Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purpose of this program is to provide technical assistance and dissemination of useful information to improve services to children with disabilities by applying scientifically based findings to facilitate systemic changes in policy, procedure, practice and the training and use of personnel. Specifically, the program authorizes activities including those that assist States and local educational agencies with the process of planning systemic changes that will promote improved early intervention, educational and transitional results for children with disabilities.

Priority: In accordance with 34 CFR 75.105(b)(2)(v), this priority is from allowable activities specified in the statute (see sections 663(b), 663(c), and 681(d) of the Individuals with Disabilities Education Act (IDEA)).

Absolute Priority: For FY 2005 this priority is an absolute priority. Under 34 CFR 75.105(c)(3), we consider only applications that meet this priority.

This priority is:

Technical Assistance and Dissemination to Improve Services and Results for Children with Disabilities—State and Federal Policy Forum for Program Improvement.

Background: Access to information is critical for decision makers and policy officials to ensure that appropriate and effective education is available for all eligible children with disabilities, and early intervention services are available to all eligible infants and toddlers with disabilities. State and Federal decision makers responsible for the implementation of IDEA must have access to valid statistics, research findings, policy analyses, and current information on trends in the provision of special education and related services and early intervention services.

The Office of Special Education Programs (OSEP), within the Office of

Special Education and Rehabilitative Services (OSERS), is the principal agency within the Department of Education responsible for Federal administration of IDEA. SEAs, and certain other designated State agencies under Part C of IDEA oversee the administration of IDEA at State and local levels. The project funded under this competition will provide access to and analysis of administrative and policy information generated by the States and other jurisdictions, and will facilitate coordination between OSEP and State and local administrators of IDEA.

Priority: The Assistant Secretary establishes a priority to facilitate communication between OSEP and State and local administrators of IDEA, and to synthesize national program information that will improve the management, administration, delivery, and effectiveness of programs and services provided under IDEA. The cooperative agreement funded under this priority will provide OSEP with a mechanism and resources for analyzing policies and emerging issues that are of significant national concern.

In order to meet the requirements of this priority, the project must—

(a) Identify national and State needs for program improvement information through contact with experts, research reviews, regular communication with State and local policy officials and other types of needs assessments, and in conjunction with OSEP staff. Such information is critical to obtain better results for infants, toddlers, children, and youth with disabilities;

(b) Collect, organize, synthesize, interpret and integrate information needed for program improvement using a variety of methods and formats, consistent with the nature of the data and the types of entities performing the specific tasks. Specifically, such information may be gathered through activities such as surveys, interviews, brief case examinations, and meetings among special education administrators, outside experts, representatives of students with disabilities and their families, and others;

(c) Analyze emerging policy or program issues regarding the administration of special education, early intervention, and related services at the Federal, State, and local levels. Review, plan, and provide leadership in recommending multi-level actions that respond to emerging issues;

(d) Facilitate the flow of information at the Federal, State, and local levels related to program improvement for infants, toddlers, children, and youth with disabilities, through various

resources, including the Regional Resource Centers, Regional Parent Technical Assistance Centers, other OSEP-supported technical assistance efforts, and OSEP-affiliated communities of practice;

(e) Communicate, collaborate, and form partnerships as appropriate and as directed by OSEP, with technical assistance providers at the national and regional levels, including those that are part of the OSEP-supported special education technical assistance and dissemination network;

(f) Maintain a Web site, with a dedicated URL, on which all anticipated, ongoing, and completed products, as well as related information, are available in a form that meets a government or industry-recognized standard for accessibility;

(g) Organize, coordinate, maintain, and promote access to a database of laws, policies, and regulations that govern special education and early intervention within the States and other jurisdictions;

(h) Communicate regularly with OSEP to provide and receive information that may assist OSEP in improving its efficiency and effectiveness in administering IDEA; and

(i) Budget for an annual two-day Project Directors' meeting in Washington, DC during each year of the project and another annual two-day trip to Washington, DC during each year of the project to meet and collaborate with the OSEP project officer, other OSEP staff, and other funded projects for purposes of cross-project collaboration and information exchange.

In deciding whether to continue this project for the fourth and fifth years, the Secretary will consider the requirements of 34 CFR 75.253(a), and in addition—

(1) The recommendation of a review team consisting of experts selected by the Secretary. The review will be conducted in Washington, DC during the last half of the project's second year. Projects must budget for the travel associated with this one-day intensive review; and

(2) The timeliness and effectiveness with which all requirements of the negotiated cooperative agreement have been or are being met by the project; and

(3) The degree to which the project's design and technical strategies demonstrate the potential for disseminating significant new knowledge.

Waiver of Proposed Rulemaking: Under the Administrative Procedure Act (APA) (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on a proposed priority. However, section 681(d) of

IDEA makes the public comment requirements of the APA inapplicable to the priority in this notice.

Program Authority: 20 U.S.C. 1463.

Applicable Regulations: The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, and 99.

Note: The regulations in 34 CFR part 79 apply to all applicants except federally recognized Indian tribes.

Note: The regulations in 34 CFR part 86 apply to IHEs only.

Absolute priority: Under an absolute priority, we consider only applications that meet the priority (34 CFR 75.105(c)(3)).

Competitive preference priority: Under a competitive preference priority, we give competitive preference to an application by either (1) awarding additional points, depending on how

well or the extent to which the application meets the competitive priority (34 CFR 75.105(c)(2)(i)); or (2) selecting an application that meets the competitive priority over an application of comparable merit that does not meet the priority (34 CFR 75.105(c)(2)(ii)).

Invitational priority: Under an invitational priority, we are particularly interested in applications that meet the invitational priority. However, we do not give an application that meets the invitational priority a competitive or absolute preference over other applications (34 CFR 75.105(c)(1)).

Note: NIDRR supports the goals of President Bush's New Freedom Initiative (NFI). The NFI can be accessed on the Internet at the following site: <http://www.whitehouse.gov/infocus/newfreedom>.

The proposed priority is in concert with NIDRR's Long-Range Plan (Plan). The Plan is comprehensive and integrates many issues relating to disability and rehabilitation research topics. The Plan can be accessed on the Internet at the following site: <http://www.ed.gov/rschstat/research/pubs/index.html>.

Through the implementation of the NFI and the Plan, NIDRR seeks to: (1) Improve the quality and utility of disability and rehabilitation research; (2) foster an exchange of expertise, information, and training to facilitate the advancement of knowledge and understanding of the unique needs of traditionally underserved populations; (3) determine best strategies and programs to improve rehabilitation outcomes for underserved populations; (4) identify research gaps; (5) identify mechanisms of integrating research and practice; and (6) disseminate findings.

Rehabilitation Research and Training Centers
