BILLING CODE 4910-62-P

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

[Docket No. FHWA-2005-22985]

Agency Information Collection Activities; Request for Comments; Renewed Approval of an Information Collection; Environmental Streamlining: Measuring the Performance of Stakeholders in the Transportation Project Development Process II

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice and request for comments.

SUMMARY: The FHWA invites public comments about our intention to request the Office of Management and Budget's (OMB) approval to renew an information collection, which is summarized below under Supplementary Information. We are required to publish this notice in the **Federal Register** by the Paperwork Reduction Act of 1995.

DATES: Please submit comments by January 23, 2006.

ADDRESSES: You may submit comments identified by DOT DMS Docket Number

- FHWA-2005-22985 by any of the following methods:
- Web site: <http://dms.dot.gov>.

Follow the instructions for submitting comments on the DOT electronic docket site.

- Fax: 1-202-493-2251.
- Mail: Docket Management Facility; U.S. Department of Transportation, 400 Seventh Street, SW., Nassif Building, Room PL-401, Washington, DC 20590.
- Hand Delivery: Room PL-401 on the plaza level of the Nassif Building, 400 Seventh Street, SW., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Docket: For access to the docket to read background documents or comments received, go to <http://dms.dot.gov> at any time or to Room PL-401 on the plaza level of the Nassif Building, 400 Seventh Street, SW., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Mr. Kreig Larson, 202-366-2056, Planning

and Environment, Federal Highway Administration, Department of Transportation, 400 Seventh Street, SW., Washington, DC 20590. Office hours are from 7 a.m. to 4:30 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Title: Environmental Streamlining: Measuring the Performance of Stakeholders in the Transportation Project Development Process II.

Background: The U.S. Department of Transportation (DOT), FHWA, has contracted with the Gallup Organization to conduct a survey of professionals associated with transportation and resource agencies in order to gather their views on the workings of the environmental review process for transportation projects and how the process can be streamlined. The purpose of the survey is to: (1) Collect the perceptions of agency professionals involved in conducting the decisionmaking processes mandated by the National Environmental Policy Act (NEPA) and other resource protection laws in order to develop benchmark performance measures; and (2) identify where the performance of the process might be improved by the application of techniques for streamlining. This is a phone survey conducted of only local, State, and Federal officials who work with the NEPA process.

Respondents: Approximately 2,000 professionals/officials from transportation and natural resource agencies.

Frequency: This is the second time this survey has been conducted in four years.

Estimated Total Annual Burden Hours: The FHWA estimates that each respondent will complete the survey in approximately 15 minutes. With 2,000 surveys expected, an estimated 500 burden hours are expected for this project.

Public Comments Invited

You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burden; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Privacy Act

Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (Volume 65, Number 70; Pages 19477-78) or you may visit <http://dms.dot.gov>.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Issued on: November 17, 2005.

James R. Kabel,

Chief, Management Programs and Analysis Division.

BILLING CODE 4910-22-P

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Environmental Impact Statement: Miami-Dade County, FL

AGENCY: Federal Highway Administration (FHWA), USDOT.

ACTION: Notice of Intent.

SUMMARY: The FHWA is issuing this notice to advise the public that an Environmental Impact Statement (EIS) will be prepared for a proposed highway project in Miami-Dade County, Florida.

FOR FURTHER INFORMATION CONTACT: Mr. Gregory E. Williams, P.E., District Transportation Engineer, Federal Highway Administration, 545 John Knox Road, Suite 200, Tallahassee, Florida 32303. Telephone: (850) 942-9650, extension 3031.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Florida Department of Transportation (FDOT) will prepare an EIS for a proposal to improve Interstate Route I-395 in Miami-Dade County, Florida. The proposed improvement would involve the reconstruction of I-395 from I-95/ Midtown Interchange in Biscayne Bay, a distance of approximately 1.2 miles. Improvements to the corridor are considered necessary to provide for the existing and projected traffic demand.

Alternatives under consideration include (1) taking no action; (2) elevated reconstruction with ramps at Midtown Interchange; (3) elevated reconstruction with ramps at Miami Avenue; (4) a tunnel design; and (5) an open-cut design.

Letters describing the proposed action and soliciting comments will be sent to

appropriate Federal, State, and local agencies, and to private organizations and citizens who have expressed interest in this project. A series of public meetings will be held in the City of Miami, Miami-Dade County between July 2005 and January 2007. In addition, a public hearing will be held. Public notice will be given of the time and place of the meetings and hearing. The Draft EIS will be made available for public and agency review and comment.

A formal scoping meeting is planned for the project, and the date and location will be established later.

To ensure that the full range of issues related to the proposed action is addressed and all significant issues identified, comments and suggestions are invited from all interested parties. Comments or questions concerning this proposed action and the EIS should be directed to the FHWA at the address provided above.

(Catalog of Federal Domestic Assistance Program Number 20.205, Highway Research, Planning and Construction. The regulations implementing Executive Order 12372 regarding inter-governmental consultation on Federal programs and activities apply to this program)

Issued on: November 16, 2005.

