

to-Length Carbon Steel Plate from Ukraine; Notice of Preliminary Results of Administrative Review of the Suspension Agreement 67 FR 72916 (December 9, 2002). Currently, the final results in this administrative review are due on April 8, 2003. Pursuant to section 751(a)(3)(A) of the Tariff Act, the Department may extend the deadline for completion of an administrative review if it determines that it is not practicable to complete the final results of the review within the normal statutory time limit. Due to the complexity of the issues present in this administrative review, including affiliated party sales, and because the Department must conduct verifications of several discreet entities, the Department determines it is not practicable to complete this review within the normal statutory time limit. Therefore, the Department is extending the time limits for completion of the final results until June 9, 2003, in accordance with section 751(a)(3)(A) of the Tariff Act of 1930, as amended.

Dated: January 15, 2003.

Joseph A. Spetrini,

Deputy Assistant Secretary for Import Administration, Group III.

Certain Non-Frozen Apple Juice Concentrate From the People's Republic of China: Extension of Time Limit for the Preliminary Results of the 2001-2002 Antidumping Duty Administrative Review and New Shipper Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Extension of Time Limit.

SUMMARY: The Department of Commerce is extending the time limit for the preliminary results of the 2001-2002 administrative review of the antidumping duty order and new shipper review on certain non-frozen apple juice concentrate from the People's Republic of China. The period of review is June 1, 2001, through May 31, 2002. This extension is made pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended.

EFFECTIVE DATE: January 24, 2003.

FOR FURTHER INFORMATION CONTACT: Audrey Twyman, or John Brinkmann, Import Administration, International

Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-3534, or (202) 482-4126, respectively.

SUPPLEMENTARY INFORMATION:

Statutory Time Limits

Section 751(a)(3)(A) of the Tariff Act of 1930 ("the Act") requires the Department of Commerce ("Department") to issue the preliminary results of an administrative review within 245 days after the last day of the anniversary month of an order for which a review is requested and a final determination within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within the time period, section 751(a)(3)(A) of the Act allows the Department to extend these deadlines to a maximum of 365 days and 180 days, respectively. The order in this review was published on June 5, 2000. (*See Notice of Amended Determination of Sales at Less than Fair Value and Antidumping Duty Order: Certain Non-frozen Apple Juice Concentrate from the PRC*, 65 FR 35606 (June 5, 2000)).

Background

On July 24, 2002, the Department published in the **Federal Register** the notice of initiation of the antidumping administrative review on certain non-frozen apple juice concentrate from the People's Republic of China (PRC). (*See Notice of Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 67 FR 48435 (July 24, 2002)). The preliminary results are currently due on March 2, 2003. On July 24, 2002, the Department also published in the **Federal Register** the notice of initiation of antidumping new shipper review on certain non-frozen apple juice concentrate from the People's Republic of China (PRC). (**SEE NOTICE OF INITIATION OF ANTIDUMPING NEW SHIPPER REVIEW**, 67 FR 48440 (July 24, 2002)). On July 26, 2002, Gansu Tongda Fruit Juice and Beverage Co., Ltd., the respondent in the new shipper review, submitted a letter consenting to alignment of the new shipper review with the 2001-2002 administrative review pursuant to 19 CFR 351.214(j)(3).

Extension of Time Limits for Preliminary Results

Due to the complexity of the issues involving surrogate selection and factor values, it is not practicable to complete this review within the originally anticipated time limit (*i.e.*, March 2, 2003). Therefore, in accordance with

section 751(a)(3)(A) of the Act, the Department is postponing the preliminary results of this administrative review for 120 days, until no later than June 30, 2003.

This notice is published pursuant to sections 751(a)(1) and 777(i)(1) of the Act.

Dated: January 17, 2003.

Susan Kubbach,

Acting Deputy Assistant Secretary for Import Administration.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 012103A]

Proposed Information Collection; Comment Request; Northwest Region Federal Fisheries Permits

AGENCY: National Oceanic and Atmospheric Administration (NOAA).

