SUPPLEMENTARY INFORMATION:

Statutory Time Limits

Section 751(a)(2)(B)(iv) of the Act requires the Department to issue the final results of a new shipper review within 90 days after the date on which the preliminary results were issued. However, if the Department determines the issues are extraordinarily complicated, section 751(a)(2)(B)(iv) of the Act allows the Department to extend the deadline for the final results to up to 150 days after the date on which the preliminary results were issued.

Background

On March 29, 2002, the Department received a timely request from Weishan Zhenyu Foodstuff Co., Ltd. (Weishan Zhenyu), in accordance with section 751(a)(2)(B) of the Act and section 351.214(c) of the regulations, for a new shipper review of the antidumping duty order on freshwater crawfish tail meat from the People's Republic of China ("PRC"), which has a September anniversary date, and a March semiannual anniversary date. On April 23, 2002, the Department initiated this new shipper review covering the period September 1, 2001, through February 28, 2002. *See Freshwater Crawfish Tail Meat From the People's Republic of China: Initiation of New Shipper Antidumping Review* (67 FR 21218). On September 26, 2002, the Department extended the preliminary results of this review by 33 days until November 22, 2002. *See Freshwater Crawfish Tail Meat From the People's Republic of China: Notice of Extension of Time Limit of Preliminary Results of New Shipper Review* (67 FR 60640). On November 1, 2002, the Department extended the preliminary results of this review for an additional 83 days until February 13, 2003. *See Notice of Extension of Time Limit of Preliminary Results of New Shipper Review: Freshwater Crawfish Tail Meat From the People's Republic of China* (67 FR 66613). On February 13, 2003, the Department issued the preliminary results of this review. *See Notice of Preliminary Results of Antidumping Duty New Shipper Review: Freshwater Crawfish Tail Meat from the People's Republic of China* 68 FR 7976 (February 19, 2003). In the preliminary results of this review, we indicated that we had requested, but not yet received, information from the U.S. importer of Weishan Zhenyu's new shipper shipment. We also indicated in the

preliminary results that we intended to analyze any information provided by the importer for the final results of the new shipper review. We received a response to this request on February 14, 2003, after the signature date of the preliminary results.

Extension of Time Limits for Preliminary Results

Pursuant to section 751(a)(2)(B)(iv) of the Act, the Department may extend the deadline for completion of the final results of a new shipper review if it determines that the case is extraordinarily complicated. The Department has determined that this case is extraordinarily complicated because of the issues that must be addressed, and the final results of this new shipper review cannot be completed within the statutory time limit of 90 days. As stated above, the Department received the questionnaire response from the importer after the preliminary results of this new shipper review were signed. Based on our review of the importer questionnaire response, we find that we need additional information to analyze the *bona fides* of the sale under review. Consequently, the Department has issued a supplemental questionnaire to the importer to gather additional information. Additionally, the Department may find it necessary to request further information from the respondent in this new shipper review. Therefore, in accordance with section 751(a)(2)(B)(iv) of the Act and section 351.214(i)(2) of the regulations, the Department is extending the time limit for the completion of final results for an additional 60 days. The final results will now be due no later than July 13, 2003.

This notice is published pursuant to sections 751(a)(2)(B) and 777(i)(1) of the Act.

Dated: May 13, 2003.

Barbara E. Tillman,

Acting Deputy Assistant Secretary for Import Administration, Group III.

International Trade Administration

[A-412-803]

Notice of Initiation of Antidumping Duty Changed Circumstances Review: Industrial Nitrocellulose from the United Kingdom

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: In accordance with 19 CFR 351.216 (2002), Troon Investments Limited (Troon) requested that the Department of Commerce (the Department) conduct a changed circumstances review of the antidumping duty order on industrial nitrocellulose (INC) from the United Kingdom. In response to this request, the Department is initiating a changed circumstances review of the above-referenced order.

EFFECTIVE DATE: May 19, 2003.

FOR FURTHER INFORMATION CONTACT:

Howard Smith or Michele Mire, Office of AD/CVD Enforcement, Office 4, Group II, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482-5193 or (202) 482-4711, respectively.

SUPPLEMENTARY INFORMATION:

Background

On March 28, 2003, Troon requested that the Department conduct an expedited changed circumstances review of the antidumping duty order on INC from the United Kingdom pursuant to section 751(b)(1) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.221(c)(3)(ii). Troon claims to be the successor-in-interest to Imperial Chemical Industries PLC (ICI) based on its December 31, 2002, purchase of the nitrocellulose business division of Nobel's Explosives Company, Ltd. (NEC), a subsidiary of ICI. The signatories of the agreement for the sale of this division are Troon's parent company, Inabata & Co., Ltd. (Inabata) of Japan, and NEC's parent company, ICI. *See Troon's March 28, 2003, request at Exhibit 1.*

On April 11, 2003, Green Tree Chemical Technologies, Inc. (Green Tree), the sole U.S. producer of INC and the petitioner to this proceeding, notified the Department that it opposes Troon's request to be considered the successor-in-interest to ICI. In particular, Green Tree argues that differences between the management, cost of capital, distribution channels, and corporate interests and strategy of ICI/NEC and Inabata/Troon preclude Troon from being considered the successor-in-interest to ICI.

Scope of Review

Imports covered by this review are shipments of INC from the United Kingdom. INC is a dry, white amorphous synthetic chemical with a nitrogen content between 10.8 and 12.2 percent, and is produced from the

reaction of cellulose with nitric acid. INC is used as a film-former in coatings, lacquers, furniture finishes, and printing inks. The scope of this order does not include explosive grade nitrocellulose, which has a nitrogen content of greater than 12.2percent.

