## DEPARTMENT OF JUSTICE

**[AAG/A Order No. 018-2005]**

### Privacy Act of 1974; Modification of System of Records

Pursuant to the provisions of the Privacy Act of 1974, 5 U.S.C. 552a, notice is given that the Department of Justice proposes to modify the Departmentwide system of records entitled, "Department of Justice Regional Data Exchange System (RDEX)" DOJ-012, previously published in full text in the **Federal Register** on July 11, 2005 (70 FR 39790).

This system is being modified as follows:

(1) The Categories Of Individuals Covered By The System And The Categories Of Records In The System are being modified to reflect that information in RDEX that originated with the Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF), the Drug Enforcement Administration (DEA), and the Federal Bureau of Investigation (FBI) will no longer be limited to information from the State of Washington field offices of those components. This modification is necessary due to the expansion of the RDEX pilot project to include other regional sharing initiatives;

(2) The Purpose Of the System is being modified to reflect that in addition to consolidating certain law enforcement information from other Department of Justice systems, in some instances RDEX will include information from such other systems that has been structured in order to facilitate sharing initiatives; and

(3) The System Managers and Addresses portion of the notice is being modified to reflect that requests for information about the RDEX system generally should be sent to the FBI rather than the Chief Information Officer, Justice Management Division, as it was subsequently determined that the FBI would serve as the system and security administrator for RDEX.

The RDEX system is part of the Department's Law Enforcement Information Sharing Program (LEISP). The expansion of the RDEX pilot

program to include other regional sharing initiatives and the concomitant modifications to the RDEX system notice to reflect such expansion serve to further the LEISP's principal purpose of ensuring that Department of Justice criminal law enforcement information is available for users at all levels of government so that they can more effectively investigate, disrupt, and deter criminal activity, including terrorism, and protect the national security.

The Department is providing a report of this modification to OMB and Congress.

Dated: November 22, 2005.

*Assistant Attorney General for Administration.*