George B. Hadley,

*Environmental Programs Coordinator,
Tallahassee, Florida.*

BILLING CODE 4910-22-M

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. NHTSA-2005-22970; Notice 1]

Les Entreprises Michel Corbeil Inc., Receipt of Petition for Decision of Inconsequential Noncompliance

Les Entreprises Michel Corbeil Inc. (Corbeil) has determined that certain school buses that it produced in 2004 do not comply with S5.1 of 49 CFR 571.221, Federal Motor Vehicle Safety Standard (FMVSS) No. 221, "School bus body joint strength." Corbeil has filed an appropriate report pursuant to 49 CFR Part 573, "Defect and Noncompliance Reports."

Pursuant to 49 U.S.C. 30118(d) and 30120(h), Corbeil has petitioned for an exemption from the notification and remedy requirements of 49 U.S.C. Chapter 301 on the basis that this noncompliance is inconsequential to motor vehicle safety.

This notice of receipt of Corbeil's petition is published under 49 U.S.C. 30118 and 30120 and does not represent

any agency decision or other exercise of judgment concerning the merits of the petition.

Affected are a total of approximately 295 school buses produced between May 3, 2004 and June 4, 2004. S5.1 of FMVSS No. 221 requires that,

* * * each body panel joint * * * when tested in accordance with the procedure of S6, shall hold the body panel to the member to which it is joined when subjected to a force of 60 percent of the tensile strength of the weakest joined body panel determined pursuant to S6.2.

The longitudinal roof joint on some of the subject school buses fails when tested according to the requirements of S5.1.

Corbeil believes that the noncompliance is inconsequential to motor vehicle safety and that no corrective action is warranted. Corbeil states that during the period of production of the subject school buses, "the production used expired glue." Corbeil estimates that 61 of the 295 buses could be affected, based on the number of expired glue cartridges that were used.

Corbeil further states,

* * * repairs could affect the structural integrity of these buses' roofs. If we proceed with repairs, we must remove the actual MS polymer strips on the roof to reach the joints. This operation requires us to preheat (300-600 °F) the MS polymer strip (will soften the MS polymer) but at the same time will cause a significant urethane chemical modification and will affect the actual joint strength. The roof joint is composed of urethane glue and this glue will be affected if the temperature is higher than 194 °F * * * If our educated estimate is that only 61 buses on (sic) the 295 buses involved in this recall are affected, however they cannot be individually identified. Also, during the test, the transverse joint succeeded at 116% of the requirement and the longitudinal joint failed only by 9% with 91% of the requirement. The objective of this recall is to increase the strength of the joint. We presently suspect that a retrofit could affect/damage the roof rather to (sic) reinforce the joint.

Corbeil states that no accidents or injuries have occurred as a result of this noncompliance.

Interested persons are invited to submit written data, views, and arguments on the petition described above. Comments must refer to the docket and notice number cited at the beginning of this notice and be submitted by any of the following methods. Mail: Docket Management Facility, U.S. Department of Transportation, Nassif Building, Room PL-401, 400 Seventh Street, SW., Washington, DC, 20590-0001. Hand Delivery: Room PL-401 on the plaza level of the Nassif Building, 400

Seventh Street, SW., Washington, DC. It is requested, but not required, that two copies of the comments be provided.

The Docket Section is open on weekdays from 10 a.m. to 5 p.m. except Federal Holidays. Comments may be submitted electronically by logging onto the Docket Management System Web site at <http://dms.dot.gov>. Click on "Help" to obtain instructions for filing the document electronically. Comments may be faxed to 1-202-493-2251, or may be submitted to the Federal eRulemaking Portal: go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.

The petition, supporting materials, and all comments received before the close of business on the closing date indicated below will be filed and will be considered. All comments and supporting materials received after the closing date will also be filed and will be considered to the extent possible. When the petition is granted or denied, notice of the decision will be published in the **Federal Register** pursuant to the authority indicated below.

Comment closing date: December 23, 2005.

Authority: 49 U.S.C. 30118, 30120; delegations of authority at CFR 1.50 and 501.8.

Issued on: November 17, 2005.

Daniel C. Smith,

Associate Administrator for Enforcement.

BILLING CODE 4910-59-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. NHTSA 2005-22554; Notice 2]

Michelin North America, Inc., Grant of Petition for Decision of Inconsequential Noncompliance

Michelin North America, Inc. (Michelin) has determined that certain tires it produced in 2005 do not comply with S4.3(d) and S4.3(e) of 49 CFR 571.109, Federal Motor Vehicle Safety Standard (FMVSS) No. 109, "New pneumatic tires." Pursuant to 49 U.S.C. 30118(d) and 30120(h), Michelin has petitioned for a determination that this noncompliance is inconsequential to motor vehicle safety and has filed an appropriate report pursuant to 49 CFR part 573, "Defect and Noncompliance Reports." Notice of receipt of a petition was published, with a 30-day comment period, on October 3, 2005 in the **Federal Register** (70 FR 57645). NHTSA received no comments.
