#### SUPPLEMENTARY INFORMATION:

I. *Background:* Coal Mine operators and Longshore companies desiring to be self-insurers are required by law (30 U.S.C. 933 BL and 33 U.S.C. 932 LS) to produce security in terms of an indemnity bond, security deposit, or for Black Lung only, a letter of credit or 501(c)(21) trust. Once a company's application to become self-insured is reviewed by the Division of Coal Mine Workers; Compensation (DCMWC) or by the Division of Longshore and Harbor Workers' Compensation (DLHWC) and it is determined the company is potentially eligible, an amount of security is determined to guarantee the payment of benefits required by the Act. The OWCP-1 form is executed by the self-insurer who agrees to abide by the Department's rules and authorizes the Secretary, in the event of default, to file suit to secure payment from a bond underwriter or in the case of a Federal Reserve account, to sell the securities for the same purpose. A company cannot be authorized to self-insure until this requirement is met. Regulations establishing this requirement are at 20 CFR 726.110 for Coal Mine/Black Lung and 20 CFR 703.304 for Longshore. This information collection is currently approved for use through December 31, 2005.
