

during the enforceable life of the certificate for which the deposit was made.

(g) *Viability of deposit.* A deposit of biological material that is capable of self-replication either directly or indirectly must be viable at the time of deposit and during the term of deposit. Viability may be tested by the depository periodically. The test must conclude only that the deposited material is capable of reproduction. No evidence necessarily is required regarding the ability of the deposited material to perform any function described in the application. If a viability test indicates that the deposit is not viable upon receipt or that the quantity of material is insufficient, the examiner shall proceed as if no deposit was made. The examiner will accept the conclusion set forth in a viability statement issued by a depository recognized under paragraph (c) of this section.

(h) *Furnishing of samples.* A deposit must be made under conditions that assure that:

(1) Public access to the deposit will not be available during pendency of the application or during the term of protection; and

(2) All restrictions on the availability to the public of the deposited material will be irrevocably removed upon the abandonment, cancellation, expiration, or withdrawal of the certificate.

(i) *Examination procedures.* The examiner shall determine, prior to issuance of the certificate, in each application if a voucher sample deposit actually made is acceptable for plant variety protection purposes.

4. Section 97.175 is revised to read as follows:

§ 97.175 Fees and charges.

The following fees and charges apply to the services and actions specified below:

- (a) Filing the application and notifying the public of filing—\$518.00.

SUPPLEMENTARY INFORMATION:

A. Background

Section 108 of the Federal Credit Union Act (the Act) requires the NCUA Board to prepare bylaws that “shall be used” by FCUs. 12 U.S.C. 1758. In 1999, the NCUA Board issued revised FCU Bylaws. 64 FR 55760 (Oct. 14, 1999). The 1999 revision included consolidating the existing bylaws into one publication, deleting outdated and obsolete bylaws, and using plain English.

In the five years since that revision, NCUA has approved numerous bylaw amendments that tended to clarify or update bylaws to keep pace with changes in technology and business practice. In 2003, NCUA reviewed the FCU Bylaws under the Board’s policy to

“update, clarify and simplify existing regulations and eliminate unnecessary and redundant and unnecessary provisions.” NCUA Interpretive Ruling and Policy Statement (IRPS) 87-2, Developing and Reviewing Government Regulations. As a result of this review, the Board issued a Notice and Request for Comment (Request) soliciting comments on ways to improve the FCU Bylaws. 69 FR 58203 (Sept. 29, 2004). The Request also sought comment on specific, suggested changes to the FCU Bylaws based on amendments FCUs had submitted for approval since 1999.

The Board received comments on the various issues raised in the Request as well as numerous other suggestions for improving the FCU Bylaws and NCUA’s process for issuing the Bylaws and reviewing amendments. This proposal incorporates many of the comments NCUA received in response to the Request. The proposal also continues the process of updating the bylaw language with plain English.

B. Comments

General

NCUA received twenty-seven comment letters in response to the Request. NCUA received comments from ten federal credit unions, ten credit union trade organizations, one bank trade organization, five members and one proxy consultant. All of the commenters supported or suggested some change to the current FCU Bylaws. Specific comments regarding the proposed changes noted in the Request and suggestions to alter other bylaw provisions are discussed below in the Article-by-Article Analysis.

Other Suggestions

Approximately half of the commenters asked NCUA to give FCUs more flexibility to draft their bylaws. Several commenters stated that Section 108 of the FCU Act requires only FCU incorporators to use bylaws prepared by NCUA and does not specifically require FCUs to continue to use NCUA’s draft after incorporation. Six commenters stated NCUA should specify content requirements for the bylaws but permit FCUs to draft their own bylaws. One commenter stated FCUs should adopt bylaws consistent with the state corporation law of the state where they are headquartered, noting that FCUs benefit from the state’s nonprofit corporation laws, as well as guidance developed as a result of relevant state court decisions. Three commenters suggested an alternative to the nonstandard amendment procedures that would give FCUs the option of

following the NCUA model bylaws or adopting their own. Three commenters requested that NCUA give FCUs more flexibility by allowing FCUs to amend their bylaws as they see fit within safety and soundness parameters without obtaining approval from NCUA. They suggested that NCUA allow FCUs to seek approval for nonstandard bylaws but not require it. One commenter incorporated many of these comments by suggesting that NCUA permit FCUs to: (1) Retain the current standard bylaws, along with the options NCUA has approved; (2) submit nonstandard bylaws for approval, if they wish; or (3) draft their own bylaws, or portions of their bylaws, consistent with a list that NCUA would develop containing specific issues and content requirements that an FCU must include.

NCUA believes many of the commenters read the FCU Act too narrowly with regard to NCUA’s responsibility for preparing and approving bylaws. NCUA does not construe Section 108 of the FCU Act to require that only newly chartered FCUs use NCUA’s form bylaws. The Act not only requires NCUA to prepare form bylaws, but requires NCUA to approve proposed bylaws before an FCU’s charter is complete. The Act does not contemplate a period of time after which an FCU may use alternate bylaws. Inherent in NCUA’s responsibility to approve bylaws before an FCU can engage in business, is its authority to approve form bylaw changes and amendments while an FCU operates.

NCUA also believes there are several benefits to issuing FCU Bylaws for all FCUs. The form FCU Bylaws address the member protections the Act affords and function as a contract between the FCU and its members; the FCU Bylaws give members notice of their rights, particularly when they are unfamiliar with the FCU Act. The FCU Bylaws adopted by NCUA also ensure that all FCUs use essentially the same rules for governing themselves, consistent with the requirements and limitations in the Act. This uniformity enhances the significance of the federal charter and has the practical benefit of reducing the amount of examiner time spent reviewing bylaws. Finally, FCUs may request approval to amend their bylaws when appropriate on a case-by-case basis. The amendment process gives FCUs flexibility to adjust with business developments as necessary.

Some commenters questioned the level of detail NCUA currently uses in the bylaws. One commenter stated the current bylaws are not easily comprehensible for FCU officials and

employees. While this proposal deletes a few obsolete provisions, NCUA does not agree that the FCU Bylaws are too detailed. NCUA receives numerous inquiries every year regarding interpretations of various provisions in the FCU Bylaws. The proposal attempts to clarify provisions that have caused confusion in the past. In some instances, a proposed change offers more detail or further elaboration of a concept to help FCU officials, employees and members better understand a provision.

C. Article-by-Article Analysis

Introduction

The proposal includes a new Introduction to address generally the function of the FCU Bylaws, methods for amending bylaws and some additional guidance.

Section Headings

The proposal adds headings to each section of the bylaws in order to make it easier to locate bylaw provisions.

Article II. Qualifications for Membership

The proposal inserts staff commentary at the end of Article II to address membership-related issues that FCUs commonly question. These staff comments are generally derived from Office of General Counsel opinions regarding membership fees and share balances below par value.

The proposal amends Section 4 to clarify that FCUs may restrict services or access to FCU facilities to members who cause a loss to the FCU or are disruptive to FCU operations.

Article III. Shares of Members

The proposal inserts staff commentary at the end of Article III to address share-related issues that FCUs commonly question. These staff comments are generally derived from Office of General Counsel opinions regarding payment of membership shares and par value of shares.

