

associated failure condition category. If the AP/SAS is considered to be a complex system, compliance with the requirements contained in this document for aspects of the AP/SAS that can result in failure conditions classified as "Major" may be shown by analysis, in combination with appropriate testing to validate the analysis. Compliance with the requirements contained in this special condition for aspects of the AP/SAS that can result in failure conditions classified as "Hazardous/Severe-Major" may be shown by flight-testing in combination with analysis and simulation, and the appropriate testing to validate the analysis. Flight tests may be limited for this classification of failures due to safety considerations. Compliance with the requirements contained in this special condition for aspects of the AP/SAS that can result in failure conditions classified as "Catastrophic" may be shown by analysis, and appropriate testing in combination with simulation to validate the analysis. Very limited flight tests in combination with simulation are typically used as a part of a showing of compliance for failures in this classification. Flight tests are performed only in circumstances that use operational variations, or extrapolations from other flight performance aspects to address flight safety.

This proposed special condition would require that the AP/SAS system installed on a Robinson Model R44 helicopter, Type Certification Data Sheet Number H11NM, Revision 3, meet these requirements to adequately address the failure effects identified by the FHA, and subsequently verified by the SSA, within the defined design integrity requirements.

Applicability

This special condition would be applicable to the Hoh Aeronautics, Inc. AP/SAS installed as an STC approval, in a Robinson Model R44 helicopter, Type Certification Data Sheet Number H11NM, Revision 3.

Conclusion

This action would affect only certain novel or unusual design features for a Hoh Aeronautics, Inc. AP/SAS STC installed on one model series of helicopter. It is not a rule of general applicability and affects only the applicant who applied to the FAA for approval of these features on the helicopter. The FAA is requesting comments to allow interested persons to submit views.

List of Subjects in 14 CFR Part 27

Aircraft, Air transportation, Aviation safety, Rotorcraft, Safety.

The authority citation for this special condition is as follows: 42 U.S.C. 7572, 49 U.S.C. 106(g), 40105, 40113, 44701–44702, 44704, 44709, 44711, 44713, 44715, 45303.

The Special Condition

Accordingly, pursuant to the authority delegated to me by the Administrator, the following special condition is proposed as part of the Hoh Aeronautics, Inc. supplemental type certificate basis for an Autopilot/Stability Augmentation System to be installed on a Robinson Model R44 helicopter, Type Certification Data Sheet Number H11NM, Revision 3.

The Autopilot/Stability Augmentation System must be designed and installed so that the failure conditions identified in the Functional Hazard Assessment and verified by the System Safety Assessment, after design completion, are adequately addressed in accordance with the "Definitions" and "Requirements" sections (including the integrity, environmental, and test and analysis requirements) of this special condition.

Issued in Fort Worth, Texas, on May 26, 2005.

S. Frances Cox,

*Acting Manager, Rotorcraft Directorate,
Aircraft Certification Service.*

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket FAA 2005–20417; Airspace Docket 05–ANM–06]

Proposed Revision of Class E Airspace; Wenatchee, WA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: This proposal would revise the Class E airspace at Wenatchee, WA. This additional Class E airspace is necessary to accommodate the new Standard Instrument Landing System (ILS) Approach Procedure (SIAP) at Wenatchee/Pangborn Memorial Airport. This change is proposed to improve the safety of IFR aircraft executing the new Standard ILS SIAP at Wenatchee/Pangborn Memorial Airport, Wenatchee, WA.

DATES: Comments must be received by July 25, 2005.

ADDRESSES: Send comments on this proposal to the Docket Management System, U.S. Department of Transportation, Room Plaza 401, 400 Seventh Street, SW., Washington, DC 20590–0001. You must identify the docket number, FAA 2005–20417; Airspace Docket 05–ANM–06, at the beginning of your comments. You may also submit comments through the Internet at <http://dms.dot.gov>. You may review the public docket containing the proposal, any comments received, and any final dispositions in person in the Docket Office between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The Docket Office (telephone number 1–800–647–5527) is on the plaza level of the Department of Transportation NASSIF Building at the above address.

An informal docket may also be examined during normal business hours at the Federal Aviation Administration, Air Traffic Organization, Western En Route and Oceanic Area Office, Airspace Branch, 1601 Lind Avenue, SW., Renton, WA 98055.

SUPPLEMENTARY INFORMATION:

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify Docket FAA 2005–20417; Airspace Docket 05–ANM–06, and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this action must submit, with those comments, a self-addressed stamped postcard on which the following statement is made: "Comments to Docket FAA 2005–20417; Airspace Docket 05–ANM–06." The postcard will be date/time stamped and returned to the commenter.

