II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Amex Rule 958(c) and Amex Rule 958(c)-ANTE currently provide that an ROT is required to make competitive bids and offers necessary to contribute to the maintenance of a fair and orderly market. ROTs must reasonably engage in dealings for their own accounts when there exists a lack of price continuity and a temporary disparity between the supply and demand of ETFs. As part of their market making activities in ETFs, ROTs may sign on to Auto-Ex, the Exchange's automatic execution system.

The Exchange proposes to amend Amex Rule 958, Commentary .10 and Amex Rule 958-ANTE, Commentary .09 to state that if an ROT logs onto Auto-Ex for ETFs, the ROT would only be

allowed only to log onto contiguous panels, or on panels traded on by the same or adjoining specialists (i.e., electronic order book work stations).⁴ ROTs would be permitted to log onto a maximum of three (3) contiguous panels. The amendments to Amex Rule 958, Commentary .10 and Amex Rule 958-ANTE, Commentary .09 would also limit an ROT to trading in a maximum of fifteen (15) ETFs while signed onto Auto-Ex.⁵ A Senior Floor Official would be permitted to modify these restrictions if he determines that an ROT is able to appropriately fulfill his obligations to the market due to the level of activity in the ETFs and their proximity.

The Exchange believes the foregoing amendments are necessary to ensure that ROTs fulfill their market-making obligations to make competitive bids and offers as reasonably necessary to contribute to the maintenance of a fair and orderly market in ETFs, by encouraging ROTs logged onto Auto-Ex to remain in the crowd. In order to make competitive bids, ROTs must remain in the crowd near the specialist panels. If ROTs were allowed to log onto Auto-Ex panels throughout the trading floor, it would be difficult for them to remain in the crowd. The Exchange notes that ROTs logged onto Auto-Ex may not be actively quoting because they do not post their own quotes on Auto-Ex; instead they receive executions, which are allocated to ROTs and specialists on the wheel, at the specialist quote. However, the Exchange's proposal, which only would permit a ROT to log onto three contiguous panels, would confine the ROT to one section of the trading floor with the intent of encouraging the ROT to remain in that area as part of the crowd in order to make competitive bids and offers in ETFs.

2. Statutory Basis

The Exchange believes the proposal is consistent with Section 6(b) of the Act⁶, in general, and furthers the objectives of Section 6(b)(5) of the Act,⁷ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest.

⁴ Each panel has one specialist assigned to it. Numerous ETFs may be traded on one panel.

⁵ Although ETFs are traded on NETS (New Equity Trading System) and not ANTE (Amex New Trading Environment), Amex Rule 958-ANTE applies to ETFs.

⁶ 15 U.S.C. 78f(b).

⁷ 15 U.S.C. 78f(b)(5).

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes the proposed rule change will impose no burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received by the Exchange on this proposal.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding, or (ii) as to which the Exchange consents, the Commission will:

(A) By order approve the proposed rule change or

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-52503; File No. SR-Amex-2005-066]

Self-Regulatory Organizations; American Stock Exchange LLC; Order Approving a Proposed Rule Change and Amendment No. 1 Thereto Relating to the Exchange's Determination of the National Best Bid or Offer When Another Exchange Is Disconnected From the Intermarket Option Linkage

September 23, 2005.

I. Introduction

On June 17, 2005, the American Stock Exchange LLC ("Amex"), filed with the Securities and Exchange Commission ("Commission") a proposed rule change pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² to amend Amex Rules 933(g) and 933(g)-ANTE regarding the determination of the National Best Bid or Offer ("NBBO") when another participant in the Plan for the Purpose of Creating and Operating an Intermarket Option Linkage

("Linkage Plan")³ is disconnected from the Linkage.⁴ On August 4, 2005, the Amex filed Amendment No. 1 to the proposed rule change.⁵ The proposed rule change, as amended, was published for comment in the **Federal Register** on August 23, 2005.⁶ The Commission received one comment letter on the proposal.⁷ This order approves the proposed rule change, as amended.