The proposal amends Section 4 to clarify the requirement that shares with accrued credits for unpaid dividends will retain those credits if transferred to another member. One commenter suggested this section is confusing and should be deleted because membership shares cannot be transferred. Provisions of Article II and other sections of this Article address the situation where a member draws down an account below the par value of the membership share, so this section need not repeat the requirement for members to maintain deposits equal to one share. Further, NCUA believes this section serves as another reminder of FCUs' member-owned structure.

The proposal deletes paragraph 5(b), which required shares paid in under accumulated payroll deduction plans to be credited to members' accounts before withdrawal of the shares. This paragraph is unnecessary because it addresses operational procedures of the FCU that are subject to the Federal Reserve's Regulations on Electronic Fund Transfers and Funds Availability. 12 CFR parts 205, 229. Also, this paragraph referred to the Accounting Manual for Federal Credit Unions, which applies only to FCUs with assets under \$10 million.

The proposal amends paragraph 5(c) to clarify that coverage provided under an FCU's overdraft protection policy does not count as a delinquency for purposes of triggering the requirement that the credit committee or loan officer approve any withdrawals of shares below the amount of the member's liability to the FCU.

The proposal amends paragraph 5(d) to delete the requirement to discontinue the share account of a deceased member within 4 years. Imposing a specific time limit is unnecessary, and NCUA has approved a number of requests for longer or shorter maximum time limits. The remaining portion of this paragraph allows the FCU to continue the account of a deceased member only until the end of the dividend period in which the administration of the deceased's estate is completed.

The proposal amends Section 7 to permit FCUs to decide whether to allow joint account holders to be members without each opening a separate account. Commenters agreed that this change would give FCUs flexibility in determining how to implement their membership policies and manage their accounts.

Article IV. Meetings of Members

The proposal amends Section 1 to delete the requirement that the annual meeting be held "within the period authorized by the Act" because the Act no longer specifies a time period for holding the annual meeting. Instead, the proposal adds a blank for the FCU to insert the date of its annual meeting. NCUA believes it is helpful to members to include the date of the annual meeting in the bylaws, and offers examples, such as "during the month of March."

The proposal amends Section 3 to increase the maximum number of member signatures required to call a special meeting from 500 to 750. NCUA is proposing to increase this number because special meetings are expensive to conduct and can be called by only a small percentage of an FCU's

membership. There is no time limit for obtaining the number of signatures required to call a special meeting. Increasing the limit will help ensure that special meetings are called only when an issue is of interest to a broad group of FCU members, but will not prevent members from obtaining a special meeting.

The proposal amends Section 4 to include references to the Act and NCUA regulations where they require items of business for the annual meeting agenda. Several commenters requested that the bylaws not provide a specific list of agenda items, but NCUA believes listing the suggested items and inserting references to requirements under the Act and regulations will help inform FCU members of events at the annual meeting. The proposal adds the requirement that FCUs participating in the Community Development Revolving Loan Program provide reports on the progress of providing needed community services to paragraph (c). 12 CFR 706(b). Paragraph (f) references the Act's requirement for the supervisory committee to report at the annual meeting. 12 U.S.C. 1761d. Paragraph (i) references the Act's requirement to hold elections annually. 12 U.S.C. 1761(a).

The proposal includes a new sentence at the end of Section 4 to notify members of the rules of order or procedure that the FCU will use when conducting member meetings. Members are entitled to know which rules will govern the process for conducting the meeting and making decisions. NCUA has long held the view that, during a membership meeting, an FCU member may make a motion for members to take action if the Act has entrusted the members with such action. Conversely, an FCU board need not recognize a member's motion if the motion is beyond the members' authority under the Act. In preserving the democratic process in FCUs as member-owned institutions, NCUA also has long recognized that members have the right to move for a member vote to recommend board action. If a member has followed the rules of order chosen by an FCU and moves for a membership recommendation to the board, the chair must recognize the motion even though the board is not bound to adopt the recommendation. This process avails members the opportunity to voice any issues, concerns or suggestions they may have for management and becomes part of a meeting's record. The proposal identifies four authorities an FCU may choose. NCUA requests comment on the proposal and alternative procedures, but notes the ability of members to make a motion during a membership meeting is

fundamental to the process and the right to be heard on matters that concern them as FCU members.

Article V. Elections

The proposal inserts NCUA staff commentary at the end of Article V to address election-related issues that FCUs commonly question. The staff comments regarding eligibility requirements, nomination criteria for the nominating committee, names on ballots, ballot secrecy and plurality voting are generally derived from legal opinions issued by NCUA's Office of General Counsel.

All Options

The proposal amends Section 4 to delete the second sentence, which read, "A trustee, or other person acting in a representative capacity, is not, as such, entitled to vote." As discussed in the Request, this provision is now outdated because a trust is recognized as a legal entity and may qualify for membership in its own right.

The proposal revises Section 7 to insert a blank space for the minimum age for voting and holding office, so that FCU boards are aware of the need to establish a minimum age. The current version of the bylaws requires the board of directors to adopt a resolution establishing the minimum age. NCUA believes including the actual minimum age in the bylaw, rather than a separate board resolution that may or may not be available to the members, makes it easier for members to determine the age requirements for voting and holding office. The proposal also adds language to Section 7 to clarify that the minimum age for signing nominating petitions or requests for special meetings is the same as the minimum age for voting and holding office.

One commenter suggested adding a self-nomination alternative as Option A5 to this article. The commenter suggested that FCUs notify members they are seeking nominations and allow members to nominate themselves for director positions. All nominees would be included on the ballot, and nominations by petition and from the floor would be prohibited. After considering this suggestion, NCUA decided not to add it to the bylaws. While the potential for broadening the pool of qualified board candidates and allowing more participation by all FCU members is an important goal, NCUA does not believe this goal requires such a drastic change to the bylaws. Rather, an FCU seeking to encourage members to nominate themselves can use its newsletter to publicize that the nominating committee is seeking

nominees. An FCU that wishes to make it easier for members to run for director positions can simply reduce the number of signatures required for nomination by petition. NCUA believes that the current version of the bylaws provides sufficient flexibility to accomplish the commenter's objective.

Options A2, A3 and A4

The proposal retains the 500 as the maximum number of signatures required for a petition for nomination for a director position in Options A2, A3 and A4. A number of commenters requested an increase in this maximum, or requiring the signatures of 1% of members on nominating petitions regardless of an FCU's size. NCUA has considered this request, but believes that the 500 signature maximum is appropriate. Because the membership of many FCUs is geographically dispersed and many members transact much of their business electronically, the requirement to obtain at least 500 signatures is a significant hurdle to a member seeking a nomination to a director position. Also, signatures on the nominating petitions must be obtained in the time between the mailing of the written notice to members that nominations for vacancies may be made by petition and 40 days before the annual meeting, which may be as few as 30 days. After considering these factors, NCUA believes that the 500 signature maximum should not be increased.

The proposal clarifies language in Section 2 of Options A2, A3 and A4 that might be interpreted as permitting FCUs to designate which candidates are running for a particular open seat. The staff commentary restates NCUA's view that elections are not conducted on a seat by seat basis and the winners of the board elections are the nominees who win the most votes. The revised language in Section 2 conforms the bylaws to NCUA's longstanding interpretation.

