

Federal and State oversight activities will likely have an adverse impact on public safety.

For the reasons stated above, the Secretary of Transportation has determined that it is necessary to extend the compliance date established by 49 U.S.C. 31148(b) to December 31, 2003, so that FMCSA and its State partners can continue to carry out their statutory responsibilities while the Department of Transportation acts to comply with applicable environmental laws before implementing procedures for certification of safety auditors. This extension is retroactive to January 1, 2003.

On July 17, 2003, the Secretary of Transportation sent letters to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives' Committee on Transportation and Infrastructure notifying them that he had extended the deadline for complying with the requirements of 49 U.S.C. 31148(b) to December 31, 2003.

Issued on: July 22, 2003.

Annette M. Sandberg,

Acting Administrator.
