

Management Plan (RMP), Provide a Single Comprehensive Land Use Plan, Implementation, Glennallen Field Office District, AK.

Summary: EPA expressed environmental concerns about the potential impacts to wetlands, streams, aquatic wildlife and habitat from impacts not avoided or mitigated from proposed stipulations and required operating procedures. In addition, there is potential for adverse impacts to subsistence users and resources if land along the TAPS corridor is conveyed from federal management. The final EIS should include an environmentally protective strategy for managing off-road vehicles, with particular attention to sensitive wetlands and streams. Rating EC2.