Option A4

The proposal amends Section 2(c)(2) to require FCUs to mail paper ballots to all members when conducting an election by electronic means. The Request sought comments as to whether FCUs should be required to include a mail ballot with its electronic election procedure instructions rather than require a member without the requisite electronic device to request a ballot under Option A4. The majority of commenters opposed this proposal, with one noting that it would defeat the purpose of electronic ballots. NCUA, however, proposes this requirement for

comment again because it believes that members without the equipment or desire to vote electronically should not be subject to additional hurdles in attempting to exercise their vote. Also, NCUA staff has observed an FCU successfully combine its electronic voting instruction and mail ballot on one sheet of paper, providing members with the option and convenience of voting electronically or through the mail.

The proposal clarifies that a "properly designed" ballot under Section 2(d)(5) of Option A4 is one that preserves the secrecy of the ballot. The Request sought comments regarding the design of ballots and what constitutes a "properly designed" ballot under this paragraph, when the ballot, identification form and mailing envelope are combined in one form. The Request asked whether an explicit secrecy requirement should be added to this provision. All nine commenters on this proposal supported including a secrecy requirement.

The proposal retains the specifications for mail ballots under the current bylaws. Unless the FCU adopts one "properly designed" form, the bylaws detail specific requirements for mail ballots, including separate envelopes for the ballot and the identification form within the mailing requirement. Several commenters characterized these requirements as excessively detailed and burdensome. These procedures demonstrate one method of ensuring the secrecy of the balloting process, and FCUs have alternatives such as the combination form also permitted under this option. NCUA, accordingly, does not believe the inclusion of these specifications is overly burdensome and proposes to retain them to demonstrate one option for preserving secrecy.

Article VI. Board of Directors

The proposal amends Section 2 to clarify that FCU employees, immediate family members of directors or committee members, and a combination of both, cannot constitute a majority of directors on an FCU's board.

The proposal amends Section 4 to provide that FCU directors fill vacancies on the board of directors, credit committee, and supervisory committee "as soon as possible, but no later than the next regularly scheduled board meeting." The proposed language replaces the current standard that directors fill vacancies "within a reasonable time." One commenter stated that the current standard is vague and should be removed. As NCUA noted in the preamble to the 1999 FCU Bylaws,

FCU directors should have “flexibility to deal with different situations and determine what is reasonable under the circumstances” when filling a vacancy. 64 FR 55760, 55762 (Oct. 14, 1999). While NCUA continues to recognize that some flexibility is necessary, NCUA believes that directors must fill vacancies expeditiously to ensure that an FCU’s board functions with the proper amount of directors as dictated by its bylaws. NCUA solicits comments as to whether the FCU Bylaws should include a time frame such as the one proposed so that FCU boards act quickly to fill vacancies. NCUA also welcomes comment on whether another time frame would be appropriate if included in the bylaws.

The proposal adds to the list of board responsibilities in Section 6(d) by acknowledging that boards should establish a training policy for directors and volunteer officials that covers areas such as ethics, fiduciary responsibilities and accounting, as part of the duties customarily performed by boards of directors.

In the Request, NCUA welcomed comments on whether particular corporate governance practices or related issues should be added to the FCU Bylaws, such as board training or ethics. Several commenters offered suggestions in this regard. Two commenters opposed including director training requirements in the bylaws. They stated it would make it more difficult to attract volunteer board members. One commenter noted that the manager should have the necessary training so that the manager can properly inform the board of directors. One commenter did not oppose including corporate governance practices and related issues like board training or ethics in the bylaws but asked that NCUA leave the specifics of these policies to FCUs.

Two commenters did not support including Sarbanes Oxley Act (SOXA) corporate governance provisions in the bylaws because SOXA does not apply to credit unions. They stated NCUA should adopt any standards it wants to impose through rulemaking. Another commenter stated, if NCUA is considering SOXA-like provisions for FCUs, it should recognize fundamental differences between FCUs and public companies. This commenter also stated, while the adoption of director experience requirements, training provisions, and independence standards would enhance safety and soundness, it is not appropriate to address these issues in the bylaws and NCUA should simply identify elements of SOXA that FCUs should adopt. Another commenter

stated FCUs should address good corporate governance practices through policies and procedures rather than detail them in bylaws. One commenter stated the largest and most complex FCUs should be required to comply with the principles of SOXA to the same extent that similarly situated banks must comply.

After reviewing the comments, the NCUA Board agrees that FCUs should establish their own policies and procedures regarding training and ethics and that it is inappropriate to include particular requirements in the FCU Bylaws. Because it would be difficult to fashion provisions suitable for all FCUs in areas such as training, NCUA proposes that the bylaws include, within the board’s responsibilities in Section 6, the adoption of a policy to address training for new and incumbent directors and volunteer officials. NCUA proposes this amendment because training programs particularly help newly elected volunteer directors and committee members become familiar with their new positions and help more experienced individuals keep their knowledge and skills current. NCUA believes FCUs are currently providing various formal and informal training opportunities for their officials and notes that its expectation is that boards of directors will determine their own training needs in the context of an FCU’s activities and resources.

The proposal includes language in Section 7 to remind directors that only a quorum of the remaining directors is necessary to fill vacant board seats as provided in Section 4.

The proposal separates the provisions regarding the removal of directors and credit committee members from that addressing the removal of board officers in the first paragraph of Section 8. One commenter suggested that NCUA amend this paragraph because it discusses the declaration of a director or committee member’s seat as vacant for failing to attend meetings or otherwise failing to perform the duties of the position. It also permits the board to remove a board officer for failure to perform the officer’s duties. The commenter recommended that NCUA revise this section to include only provisions related to directors and amend Article VII and Article VIII to include the provisions about board officers and credit committee members, respectively. The proposal retains these removal provisions for directors, credit committee members and board officers in Section 8 because Article VI generally sets out the powers of the board of directors, particularly the authority to remove and fill vacancies. The proposal,

however, sets apart the provision regarding board officers to make it easier for the reader to locate.

Article VII. Board Officers, Management Officials and Executive Committee

The proposal amends Section 1 to restate a restriction in Article 6, Section 2 that prevents a management official or assistant management official from serving as board chair.

A commenter asked NCUA to increase the number of days between a board’s reorganization meeting and the annual meeting from seven to thirty days in Section 2 stating that the seven-day limit is onerous when there are scheduling conflicts. Many FCUs hold the first board meeting of the newly elected board immediately following the annual meeting. FCU boards may also conduct meetings by teleconference. NCUA believes it is unnecessary to change the seven-day limit in light of these options and the necessity for board officers to be elected as soon as possible to prevent interruptions in the board’s operation. NCUA, however, seeks comment to determine whether the seven-day limit is a problem for FCUs.

One commenter suggested that NCUA remove Section 6(c), the paragraph requiring the financial officer to post a copy of the current financial statement monthly in a conspicuous place in the FCU. NCUA is not inclined to remove the paragraph. The agency, however, solicits comments regarding the suggestion, particularly on whether FCU members benefit from public access to this information and alternatives to the monthly statements.

The proposal revises Section 10 regarding the appointment of the executive committee and delegations to it. One commenter stated that the first sentence in Section 10 should refer only to the functions authorized under the FCU Act because NCUA’s regulations do not authorize any functions for the executive committee. Another commenter asked NCUA to delineate the authorities a board may delegate to an executive committee. NCUA has incorporated both suggestions in the proposal by clarifying that the FCU Act permits FCU boards to appoint executive committees and requiring that boards be specific in their delegations to executive committees. The proposal also rearranges the sentence listing the positions the board may authorize to approve membership applications so that it is easier to read.

