History

Federal Register Document 03-17766, published on Tuesday, July 15, 2003, (68 FR 41691) modified Class E airspace at Wichita Mid-Continent Airport, KS. The modification was to provide the appropriate Class E airspace to protect aircraft executing newly developed instrument approach procedures at Cessna Aircraft Field, Wichita, KS, to correct discrepancies in the Wichita Mid-Continent Airport, KS Class E airspace area and to bring the legal description into compliance with FAA Order 7400.2E, Procedures for Handling Airspace Matters. This Class E airspace area is defined, in part, by the

McConnell AFB airport reference point. On August 4, 2003, a revised McConnell AFB airport reference point was published. This correction incorporates the revised McConnell AFB airport reference point into the Wichita Mid-Continent Airport, KS Class E airspace area and its legal description.

■ Accordingly, pursuant to the authority delegated to me, the Wichita Mid-Continent Airport, KS Class E airspace, as published in the **Federal Register** on Tuesday, July 15, 2003, (68 FR 41691), [FR Doc. 03-17766] is corrected as follows:

SUPPLEMENTARY INFORMATION: The FAA published a direct final rule with request for comments (FR Document 03-15526) in the **Federal Register** on June 19, 2003 (68 FR 36743). The FAA uses the direct final rulemaking procedure for a non-controversial rule where the FAA believes that there will

This direct final rule advised the public that no adverse comments were anticipated, and that unless a written adverse comment, or a written notice of intent to submit such an adverse comment, were received within the comment period, the regulation would become effective on September 4, 2003.
