DEPARTMENT OF EDUCATION

Privacy Act of 1974; System of Records—Impact Evaluation of Teacher Preparation Models

AGENCY: Institute of Education Sciences, Department of Education.

ACTION: Notice of a new system of records.

SUMMARY: In accordance with the Privacy Act of 1974, as amended (Privacy Act), the Department of Education (Department) publishes this notice of a new system of records entitled Impact Evaluation of Teacher Preparation Models (18-13-10). The system contains information about teachers from selected teacher preparation programs and their students. The selected teacher preparation programs are a sample of 10

programs with low entrance requirements—5 of which also have minimal course requirements and 5 of which also have substantial course requirements. To identify the 10 programs, the contractor selected from 165 programs in 12 states with low entrance selectivity requirements. The study sample consists of teachers in districts and schools where there is both an alternatively certified teacher and a traditionally certified teacher with similar amounts of prior teaching experience who teach in the same grade. A pair of new teachers in the same grade was formed at each of 80 schools included in the study, with 1 teacher having taken the traditional route and 1 the alternative route to certification.

The system includes the teachers' social security numbers; the teachers' demographic information—such as race/ethnicity, age, and educational background; information from two classroom observations; and the results of the teachers' standardized test scores (e.g., existing SAT or ACT scores) as well as their students' standardized test scores. The Department seeks comment on this new system of records described in this notice, in accordance with the requirements of the Privacy Act.

DATES: We must receive your comments on the proposed routine uses for the system of records described in this notice on or before September 6, 2005.

The Department filed a report describing the new system of records covered by this notice with the Chair of the Senate Committee on Homeland Security and Governmental Affairs, the Chair of the House Committee on Government Reform, and the Administrator of the Office of Information and Regulatory Affairs, Office of Management and Budget (OMB) on August 2, 2005. This system of records will become effective at the later date of: (1) The expiration of the 40 day period for OMB review on September 12, 2005 or (2) September 6, 2005, unless the system of records needs to be changed as a result of public comment or OMB review.

ADDRESSES: Address all comments about the proposed routine uses to Dr. Ricky Takai, Associate Commissioner, Evaluation Division, National Center for Education Evaluation and Regional Assistance, Institute of Education Sciences, U.S. Department of Education, 555 New Jersey Avenue, NW., room 502D, Washington, DC 20208-0001. Telephone: (202) 208-7083. If you prefer to send comments through the Internet, use the following address: comments@ed.gov. You must include the term "Impact Evaluation of Teacher

Preparation Models" in the subject line of the electronic message.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSE OF SUCH USES:

The Department may disclose information contained in a record in this system of records under the routine uses listed in this system of records without the consent of the individual if the disclosure is compatible with the

purposes for which the record was collected. These disclosures may be made on a case-by-case basis or, if the Department has complied with the computer matching requirements of the Act, under a computer matching agreement. Any disclosure of individually identifiable information from a record in this system must also comply with the requirements of section 183 of the ESRA (20 U.S.C. 9573) providing for confidentiality standards that apply to all collections, reporting and publication of data by the Institute of Education Sciences (IES).

(1) *Contract Disclosure.* If the Department contracts with an entity for the purposes of performing any function that requires disclosure of records in this system to employees of the contractor, the Department may disclose the records to those employees. Before entering into such a contract, the Department shall require the contractor to maintain Privacy Act safeguards as required under 5 U.S.C. 552a(m) with respect to the records in the system.

The researcher shall be required to maintain Privacy Act safeguards with respect to the disclosed records.

(3) *Freedom of Information Act (FOIA) Advice Disclosure.* The Department may disclose records to the U.S. Department of Justice and the Office of Management and Budget if the Department concludes that disclosure is desirable or necessary in determining whether particular records are required to be disclosed under the FOIA.

DISCLOSURE TO CONSUMER REPORTING AGENCIES:

Not applicable to this system notice.

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

The Department maintains records on CD-ROM, and the contractor maintains data for this system on computers and in hard copy.

RETRIEVABILITY:

Records in this system are indexed by a number assigned to each individual

that is cross referenced by the individual's name on a separate list.

SAFEGUARDS:

All physical access to the Department's site, and the site of the Department's contractor where this system of records is maintained, is controlled and monitored by security personnel. The computer system employed by the Department offers a high degree of resistance to tampering and circumvention. This computer system limits data access to Department and contract staff on a "need to know" basis, and controls individual users' ability to access and alter records within the system.

The contractor, Mathematica Policy Research, Inc. (MPR), has established a set of procedures to ensure confidentiality of data. The system ensures that information identifying individuals is in files physically separated from other research data. MPR will maintain security of the complete set of all master data files and documentation. Access to individually identifiable data will be strictly controlled. All data will be kept in locked file cabinets during nonworking hours, and work on hardcopy data will take place in a single room, except for data entry. Physical security of electronic data will also be maintained. Security features that protect project data include: Password-protected accounts that authorize users to use the MPR system but to access only specific network directories and network software; user rights and directory and file attributes that limit those who can use particular directories and files and determine how they can use them; e-mail passwords that authorize the user to access mail services; and additional security features that the network administrator establishes for projects as needed. The contractor employees who maintain (collect, maintain, use or disseminate) data in this system must comply with the requirements of the confidentiality standards in section 183 of the ESRA (20 U.S.C. 9573).

RETENTION AND DISPOSAL:

Records are maintained and disposed of in accordance with the Department's Records Disposition Schedules (ED/RDS) in Part 3 (Research Projects and Management Study Records) and Part 14 (Electronic Records).

SYSTEM MANAGER AND ADDRESS:

Associate Commissioner, Evaluation Division, National Center for Education Evaluation and Regional Assistance, Institute of Education Sciences, U.S. Department of Education, 555 New

Jersey Avenue, NW., room 502D, Washington, DC 20208-0001.

It also includes information obtained from two classroom observations of the teachers from trained researchers; the results of the teachers' standardized test scores (e.g., existing SAT or ACT scores), which are obtained from the College Board or ACT with the teachers' consent; and the standardized test scores of the teachers' students, which are obtained directly from the students in the teachers' classes.

BILLING CODE 4000-01-P

DEPARTMENT OF ENERGY

Remediation of the Moab Uranium Mill Tailings Final Environmental Impact Statement, Grand and San Juan Counties, Utah, Final Environmental Impact Statement

AGENCY: Department of Energy (DOE).

ACTION: Notice of availability.

SUMMARY: The U.S. Department of Energy's (DOE's) Office of Environmental Management (EM) announces the availability of the Remediation of the Moab Uranium Mill Tailings Final Environmental Impact Statement, Grand and San Juan Counties, Utah (DOE/EIS-0355)(FEIS).

The FEIS has been prepared in accordance with the regulations of the Council on Environmental Quality (Title 40 Code of Federal Regulations [CFR] Parts 1500-1508) for implementing the National Environmental Policy Act (NEPA) and DOE's NEPA Implementing Procedures (10 CFR Part 1021). The FEIS analyzes the potential environmental impacts associated with remediating contaminated soils, tailings, and ground water at the Moab Uranium Mill Tailings Site (Moab site), Grand County, Utah, and contaminated soils in adjacent public and private properties (vicinity properties) near the Moab site.

The FEIS analyzes one on-site and three off-site alternative disposal locations for remediation of surface contamination; one alternative for remediation of contaminated ground water; and the No Action Alternative. Remediation alternatives for the disposal of surface contamination include on-site disposal of the mill tailings at their current location in Moab, Utah; and three off-site disposal alternatives in Utah: Klondike Flats, Crescent Junction, and the White Mesa Mill. For transportation of the mill tailings to the off-site alternatives, three modes have been considered: Truck, rail, and slurry pipeline.

The FEIS identifies Crescent Junction as DOE's preferred alternative for disposal of the Moab mill tailings and other contaminated materials using predominantly rail transportation. Under the preferred alternative, DOE would remove the contaminated mill tailings from adjacent to the Colorado River and relocate them at the Crescent Junction site. The FEIS also identifies active ground water remediation as DOE's preferred alternative for contaminated ground water to eliminate the potential ongoing impacts to aquatic species in the Colorado River resulting from contaminated ground water discharges.

DATES: Copies of the FEIS were distributed to Members of Congress, American Indian Tribal governments, state and local governments, other Federal agencies, and organizations and individuals who are known to have an interest in the FEIS on July 25-26, 2005. DOE plans to issue a Record of Decision for the Moab FEIS no sooner than September 6, 2005.

ADDRESSES: Send requests for copies of the FEIS to: Mr. Donald Metzler, Moab Federal Project Director, U.S. Department of Energy, 2597 B 3/4 Road, Grand Junction, Colorado, 81503; by facsimile: (970) 248-6023; by phone: (970) 248-7612 or toll free at (800) 637-4575; or by e-mail at
