Committee for the Implementation of Textile Agreements

July 24, 2003.

Commissioner,
*Bureau of Customs and Border Protection,
Washington, DC 20229.*

Dear Commissioner: Pursuant to section
204 of the Agricultural Act of 1956, as
amended (7 U.S.C. 1854); Executive Order
11651 of March 3, 1972, as amended; and the
Export Visa Arrangement in Annex C of the
Bilateral Textile Agreement, dated July 17,
2003, between the Governments of the
United States and the Socialist Republic of
Vietnam, you are directed to prohibit,
effective on August 11, 2003, entry into the
Customs territory of the United States (i.e.,
the 50 states, the District of Columbia and the
Commonwealth of Puerto Rico) for
consumption and withdrawal from
warehouse for consumption of cotton, wool
and man-made fiber textiles and textile
products subject to specific quota limits, as
detailed in the directive dated May 12, 2003,
produced or manufactured in Vietnam and
exported from Vietnam on and after August
11, 2003, for which the Government of
Vietnam has not issued an appropriate export
visa fully described below. Should additional
categories, merged categories or part
categories become subject to import quota,
the additional, merged or part category(s)
automatically shall be included in the
coverage of this visa arrangement.
Merchandise in the additional, merged or
part category(s) exported on or after the date
the category(s) becomes subject to import
quotas shall require a visa.

A visa must accompany each commercial
shipment of the aforementioned textile
products, in the form of a circular stamped
marking in blue ink appearing on the front
of the original commercial invoice or
successor document. The original visa shall
not be stamped on duplicate copies of the
invoice. The original invoice with the
original visa stamp will be required to enter
the shipment into the United States.
Duplicates of the invoice and/or visa may not
be used for this purpose.

Each visa stamp shall include the following information:

1. The visa number. The visa number shall
be in the standard nine digit letter format,
beginning with one numeric digit for the last
digit of the year of export, followed by the
two character alpha code specified by the
International Organization for
Standardization (ISO) for Vietnam (the code
for the Vietnam is "VN"), and a six digit
numerical serial number identifying the
shipment; e.g., 3VN123456.

2. The date of issuance. The date of
issuance shall be the day, month and year on
which the visa was issued.

3. The original signature and the printed
name of the issuing official authorized by the
Government of Vietnam.

4. The correct category(s), merged
category(s), part category(s), quantity(s) and
unit(s) of quantity of the shipment in the
unit(s) of quantity provided for in the U.S.
Department of Commerce Correlation and in
the Harmonized Tariff Schedule of the
United States (HTSUS), annotated, or
successor documents shall be reported in the
spaces provided within the visa stamp (e.g.,
"Cat. 340-510 DOZ").

Quantities must be stated in whole
numbers. Decimals or fractions will not be
accepted. Visaed quantities are rounded to
the closest whole number if the quantity
exported exceeds one whole unit, but is less
than the next whole unit. Half units are
rounded up. If the quantity visaed is less
than one unit, the shipment is rounded
upwards to one unit. Merged category quota
merchandise may be accompanied by either
the appropriate merged category visa or the
correct category visa corresponding to the
actual shipment. For example, quota
Category 340/640 may be visaed as "Category
340/640" or if the shipment consists solely
of Category 340 merchandise, the shipment
may be visaed as "Category 340" but not as
"Category 640."

The Bureau of Customs and Border
Protection shall not permit entry if the
shipment does not have a visa, or if the visa
number, date of issuance, signature, category,
quantity or units of quantity are missing,
incorrect, illegible, or have been crossed out
or altered in any way. If the quantity
indicated on the visa is less than that of the
shipment, entry shall not be permitted. If the
quantity indicated on the visa is more than
that of the shipment, entry shall be permitted
and only the amount entered shall be charged
to any applicable quota.

The complete name and address of the
company(s) actually involved in the
manufacturing process of the textile product
covered by the visa shall be provided on the
textile visa document.

If the visa is not acceptable then a new
correct visa or a visa waiver must be
presented to Customs before any portion of
the shipment will be released. A visa waiver
may be issued by the U.S. Department of
Commerce at the request of the Government
of the Socialist Republic of Vietnam through
its Embassy in Washington, DC. The waiver,
if used, only waives the requirement to
present a visa with the shipment. It does not
waive the quota requirements. Visa waivers
will only be issued for classification
purposes or for one-time special purpose
shipments that are not part of an ongoing
commercial enterprise.

If the visaed invoice is deficient, Customs
will not return the original document after
entry, but will provide a certified copy of that
visaed invoice for use in obtaining a new
correct original visaed invoice, or a visa
waiver.

If a shipment from Vietnam has been
allowed entry into the commerce of the
United States with either an incorrect visa or
no visa, and redelivery is requested but
cannot be made, the shipment shall be
charged to any applicable category limit
whether or not a replacement visa or waiver
is provided.

Other Provisions

The date of export is the actual date the merchandise leaves Vietnam. For merchandise exported by vessel or carrier, this is the date on which the merchandise leaves the last port in Vietnam.

Merchandise imported for the personal use of the importer and not for resale, regardless of value, and properly marked commercial

sample shipments valued at U.S. \$800 or less do not require an export visa for entry and shall not be charged to existing quota levels.

The Committee for the Implementation of Textile Agreements has determined that these actions fall within the foreign affairs exception to the rulemaking provisions of 5 U.S.C. 553(a)(1).

This letter will be published in the **Federal Register**.

Sincerely,
James C. Leonard III,
*Chairman, Committee for the
Implementation of Textile Agreements.*

of Trade**

Summary of Information Collection

DoD uses the following DFARS provisions and clauses in solicitations and contracts to require offerors and contractors to identify and mark data or software requiring protection from unauthorized release or disclosure in accordance with 10 U.S.C. 2320:

252.227-7013, Rights in Technical Data'Noncommercial Items.

252.227-7014, Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation.

252.227-7017, Identification and Assertion of Use, Release, or Disclosure Restrictions.

252.227-7018, Rights in Noncommercial Technical Data and Computer Software—Small Business Innovation Research (SBIR) Program.

In accordance with 10 U.S.C. 2320(a)(2)(D), DoD may disclose limited rights data to persons outside the Government, or allow those persons to use limited rights data, if the recipient agrees not to further release, disclose, or use the data. Therefore, the clause at DFARS 252.227-7013, Rights in Technical Data—Noncommercial Items, requires the contractor to identify and mark data or software that it provides with limited rights.

In accordance with 10 U.S.C. 2321(b), contractors and subcontractors at any tier must be prepared to furnish written justification for any asserted restriction on the Government's rights to use or release data. The following DFARS clauses require contractors and subcontractors to maintain adequate records and procedures to justify any asserted restrictions:

252.227-7019, Validation of Asserted Restrictions—Computer Software.

252.227-7037, Validation of Restrictive Markings on Technical Data.

In accordance with 10 U.S.C. 2320, DoD must protect the rights of contractors that have developed items, components, or processes at private expense. Therefore, the clause at DFARS 252.227-7025, Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends, requires a contractor or subcontractor to submit a use and non-disclosure agreement when it obtains data from the Government to which the Government has only limited rights.

The provision at DFARS 252.227-7028, Technical Data or Computer Software Previously Delivered to the Government, requires an offeror to identify any technical data or computer software that it previously delivered, or will deliver, under any Government contract. DoD needs this information to avoid paying for rights in technical data or computer software that the Government already owns.

In accordance with 10 U.S.C. 2320(b)(7), a contractor that delivers or makes technical data available to the Government must furnish written assurance that the technical data is complete and accurate and satisfies contract requirements. The clause at DFARS 252.227-7036, Declaration of