Availability of NPRM

An electronic copy of this document may be downloaded through the Internet at <http://dms.dot.gov>. Recently published rulemaking documents can also be accessed through the FAA's web page at <http://www.faa.gov> or the Superintendent of Documents' web page at <http://www.access.gpo.gov/nara>.

Additionally, any person may obtain a copy of this notice by submitting a request to the Federal Aviation Administration, Air Traffic Organization, Western En Route and Oceanic Area Office, Airspace Branch, 1601 Lind Avenue, SW., Renton, WA, 98055. Communications must identify both document numbers for this notice. Persons interested in being placed on a mailing list for future NPRMs should contact the FAA's Office of Rulemaking, 202-267-9677, to request a copy of Advisory Circular No. 11-2A, Notice of Proposed Rulemaking Distribution System, which describes the application procedures.

The Proposal

This action would amend Title 14 Code of Federal Regulations, part 71 (14 CFR part 71) by revising Class E airspace at Wenatchee/Pangborn Airport, Wenatchee, WA. The establishment of a new Standard ILS SIAP requires additional Class E controlled airspace extending upward from 700 feet or more above the surface for the safety of IFR aircraft executing the new Standard ILS SIAP at Wenatchee/Pangborn Memorial Airport, Wenatchee, WA. Controlled airspace is necessary where there is a requirement for IFR services, which include arrival, departure, and transitioning to/from the terminal or en route environment.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9M dated August 30, 2004, and effective September 16, 2004, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in this order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this proposed regulations; (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

1. The authority citation for CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR part 71.1 of the Federal Aviation Administration Order 7400.9M, Airspace Designations and Reporting Points, dated August 30, 2004, and effective September 16, 2004, is amended as follows:

Paragraph 6005. Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

* * * * *

ANM WA E5 Wenatchee, WA [Revised]

Wenatchee/Pangborn Municipal Airport, WA (Lat. 47°23'55" N., long. 120°12'24" W.)
Wenatchee VOR/DME

(Lat. 47°23'58" N., long. 120°12'39" W.)
That airspace extending upward from 700 feet above the surface within 4.3 miles south and 9.5 miles north of the 299° radial from the Wenatchee VOR/DME to 17 miles northwest of the VOR/DME, and within 4.3 miles southwest and 8 miles northeast of the 124° radial from the VOR/DME, excluding that portion within the Moses Lake, Grant County, and Quincy Airport, WA, Class E airspace areas; that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at: lat. 47°36'00" N., long. 120°43'00" W., to lat. 47°36'00" N., long. 119°39'30" W.; to lat. 47°07'00" N., long. 119°39'30" W.; to lat. 47°07'00" N., long. 120°43'00" W.; to the point of beginning. Excluding that portion within the Moses Lake, Grant County Airport, WA, Class E airspace area.

[Docket No. FAA-2005-21005; Airspace Docket No. 05-AWP-2]

Proposed Establishment of Class E Airspace; Marana Northwest Regional Airport, AZ

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: This notice proposes to establish a Class E airspace area at Marana Positioning System (GPS) Instrument Approach Procedure (IAP) RNAV (GPS) to Runway 3, 21, 12, and 31 IAP and a Nondirectional Radio Beacon (NDB) IAP to RWY 12 and 30 at Marana Northwest Regional Airport, Tucson, AZ has made this proposal necessary. Additional controlled airspace extending upward from 700 feet or more above the surface of the earth is needed to contain aircraft executing the RNAV (GPS) RWY 3, 21, 21, and 30 and a NDB IAP RWY 12 and 30 at Marana Northwest Airport. The intended effect of this proposal is to provide adequate controlled airspace for Instrument Flight Rules (IFR) operations at Marana Northwest Regional Airport, Tucson, AZ.

DATES: Comments must be received on or before July 25, 2005.

ADDRESSES: Send comments on this proposal to the Docket Management System, U.S. Department of Transportation, Room Plaza 401, 400 Seventh Street, SW., Washington, DC 20590-0001. You must identify the docket number FAA-2005-21005/ Airspace Docket No. 05-AWP-2, at the beginning of your comments. You may also submit comments on the Internet at <http://dms.dot.gov>. You may review the public docket containing the proposal, any comments received, and any final dispositions in persons in the Docket Office between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The Docket Office (telephone 1-800-647-5527) is on the plaza level of the Department of Transportation NASSIF Building at the above address.

An informal docket may also be examined during normal business hours at the Office of the Regional Western Terminal Operations, Federal Aviation Administration, at 15000 Aviation Boulevard, Lawndale, California 90261, telephone number (310) 725-6613.
