### Federal Aviation Administration

#### 14 CFR Part 71

[Docket No. FAA-2003-14855; Airspace Docket No. 03-AAL-04]

#### Amendment to Class E Airspace; Pilot Point, AK

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule; correction.

**SUMMARY:** This action corrects an error in the airport coordinates in the final rule for the Pilot Point Airport that were published in the **Federal Register** on August 11, 2003 (68 FR 47449), Docket No. FAA-2003-14855; Airspace Docket 03-AAL-04.

**EFFECTIVE DATE:** 0901 UTC, October 30, 2003.

**FOR FURTHER INFORMATION CONTACT:**

Derril Bergt, Operations Branch, AAL-531, Federal Aviation Administration, 222 West 7th Avenue, Box 14, Anchorage, AK 99513-7587; telephone number (907) 271-2796; fax: (907) 271-2850; e-mail: [Derril.ctr.Bergt@faa.gov](mailto:Derril.ctr.Bergt@faa.gov). Internet address: <http://www.alaska.faa.gov/at>.

**SUPPLEMENTARY INFORMATION:**

#### History

**Federal Register** Document 03-20404, Docket No. FAA-2003-14855; Airspace Docket 03-AAL-4, published on August 11, 2003 (68 FR 47449) established new Class E airspace area at Pilot Point, AK. The coordinates for the Airport Reference Point were wrong. This action corrects the Airport Reference Point for the Pilot Point Airport, Pilot Point, AK.

#### Correction to Final Rule

■ Accordingly, pursuant to the authority delegated to me, the Class E airspace description listed for the Pilot Point Airport as published in the **Federal Register** on August 11, 2003, (68 FR 47449), (**Federal Register** Document 03-20404, page 47449), is corrected as follows:

#### § 71.1 [Corrected]

\* \* \* \* \*

#### AAL AK E5 Pilot Point, AK [Corrected]

Pilot Point Airport, AK  
(Lat. 57° 34' 49" N., long. 157° 34' 19" W.)  
\* \* \* \* \*

Issued in Anchorage, AK, on August 29, 2003.

**Judith G. Heckl,**

*Assistant Manager, Air Traffic Division, Alaskan Region.*

## DEPARTMENT OF TRANSPORTATION

### Federal Aviation Administration

#### 14 CFR Part 97

[Docket No. 30385; Amdt. No. 3073 ]

#### Standard Instrument Approach Procedures; Miscellaneous Amendments

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This amendment establishes, amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs) for operations at certain airports. These regulatory actions are needed because of the adoption of new or revised criteria, or because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, addition of new obstacles, or changes in air traffic requirements. These changes are designed to provide safe and efficient use of the navigable airspace and to promote safe flight operations under instrument flight rules at the affected airports.

**DATES:** This rule is effective September 9, 2003. The compliance date for each SIAP is specified in the amendatory provisions.

The incorporation by reference of certain publications listed in the regulations is approved by the Director of the Federal Register as of September 9, 2003.

**ADDRESSES:** Availability of matters incorporated by reference in the amendment is as follows:

*For Examination—*

1. FAA Rules Docket, FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591;

2. The FAA Regional Office of the region in which the affected airport is located;

3. The Flight Inspection Area Office which originated the SIAP; or,

4. The Office of Federal Register, 800 North Capitol Street, NW., Suite 700, Washington, DC.

*For Purchase—*Individual SIAP copies may be obtained from:

1. FAA Public Inquiry Center (APA-200), FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591; or

2. The FAA Regional Office of the region in which the affected airport is located.

*By Subscription—*Copies of all SIAPs, mailed once every 2 weeks, are for sale by the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

**FOR FURTHER INFORMATION CONTACT:**

Donald P. Pate, Flight Procedure Standards Branch (AMCAFS-420), Flight Technologies and Programs Division, Flight Standards Service, Federal Aviation Administration, Mike Monroney Aeronautical Center, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 (Mail Address: PO Box 25082, Oklahoma City, OK 73125) telephone: (405) 954-4164.

**SUPPLEMENTARY INFORMATION:** This amendment to part 97 of the Federal Aviation Regulations (14 CFR part 97) establishes, amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs). The complete regulatory description of each SIAP is contained in official FAA form documents which are incorporated by reference in this amendment under 5 U.S.C. 552(a), 1 CFR part 51, and § 97.20 of the Federal Aviation Regulations (FAR). The applicable FAA Forms are identified as FAA Forms 8260-3, 8260-4, and 8260-5. Materials incorporated by reference are available for examination or purchase as stated above.

The large number of SIAPs, their complex nature, and the need for a special format make their verbatim publication in the **Federal Register** expensive and impractical. Further, airmen do not use the regulatory text of the SIAPs, but refer to their graphic depiction on charts printed by publishers of aeronautical materials. Thus, the advantages of incorporation by reference are realized and publication of the complete description of each SIAP contained in FAA form documents is unnecessary. The provisions of this amendment state the affected CFR (and FAR) sections, with the types and effective dates of the SIAPs. This amendment also identifies the airport, its location, the procedure identification and the amendment number.