Article IX. Supervisory Committee

The proposal amends Section 1 to prohibit both the compensated officer

and the financial officer from serving on the supervisory committee. The Request noted that the FCU Act precludes the director who is the "compensated officer" from being the director who can also be on the supervisory committee. 12 U.S.C. 1761(b). The Request proposed replacing "financial officer" with "compensated officer" so that the bylaw regarding this issue is consistent with the FCU Act. Five commenters supported the change. Three commenters raised concerns about the change because they believe the financial officer, whether compensated or not, should not serve on the supervisory committee. They stated that the financial officer must be excluded from the supervisory committee to prevent the person in charge of the financial records from auditing those records. One of these commenters suggested excluding both the financial officer and any compensated director if necessary. NCUA agrees that the bylaws should prohibit both the compensated officer and the financial officer from serving on the supervisory committee as dictated by either the Act or principles of sound internal controls.

One commenter suggested removing the word "all" from Section 4 because it currently requires the supervisory committee to verify the accounts of "all members" with the financial officer even though the supervisory committee rule permits FCUs to use a sampling method to verify accounts. 12 CFR 715.8. NCUA agrees that the rule permits sampling methods for account verification and proposes to remove the word "all" as recommended.

Article XI. Loans and Lines of Credit to Members

The proposal includes an instruction to FCUs that gives them the option to include business loans in Section 1 for consistency with a similar instruction in Article 1, Section 2.

Article XIII. Deposit of Funds

The proposal deletes Article XIII but reserves it to retain the current numbering of the bylaws. A commenter suggested that NCUA remove the article's provisions requiring FCUs to set deadlines for depositing funds into a qualified depository. NCUA believes this article is no longer necessary as it addresses a basic issue of safety and soundness. FCUs should be able to deposit funds properly without guidance in the FCU bylaws.

Article XIV. Expulsion and Withdrawal

The proposal expands the provision in Section 1 by including the two methods to expel a member under the

FCU Act. 12 U.S.C. 1764(a),(b). NCUA believes the additional language about expulsion gives members notice as to the methods allowed by law.

NCUA notes that one commenter asked that the bylaws permit a board to expel a member without a special meeting of the members for extraordinary circumstances, such as when a member poses a threat to the well-being or safety of FCU employees. The commenter noted that an FCU has a duty to protect its employees and should not be subject to a delay if the circumstances require immediate expulsion. Under the FCU Act, a member may be expelled only by members at a special meeting or under board policy for nonparticipation. 12 U.S.C. 1764. As such, a legislative change to the FCU Act must be adopted to allow additional expulsion procedures.

Article XV. Minors

The proposal amends this article to note that state law controls transactions between FCUs and minors. One commenter stated that this article, which allows shares to be issued in the name of a minor, is unnecessary as the FCU Act already permits this. Another commenter stated that NCUA should provide guidance to FCUs as to what type of shares may be issued in the name of a minor because in many states a person must be eighteen to enter into a legally binding contract. While the article does restate a provision in 12 U.S.C. 1765, NCUA believes the bylaws should include certain provisions in the FCU Act related to member rights, including those pertaining to minors. The proposal, therefore, retains the current language and includes a sentence with regard to the applicability of state law in these transactions.

Article XVI. General

One commenter asked that NCUA revise Section 3 so that the FCU's board or supervisory committee, or NCUA, can initiate the removal of directors and committee members, but not the membership who have called a special meeting for this purpose. NCUA disagrees with this suggestion and notes that the Model Business Corporation Act permits shareholders to call a special meeting to remove a director. MODEL BUS. CORP. ACT §§ 7.02(a)(2), 8.08(d) (2003). Furthermore, members have the power to elect directors under the FCU Act. 12 U.S.C. 1761(a). Inherent in their authority to elect is the power to remove to directors, so members must be able to initiate the removal process.

The proposal amends Section 6, as suggested by two commenters, to limit

director and committee member access to the FCU's books and records on the condition that they have a proper purpose. This change is consistent with longstanding NCUA policy.

One commenter suggested that NCUA remove Section 7, which requires each member to keep the FCU informed of his or her address but the proposal retains Section 7. NCUA believes this section should remain because the FCU Bylaws are a contract between the FCU and its members, and members should be aware of their responsibility to provide current contact information to the FCU.

Article XVIII. Definitions

The proposed FCU Bylaws make various adjustments to the definition section. The proposal deletes the definitions of "paid in and unimpaired capital" and "surplus" in Section 1 because the NCUA Board defined these phrases in NCUA's Definitions rule. 12 CFR 700.2(f). Section 1, however, retains the remaining definitions for ease of reference and moves the definition of "immediate family member" from Section 2 to Section 1. The proposal also rearranges the definitions in Section 1 in alphabetical order consistent with plain English principles.

The proposal removes Section 2 from Article XVIII because NCUA's Chartering and Field of Membership Manual contains all the field of membership-related definitions under Section 2. NCUA Interpretive Ruling and Policy Statement 03-1. If an FCU chooses to adopt a more restrictive definition of "immediate family member" or "household" for purposes of determining eligibility in the FCU's field of membership, the FCU may insert its own more restrictive definition in Section 1.

D. Request for Comments

NCUA seeks comment on the proposed changes to the FCU Bylaws, in addition to any other suggestions to improve or clarify the FCU Bylaws.

So that commenters may easily find the proposed changes in this notice, NCUA has used bold typeface to indicate article and section titles and also has placed the word "(NEW)" in bold to identify provisions with substantive amended language. Proposed deletions appear in brackets. For purposes of publishing this notice in the **Federal Register**, NCUA has identified credit union instructions using the word "Instruction." Further, nonsubstantive plain English changes are not indicated in this notice. A copy of the proposal that identifies each

change and deletion is available on NCUA's Web site or commenters may contact either of the individuals listed in the **FOR FURTHER INFORMATION CONTACT** paragraph above.

By the National Credit Union Administration Board on June 30, 2005.

Mary F. Rupp,

Secretary of the Board.

The Federal Credit Union Bylaws (NEW) Introduction

Effective date. After consideration of public comment, the National Credit Union Administration (NCUA) Board adopted these bylaws on _____. Unless a federal credit union has adopted bylaws before _____, it must adopt these revised bylaws.

Adoption of all or part of these bylaws. Although federal credit unions may retain any previously approved version of the bylaws, the NCUA Board encourages federal credit unions to adopt the revised bylaws because it believes they provide greater clarity and flexibility for credit unions and their officials and members. Federal credit unions may also adopt portions of the revised bylaws and retain the remainder of previously approved bylaws, but the NCUA Board cautions federal credit unions to be extremely careful. Federal credit unions must be careful because they run the risk of having inconsistent or conflicting provisions because of the various options the revised bylaws provide as well as other revisions in the text.

Bylaw amendments. Federal credit unions continue to have the flexibility to request a bylaw amendment if the need arises. NCUA must approve any bylaw amendments; federal credit unions may no longer adopt amendments from the "Standard Bylaw Amendments" booklet because the 1999 revisions to the bylaws included sufficient flexibility to make the separate list of standard bylaw amendments superfluous. Thus, NCUA no longer differentiates between "standard" and "nonstandard" bylaw amendments.

