Heavy Forged Hand Tools, Finished or Unfinished, With or Without Handles, From the People's Republic of China: Final Results of Antidumping Duty Administrative Reviews and Final Rescission and Partial Rescission of Antidumping Duty Administrative Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On March 10, 2005, the Department ("Department") published in the **Federal Register** the preliminary results of the administrative review of the antidumping duty order on heavy forged hand tools, finished or unfinished, with or without handles ("HFHTs"), from the People's Republic of China ("PRC"). See *Heavy Forged Hand Tools, Finished or Unfinished, With or Without Handles, From the People's Republic of China: Preliminary Results of Administrative Reviews and Preliminary Partial Rescission of Antidumping Duty Administrative Reviews*, 70 FR 11934 (March 10, 2005) ("*Preliminary Results*"). We gave interested parties an opportunity to comment on the *Preliminary Results* and conducted verification of two Respondents. Based upon our analysis of the comments and information received, we made changes to the dumping margin calculations for the final results. We find that certain manufacturers/exporters sold subject merchandise at less than normal value during the POR.

EFFECTIVE DATE: September 19, 2005.

FOR FURTHER INFORMATION CONTACT: Paul Walker or Julia Hancock, AD/CVD

Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone: (202) 482-0413 or (202) 482-1394, respectively.

SUPPLEMENTARY INFORMATION:

Case History

The *Preliminary Results* in this administrative review were published on March 10, 2005. Since the *Preliminary Results*, the following events have occurred:

On March 18, 2005, the Department sent pre-verification questionnaires to TMC and Huarong. On March 22, 2004, the Department served the verification schedules for TMC and Huarong on all interested parties. On March 28, 2005, TMC and Huarong submitted their responses to the Department's March 18, 2005 pre-verification questionnaires.

On April 4, 2005, TMC submitted a request for an extension of time to prepare for verification. On April 5, 2005, TMC withdrew its request for an extension of time to prepare for verification. On April 5, 2005, the Department sent a second pre-verification questionnaire to TMC. On April 8, 2005, TMC submitted its response to the Department's second pre-verification questionnaire. The Department conducted verification of the data submitted by Huarong and TMC on April 11-15, 2005 and April 18-20, 2005, respectively.

On April 18, 2005, the Department received Huarong's verification Exhibits. On April 22, 2005, the Department received TMC's verification Exhibits. On April 27, 2005, Shandong Jinma Industrial Group Company, Ltd. ("Jinma") requested that the reviews be rescinded with respect to Jinma. On May 17, 2005, the verification report for Huarong was completed. On May 23, 2005, the verification report for TMC was completed.

On June 7, 2005, the Department preliminarily rescinded the review with respect to Jinma and requested that parties comment on this rescission in their briefs. On June 13, 2005, the Petitioner¹ and Respondents submitted their case briefs. On June 20, 2005, the Petitioner and Respondents submitted their rebuttal briefs.

On June 27, 2005, the Department extended the time limit for completion of the final results of the instant administrative review. See *Heavy Forged Hand Tools, Finished or Unfinished, With or Without Handles, From the People's Republic of China:*

Extension of Time Limit for the Final Results of the Antidumping Duty Administrative Review, 70 FR 36928 (June 27, 2005).

Scope of the Order

The products covered by these orders are HFHTs comprising the following classes or kinds of merchandise: (1) Hammers and sledges with heads over 1.5 kg (3.33 pounds) (hammers/sledges); (2) bars over 18 inches in length, track tools and wedges (bars/wedges); (3) picks and mattocks (picks/mattocks); and (4) axes, adzes and similar hewing tools (axes/adzes).

HFHTs include heads for drilling hammers, sledges, axes, mauls, picks and mattocks, which may or may not be painted, which may or may not be finished, or which may or may not be imported with handles; assorted bar products and track tools including wrecking bars, digging bars, and tampers; and steel woodsplitting wedges. HFHTs are manufactured through a hot forge operation in which steel is sheared to required length, heated to forging temperature, and formed to final shape on forging equipment using dies specific to the desired product shape and size. Depending on the product, finishing operations may include shot blasting, grinding, polishing and painting, and the insertion of handles for handled products. HFHTs are currently provided for under the following Harmonized Tariff Schedule of the United States ("HTSUS") subheadings: 8205.20.60, 8205.59.30, 8201.30.00, and 8201.40.60. Specifically excluded from these investigations are hammers and sledges with heads 1.5 kg. (3.33 pounds) in weight and under, hoes and rakes, and bars 18 inches in length and under.

The Department has issued six conclusive scope rulings regarding the merchandise covered by these orders: (1) On August 16, 1993, the Department found the "Max Multi-Purpose Axe," imported by the Forrest Tool Company, to be within the scope of the axes/adzes order; (2) on March 8, 2001, the Department found "18-inch" and "24-inch" pry bars, produced without dies, imported by Olympia Industrial, Inc. and SMC Pacific Tools, Inc., to be within the scope of the bars/wedges order; (3) on March 8, 2001, the Department found the "Pulaski" tool, produced without dies by TMC, to be within the scope of the axes/adzes order; (4) on March 8, 2001, the Department found the "skinning axe," imported by Import Traders, Inc., to be within the scope of the axes/adzes order; (5) on December 9, 2004, the Department found the "MUTT,"

¹ Ames True Temper.

imported by Olympia Industrial, Inc., under HTSUS 8205.59.5510, to be within the scope of the axes/adzes order; and (6) on May 23, 2005, the Department found 8 inch by 8 inch and 10 inch by 10 inch cast tampers, imported by Olympia Industrial, Inc. to be outside the scope of the orders.

We also note that on May 12, 2005, the Department initiated a formal scope inquiry on the "Mean Green Splitting Machine" imported by Avalanche Industries. This decision is currently due on September 23, 2005.

Rescission of Review

We preliminarily rescinded these reviews with respect to Shanghai Xinike Trading Company, Ltd. ("Olympia Shanghai"), Ningbo Tiangong Great Star Tools Company, Ltd. ("Ningbo"), Fexian Hualu Tool Company, Ltd. ("Fexian"), Jinhua Twin-Star Tools Company ("Jinhua"), Ltd. and Zhangjiagang Tianda Special Hardware Company, Ltd. ("Zhangjiagang"), which reported that they did not sell merchandise subject to any of the four HFHT antidumping orders during the POR. See Preliminary Results at 11937. As stated above, on June 7, 2005, the Department preliminarily rescinded the reviews with respect to Jinma, which requested on April 27, 2005, that the reviews be rescinded because it did not sell merchandise subject to any of the four HFHT antidumping orders during the POR. See the Department's June 7, 2005 letter to All Interested Parties.

For Olympia Shanghai, Ningbo, Fexian, Jinhua, Zhangjiagang and Jinma, the Department reviewed data from Customs and Border Protection ("Customs"), which supports the claims that these companies did not export subject merchandise during the POR. Furthermore, no party has placed evidence on the record demonstrating that these companies exported the merchandise identified above during the POR. Therefore, in accordance with 19 CFR 351.213(d)(3) and consistent with the Department's practice, we are rescinding these administrative reviews with respect to the companies and merchandise identified above.

In addition, we also preliminarily rescinded the review of Huarong with respect to the hammers/sledges and picks/mattocks orders, since Huarong reported that they made no shipments of subject hammers/sledges and picks/mattocks during the POR. See Preliminary Results at 11937.

The Department reviewed Customs data which supports the claim that Huarong did not export hammers/sledges and picks/mattocks during the POR. Furthermore, no party has placed

evidence on the record demonstrating that Huarong exported the merchandise identified above during the POR. Therefore, in accordance with 19 CFR 351.213(d)(3) and consistent with the Department's practice, we are rescinding these administrative reviews on hammers/sledges and picks/mattocks with respect to Huarong.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to this proceeding and to which we have responded are listed in the Appendix to this notice and addressed in the Issues and Decision Memorandum, which is hereby adopted by this notice. Parties can find a complete discussion of the issues raised in this administrative review and the corresponding recommendations in this public memorandum which is on file in the Central Records Unit (CRU), room B-099 of the main Department building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the internet at <http://ia.ita.doc.gov/>. The paper copy and electronic version of the Issues and Decision Memorandum are identical in content.

Verification

As provided in section 782(i) of the Act, we verified the information submitted by TMC and Huarong for use in our final results. See the Department's verification reports on the record of this investigation in the CRU with respect to TMC and Huarong. For all verified companies, we used standard verification procedures, including examination of relevant accounting and production records, as well as original source documents provided by the Respondents.

During verification, TMC informed the Department that its supplier of picks/mattocks had all accounting books seized by the Tianjin Tax Authority, thereby rendering the Department unable to verify any of TMC's factors of production for picks/mattocks. See *Memorandum to the File from Paul Walker, Verification of Sales for Tianjin Machinery Import & Export Corporation in the 13th Administrative Review of Heavy Forged Hand Tools from the People's Republic of China*, dated May 23, 2005.

Facts Available

In the Preliminary Results, we based the dumping margins for Huarong and TMC on total adverse facts available ("AFA") for their sales of merchandise subject to certain HFHT's orders pursuant to sections 776(a) and 776(b)

of the Tariff Act of 1930, as amended (the "Act"). See *Preliminary Results*, 70 FR 11934 at 11938-39. We continue to apply total AFA to Huarong for bars/wedges and TMC for bars/wedges, axes/adzes and hammers/sledges because they significantly impeded our ability to (1) conduct the reviews of these orders, and (2) instruct Customs to assess the correct antidumping duties, as mandated by section 731 of the Act. Huarong and TMC participated in an "agent" sales scheme whereby one PRC company allowed another PRC company to enter subject merchandise using the first company's invoices. In addition, we have applied total AFA to TMC in the review of the picks/mattocks order due to TMC's failed FOP verification. See Issues and Decision Memorandum at Comment 9 (a). Lastly, we continue to find that the companies that constitute the PRC-wide entity, which did not establish entitlement to a separate rate, failed to provide requested information. For this reason, we continue to find that, in accordance with sections 776(a)(2)(A), (B), and (C) of the Act, it is appropriate to base the PRC-wide margin in these reviews on total AFA.

Section 776(b)(4) of the Act permits the Department to use, as AFA, information from the less than fair value ("LTFV") investigation or any prior review. Thus, in selecting an AFA rate, the Department's practice has been to assign Respondents who fail to cooperate with the Department's requests for information the highest margin determined for any party in the LTFV investigation or in any administrative review. See, e.g., *Stainless Steel Plate in Coils from Taiwan; Preliminary Results and Rescission in Part of Antidumping Duty Administrative Review*, 67 FR 5789 (February 7, 2002). As AFA, we are assigning to the PRC-wide entity's sales of axes/adzes, bars/wedges, hammers/sledges, and picks/mattocks the rates of 174.58, 139.31, 45.42, and 98.77 percent, respectively. The rates selected for bars/wedges was published in the most recently completed review of the HFHT's orders. See *Heavy Forged Hand Tools, Finished or Unfinished, With or Without Handles, From the People's Republic of China: Final Results of Antidumping Duty Administrative Reviews, Final Partial Rescission of Antidumping Duty Administrative Reviews, and Determination Not To Revoke in Part*, 69 FR 55581 (September 15, 2004) ("*Final Results of the 12th Review*") as amended. The rate selected as AFA for hammers/sledges was originally from the LTFV investigation

and is currently the PRC-wide rate. See *Final Results of the 12th Review* as amended. The rate for axes/adzes was calculated in the instant review. The rate for picks/mattocks was calculated in the 5th review and corroborated in the Final Results of the 12th Review as amended.

A complete explanation of the selection, corroboration, and application of AFA can be found in the *Preliminary Results*. See *Preliminary Results*, 70 FR at 11938–41. The Department received comments and rebuttal comments with regard to certain aspects of our selection and application of AFA. See Issues and Decision Memorandum, at Comments 2, 3, 8 and 9. Nothing has changed since the *Preliminary Results* that would affect the Department's selection, corroboration, and application of facts available for the above-referenced companies and orders, except for the AFA rate used for picks/mattocks. Accordingly, for the final results, we continue to apply AFA as noted above.