## The Rule

This amendment to part 97 is effective upon publication of each separate SIAP as contained in the transmittal. Some SIAP amendments may have been previously issued by the FAA in a National Flight Data Center (NFDC) Notice to Airmen (NOTAM) as an emergency action of immediate flight safety relating directly to published aeronautical charts. The circumstances which created the need for some SIAP amendments may require making them effective in less than 30 days. For the remaining SIAPs, an effective date at least 30 days after publication is provided.

Further, the SIAPs contained in this amendment are based on the criteria contained in the U.S. Standard for Terminal Instrument Procedures (TERPS). In developing these SIAPs, the TERPS criteria were applied to the conditions existing or anticipated at the affected airports. Because of the close and immediate relationship between these SIAPs and safety in air commerce, I find that notice and public procedure before adopting these SIAPs are impracticable and contrary to the public interest and, where applicable, that good cause exists for making some SIAPs effective in less than 30 days.

## Conclusion

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

## List of Subjects in 14 CFR Part 97

Air Traffic Control, Airports, Incorporation by reference, and Navigation (Air).

Issued in Washington, DC, on August 29, 2003.

**James J. Ballough,**

*Director, Flight Standards Service.*

## Adoption of the Amendment

■ Accordingly, pursuant to the authority delegated to me, part 97 of the Federal Aviation Regulations (14 CFR part 97) is

amended by establishing, amending, suspending, or revoking Standard Instrument Approach Procedures, effective at 0901 UTC on the dates specified, as follows:

### PART 97—STANDARD INSTRUMENT APPROACH PROCEDURES

■ 1. The authority citation for part 97 continues to read as follows:

**Authority:** 49 U.S.C. 106(g), 40103, 40106, 40113, 40114, 40120, 44502, 44514, 44701, 44719, 44721–44722.

■ 2. Part 97 is amended to read as follows:

BILLING CODE 4910-13-P

## DEPARTMENT OF LABOR

### Mine Safety and Health Administration

#### 30 CFR Parts 48 and 75

#### RIN 1219 AB33

#### Emergency Evacuations

**AGENCY:** Mine Safety and Health Administration, Labor.

**ACTION:** Final rule.

**SUMMARY:** The Mine Safety and Health Administration (MSHA) is issuing a final rule for underground coal mines in response to dangers to which miners are exposed during mine fire, explosion, and gas or water inundation emergencies. This final rule establishes two new standards concerning *Emergency Evacuations* and *Mine*

*Emergency Evacuation and Firefighting Program of Instruction*. In addition, existing part 48, subpart A, § 48.8 is amended.

On December 12, 2002, MSHA published an emergency temporary standard (ETS) which required operators of underground coal mines to designate for each shift that miners are underground, a responsible person to take charge during mine fire, explosion and gas or water inundation emergencies. In addition, the ETS required the responsible person to conduct an immediate mine evacuation when there is a mine emergency that presents an imminent danger to miners due to fire, explosion or gas or water inundation. The ETS also broadened the existing requirements for a program of instruction for firefighting and evacuation to address fire, explosion, and gas or water inundation emergencies. Finally, the ETS revised the part 48 training requirements to reflect that annual refresher training includes a review of the mine fire, explosion, and gas or water inundation emergency evacuation and firefighting plans in effect at the mine. In accordance with the Federal Mine Safety and Health Act of 1977 (Mine Act), the ETS must be replaced by final standards no later than 9 months after publication of the ETS. This final rule supercedes the ETS.

**DATES:** This final rule is effective September 9, 2003.

**FOR FURTHER INFORMATION CONTACT:** Marvin W. Nichols Jr., Director; Office of Standards, Regulations, and Variances, MSHA; phone: (202) 693-9440; facsimile: (202) 693-9441; E-mail: [nichols-marvin@msha.gov](mailto:nichols-marvin@msha.gov).

**SUPPLEMENTARY INFORMATION:** This rule is issued in accordance with sections 101(b) and 115 (30 U.S.C. 811, 825), of the Federal Mine Safety and Health Act of 1977 (Mine Act). An Emergency Temporary Standard (ETS) was promulgated December 12, 2002 (67 FR 76658). The ETS was effective immediately upon publication. The ETS established two new standards in subpart P; § 75.1501, *Emergency Evacuations*, and § 75.1502, *Mine Emergency Evacuation and Firefighting Program of Instruction*. Subpart P was renamed "Subpart P—Mine Emergencies." In addition, existing part 48, subpart A, § 48.8 was revised.

In accordance with section 101(b)(3) of the Mine Act, the ETS also served as a proposed rule. The preamble to the proposed rule discussed specific provisions and MSHA solicited comments on those provisions. You can view comments filed in response to the