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)).

DATES: Written comments must be submitted on or before March 25, 2003.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW, Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Kevin A. Ford, NOAA Fisheries, Northwest Region, 206-526-6115 or e-mail at kevin.ford@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

Two data collections dealing with Federal fishery permits affect participants in the groundfish fishery off Washington, Oregon, and California (WOC). The two data collections involve: (1) exempted fishing; and (2) limited entry permits for commercial fishermen.

Exempted (experimental) fishing permits are issued to applicants for fishing activities that would otherwise be prohibited. The information provided by applications allows the National Marine Fisheries Service (NMFS) to evaluate the consequences of the exempted fishing activity and weigh the benefits and costs. Permittees are required to file reports on the results of the experiments and in some cases individual vessels are required to provide minimal data reports. There is also a requirement for a call-in notification prior to a fishing trip. This information allows NOAA Fisheries to evaluate techniques used and decide if management regulations should be changed.

A Federal permit is required to commercially catch groundfish, and permits are endorsed for one or more of three gear types (trawl, longline, and fish pot). Participation in the fishery and access to permits have been limited as a way of controlling the overall fleet harvest capacity. Limited entry permits must be renewed annually and are transferable. Permit owners must fill out renewal forms annually and must fill out transfer forms, as needed.

II. Method of Collection

Permit applications, renewals, and transfers are made on NOAA Fisheries forms. Renewal of limited entry permits also may be completed electronically using an online form on the Fishery Permit Office Web site. The exempted fishing data reports from individual vessels may be submitted in person, faxed, or submitted by telephone by the vessel owner or operator to NOAA Fisheries or the states of Washington, Oregon, or California.

III. Data

OMB Number: 0648-0203.

Form Number: None.

Type of Review: Regular submission.

Affected Public: Business or other for-profit organizations.

Estimated Number of Respondents: 707.

Estimated Time Per Response: 20 minutes for a limited entry permit renewal or transfer; 60 minutes for an experimental fishery permit application; 60 minutes for an experimental fishery permit summary report; 10 minutes for an experimental fishery data report; and 2 minutes for an experimental fishery call-in notification prior to a fishing trip.

Estimated Total Annual Burden Hours: 341.

Estimated Total Annual Cost to Public: \$46,616.

IV. Request for Comments

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: January 16, 2003

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 012103B]

Proposed Information Collection; Comment Request; Groundfish Tagging Program

AGENCY: National Oceanic and Atmospheric Administration (NOAA).

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)).

DATES: Written comments must be submitted on or before March 25, 2003.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW, Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or

copies of the information collection instrument and instructions should be directed to Phillip Rigby at 907-789-6653, or at Phillip.Rigby@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

The groundfish tagging program provides scientists with information necessary for effective conservation, management, and scientific understanding of the groundfish fishery off Alaska and the Northwest Pacific. The program area includes the Pacific Ocean off Alaska (the Gulf of Alaska, the Bering Sea and Aleutian Islands Area, and the Alexander Archipelago of Southeast Alaska), California, Oregon, and Washington. Fish movement information from recovered tags is used in population dynamics models for stock assessment.

II. Method of Collection

This is a volunteer program requiring the actual tag from the fish to be returned, along with recovery information. Reporting forms with pre-addressed and postage-free envelopes are distributed to processors and catcher vessels. The tag information will be edited and entered into the computer data base. Each person returning a tag will receive information on the release site, growth, and depth and area changes, as well as a reward of a cap.

III. Data

OMB Number: 0648-0276.

Form Number: None.

Type of Review: Regular submission.

Affected Public: Business or other for-profit organizations, individuals or households.

Estimated Number of Respondents: 820.

Estimated Time Per Response: 5 minutes for returning a regular tag; and 20 minutes for returning an internal archival tag.

Estimated Total Annual Burden Hours: 73.

Estimated Total Annual Cost to Public: \$0.

IV. Request for Comments

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information