The procedure for approval of bylaw amendments is as follows:

- The federal credit union wishing to adopt a bylaw amendment must file a request with its regional director.
- The request must include the section of the bylaws to be amended; the reason for or purpose of the amendment, including an explanation of why the amendment is desirable and what it will accomplish for the credit union; and the specific, proposed wording of the amendment.

- After review by the regional director and consultation within the agency, the regional director will advise the credit union if a proposed amendment is approved.

Federal credit unions considering an amendment may find it useful to review the section of the agency website on bylaws that has opinions issued by the Office of General Counsel about particular bylaw amendments. Even if an identical amendment has been previously approved, the credit union must submit the proposed amendment to NCUA for review under the procedure listed above.

The nature of the bylaws. The Federal Credit Union Act requires the NCUA Board to prepare bylaws for federal credit unions. 12 U.S.C. 1758. The bylaws address a broad range of matters concerning a credit union's organization and governance, the relationship of the credit union to its members, and the procedures and rules a credit union follows. The bylaws supplement the broad provisions of: A federal credit union's charter, which establishes the existence of a federal credit union; the Federal Credit Union Act, which establishes the powers of federal credit unions; and NCUA regulations, which implement the Federal Credit Union Act. As a legal matter, a federal credit union's bylaws must conform to and cannot be inconsistent with any provision of its charter, the Federal Credit Union Act, NCUA regulations or other laws or regulations applicable to its operations.

NCUA's long standing view is the bylaws, among other effects, function as a contract between a credit union and its members. While NCUA provides guidance and interpretations of the bylaws, generally state corporate law, to the extent it is consistent with the Federal Credit Union Act and NCUA regulations, determines disputes regarding the enforcement of bylaw provisions. Therefore, NCUA generally does not become involved in resolving internal governance disputes in federal credit unions involving bylaw disputes unless a matter presents a safety and soundness concern.

BYLAWS

Federal Credit Union, Charter No.

(A corporation chartered under the laws of the United States)

Article I. Name—Purposes

Section 1. Name. The name of this credit union is as stated in Section 1 of the charter (approved organization certificate) of this credit union.

Section 2. Purposes. The purpose of this credit union is to promote thrift among its members by affording them an opportunity to accumulate their savings and to create for them a source of credit for provident or productive purposes.

Instruction: The credit union may add business as one of its purposes by placing a comma after "provident" and inserting "business."

Article II. Qualifications for Membership

Section 1. Field of membership. The field of membership of this credit union is limited to that stated in Section 5 of its charter.

Section 2. Membership application procedures. Applications for membership from persons eligible for membership under Section 5 of the charter must be signed by the applicant on forms approved by the board. The applicant is admitted to membership after approval of an application by a majority of the directors, a majority of the members of a duly authorized executive committee, or by a membership officer, and after subscription to at least one share of this credit union and the payment of the initial installment, and the payment of a uniform entrance fee if required by the board. If a person whose membership application is denied makes a written request, the credit union must explain the reasons for the denial in writing.

Section 3. Maintenance of membership share required. A member who withdraws all shareholdings or fails to comply with the time requirements for restoring his or her account balance to par value in Article III, Section 3, ceases to be a member. By resolution, the board may require persons readmitted to membership to pay another entrance fee.

Section 4. (NEW) Continuation of membership. Once a member becomes a member that person may remain a member until the person or organization chooses to withdraw or is expelled in accordance with the Act and Article XIV of these bylaws. A member who is disruptive to credit union operations may be subject to limitations on services and access to credit union facilities.

Instruction: A credit union that wishes to restrict services to members no longer within the field of membership should specify the restrictions in this section.

(NEW) Staff commentary on qualifications for membership:

Entrance fee—FCUs may not vary the entrance fee among different classes of members because the Act requires a

uniform fee. FCUs may, however, eliminate the entrance fee for all applicants.

Article III. Shares of Members

Section 1. **Par value.** The par value of each share will be \$ _____. Subscriptions to shares are payable at the time of subscription, or in installments of at least \$ _____ per month.

Section 2. **Cap on shares held by one person.** The board may establish, by resolution, the maximum amount of shares that any one member may hold.

Section 3. **Time periods for payment and maintenance of membership share.** A member who fails to complete payment of one share within _____ of admission to membership, or within _____ from the increase in the par value of shares, or a member who reduces the share balance below the par value of one share and does not increase the balance to at least the par value of one share within _____ of the reduction may be terminated from membership.

Section 4. **Transferability.** Shares may only be transferred from one member to another by an instrument in a form as the board may prescribe. Shares that accrue credits for unpaid dividends retain those credits when transferred.

Section 5. **Withdrawals.** Money paid in on shares or installments of shares may be withdrawn as provided in these bylaws or regulation on any day when payment on shares may be made provided, however, that

(a) The board has the right, at any time, to require members to give up to 60 days written notice of intention to withdraw the whole or any part of the amounts paid in by them.

(b) **(NEW)** (RESERVED) [The board may determine that, if shares are paid in under an accumulated payroll deduction plan as prescribed in the Accounting Manual for Federal Credit Unions, they may not be withdrawn until credited to members' accounts.]

(c) **(NEW)** No member may withdraw any shareholdings below the amount of the member's primary or contingent liability to the credit union if the member is delinquent as a borrower, or if borrowers for whom the member is comaker, endorser, or guarantor are delinquent, without the written approval of the credit committee or loan officer. Coverage of overdrafts under an overdraft protection policy does not constitute delinquency for purposes of this paragraph. Shares issued in an irrevocable trust as provided in Section 6 of this article are not subject to withdrawal restrictions except as stated in the trust agreement.

(d) **(NEW)** The share account of a deceased member (other than one held in joint tenancy with another member) may be continued until the close of the dividend period in which the administration of the deceased's estate is completed [, but not to exceed a period of 4 years].

(e) The board will have the right, at any time, to impose a fee for excessive share withdrawals from regular share accounts. The number of withdrawals not subject to a fee and the amount of the fee will be established by board resolution and will be subject to regulations applicable to the advertising and disclosure of terms and conditions on member accounts.

Section 6. **Trusts.** Shares may be issued in a revocable or irrevocable trust, subject to the following:

When shares are issued in a revocable trust, the settlor must be a member of this credit union in his or her own right. When shares are issued in an irrevocable trust, either the settlor or the beneficiary must be a member of this credit union. The name of the beneficiary must be stated in both a revocable and irrevocable trust. For purposes of this section, shares issued pursuant to a pension plan authorized by the rules and regulations will be treated as an irrevocable trust unless otherwise indicated in the rules and regulations.

Section 7. **(NEW) Joint accounts and membership requirements.**

Instruction: Select one option and check the box corresponding to that option.

Option A—Separate account not required to establish membership

Owners of a joint account may both be members of the credit union without opening separate accounts. For joint membership, both owners are required to fulfill all of the membership requirements including each member purchasing and maintaining at least one share in the account.

Option B—Separate account required to establish membership

Each member must purchase and maintain at least one share in a share account that names the member as the sole or primary owner. Being named as a joint owner of a joint account is insufficient to establish membership.

