

location where they can be updated, saved, or sent at any time.

The public reporting burden for the collection of the data will vary from 20 to 240 minutes, with an average of 90 minutes for both, the OF 612 and the online resume builder. This time estimate includes time for reviewing instructions, searching existing data sources, gathering data, and completing and reviewing the information.

OF 612—burden hours calculation:
Estimated number of respondents: 245,000.

Average time to complete the OF 612: 90 min. (1.5 hours). $245,000 \times 1.5 = 367,500$ burden hours.

Federal Resume—burden hours calculation:

Estimated number of respondents: 3,510,600.

Average time to complete the on-line resume builder: 90 min. (1.5 hours). $3,510,600 \times 1.5 = 5,265,900$ burden hours.

The dramatic upsurge in responses is due to expansion and acceptance of resumes in the Federal application process and the advancement of technology to provide for online application, as well as increased interest by job seekers in Federal employment as evidenced by an eightfold growth in visits to the USAJOBS Federal employment information system in FY 2004 over FY 2003. The increase in time is based on new requirements that job applicants provide accreditation information for institutions of higher education from which they have received a degree. As job applicants will need to verify their education against this new requirement, the OF-612 or Federal resume will take longer to complete than it has in the past.

As a result of the 60-day notice, OPM received one comment expressing concern about the additional burden for applicants. The reason for this extra burden was the requirement that applicants provide accreditation information for institutions of higher education from which they have received degrees. OPM has determined that this was a valid concern. Therefore, the OF 612 and the resume builder will contain specific instructions to the applicant to list only degrees from facilities that have been duly accredited by the U.S. Department of Education or other education that meets the

provisions of OPM's Operating Manual at <http://www.opm.gov/qualifications/SEC-II/s2-e4.htm>, and not from non-accredited or bogus institutions.

RAILROAD RETIREMENT BOARD

Proposed Collection; Comment Request

Summary: In accordance with the requirement of Section 3506 (c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of

automated collection techniques or other forms of information technology.

Title and Purpose of information collection: Continuing Disability Report; OMB 3220-0187.

Under Section 2 of the Railroad Retirement Act, an annuity is not payable or is reduced for any month in which the annuitant works for a railroad or earns more than prescribed dollar amounts from either non-railroad employment or self-employment. Certain types of work may indicate an annuitant's recovery from disability. The provisions relating to the reduction or non-payment of annuities by reasons of work and an annuitant's recovery from disability for work are prescribed in 20 CFR 220.17-220.20. The RRB conducts continuing disability reviews (CDR) to determine whether annuitants continue to meet the disability requirements of the law. Provisions relating to when and how often the RRB conducts CDR's are prescribed in 20 CFR 220.186.

Form G-254, Continuing Disability Report, is used by the RRB to develop information for CDR determinations, including determinations prompted by a report of work, return to railroad service, allegations of medical improvement, or routine disability call-up. The RRB provides significant non-burden impacting editorial and formatting changes. The editorial changes are proposed largely to provide better instructions and to clarify information currently requested.

Form G-254a, Continuing Disability Update Report, is used to help identify disability annuitants whose work activity and/or recent medical history warrants a more extensive review and thus completion of Form G-254. The RRB proposes non-burden impacting changes to Form G-254a to delete items no longer necessary and to add the Paperwork Reduction Act/Privacy notice that had previously been part of an accompanying transmittal letter.

One response is requested of each respondent to Form G-254 and G-254a. Completion is required to retain a benefit.

Estimate of Annual Respondent Burden

The estimated annual respondent burden is as follows:

Form	Annual responses	Time (min)	Burden (hrs)
G-254	1,500	5-35	623
G-254a	1,500	5	125

Additional Information or Comments: To request more information or to obtain a copy of the information collection justification, forms, and/or supporting material, please call the RRB Clearance Officer at (312) 751-3363 or send an e-mail request to Charles.Mierzwa@RRB.GOV. Comments regarding the information collection should be addressed to Ronald J. Hodapp, Railroad Retirement Board, 844 North Rush Street, Chicago, Illinois 60611-2092 or send an e-mail to Ronald.Hodapp@RRB.GOV. Written comments should be received within 60 days of this notice.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 52145/July 28, 2005]

Securities Exchange Act Of 1934; Order Regarding Alternative Net Capital Computation for Morgan Stanley & Co., Which Has Elected To Be Supervised on a Consolidated Basis

Morgan Stanley & Co. ("MS"), a broker-dealer registered with the Securities and Exchange Commission ("Commission"), and its ultimate holding company, Morgan Stanley ("MSGGroup"), have indicated their desire to be supervised by the Commission as a consolidated supervised entity ("CSE"). MS, therefore, has submitted an application to the Commission for authorization to use the alternative method of computing net capital contained in Appendix E to Rule 15c3-1 (17 CFR 240.15c3-1e) to the Securities Exchange Act of 1934 ("Exchange Act").

Based on a review of the application that MS submitted, the Commission has determined that the application meets the requirements of Appendix E. The Commission also has determined that MSGGroup is in compliance with the terms of its undertakings, as provided to the Commission under Appendix E. The Commission, therefore, finds that approval of the application is necessary or appropriate in the public interest or for the protection of investors.

Accordingly,

It is ordered, under paragraph (a)(7) of Rule 15c3-1 (17 CFR 240.15c3-1) to the Exchange Act, that MS may calculate net capital using the market risk standards of Appendix E to compute a deduction for market risk on some or all

of its positions, instead of the provisions of paragraphs (c)(2)(vi) and (c)(2)(vii) of Rule 15c3-1, and using the credit risk standards of Appendix E to compute a deduction for credit risk on certain credit exposures arising from transactions in derivatives instruments, instead of the provision of paragraph (c)(2)(iv) of Rule 15c3-1.

By the Commission.

Margaret H. McFarland,

Deputy Secretary.