Final Results of Review

The weighted-average dumping margins for the POR are as follows:

Manufacturer/exporter	Margin (percent)
Huarong:	
Axes/Adzes	174.58
PRC-Wide Entity ² :	
Axes/Adzes	174.58
Bars/Wedges	139.31
Hammers/Sledges	45.42
Picks/Mattocks	98.77

²Including TMC for all four orders (hammers/sledges, bars/wedges, axes/adzes and picks/mattocks) and Huarong for the bars/wedges order.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the final results of these administrative reviews for all shipments of HFHTs from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice, as provided for by section 751(a)(1) of the Act: (1) The cash deposit rates for the reviewed companies named above will be the rates for those firms established in the final results of these administrative reviews; (2) for any previously reviewed or investigated PRC or non-PRC exporter, not covered in these reviews, with a separate rate, the cash deposit rate will be the company-specific rate established in the most recent segment of these proceedings; (3) for all other PRC exporters, the cash deposit rates will be the PRC-wide rates established in the final results of these reviews; and (4) the cash deposit rate for any non-PRC exporter of subject

merchandise from the PRC who does not have its own rate will be the rate applicable to the PRC exporter that supplied the non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative reviews.

The PRC-Wide Cash Deposit Rates

The current PRC-wide cash deposit rates are 174.58 percent for axes/adzes, 139.31 percent for bars/wedges, 45.42 percent for hammers/sledges, and 98.77 percent for picks/mattocks. These deposit requirements shall remain in effect until publication of the final results of the next administrative reviews.

Assessment Rates

Upon completion of these administrative reviews, the Department will determine, and Customs shall assess, antidumping duties on all appropriate entries. In accordance with 19 CFR 351.212(b)(1), for the respondent receiving a calculated dumping margin, we calculated importer-specific per-unit duty assessment rates based on the ratio of the total amount of the dumping duties calculated for the examined sales to the total quantity of those same sales. These importer-specific per-unit rates will be assessed uniformly on all entries of each importer that were made during the POR. In accordance with 19 CFR 351.106(c)(2), we will instruct Customs to liquidate without regard to antidumping duties any entries for which the importer-specific assessment rate is *de minimis* (i.e., less than 0.5 percent *ad valorem*). In testing whether any importer-specific assessment rate is *de minimis*, we used the reported data to calculate the freight on board at the port of export ("FOB") price of U.S. sales and used this FOB price as an estimate for the entered value. For all shipments of subject merchandise for the four antidumping orders covering HFHTs from the PRC, exported by the respondents and imported by entities not identified by the respondents in their questionnaire responses, we will instruct Customs to assess antidumping duties at the cash deposit rate in effect on the date of the entry. Lastly, for the respondents receiving dumping rates based upon AFA, the Department, upon completion of these reviews, will instruct Customs to liquidate entries according to the AFA *ad valorem* rate. The Department will issue appraisal instructions directly to Customs upon the completion of the final results of these administrative reviews.

Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective orders ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing these results and notice in accordance with sections 751(a) and 777(i) of the Act.

Dated: September 6, 2005.

Joseph A Spetrini,

Acting Assistant Secretary for Import Administration.

Certain Iron-Metal Castings from India: Notice of Amended Final Results Pursuant to Final Court Decision

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On June 16, 2005, the United States Court of International Trade (CIT) sustained the Department of Commerce's (the Department) July 9, 2004, *Final Results of Redetermination on Remand Pursuant to Kiswok Industries Pvt. Ltd. v. United States*, pursuant to Slip Op. 04-54 (CIT May 20, 2004), (*Remand Determination*), which pertains to *Certain Iron-Metal Castings from India: Final Results of Countervailing Duty Administrative Review*, 65 FR 31515 (May 18, 2000) (*Iron-Metal Castings*). See *Kiswok Industries Pvt. Ltd. and Calcutta Ferrous Ltd. v. United States*, Court No. 00-03-00127, Slip. Op. 05-73 (CIT, June 16, 2005). Because all litigation in this matter has concluded, the Department is issuing amended final results for *Iron-Metal Castings* in accordance with the CIT's decision.

EFFECTIVE DATE: July 20, 2005

FOR FURTHER INFORMATION CONTACT: Robert Copyak, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave., N.W., Washington, DC 20230; telephone: (202) 482-2209.