(NEW) Staff commentary on shares:

Installments—The Act requires credit unions to permit membership shares to be paid in installments.

Par value—FCUs may establish differing par values for different classes of members or types of accounts, provided this action does not violate

any federal, state or local antidiscrimination laws. For example, an FCU may want to establish a higher par value for recent credit union members, without requiring long-time members to bring their accounts up to the new par value. A differing par value may also be permissible for different types of accounts, such as requiring a higher par value for a member with only a share draft account. If a credit union adopts differing par values, all of the possible par values should be stated in Section 1.

Reduction in share balance below par value—When a member's account balance falls below the par value, Section 3 requires FCUs to allow members a minimum time period to restore their account balance to the par value before membership is terminated. FCUs may not delete this requirement or delete references to this requirement in Article II, Section 3.

Article IV. Meetings of Members

Section 1. **(NEW) Annual meeting.** The annual meeting of the members must be held [within the period authorized in the Act,] _____ in the county in which any office of the credit union is located or within a radius of 100 miles of an office, at the time and place as the board determines and announces in the notice of the annual meeting.

Instruction: Insert time for annual meeting, for example, "during the month of March/on the third Saturday of April/no later than March 31" in blank.

Section 2. **Notice of meetings required.** At least 30 but no more than 75 days before the date of any annual meeting or at least 7 days before the date of any special meeting of the members, the secretary must give written notice to each member by in person delivery, or by mailing the written notice to each member at the address that appears on the records of this credit union. Notice of the annual meeting may be given by posting the notice in a conspicuous place in the office of this credit union where it may be read by the members, at least 30 days before the meeting, if the annual meeting is to be held during the same month as that of the previous annual meeting and if this credit union maintains an office that is readily accessible to members where regular business hours are maintained. Any meeting of the members, whether annual or special, may be held without prior notice, at any place or time, if all the members entitled to vote, who are not present at the meeting, waive notice in writing, before, during, or after the meeting.

Notice of any special meeting must state the purpose for which it is to be held, and no business other than that related to this purpose may be transacted at the meeting.

Section 3. (NEW) Special meetings. Special meetings of the members may be called by the chair or the board of directors upon a majority vote, or by the supervisory committee as provided in these bylaws. A special meeting must be called by the chair within 30 days of the receipt of a written request of 25 members or 5% of the members as of the date of the request, whichever number is larger. However, a request of no more than [500] 750 members may be required to call a special meeting.

The notice of a special meeting must be given as provided in Section 2 of this article. Special meetings may be held at any location permitted for the annual meeting.

Section 4. (NEW) Items of business for annual meeting. The suggested order of business at annual meetings of members is—

(a) Ascertainment that a quorum is present.

(b) Reading and approval or correction of the minutes of the last meeting.

(c) Report of directors, if there is one. For credit unions participating in the Community Development Revolving Loan Program, the directors must report the credit union's progress on providing needed community services, unless a written report on this subject is sent to members, as required by NCUA Regulations.

(d) Report of the financial officer or the chief management official.

(e) Report of the credit committee, if there is one.

(f) Report of the supervisory committee, as required by Section 115 of the Act.

(g) Unfinished business.

(h) New business other than elections.

(i) Elections, as required by Section 111 of the Act.

(j) Adjournment.

To the extent consistent with these bylaws, all meetings of the members will be conducted according to _____. The order of business for the annual meeting may vary from the suggested order, provided it includes all required items and complies with the rules of procedure adopted by the credit union.

Instruction: The credit union must fill in the blank with one of the following authorities, noting the edition to be used: Democratic Rules of Order, The Modern Rules of Order, Robert's Rules of Order, or Sturgis' Standard Code of Parliamentary Procedure.

Section 5. Quorum. Except as otherwise provided, 15 members constitute a quorum at annual or special meetings. If no quorum is present, an adjournment may be taken to a date at least 7 but not more than 14 days thereafter. The members present at any adjourned meeting will constitute a quorum, regardless of the number of members present. The same notice must be given for the adjourned meeting as is prescribed in Section 2 of this article for the original meeting, except that the notice must be given at least 5 days before the date of the meeting as fixed in the adjournment.

Article V. Elections

Instruction: The credit union must select one of the four voting options. This may be done by printing the credit union's bylaws with the option selected or retaining this copy and checking the box of the option selected. All options continue with Section 3 of this article.

Option A1—In-person elections; nominating committee and nominations from floor

Section 1. Nomination procedures. At least 30 days before each annual meeting, the chair will appoint a nominating committee of three or more members. It is the duty of the nominating committee to nominate at least one member for each vacancy, including any unexpired term vacancy, for which elections are being held, and to determine that the members nominated are agreeable to the placing of their names in nomination and will accept office if elected.

Section 2. Election procedures. After the nominations of the nominating committee have been placed before the members, the chair calls for nominations from the floor. When nominations are closed, the chair appoints the tellers, ballots are distributed, the vote is taken and tallied by the tellers, and the results announced. All elections are determined by plurality vote and will be by ballot except where there is only one nominee for the office.

Option A2—In-person elections; nominating committee and nominations by petition

Section 1. Nomination procedures. At least 120 days before each annual meeting, the chair will appoint a nominating committee of three or more members. It is the duty of the nominating committee to nominate at least one member for each vacancy, including any unexpired term vacancy, for which elections are being held, and to determine that the members nominated are agreeable to the placing

of their names in nomination and will accept office if elected.

The nominating committee files its nominations with the secretary of the credit union at least 90 days before the annual meeting, and the secretary notifies in writing all members eligible to vote at least 75 days before the annual meeting that nominations for vacancies may also be made by petition signed by 1% of the members with a minimum of 20 and a maximum of 500.

(NEW) The written notice must indicate that the election will not be conducted by ballot and there will be no nominations from the floor when the number of nominees equals the number of positions to be filled. A brief statement of qualifications and biographical data in a form approved by the board of directors will be included for each nominee submitted by the nominating committee with the written notice to all eligible members. Each nominee by petition must submit a similar statement of qualifications and biographical data with the petition. The written notice must state the closing date for receiving nominations by petition. In all cases, the period for receiving nominations by petition must extend at least 30 days from the date that the petition requirement and the list of nominating committee's nominees are mailed to all members. To be effective, nominations by petition must be accompanied by a signed certificate from the nominee or nominees stating that they are agreeable to nomination and will serve if elected to office. Nominations by petition must be filed with the secretary of the credit union at least 40 days before the annual meeting and the secretary will ensure that nominations by petition, along with those of the nominating committee, are posted in a conspicuous place in each credit union office at least 35 days before the annual meeting.

Section 2. Election procedures. All persons nominated by either the nominating committee or by petition must be placed before the members. When nominations are closed, the chair appoints the tellers, ballots are distributed, the vote is taken and tallied by the tellers, and the results announced. All elections are determined by plurality vote and will be by ballot except where there is only one nominee for each position to be filled.

(NEW) If sufficient nominations are made by the nominating committee or by petition to provide at least as many nominees as positions to be filled, nominations cannot be made from the floor. [Nominations cannot be made from the floor unless insufficient nominations have been made by the

nominating committee or by petition to provide for one nominee for each position to be filled or circumstances prevent the candidacy of the one nominee for a position to be filled. Only those positions without a nominee are subject to nominations from the floor.] In the event nominations from the floor are permitted and result in more nominees than positions to be filled, when nominations have been closed, the chair appoints the tellers, ballots are distributed, the vote is taken and tallied by the tellers, and the results announced. When the number of nominees equals the number of [only one member is nominated for each] positions to be filled, the chair may take a voice vote or declare each nominee elected by general consent or acclamation at the annual meeting.