II. Description of the Proposed Rule Change

The Amex proposes to amend Amex Rules 933(g) and 933(g)-ANTE to add a provision regarding the determination of the NBBO when another Participant Exchange⁸ is disconnected from the Linkage. Amex Rules 933(g) and 933(g)-ANTE currently provide that a Floor Governor or Exchange Official may determine that certain quotes from another Participant Exchange are not reliable when such other Participant Exchange either (i) declares its quotes non-firm and directly communicates or disseminates a message through Options Price Reporting Authority (OPRA), or (ii) communicates to the Amex that such Participant Exchange is experiencing systems or other problems affecting the reliability of its disseminated quotes.

The Amex proposes to add to Amex Rules 933(g) and 933(g)-ANTE that when another Participant Exchange is disconnected from the Linkage and is not accepting Linkage orders, a Floor Governor or Exchange Official may determine the quotes from such Participant Exchange are unreliable and may exclude such quotes from the Amex's determination of the NBBO. The

³ On July 28, 2000, the Commission approved a national market system plan for the purpose of creating and operating an intermarket option linkage proposed by the Amex, the Chicago Board Options Exchange, Incorporated, and the International Securities Exchange, Inc. See Securities Exchange Act Release No. 43086 (July 28, 2000), 65 FR 48023 (August 4, 2000). Subsequently, upon separate requests by the Philadelphia Stock Exchange, Inc., the Pacific Exchange, Inc., and the Boston Stock Exchange, Inc., the Commission issued orders to permit these exchanges to participate in the Linkage Plan. See Securities Exchange Act Release Nos. 43573 (November 16, 2000), 65 FR 70851 (November 28, 2000); 43574 (November 16, 2000), 65 FR 70850 (November 28, 2000); and 49198 (February 5, 2004), 69 FR 7029 (February 12, 2004).

⁴ See Amex Rule 940(b)(9).

⁵ Amendment No. 1 superseded and replaced the original filing in its entirety.

⁶ See Securities Exchange Act Release No. 52270 (August 16, 2005), 70 FR 49335.

⁷ See letter from Matthew Hinerfeld, Managing Director and Deputy General Counsel, Citadel Investment Group, L.L.C., on behalf of Citadel Derivatives Group LLC, to Jonathan G. Katz, Secretary, Commission, dated August 26, 2005.

⁸ A "Participant Exchange" is a registered national securities exchange that is a party to the Linkage Plan. See Amex Rule 940(b)(14).

Amex believes that adding this third circumstance is necessary because there are times when due to system malfunctions, a Participant Exchange is disconnected from the Linkage but has not declared its quotes to be "non-firm" and has not informed the other exchanges that the disconnected Participant Exchange may have quote problems. As a result, access to the disconnected Participant Exchange is limited, and the Amex believes such Participant Exchange's quotes should be excluded from the Amex's determination of the NBBO.

III. Comment Received

As noted above, the Commission received one comment letter on the proposal.⁹ The commenter was strongly supportive of the Amex's proposed rule change, including the Amex's proposed method of determining that a Participant Exchange's quote is unreliable.¹⁰

IV. Discussion

After careful consideration, the Commission finds that the proposed rule change is consistent with the requirements of Section 6 of the Act¹¹ and the rules and regulations thereunder applicable to a national securities exchange.¹² In particular, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act,¹³ which requires, among other things, that the rules of the Amex be designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Commission believes that it is appropriate for the Amex to remove a Participant Exchange's disseminated quote(s) from the Amex's determination of the NBBO when such Participant Exchange is disconnected from Linkage and is not

⁹ See *supra* note 7.

¹⁰ The comment letter also addressed File No. SR-BSE-2005-30, a proposal to allow the Boston Options Exchange ("BOX") to exclude a Participant Exchange's quotes from BOX's determination of the NBBO when, among other circumstances, such Participant Exchange is disconnected from Linkage. The commenter supported the Boston Stock Exchange, Inc.'s proposal, but suggested a modification to the proposal, as discussed in an order issued separately. See Securities Exchange Act Release No. 52501 (September 23, 2005). In addition, the commenter urged the Commission to address issues related to non-firm quotes that are outside the scope of these proposed rule changes.
