

response costs concerning the NL Industries (Taracorp) Site, with the total of 74 settling parties listed in the **SUPPLEMENTARY INFORMATION** portion of this notice. The settlement requires the settling parties to pay \$1,163,125.65 to the Hazardous Substance Superfund.

The total cost of the cleanup is approximately \$63 million. This number is the sum of EPA's past costs of approximately \$43 million, plus costs incurred by certain potentially responsible parties of approximately \$20 million. For purposes of settlement, site costs have been allocated approximately 50% to generators and 50% to owner/operators. Since all *deminimis* parties are generators, the *deminimis* percentage share of site costs is based on fifty percent of total site costs, or \$30 million. Total future site costs were assigned a premium of 20%. Payment amounts for each *deminimis* generator were calculated by multiplying the generator site cost by each *deminimis* generator's percentage share of volume contributed to the site.

Under the terms of the settlement, the *deminimis* generators who sign the Consent Order agree to pay their respective settlement amounts. In exchange for those payments, the United States covenants not to sue or take administrative action pursuant to sections 106 and 107(a) of CERCLA, 42 U.S.C. 9606 and 9607(a), relating to the Site. In addition, participating *deminimis* generators will be entitled to protection from contribution action or claims as provided by sections 113(f) and 122(g)(5) of CERCLA, 42 U.S.C. 9613(f) and 9622(g)(5), for all response costs incurred and to be incurred by any person at the Site.

For thirty (30) days following the date of publication of this notice, the Agency will accept written comments relating to the settlement. The Agency will consider all comments received and may modify or withdraw its consent to the settlement if comments received disclose facts or considerations which indicate that the settlement is inappropriate, improper, or inadequate. The Agency's response to any comments received will be available for public inspection at EPA's Region 5 Office at 77 West Jackson Boulevard, Chicago, Illinois 60604.

DATES: Comments must be submitted on or before February 18, 2003.

ADDRESSES: The proposed settlement is available for public inspection at EPA's Record Center, 7th floor, 77 W. Jackson Blvd., Chicago, Illinois 60604. A copy of the proposed settlement may be obtained from Larry L. Johnson, Associate Regional Counsel, U.S. EPA,