Option A3—Election by ballot boxes or voting machine; nominating committee and nomination by petition

Section 1. Nomination procedures. At least 120 days before each annual meeting, the chair will appoint a nominating committee of three or more members. It is the duty of the nominating committee to nominate at least one member for each vacancy, including any unexpired term vacancy, for which elections are being held, and to determine that the members nominated are agreeable to the placing of their names in nomination and will accept office if elected.

The nominating committee files its nominations with the secretary of the credit union at least 90 days before the annual meeting, and the secretary notifies in writing all members eligible to vote at least 75 days before the annual meeting that nominations for vacancies may also be made by petition signed by 1% of the members with a minimum of 20 and a maximum of 500.

(NEW) The written notice must indicate that the election will not be conducted by ballot and there will be no nominations from the floor when the [there is only one] number of nominees equals the number of [for each] positions to be filled. A brief statement of qualifications and biographical data in a form approved by the board of directors will be included for each nominee submitted by the nominating committee with the written notice to all eligible members. Each nominee by petition must submit a similar statement of qualifications and biographical data with the petition. The written notice must state the closing date for receiving nominations by petition. In all cases, the period for receiving nominations by petition must extend at least 30 days

from the date of the petition requirement and the list of nominating committee's nominees are mailed to all members. To be effective, nominations by petition must be accompanied by a signed certificate from the nominee or nominees stating that they are agreeable to nomination and will serve if elected to office. Nominations by petition must be filed with the secretary of the credit union at least 40 days before the annual meeting and the secretary will ensure that nominations by petition along with those of the nominating committee are posted in a conspicuous place in each credit union office at least 35 days before the annual meeting.

Section 2. Election procedures. All elections are determined by plurality vote. The election will be conducted by ballot boxes or voting machines, subject to the following conditions:

(a) The board of directors will appoint the election tellers;

(b) If sufficient nominations are made by the nominating committee or by petition to provide more nominees than positions to be filled, the secretary, at least 10 days before the annual meeting, will cause ballot boxes and printed ballots, or voting machines, to be placed in conspicuous locations, as determined by the board of directors with the names of the candidates posted near the boxes or voting machines. The name of each candidate will be followed by a brief statement of qualifications and biographical data in a form approved by the board of directors;

(c) After the members have been given 24 hours to vote at conspicuous locations as determined by the board of directors, the ballot boxes or voting machines will be opened, the vote tallied by the tellers, the tallies placed in the ballot boxes, and the ballot boxes resealed. The tellers are responsible at all times for the ballot boxes or voting machines and the integrity of the vote. A record must be kept of all persons voting and the tellers must assure themselves that each person voting is entitled to vote; and

(d) The tellers will take the ballot boxes to the annual meeting. At the annual meeting, printed ballots will be distributed to those in attendance who have not voted and their votes will be deposited in the ballot boxes placed by the tellers, before the beginning of the meeting, in conspicuous locations with the names of the candidates posted near them. After those members have been given an opportunity to vote at the annual meeting, balloting will be closed, the ballot boxes opened, the vote tallied by the tellers and added to the previous count, and the chair will announce the result of the vote.

Option A4—Election by electronic device (including but not limited to telephone and electronic mail) or mail ballot; nominating committee and nominations by petition

Section 1. Nomination procedures. At least 120 days before each annual meeting, the chair will appoint a nominating committee of three or more members. It is the duty of the nominating committee to nominate at least one member for each vacancy, including any unexpired term vacancy, for which elections are being held, and to determine that the members nominated are agreeable to the placing of their names in nomination and will accept office if elected.

(NEW) The nominating committee files its nominations with the secretary of the credit union at least 90 days before the annual meeting, and the secretary notifies in writing all members eligible to vote at least 75 days before the annual meeting that nominations for vacancies may also be made by petition signed by 1% of the members with a minimum of 20 and a maximum of 500. The secretary may use electronic mail to notify members who have opted to receive notices or statements electronically.

(NEW) The [written] notice must indicate that the election will not be conducted by ballot and there will be no nominations from the floor when the [there is only one] number of nominees equals the number of [for each] positions to be filled. A brief statement of qualifications and biographical data in a form approved by the board of directors will be included for each nominee submitted by the nominating committee with the [written] notice to all eligible members. Each nominee by petition must submit a similar statement of qualifications and biographical data with the petition. The [written] notice must state the closing date for receiving nominations by petition. In all cases, the period for receiving nominations by petition must extend at least 30 days from the date of the petition requirement and the list of nominating committee's nominees are mailed to all members. To be effective, nominations by petition must be accompanied by a signed certificate from the nominee or nominees stating that they are agreeable to nomination and will serve if elected to office. Nominations by petition must be filed with the secretary of the credit union at least 40 days before the annual meeting and the secretary will ensure that nominations by petition, along with those of the nominating committee, are posted in a conspicuous place in each

credit union office at least 35 days before the annual meeting.

Section 2. Election procedures. All elections are determined by plurality vote. All elections will be by electronic device or mail ballot, subject to the following conditions:

(a) The board of directors will appoint the election tellers;

(b) **(NEW)** If sufficient nominations are made by the nominating committee or by petition to provide more [than one] nominees than [for any] positions to be filled, the secretary, at least 30 days before the annual meeting, will cause either a printed ballot or notice of ballot to be mailed to all members eligible to vote. Electronic mail may be used to provide the notice of ballot to members who have opted to receive notices or statements electronically;

(c) If the credit union is conducting its elections electronically, the secretary will cause the following materials to be mailed to each eligible voter and the following procedures will be followed:

(1) One notice of balloting stating the names of the candidates for the board of directors and the candidates for other separately identified offices or committees. The name of each candidate must be followed by a brief statement of qualifications and biographical data in a form approved by the board of directors.

(2) **(NEW)** One mail ballot that conforms to Section 2(d) of this article and one instruction sheet stating specific instructions for the electronic election procedure, including how to access and use the system, and the period of time in which votes will be taken. The instruction will state that members without the requisite electronic device necessary to vote on the system may vote by submitting the enclosed mail ballot [upon written or telephone request] and specify the date the [request] mail ballot must be received by the credit union.

(3) It is the duty of the tellers of election to verify, or cause to be verified the name of the voter and the credit union account number as they are registered in the electronic balloting system. It is the duty of the teller to test the integrity of the balloting system at regular intervals during the election period.

(4) Ballots must be received no later than midnight, 5 calendar days before the annual meeting.

(5) [Voting will be closed at the midnight deadline specified in subsection (4) hereof and the] The vote will be tallied by the tellers. The result must be verified at the annual meeting and the chair will make the result of the vote public at the annual meeting.

(6) **(NEW)** In the event of malfunction of the electronic balloting system, the board of directors may in its discretion order elections be held by mail ballot only. The mail ballots must conform to Section 2(d) of this article and must be mailed once more to all eligible members 30 days before the annual meeting. The board may make reasonable adjustments to the voting time frames above, or postpone the annual meeting when necessary, to complete the elections before the annual meeting.