INC is currently classified under Harmonized Tariff Schedule of the United States (HTS) item number 3912.20.0000. While the HTS classification number is provided for convenience and Customs purposes, the written description remains dispositive as to the scope of the product coverage.

Initiation of Antidumping Duty Changed Circumstances Review

Pursuant to section 751(b)(1) of the Act, the Department will conduct a changed circumstances review upon receipt of information concerning, or a request from an interested party for a review of, an antidumping duty order which shows changed circumstances sufficient to warrant a review of the order. The information submitted by Inabata/Troon regarding a change in ownership of the nitrocellulose business division of NEC shows changed circumstances sufficient to warrant a review. See 19 CFR 351.216(c).

In antidumping duty changed circumstances reviews involving a successor-in-interest determination, the Department typically examines several factors including, but not limited to, changes in: (1) management; (2) production facilities; (3) supplier relationships; and (4) customer base. See *Brass Sheet and Strip from Canada: Notice of Final Results of Antidumping Administrative Review*, 57 FR 20460, 20462 (May 13, 1992) (*Canadian Brass*). While no single factor or combination of factors will necessarily be dispositive, the Department generally will consider the new company to be the successor to the predecessor company if the resulting operations are essentially the same as those of the predecessor company. See, e.g., *Industrial Phosphoric Acid from Israel: Final Results of Changed Circumstances Review*, 59 FR 6944, 6945 (February 14, 1994), and *Canadian Brass*, 57 FR 20460. Thus, if the record evidence demonstrates that, with respect to the production and sale of the subject merchandise, the new company operates as the same business entity as the predecessor company, the Department may assign the new company the cash deposit rate of its predecessor. See, e.g., *Fresh and Chilled Atlantic Salmon from Norway: Final Results of Changes Circumstances Antidumping Duty Administrative Review*, 64 FR 9979, 9980 (March 1, 1999). Although Inabata/Troon

submitted information indicating that, with respect to subject merchandise, it operates in the same manner as its predecessor, Green Tree argues that the operations of Inabata/Troon and its predecessor differ in a number of respects, and the differences affect the production cost and sales price of subject merchandise.

Concerning Inabata/Troon's request that the Department conduct an expedited antidumping duty changed circumstances review, the Department has determined that it would be inappropriate to expedite this action by combining the preliminary results of review with this notice of initiation, as permitted under 19 CFR 351.221(c)(3)(ii). Because of the parties' differing views and the Department's need for additional information, which we will address in a questionnaire to be issued in the near future to Inabata/Troon, the Department finds that expedited action is impracticable. Therefore, the Department is not issuing the preliminary results of its antidumping duty changed circumstances review at this time.

The Department will publish in the **Federal Register** a notice of preliminary results of antidumping duty changed circumstances review, in accordance with 19 CFR 351.221(b)(4) and 19 CFR 351.221(c)(3)(i). This notice will set forth the factual and legal conclusions upon which our preliminary results are based and a description of any action proposed based on those results. Pursuant to 19 CFR 351.221(b)(4)(ii), interested parties will have an opportunity to comment on the preliminary results of review. In accordance with 19 CFR 351.216(e), the Department will issue the final results of its antidumping duty changed circumstances review not later than 270 days after the date on which the review is initiated.

During the course of this antidumping duty changed circumstances review, we will not change the cash deposit requirements for the merchandise subject to review, unless a change is determined to be warranted pursuant to the final results of this review.

This notice of initiation is in accordance with sections 751(b)(1) of the Act and 19 CFR 351.221(b)(1) of the Department's regulations.

Dated: May 8, 2003.

Joseph A. Spetrini,

Acting Assistant Secretary for Import Administration.

[I.D. 051303C]

Gulf of Mexico Fishery Management Council; Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Gulf of Mexico Fishery Management Council will convene a public meeting.

DATES: The meeting will be held on June 5-6, 2003.

ADDRESSES: These meetings will be held at the New Orleans Airport Plaza Hotel and Conference Center, 2150 Veterans Boulevard, Kenner, LA; telephone: 504-467-3111.

Council address: Gulf of Mexico Fishery Management Council, 3018 U.S. Highway 301 North, Suite 1000, Tampa, FL 33619.

FOR FURTHER INFORMATION CONTACT: Wayne E. Swingle, Executive Director, Gulf of Mexico Fishery Management Council; telephone: (813) 228-2815.

SUPPLEMENTARY INFORMATION:

Council

June 5

8:30 a.m.—Convene.

8:40 a.m.—12 noon—Receive public testimony on the draft environmental impact statement (DEIS) for the Essential Fish Habitat (EFH) Generic Amendment. The amendment contains alternatives for specifying EFH, habitat areas of particular concern (HAPCs), and impacts of fishing on EFH.

1:30 p.m.—4:30 p.m.—Receive comments on the DEIS for the EFH Generic Amendment.

4:00 p.m.—5:30 p.m.—Section by section review and revision of DEIS.

June 6

8:30 a.m.—12 noon—Continue section by section review and revision of DEIS.

1:30 a.m.—2:30 p.m.—Continue section by section review and revision of DEIS.

2:30 p.m.—3 p.m.—Other Business.

Although non-emergency issues not contained in the agenda may come before the Council for discussion, in accordance with the Magnuson-Stevens Fishery Conservation and Management Act (MSFCMA), those issues may not be the subject of formal Council action during this meeting. Council action will be restricted to those issues specifically
