New Dominion Energy Cooperative; Notice of Issuance of Order

March 14, 2005.

New Dominion Energy Cooperative (New Dominion) as amended, filed an application for market-based rate authority, with an accompanying rate schedule. The proposed rate tariff provides for wholesale sales of energy and capacity at market-based rates. New Dominion also requested waiver of various Commission regulations. In particular, New Dominion requested that the Commission grant blanket approval under 18 CFR part 34 of all future issuances of securities and assumptions of liability by New Dominion.

On March 8, 2005, the Commission granted the request for blanket approval under part 34, subject to the following:

Any person desiring to be heard or to protest the blanket approval of issuances of securities or assumptions of liability by New Dominion should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of

Practice and Procedure. 18 CFR 385.211, 385.214 (2004).

Notice is hereby given that the deadline for filing motions to intervene or protest is April 7, 2005.

Absent a request to be heard in opposition by the deadline above, New Dominion is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of New Dominion, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of New Dominion's issuances of securities or assumptions of liability.
