect the current definition.

The Consolidated Farm and Rural Development Act also amended the definition of small and emerging private business enterprise to include nonprofit entities and other tax exempt organizations who have a principal office located on land of an existing or former Native American reservation in a city, town, or unincorporated area that has a population of not more than 5,000 inhabitants as an eligible small and emerging business regardless of the number of employees or operating capital of the enterprise.

437. B&I GUARANTEED LOAN PROGRAM FARM BILL CHANGES—EXPANDED ELIGIBILITY CRITERIA

Priority: Other Significant

Legal Authority: 5 USC 301; 7 USC 1989; 42 USC 1480

CFR Citation: 7 CFR 4279, subpart B

Legal Deadline: None

Abstract: Section 6013 of the Act adds other renewable energy systems as an eligible loan purpose. Section 6017 expands eligibility criteria for loans to cooperatives and loan guarantees in nonrural areas under certain conditions and expands eligibility and relaxes financial reporting requirements for the B&I Cooperative Stock Purchase Program. It also allows the Agency to require specialized appraisals for the B&I program. Section 6019 requires the Agency to provide a short, simplified application form for guarantees of \$400,000 or less initially. 7 CFR part 4279, subpart B, must be changed to incorporate these provisions of the statute.

440. • FISCAL TRANSFER AGENT—SECONDARY MARKET SALES OF GUARANTEED LOANS

Priority: Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

Legal Authority: 7 USC 1988; 7 USC 1989

CFR Citation: 7 CFR 4279-A; 7 CFR 4279-C

Legal Deadline: None

Abstract: Section 338(b)(2)(A) of the CONACT authorizes the Secretary, either directly or through a market maker, to issue pool certificates representing ownership of part or all of the guaranteed portion of any loan guaranteed by the Secretary for certain guaranteed programs.

The sale of Government guaranteed loan portions to investors in the secondary market increases earnings, liquidity, and the capital available to lenders. Lenders in the Small Business Administration (SBA) 7(a) loan program are selling loans by using an SBA-approved Fiscal Transfer Agent (FTA) that pools and markets loans on the secondary market. Rural Development seeks to use Section 338(b)(2)(A) of the CONACT to provide the same service to lenders.

Priority: Substantive, Nonsignificant

Legal Authority: 7 USC 901 et seq; 7 USC 1921 et seq

CFR Citation: 7 CFR 1755

Legal Deadline: None

Abstract: The Rural Utilities Service (RUS) proposes to amend 7 CFR 1755 to include requirements presently contained in RUS Bulletin 345-3. This rule would establish and codify provisions for the inclusion and removal for products from I.P. 344-2. This rule also proposes to integrate the existing section on field trials in the procedures for product acceptance and inclusion in this codification, as well as clarifying and reorganizing the field trials section.

448. GUARANTEES FOR BONDS AND NOTES ISSUED FOR ELECTRIFICATION PURPOSES

Priority: Other Significant

Legal Authority: PL 107-171

CFR Citation: 7 CFR 1720

Legal Deadline: NPRM, Statutory, January 8, 2003, NPRM.

Abstract: The Farm Security and Rural Investment Act of 2002 (Farm Bill) amends the Rural Electrification Act of 1936 to include section 313A: Guarantees For Bonds And Notes Issued For Electrification Or Telephone Purposes. The Farm Bill became law on May 13, 2002, and requires the Secretary of Agriculture to promulgate regulations that carry out the amendments within 180 days. Furthermore, the implementation of the amendments shall take effect no later than 240 days.

The new section 313A: Guarantees for Bonds And Notes Issued For Electrification Or Telephone Purposes, states that the Secretary shall guarantee payments on bonds or notes issued by cooperative or other lenders organized on a not-for-profit basis. Section 313A provides limits to the amount of guarantees, the purpose for the guarantee, and qualifications of eligible lenders seeking a guarantee of a bond or note. The section also provides for a fee to be charged to lenders that receive a guarantee under section 313A, which will be deposited in the Rural Economic Development Subaccount.

The Rural Utilities Service (RUS) is proposing the development of rules that carry out the amendments made by section 313A. The rules will establish regulations that allow the Secretary to comply with the requirements outlined and set the limitations provided for in the Farm Bill.

**466. WETLAND CATEGORICAL
MINIMAL EFFECTS EXEMPTIONS**
Priority: Other Significant**Legal Authority:** 16 USC 3821**CFR Citation:** 7 CFR 12**Legal Deadline:** None

Abstract: The 1985 Farm Bill, as amended, gives producers a major incentive to conserve wetlands by tying eligibility for most USDA program benefits to conservation of wetlands. However, producers can convert wetlands based on available exemptions, including a minimal effect exemption. A minimal effect applies if the action, individually and cumulatively, will have minimal effect on the functional hydrological and biological value of the wetlands in the area. A categorical minimal effect is one that, when carried out, will always have a minimal effect on the hydrologic and biological functions of wetlands in the area. These activities will be identified on a regional basis.

**467. TECHNICAL SERVICE PROVIDER
ASSISTANCE**
Priority: Other Significant**Legal Authority:** 16 USC 3842**CFR Citation:** 7 CFR 652**Legal Deadline:** None

Abstract: Third Party Vendor assistance will allow producers to obtain technical services from the department or entities by a certification process. This process will distinguish between certification of an individual working under his or her own auspices and that of an organization such as a corporation or a public agency which has individuals working on its behalf. Certification of an individual means the individual has the requisite education and technical expertise to perform the technical services. Certification of an entity or public agency means that the organization may receive payment for the services provided by individuals

working under its auspices, but the work must be performed or warranted by certified individuals and the organization must assume the liability for the quality of work performed.

**469. • NRCS EQUITABLE RELIEF
PROCEDURES**

Priority: Substantive, Nonsignificant.
Major status under 5 USC 801 is
undetermined.

Legal Authority: 7 USC 7996**CFR Citation:** Not Yet Determined**Legal Deadline:** None

Abstract: The Equitable Relief Procedures are set forth in title I, section 1613, of the Farm Security and Rural Investment Act of 2002 (the 2002 Act) and is relief to participants in certain cases for certain Natural Resources Conservation Service and Commodity Credit Corporation programs. The relief applies to cases where the applicant for relief took action to the applicant's detriment based on bad information from departmental officials. Also, it covers

where the applicant simply, but in good faith, failed to fully comply with program requirements. The rule is intended to implement a statutory requirement that the Agencies provide relief to producers who took action to their detriment based on bad information from officials.

473. OFFICE OF PROCUREMENT AND PROPERTY MANAGEMENT (OPPM); UNIFORM PROCEDURES FOR THE ACQUISITION AND TRANSFER OF EXCESS FEDERAL PROPERTY**Priority:** Info./Admin./Other**Legal Authority:** 7 USC 2206a; 7 USC 301 note; 7 USC 321 et seq; 20 USC 1059c(b)**CFR Citation:** 7 CFR 3200**Legal Deadline:** None**Abstract:** The Office of Procurement and Property Management (OPPM) is amending its procedures for the acquisition and transfer of excess

personal property to 1994 Institutions (as defined in section 532 of the Equity in Education Land Grant Status Act of 1994); Hispanic-Serving Institutions (as defined in section 316(b) of the Higher Education Act of 1965); and any college or university eligible to receive funds under the Act of August 30, 1890. This amendment clarifies administrative rules regarding equipment transfer and reduces the administrative burden placed on recipient institutions.
