

under section 246 of the Trade Act of 1974, as amended, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance on September 11, 2003, applicable to workers of Paper Converting Machine Company located in Green Bay, Wisconsin. The notice was published in the **Federal Register** on October 10, 2003 (68 FR 58720).

At the request of the State Agency, the Department reviewed the certification for workers of the subject firm. The workers produce paper converting machinery.

The review shows that all workers of Paper Converting Machine Company, Green Bay, Wisconsin, were certified eligible to apply for adjustment assistance under TA-W-39,100, which does not expire until January 18, 2004.

Therefore, in order to avoid an overlap in worker group coverage, the Department is amending the August 14, 2002 impact date established for TA-W-52,626, to read January 19, 2004.

The amended notice applicable to TA-W-52,626 is hereby issued as follows:

“All workers of Paper Converting Machine Company, Green Bay, Wisconsin, who become totally or partially separated from employment on or after January 19, 2004, through September 11, 2005, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974, and are also eligible to apply for alternative trade adjustment assistance under Section 246 of the Trade Act of 1974, as amended.”

Signed at Washington, DC, this 22nd day of December 2003.

Elliott S. Kushner,

Certifying Officer, Division of Trade Adjustment Assistance.

Tietex International, Ltd, Rocky Mount Plant, Spartanburg, South Carolina; Notice of Termination of Investigation

Pursuant to section 221 of the Trade Act of 1974, as amended, an investigation was initiated on October 28, 2003 in response to a worker petition filed on behalf of workers at Tietex International, LTD, Rocky Mount Plant, Spartanburg, South Carolina.

Further review of the petition and information provided by one of the petitioners, finds that the Rocky Mount Plant is in Rocky Mount, North Carolina, not Spartanburg, South Carolina. Workers of Tietex International, LTD, Rocky Mount Plant, Rocky Mount, Virginia, are covered under an existing certification to apply for trade adjustment assistance, petition number TA-W-53,273. Consequently, further investigation in this case would serve no purpose, and the investigation has been terminated.

Signed at Washington, DC this 17th day of November, 2003.

Weidmann Systems International, Inc., St. Johnsbury, Vermont; Notice of Termination of Investigation

Pursuant to section 221 of the Trade Act of 1974, an investigation was initiated on November 7, 2003 in response to a worker petition which was filed on behalf of workers at Weidmann

Systems International, Inc., St. Johnsbury, Vermont.

An active certification covering the petitioning group of workers is already in effect (TA-W-42,222A, as amended). Consequently, further investigation in this case would serve no purpose, and the investigation has been terminated.

York International Corporation, York, Pennsylvania; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on October 30, 2003, applicable to workers of York International Corporation located in York, Pennsylvania. The notice was published in the **Federal Register** on November 28, 2003 (68 FR 66880).

At the request of the petitioner, the Department reviewed the certification for workers of the subject firm producing industrial large tonnage chillers.

The review shows that the Department inadvertently omitted its findings regarding worker group eligibility to apply for Alternative Trade Adjustment Assistance under section 246 of the Trade Act of 1974, as amended. In order for the Department to issue a certification of eligibility to apply for ATAA, the group eligibility requirements of section 246 of the Trade Act must be met. The Department determined in this case that the requirements of Section 246 were met.

A significant number of workers at the firm are age 50 or over and possess skills that are not easily transferable. Competitive conditions within the industry are adverse.

Therefore, the Department is amending the certification to include eligibility for workers of the subject firm to apply for ATAA.

The amended notice applicable to TA-W-52,904 is hereby issued as follows:

“All workers of York International Corporation, York, Pennsylvania, who became totally or partially separated from employment on or after September 9, 2002 through October 30, 2005, are eligible to apply for adjustment assistance under section 223 of the Trade Act of 1974, and are eligible to apply for alternative trade adjustment assistance under section 246 of the Trade Act of 1974, as amended.”

Signed at Washington, DC, this 2nd day of December 2003.

Workforce Investment Act—Indian and Native American Employment and Training Programs; Solicitation for Grant Applications—Final Grantee Designation Procedures for Program Years 2004 and 2005

Announcement Type: New. Notice of final designation procedures for grantees.

Funding Opportunity Number: SGA/DFA-04-100.

Catalog of Federal Domestic Assistance (CFDA) Number: 17.265.

Key Dates: Deadline for Notice of Intent Part A—January 30, 2004.

