Friday, November 7, 2003

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

RAILROAD RETIREMENT BOARD

20 CFR Part 321

RIN 3220-AB57

Electronic Filing of Applications and Claims for Benefits Under the Railroad Unemployment Insurance Act

AGENCY: Railroad Retirement Board.

ACTION: Proposed rule.

SUMMARY: The Railroad Retirement Board (Board) proposes to amend its regulations to permit the filing of applications and claims for benefits under the Railroad Unemployment Insurance Act via the Internet. The Government Paperwork Elimination Act provides that Federal agencies are required to provide “for the option of the electronic maintenance, submission, or disclosure of information, when practicable as a substitute for paper”. This proposed new part will permit the filing of applications and claims for benefits under the Railroad Unemployment Insurance Act electronically.

DATES: Submit comments on or before January 6, 2004.

ADDRESSES: Address any comments concerning this proposed rule to Beatrice Ezerski, Secretary to the Board, Railroad Retirement Board, 844 North Rush Street, Chicago, Illinois 60611-2092.

FOR FURTHER INFORMATION CONTACT: Marguerite P. Dadabo, Assistant General Counsel, (312) 751-4945, TTD (312) 751-4701.

SUPPLEMENTARY INFORMATION: The amendments would add a new part 321 to the Board’s regulations (20 CFR 321) to permit the filing of applications and claims for benefits under the Railroad Unemployment Insurance Act via the Internet. The Government Paperwork Elimination Act, Public Law 105-277, sections 1701-1710 (codified as 44 U.S.C. 3504n) provides that Federal agencies are required to provide “for the option of the electronic maintenance,

submission, or disclosure of information, when practicable as a substitute for paper”. The proposed part 321 will permit the filing of applications and claims for benefits under the Railroad Unemployment Insurance Act electronically.

The new part 321 provides that both an application and claims for benefits under the Railroad Unemployment Insurance Act may be filed electronically through the Board’s Web site utilizing a User ID/PIN/Password system. The new part further provides that determinations regarding those applications and claims will be adjudicated in accord with established procedures.

In establishing the authenticity of the person who is filing an application or claim for benefits, the Board intends to use a User ID/PIN/Password system for identification as a substitute for a signature.

The Board currently uses a User ID/PIN/password system to allow employers access to RRBLINK to make electronic tax deposits and submit Form DC-1, “Employer’s Quarterly Report of Contributions Under the RUIA” (Railroad Unemployment Insurance Act) electronically. A PIN/password system is used to access the Pay.gov website. The U.S. Department of the Treasury operates the Pay.gov website. Such a system also is consistent with the guidance provided by the Department of Justice regarding the use of electronic processes. The Board has also proposed amending its regulations to permit the filing of an application for benefits under the Railroad Retirement Act using the same User ID/PIN/password system.

The Board, with the concurrence of the Office of Management and Budget, has determined that this is not a significant regulatory action under Executive Order 12866. Therefore, no regulatory analysis is required. The Office of Management and Budget has approved information collections associated with this rule under control numbers 3220-0022, 3220-0039, and 3220-0198.

SUPPLEMENTARY INFORMATION:

Background

On September 8, 2003, the Alcohol and Tobacco Tax and Trade Bureau (TTB) published a notice of proposed rulemaking (Notice No. 15, 68 FR 52875) to establish "Eola Hills" as an American viticultural area in Oregon. The comment period was to end November 7, 2003.

We have, however, received a request for a 60-day extension of the comment period from Kevin Crawford, an attorney representing a winery with a similar name to that of the proposed viticultural area, Eola Hills Wine Cellars Inc. of Salem, Oregon. Mr. Crawford requested the extension to allow his client more time to gather evidence to support its comment. In consideration of this request, and in light of the impact that the approval of the proposed Eola Hills viticultural area may have on the Eola Hills Wine Cellars' wine labels, we are extending the comment period for an additional 60 days.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Parts 122 and 133

[FRL-7584-5]

National Pollutant Discharge Elimination System (NPDES) Permit Requirements for Municipal Wastewater Treatment Discharges During Wet Weather Conditions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Request for comment on proposed policy.

SUMMARY: Today, EPA is inviting comment on a proposed policy regarding NPDES permit requirements for treatment plants in publicly owned treatment works (POTWs) under peak wet weather flow conditions. Regulatory agencies, municipal operators of POTWs, and representatives of environmental advocacy groups have expressed uncertainty about the appropriate regulatory interpretation for such situations. Today's document describes both a proposed interpretation of regulations, as well as draft guidance to implement such an interpretation. EPA's intention is to ensure that NPDES requirements be applied in a nationally-consistent manner that improves the capacity, management, operation and maintenance of POTW treatment plants and collection systems and protects human health and the environment.

DATES: Written comments on this proposed policy must be received by EPA or postmarked by January 9, 2004.

ADDRESSES: Comments may be submitted electronically, by mail, or through hand delivery/courier. Follow the detailed instructions as provided in section I.B. of the **SUPPLEMENTARY INFORMATION** section.