(d) If the credit union is conducting its election by mail ballot, the secretary will cause the following materials to be mailed to each member and the following procedures will be followed:

(1) **(NEW)** One ballot, clearly identified as the ballot on which the names of the candidates for the board of directors and the candidates for other separately identified offices or committees are printed in random order [as determined by the draw of lots]. The name of each candidate will be followed by a brief statement of qualifications and biographical data in a form approved by the board of directors;

(2) One ballot envelope clearly marked with instructions that the completed ballot must be placed in that envelope and sealed;

(3) One identification form to be completed so as to include the name, address, signature and credit union account number of the voter;

(4) One mailing envelope in which the voter, following instructions provided with the mailing envelope, must insert the sealed ballot envelope and the identification form, and which must have postage prepaid and be preaddressed for return to the tellers;

(5) **(NEW)** When properly designed with features that preserve the secrecy of the ballot, one form can be printed that represents a combined ballot and identification form, and postage prepaid and preaddressed return envelope;

(6) It is the duty of the tellers to verify, or cause to be verified, the name and credit union account number of the voter as appearing on the identification form; to place the verified identification form and the sealed ballot envelope in a place of safekeeping pending the count of the vote; in the case of a questionable or challenged identification form, to retain the identification form and sealed ballot envelope together until the verification or challenge has been resolved;

(7) Ballots mailed to the tellers must be received by the tellers no later than midnight 5 days before the date of the annual meeting;

(NEW) Staff commentary on the election process:

Eligibility requirements: The Act and the FCU Bylaws contain the only eligibility requirements for membership on an FCU's board of directors, which are as follows:

(a) The individual must be a member of the FCU before distribution of ballots;

(b) The individual cannot have been convicted of a crime involving dishonesty or breach of trust unless the NCUA Board has waived the prohibition for the conviction; and

(c) The individual meets the minimum age requirement established under Article V, Section 7 of the FCU Bylaws.

Anyone meeting the three eligibility requirements may run for a seat on the board of directors if properly nominated. It is the nominating committee's duty to ascertain that all nominated candidates, including those nominated by petition, meet the eligibility requirements.

Nomination criteria for nominating committee: The FCU Act and the FCU Bylaws do not prohibit a board of directors from establishing reasonable criteria, in addition to the eligibility requirements, for a nominating committee to follow in making its nominations, such as financial experience, years of membership, or conflict of interest provisions. The board's nomination criteria, however, applies only to individuals nominated by the nominating committee; they cannot be imposed on individuals who meet the eligibility requirements and are properly nominated from the floor or by petition.

Candidates' names on ballots: When producing an election ballot, the FCU's secretary may order the names of the candidates on the ballot using any method for selection provided it is random and used consistently from year to year so as to avoid manipulation or favoritism.

Secret ballots: An FCU must establish an election process that assures members their votes remain confidential and secret from all interested parties. If the election process does not separate the member's identity from the ballot,

FCUs should use a third-party teller that has sole control over completed ballots. If the ballots are designed so that members' identities remain secret and are not disclosed on the ballot, FCUs may use election tellers from the FCU. In any case, FCU employees, officials, and members must not have access to ballots identifying members or to information that links members' votes to their identities.

Plurality voting: At least one nominee must be nominated for each vacant seat. When there are more nominees than seats open for election, the nominees who receive the greatest number of votes are elected to the vacant seats.

Electronic Tariff Filings

July 6, 2005.

AGENCY: Federal Energy Regulatory Commission, DOE.

ACTION: Notice of additional proposals and procedures.

SUMMARY: The Federal Energy Regulatory Commission is making additional proposals, requesting comments, and establishing procedures related to its July 8, 2004, Notice of Proposed Rulemaking (69 FR 43929) (NOPR). The Commission is proposing to revise its prior proposal that natural gas companies and public utilities file pre-existing agreements electronically. The Commission is proposing that only current tariffs and future agreements, and not pre-existing non-conforming rate schedules and agreements, be filed electronically. The Commission is proposing to permit electronic service of all initial and subsequent tariff filings upon the implementation of electronic tariff filing. The Commission is seeking

comment on whether oil pipelines should utilize an approach to tariff filing that differs from the approach to be utilized in the gas pipeline and electric industries. In addition, Commission staff will be establishing a second technical conference in the next few months once the changes to the Commission's software that have been identified are completed. Comments on the non-regulatory text portion of the proposal are anticipated to be due within 60 days after the conference. A future notice will be issued announcing a date for a second technical conference to discuss the electronic tariff filing software to be used in compliance with the NOPR.

DATES: August 1, 2005, for comments on the proposed regulatory text, electronic service, and any changes to the method of filing for oil pipelines.

ADDRESSES: Comments may be filed electronically via the eFiling link on the Commission's Web site at <http://www.ferc.gov>. Commenters unable to file comments electronically must send an original and 14 copies of their comments to: Federal Energy Regulatory Commission, Office of the Secretary, 888 First Street, NE., Washington, DC 20426. Refer to the Comment Procedures section of the preamble of the Notice of Proposed Rulemaking for additional information on how to file comments.

SUPPLEMENTARY INFORMATION:

Notice of Additional Proposals and Procedures

1. In a Notice of Proposed Rulemaking (NOPR) issued on July 8, 2004, the Commission proposed to require public utilities, gas and oil pipelines to file tariff and tariff related material electronically.¹ Since the issuance of the

¹ *Electronic Tariff Filings, Notice of Proposed Rulemaking*, 69 FR 43939 (July 23, 2004) FERC

NOPR, Commission staff has been working with industry to develop electronic tariff (eTariff) filing software that will meet the needs of industry, the Commission, and the public alike. In recognition of the complex nature of creating electronic tariff and rate case filing software, the Commission staff hosted a technical conference on June 1, 2005, to discuss the software that has been developed thus far.

2. Based on the results of these efforts, the Commission is proposing two changes to the NOPR intended to ease utilities' burdens in complying and to expand the efficiency of the electronic filing process. The Commission is proposing to exempt old, paper versions of agreements and tariffs that are not being revised frequently from the electronic filing requirement. The Commission also is proposing to allow participants to electronically serve tariff and tariff related material once electronic tariff filing is implemented. Additionally, the Commission is seeking comments on whether oil pipelines should utilize an approach to tariff filing that differs from the approach to be utilized in the gas pipeline and electric industries.

3. Further, the Commission is instructing staff to establish a procedural schedule with respect to completion of the electronic tariff software. The electronic tariff software is being revised to incorporate, where practically feasible, functions requested by conference participants. Staff will hold a second technical conference once the eTariff filing software incorporates these changes, so that the industries can see a demonstration of the functional software. Comments on the software will likely be due 60 days after the second technical conference. The technical conference and comment dates will be announced in a subsequent notice.

Proposed Changes to the NOPR

Reduction in Compliance Obligations

4. The Commission's July 8 NOPR proposed that regulated entities convert old or non-conforming paper rate schedules and agreements, for which an electronic version does not exist, into electronic word searchable sections. In light of the technical conference discussion, the Commission proposes to ease the burden of compliance by not requiring regulated entities to convert these materials into electronic format. However, if the materials are amended or changed and refiled, the Commission will require that regulated entities