I. Funding Opportunity Description

Section 166 of the Workforce Investment Act (WIA) authorizes programs to serve the employment and training needs of Indians and Native Americans through competitive award by the Department of Labor (DOL) of two-year grants, contracts, or cooperative agreements with Indian tribes, tribal organizations, Alaska Native entities, Indian-controlled organizations serving Indians, or Native Hawaiian organizations. See section 166, Public Law 105-220 as amended, codified at 29 U.S.C. 2911. Special employment and training services for Indian and Native American people were previously provided under the Job Training Partnership Act (JTPA) Section 401 and its predecessor, Section 302 of the Comprehensive Employment and Training Act (CETA). DOL has issued two previous rounds of WIA section 166 awards—for Program Years (PY) 2000-2001 and 2002-2003.

In anticipation of Congressional reauthorization of WIA, this Solicitation for Grant Applications (SGA) contains the procedures by which DOL will select and designate service providers for PY 2004 and 2005 (July 1, 2004 to June 30, 2006) to operate Indian and Native American Employment and Training Programs under WIA section 166 within specified “service areas.” Grantees must ensure that all eligible population members have equitable access to employment and training services within the service area. Requirements for these programs are set forth in WIA section 166 and its regulations, found at 20 CFR part 668, published at 65 FR 49294, 49435 (August 11, 2000). The specific eligibility and application requirements for designation are set forth at 20 CFR part 668, subpart B, which is attached to this SGA as Exhibit A.

Under the statutory and regulatory requirements, DOL will select entities for section 166 funding for a two-year period. Designated service providers will be funded annually during the designation period, contingent upon all other grant award requirements being met, Congress’ reauthorization of WIA, any new or modified terms of WIA reauthorization, and the continuing availability of Federal funds.

All applicants for designation as a section 166 service provider for PY 2004 and 2005 must submit a Notice of Intent Part A in accordance with this SGA if they wish to receive or continue to receive WIA funds. DOL has determined that no waivers of competition under WIA section 166(c)(2) will be available for the current two-year designation cycle because such waivers were allowed in the last designation cycle for PY 2002 and 2003. Existing grantees and potential eligible providers participating in Public Law 102-477 Demonstration Projects, which allow Federally recognized tribes to consolidate formula-funded employment, training, and related dollars under a single service plan administered by the Bureau of Indian Affairs, also must submit an application in accordance with this SGA.

This SGA provides the information that all applicants need to submit requests for WIA section 166 designation. A “responsibility review” will be conducted of all applications as part of the designation process, in accordance with 20 CFR 667.170, 668.220, and 668.230, to ensure that applicants are capable of properly handling and accounting for Federal funds. Entities new to this process should be aware that being designated as a section 166 service provider

according to this SGA will not automatically result in a grant award. Entities that successfully complete the designation process, including winning any competition(s) for service area(s) that may occur as defined in this SGA, must prepare a two-year Comprehensive Services Plan that must be approved by DOL. Instructions for preparation of the Comprehensive Services Plan will be issued to all designated service providers in accordance with 20 CFR part 668, subpart G.

Potential applicants should be aware that Comprehensive Services Plans for PY 2004 and 2005 will be required to include an agreement to maintain records adequate to evaluate the grantee’s annual performance against the “Common Measures” from the U.S. Office of Management and Budget (OMB) for evaluating all Federally funded employment and training programs. See Employment and Training Administration (ETA) Training and Employment Notice No. 8-02 (March 27, 2003) (available at http://ows.doleta.gov/dmstree/ten/ten2k2/ten_08-02.htm). The Comprehensive Services Plan also will be required to include estimates of expected grantee performance against the OMB Common Measures. For the Comprehensive Services (i.e., Indian “adult”) employment and training program, the Common Measures are as follows:

- Entered Employment
- Retention in Employment
- Earnings Increase
- Program Efficiency

For those entities serving reservation areas and qualifying for Supplemental Youth Services funding, the “youth” Common Measures are as follows:

- Placement in Employment or Education
- Attainment of a Degree or Certificate by Participants
- Literacy and Numeracy Gains (by Participants)
- Program Efficiency

After a section 166 designee’s Comprehensive Services Plan is approved by DOL, a grant agreement (“Notice of Obligation” or NOO) must be executed in accordance with 20 CFR 668.292. Each NOO will reflect the amount of section 166 funds awarded as determined in accordance with 20 CFR 668.296 and 668.440.

In preparing applications for designation, applicants should bear in mind that the purpose of section 166 of WIA is “to support employment and training activities for Indian, Alaska Native, and Native Hawaiian individuals in order—
