

Applicants for SVB who reside in the Philippines should contact VARO, Philippines. (Furnishing the SSN is voluntary, but it will make searching for an individual's record easier and prevent delay.)

An individual requesting notification of records in person should provide the same information, as well as provide an identity document, preferably with a photograph, such as a driver's license or some other means of identification. If an individual does not have any identification documents sufficient to establish his/her identity, the individual must certify in writing that he/she is the person claimed to be and that he/she understands that the knowing and willful request for, or acquisition of, a record pertaining to another individual under false pretenses is a criminal offense.

If notification is requested by telephone, an individual must verify his/her identity by providing identifying information that parallels the record to which notification is being requested. If it is determined that the identifying information provided by telephone is insufficient, the individual will be required to submit a request in writing or in person. If an individual is requesting information by telephone on behalf of another individual, the subject individual must be connected with SSA and the requesting individual in the same phone call. SSA will establish the subject individual's identity (his/her name, SSN, address, date of birth and place of birth along with one other piece of information such as mother's maiden name) and ask for his/her consent in providing information to the requesting individual.

If a request for notification is submitted by mail, an individual must include a notarized statement to SSA to verify his/her identity or must certify in the request that he/she is the person claimed to be and that he/she understands that the knowing and willful request for, or acquisition of, a record pertaining to another individual under false pretenses is a criminal offense. These procedures are in accordance with SSA Regulations (20 CFR 401.40).

RECORD ACCESS PROCEDURES:

Same as Notification procedures. Requesters should also reasonably specify the record contents being sought. An individual who requests notification of, or access to, a medical record shall, at the time he or she makes the request, designate in writing a responsible representative who will be willing to review the record and inform the subject individual of its contents at

the representative's discretion. A parent or guardian who requests notification of, or access to, a minor's medical record shall at the time he or she makes the request designate a physician or other health professional (other than a family member) who will be willing to review the record and inform the parent or guardian of its contents at the physician's or health professional's discretion. These procedures are in accordance with SSA Regulations (20 CFR 401.40(c) and 401.55)).

CONTESTING RECORD PROCEDURES:

Same as Notification procedures. Requesters should also reasonably identify the record, specify the information they are contesting and state the corrective action sought and the reasons for the correction with supporting justification showing how the record is incomplete, untimely, inaccurate or irrelevant. These procedures are in accordance with SSA Regulations (20 CFR 401.65(a)).

RECORD SOURCE CATEGORIES:

Data contained in the SSR are obtained for the most part from the applicant for SSI and SVB payments and are derived from the Claims Folders System, 60-0089 and the Modernized Supplemental Security Income Claims System. The States and other Federal agencies such as the Department of Veterans Affairs also provide data affecting the SSR.

SYSTEMS EXEMPTED FROM CERTAIN PROVISIONS OF THE PRIVACY ACT:
