Notice of Intent and Request for Comment

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Notice of Intent (NOI) to prepare a Programmatic Environmental Impact Statement for licensing launches of horizontally launched vehicles and reentries of reentry vehicles.

SUMMARY: The FAA is publishing this notice to announce its intent to prepare a Programmatic Environmental Impact Statement (PEIS) in accordance with the National Environmental Policy Act (NEPA) of 1969 and the Council on Environmental Quality implementing regulations. This NOI also serves as an official request for comments in preparation of the PEIS. This PEIS will assess environmental impacts associated with the proposed action, reasonable alternatives including those identified during scoping, the no action alternative, and cumulative impacts. This PEIS will support decisions made to meet the FAA's responsibility to license commercial launches and reentries and launch and reentry site operations consistent with public health and safety, safety of property, and the national security and foreign policy interests of the United States. Issuing a launch or reentry license is considered a Federal action and is therefore subject to NEPA review.

Proposed Action and Possible Alternatives: The proposed action for this PEIS is to license the launch and landing of horizontally launched vehicles and the reentry of reentry vehicles. Reentry vehicles are defined as vehicles designed to return from Earth orbit or outer space to Earth; or reusable launch vehicles designed to return substantially intact from Earth orbit or outer space to Earth. A launch is defined as to place or try to place a launch vehicle or reentry vehicle and any payload from Earth (A) in a
