DEPARTMENT OF COMMERCE

International Trade Administration

[C-580-851]

Notice of Countervailing Duty Order: Dynamic Random Access Memory Semiconductors from the Republic of Korea

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: August 11, 2003.

FOR FURTHER INFORMATION CONTACT: Ryan Langan, Jesse Cortes, or Daniel J. Alexy, Office of Antidumping/Countervailing Duty Enforcement, Group 1, Import Administration, U.S. Department of Commerce, Room 3099, 14th Street and Constitution Avenue, NW., Washington, D.C. 20230; telephone (202) 482-2613, (202) 482-3986, and (202) 482-1540, respectively.

Scope of Order

The products covered by this order are dynamic random access memory semiconductors ("DRAMs") from the Republic of Korea ("ROK"), whether assembled or unassembled. Assembled DRAMs include all package types. Unassembled DRAMs include processed wafers, uncut die, and cut die. Processed wafers fabricated in the ROK, but assembled into finished semiconductors outside the ROK are also included in the scope. Processed wafers fabricated outside the ROK and assembled into finished semiconductors

in the ROK are not included in the scope.

The scope of this order additionally includes memory modules containing DRAMs from the ROK. A memory module is a collection of DRAMs, the sole function of which is memory. Memory modules include single in-line processing modules, single in-line memory modules, dual in-line memory modules, small outline dual in-line memory modules, Rambus in-line memory modules, and memory cards or other collections of DRAMs, whether unmounted or mounted on a circuit board. Modules that contain other parts that are needed to support the function of memory are covered. Only those modules that contain additional items which alter the function of the module to something other than memory, such as video graphics adapter boards and cards, are not included in the scope. This order also covers future DRAMs module types.

The scope of this order additionally includes, but is not limited to, video random access memory and synchronous graphics random access memory, as well as various types of DRAMs, including fast page-mode, extended data-out, burst extended data-out, synchronous dynamic RAM, Rambus DRAM, and Double Data Rate DRAM. The scope also includes any future density, packaging, or assembling of DRAMs. Also included in the scope of this order are removable memory modules placed on motherboards, with or without a central processing unit, unless the importer of the motherboards certifies with the U.S. Bureau of Customs and Border Protection ("Customs") that neither it, nor a party related to it or under contract to it, will remove the modules from the motherboards after importation. The scope of this order does not include DRAMs or memory modules that are re-imported for repair or replacement.

The DRAMs subject to this order are currently classifiable under subheadings 8542.21.8005 and 8542.21.8021 through 8542.21.8029 of the Harmonized Tariff Schedule of the United States ("HTSUS"). The memory modules containing DRAMs from the ROK, described above, are currently classifiable under subheadings 8473.30.10.40 or 8473.30.10.80 of the HTSUS. Removable memory modules placed on motherboards are classifiable

under subheading 8471.50.0085.

Although the HTSUS subheadings are provided for convenience and customs purposes, the Department's written description of the scope of this order remains dispositive.

Countervailing Duty Order

On July 28, 2003, the Department published in the **Federal Register** (68 FR 44290), its "Notice of Amended Final Affirmative Countervailing Duty Determination: Dynamic Random Access Memory Semiconductors from the Republic of Korea" in which the final countervailing duty rate for Hynix Semiconductor, Inc. and the "all others" rate were revised. The revised rates are listed below. The finding that Samsung Electronics Co., Ltd. ("SEC") received *de minimis* subsidies did not change.

On August 4, 2003, in accordance with section 705(d) of the Tariff Act of 1930, as amended by the Uruguay Round Agreements Act effective January 1, 1995 ("the Act"), the U.S. International Trade Commission ("ITC") notified the Department that a U.S. industry is "materially injured," within the meaning of section 705(b)(1)(A) of the Act, by reason of imports of DRAMs from the Republic of Korea.

Therefore, in accordance with section 706(a)(3) of the Act, the Department will direct Customs to assess countervailing duties for all relevant entries of DRAMs from the ROK. For all producers and exporters of DRAMs from the ROK, except for SEC, which is excluded from this countervailing duty order, countervailing duties will be assessed on all unliquidated entries of the subject merchandise that are entered, or withdrawn from warehouse, for consumption on or after April 7, 2003, the date on which the Department published its notice of affirmative preliminary determination in the **Federal Register**.

On or after the date of publication of this notice in the Federal Register, Customs officers must require, at the same time as importers would normally deposit estimated duties, a cash deposit equal to the net subsidy rate, as noted below. The "All Others" rate applies to all ROK exporters of subject merchandise not specifically listed, except for SEC, which is excluded from this countervailing duty order. The cash deposit rates are as follows:

Producer/Exporter	Net Subsidy Rate
Hynix Semiconductor Inc. (formerly, Hyundai Electronics Industries Co., Ltd.)	44.29 percent
All Others	44.29 percent.

This notice constitutes the countervailing duty order with respect to DRAMS from the ROK, pursuant to section 706(a) of the Act. Interested parties may contact the Central Records Unit, Room B-099 of the main Commerce Building, for copies of an updated list of countervailing duty orders currently in effect.

