

ID code sets and this will ensure that traceability is consistent.”

3. Added text to address gaps in the characterization of race and ethnicity: “Where gaps exist in the representation of race or ethnicity categories, sponsors are encouraged to discuss the race or ethnicity issue with the appropriate review division.”

4. Added text to allow omission of characterization of Hispanic or Latino ethnicity for international clinical trials: “the ethnicity question can be omitted for studies conducted abroad.”

5. Changed the characterization of “Black, of African heritage,” to “Black” for studies conducted abroad.

This guidance is being issued consistent with FDA’s good guidance practices regulation (21 CFR 10.115). The guidance represents the agency’s current thinking on collection of race and ethnicity data in clinical trials. It does not create or confer any rights for or on any person and does not operate to bind FDA or the public. An alternative approach may be used if such approach satisfies the requirements of the applicable statutes and regulations.

II. Comments

Interested persons may submit to the Division of Dockets Management (see **ADDRESSES**) written or electronic comments on the guidance at any time. Two copies of any comments are to be submitted, except that individuals may submit one copy. Comments are to be identified with the docket number found in brackets in the heading of this document. The guidance and received comments are available for public examination in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday.