SUPPLEMENTARY INFORMATION:**Background**

On May 18, 2000, the Department published its final results of administrative review in *Iron-Metal Castings*. Calcutta Ferrous Ltd. and

Kiswok Industries Pvt. Ltd. (collectively "respondents") challenged the Department's final results before the CIT. In the administrative review, Calcutta Ferrous Ltd. argued that "in calculating the benefits received by castings exporters from export loans, Commerce failed to take into account penalty interest paid at interest rates higher than the benchmark." See Comment 7 of the May 18, 2000, Issues and Decision Memorandum that accompanied *Iron-Metal Castings*. In *Kiswok Industries Pvt. Ltd. and Calcutta Ferrous Ltd. v. United States*, Slip Op. 04-54 (CIT May 20, 2004) (*Kiswok v. United States*), the Court concurred with Calcutta Ferrous Ltd.'s position. *Id.* at 15-18. The Court also disagreed with Commerce's position in *Iron-Metal Castings* that the overdue portion of the loan becomes a new loan with a new applicable interest rate. *Id.* at 17-18.

In light of the Court's instructions in *Kiswok v. United States*, the Department, in its redetermination, recalculated the benefit Calcutta Ferrous Ltd. realized from its preferential loans, taking into account all of the interest paid thereon. See *Remand Determination*. The Department recalculated the program rate with respect to Calcutta Ferrous' export credit loans to be 0.22 percent *ad valorem*. With this change in the program rate, the final rate for Calcutta Ferrous changed to 9.25 percent *ad valorem*. No party submitted comments regarding the Department's Remand Determination. On June 16, 2005, the CIT sustained the Department's redetermination in all respects and thus affirmed the Department's recalculations.

On July 20, 2005, the Department, consistent with the decision of the United States Court of Appeals for the Federal Circuit in *Timken Co. v. United States*, 893 F.2d 337 (Fed. Cir. 1990), notified the public that the *Kiswok v. United States* decision was "not in harmony" with the Department's original results. See *Certain Iron-Metal Castings from India: Notice of Court Decision and Suspension of Liquidation*, 70 FR 41687 (July 20, 2005) (*Timken Notice*). The *Timken Notice* continued the suspension of liquidation, and further informed that if the CIT's decision was not appealed, or if appealed and the appeal was upheld, the Department would publish amended final countervailing duty results. *Id.*

Amended Final Determination

Because there is now a final and conclusive decision in the court proceeding, we are amending the final results and establishing for Calcutta

Ferrous the revised countervailing duty rate of 9.25 percent, effective as of July 20, 2005, the publication date of the *Timken Notice*. Accordingly, we will instruct the CBP to assess countervailing duties at 9.25 percent *ad valorem* on all shipments of the subject merchandise from Calcutta Ferrous Ltd., entered, or withdrawn from warehouse, for consumption on or after January 1, 1997, through December 31, 1997.

This determination is published pursuant to sections 751(3)(c) and 777(i) of the Act.

Dated: September 7, 2005.

Acting Assistant Secretary for Import Administration.

DEPARTMENT OF COMMERCE**International Trade Administration****Export Trade Certificate of Review**

ACTION: Notice of Application to Amend an Export Trade Certificate of Review.

SUMMARY: Export Trading Company Affairs ("ETCA") of the International Trade Administration, Department of Commerce, has received an application to amend an Export Trade Certificate of Review ("Certificate"). This notice summarizes the proposed amendment and requests comments relevant to whether the Certificate should be issued.

FOR FURTHER INFORMATION CONTACT:

Jeffrey Anspacher, Director, Export Trading Company Affairs, International Trade Administration, (202) 482-5131 (this is not a toll-free number) or e-mail at oetca@ita.doc.gov.

SUPPLEMENTARY INFORMATION: Title III of the Export Trading Company Act of 1982 (15 U.S.C. 4001-21) authorizes the Secretary of Commerce to issue Export Trade Certificates of Review. An Export Trade Certificate of Review protects the holder and the members identified in the Certificate from state and federal government antitrust actions and from private treble damage antitrust actions for the export conduct specified in the Certificate and carried out in compliance with its terms and conditions. Section 302(b)(1) of the Export Trading Company Act of 1982 and 15 CFR 325.6(a) require the Secretary to publish a notice in the **Federal Register** identifying the applicant and summarizing its proposed export conduct.