These countervailing duty orders are published in accordance with sections 706(a) and 777(i) of the Act and 19 CFR 351.211.

Dated: August 5, 2003.

Joseph A. Spetrini,

*Acting Assistant Secretary for Grant Aldonas,
Under Secretary.*

DEPARTMENT OF COMMERCE

International Trade Administration

North American Free Trade Agreement (NAFTA), Article 1904 Binational Panel Reviews: Notice of Termination of Panel Review

AGENCY: NAFTA Secretariat, United States Section, International Trade Administration, Department of Commerce.

ACTION: Notice of Consent Motion to Terminate the Panel Review of the final antidumping duty administrative review of the dumping order made by the International Trade Commission, respecting Carbon and Certain Alloy Steel Wire Rod from Mexico (Secretariat File No. USA-MEX-2002-1904-10).

SUMMARY: Pursuant to the Notice of Consent Motion to Terminate the Panel Review by the complainants, the panel review is terminated as of August 5, 2003. No panel has been appointed to this panel review. Pursuant to Rule 71(2) of the *Rules of Procedure for Article 1904 Binational Panel Review*, this panel review is terminated.

FOR FURTHER INFORMATION CONTACT: Caratina L. Alston, United States Secretary, NAFTA Secretariat, Suite 2061, 14th and Constitution Avenue, Washington, DC 20230, (202) 482-5438.

SUPPLEMENTARY INFORMATION: Chapter 19 of the North American Free-Trade Agreement ("Agreement") establishes a mechanism to replace domestic judicial review of final determinations in antidumping and countervailing duty cases involving imports from a NAFTA country with review by independent binational panels. When a Request for Panel Review is filed, a panel is established to act in place of national courts to review expeditiously the final

determination to determine whether it conforms with the antidumping or countervailing duty law of the country that made the determination.

Under Article 1904 of the Agreement, which came into force on January 1, 1994, the Government of the United States, the Government of Canada and the Government of Mexico established *Rules of Procedure for Article 1904 Binational Panel Reviews* ("Rules"). These Rules were published in the **Federal Register** on February 23, 1994 (59 FR 8686). The panel review in this matter was requested and terminated pursuant to these Rules.

Dated: August 5, 2003.

Caratina L. Alston,

United States Secretary, NAFTA Secretariat.

BILLING CODE 3510-GT-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 061203I]

Small Takes of Marine Mammals Incidental to Specified Activities; Movement of Steel Drilling Caisson through the Beaufort Sea from Cross Island, McCovey Prospect to Herschel Island, Yukon Territory

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of issuance of incidental harassment authorization.

SUMMARY: In accordance with provisions of the Marine Mammal Protection Act (MMPA) as amended, notification is hereby given that an Incidental Harassment Authorization (IHA) to take small numbers of marine mammals by harassment incidental to harbor activities related to the movement of the steel drilling caisson (SDC) through the Beaufort Sea has been issued to EnCana Oil and Gas, Inc. (EnCana).

DATES: Effective from August 1, 2003 to July 31, 2004

ADDRESSES: A copy of the IHA and/or the application is available by writing to Ms. Kaja Brix, Acting Chief, Marine Mammal Conservation Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Silver Spring, MD 20910-3225, or by telephoning one of the contacts listed here.

FOR FURTHER INFORMATION CONTACT: Kimberly Skrupky, (301) 713-2322, ext 163 or Brad Smith, (907) 271-3023.

SUPPLEMENTARY INFORMATION:

Background

Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce to allow, upon request, the incidental, but not intentional taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, notice of a proposed authorization is provided to the public for review.

Permission for incidental takings may be granted if NMFS finds that the taking will have no more than a negligible impact on the species or stock(s) and will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses and that the permissible methods of taking and requirements pertaining to the monitoring and reporting of such taking are set forth.

NMFS has defined "negligible impact" in 50 CFR 216.103 as:

an impact resulting from the specified activity that cannot be reasonably expected to, and is not reasonably likely to, adversely affect the species or stock through effects on annual rates of recruitment or survival.

Subsection 101(a)(5)(D) of the MMPA established an expedited process by which citizens of the United States can apply for an authorization to incidentally take small numbers of marine mammals by harassment. The MMPA defines "harassment" as:

any act of pursuit, torment, or annoyance which (i) has the potential to injure a marine mammal or marine mammal stock in the wild ["Level A harassment"]; or (ii) has the potential to disturb a marine mammal or marine mammal stock in the wild by causing disruption of behavioral patterns, including, but not limited to, migration, breathing, nursing, breeding, feeding, or sheltering ["Level B harassment"].

Subsection 101(a)(5)(D) establishes a 45-day time limit for NMFS review of an application followed by a 30-day public notice and comment period on any proposed authorizations for the incidental harassment of small numbers of marine mammals. Within 45 days of the close of the comment period, NMFS must either issue or deny issuance of the authorization.

Summary of Request

On May 14, 2003, NMFS received an application from EnCana requesting an authorization for the harassment of small numbers of five species of marine mammals incidental to movement of the SDC from Cross Island, McCovey Prospect, AK through the Beaufort Sea to Herschel Island, Yukon Territory and
