

and proposes options to change the emissions increase test used to determine if the NSR permitting program would apply when an existing power plant makes a physical or operational change. The public hearing will provide interested parties the opportunity to present data, views, or arguments concerning these proposed changes.

**DATES:** The public hearing will convene at 9 a.m. on June 29, 2007, and continue until 1 hour after the last registered speaker has spoken. People wishing to present oral testimony must pre-register by 5 p.m. on June 28, 2007. The EPA is willing to keep the public hearing open into the evening hours of June 29, 2007, if speakers are pre-registered by the registration deadline of 5 p.m. on June 28, 2007, and have registered to speak during evening hours. For updates and additional information on the public hearing, please check EPA's Web site for this rulemaking at <http://www.epa.gov/nsr/>.

**ADDRESSES:** The public hearing will be held at U.S. Environmental Protection Agency, 109 TW Alexander Drive, Research Triangle Park, North Carolina 27709, Building C, Auditorium. Because this hearing is being held at U.S. government facilities, everyone planning to attend the hearing should be prepared to show valid picture identification to the security staff in order to gain access to the meeting room. In addition, you will need to obtain a property pass for any personal belongings you bring with you. Upon leaving the building, you will be required to return this property pass to the security desk. No large signs will be allowed in the building, cameras may only be used inside the classroom and outside of the building, and demonstrations will not be allowed on Federal property for security reasons. Directions to the EPA Campus are available on the Internet at <http://www.epa.gov/rtp/facilities/maindirections.htm>, along with a map showing the area designated for visitor parking. From there, walk toward the main facility and enter the center building (by the U.S. and EPA flags).

**FOR FURTHER INFORMATION CONTACT:** If you would like to speak at the public hearing or have questions concerning the public hearing, please contact Ms. Pamela Long, U.S. Environmental Protection Agency, OAQPS, Air Quality Planning Division, (C504-03), Research Triangle Park, NC 27711, telephone (919) 541-0641, fax number (919) 541-5509, e-mail address, [long.pam@epa.gov](mailto:long.pam@epa.gov).

Questions concerning the May 8, 2007, proposed rule should be addressed to Mr. David Svendsgaard, U.S. EPA, Office of Air Quality Planning and Standards, Air Quality Policy Division, (C504-03), Research Triangle Park, NC 27711, telephone number (919) 541-2380, e-mail at [svendsgaard.dave@epa.gov](mailto:svendsgaard.dave@epa.gov).

**SUPPLEMENTARY INFORMATION:** The May 8, 2007, proposed rule is a supplemental notice to EPA's October 20, 2005 notice of proposed rulemaking. In the October 2005 notice, we proposed three options to revise the NSR emissions test for existing electric generating units: A maximum achievable hourly emissions test, a maximum achieved hourly emissions test, and an output-based hourly emissions test. The May 2007 notice recast the previously proposed options so that the output-based test becomes an alternative method to implement the maximum achieved or maximum achievable hourly tests, rather than a separate option. It also proposed a new option in which the hourly emissions increase test is added to the existing requirements for computing a significant increase and a significant net emissions increase on an annual basis. It also included proposed rule language and supplemental information for the October 2005 proposal, including an examination of the impacts on emissions and air quality.

**Public hearing:** The proposal for which EPA is holding the public hearing was published in the **Federal Register** on May 8, 2007, (72 FR 26202) and is available at: [http://www.access.gpo.gov/su\\_docs/fedreg/a070508c.html](http://www.access.gpo.gov/su_docs/fedreg/a070508c.html). The public hearing will provide interested parties the opportunity to present data, views, or arguments concerning the supplemental rule proposal. The EPA may ask clarifying questions during the oral presentations, but will not respond to the presentations at that time. Written statements and supporting information submitted during the comment period will be considered with the same weight as any oral comments and supporting information presented at the public hearing. Written comments on the proposed rule must be postmarked by July 9, 2007, which is the closing date for the comment period, as specified in the proposal for the rule. However, the record will remain open until July 30, 2007, to allow 30 days after the public hearing for submittal of additional information related to the hearing.

Commenters should notify Ms. Long if they will need specific equipment, or if there are other special needs related to

providing comments at the hearing. The EPA will provide equipment for commenters to show overhead slides or make computerized slide presentations if we receive special requests in advance. Oral testimony will be limited to 5 minutes for each commenter. The EPA encourages commenters to provide EPA with a copy of their oral testimony electronically (via e-mail or CD) or in hard copy form.

The hearing schedule, including lists of speakers, will be posted on EPA's Web site <http://www.epa.gov/nsr/>. Verbatim transcripts of the hearing and written statements will be included in the docket for the rulemaking.

### How Can I Get Copies of This Document and Other Related Information?

The EPA has established the official public docket for the supplemental proposed rule entitled "Supplemental Notice of Proposed Rulemaking for Prevention of Significant Deterioration (PSD) and Nonattainment New Source Review (NSR): Emission Increases for Electric Generating Units" under Docket ID No. EPA-HQ-OAR-2005-0163.

As stated previously, the proposed rule was published in the **Federal Register** on May 8, 2007 (72 FR 26202) and is available at [http://www.access.gpo.gov/su\\_docs/fedreg/a070508c.html](http://www.access.gpo.gov/su_docs/fedreg/a070508c.html).

Dated: May 29, 2007.

**Jenny Noonan Edmonds,**  
Acting Director, Office of Air Quality Planning and Standards.

### Approval and Promulgation of Air Quality Implementation Plans; Texas; Revision to the Texas State Implementation Plan Regarding a Negative Declaration for the Synthetic Organic Chemical Manufacturing Industry Batch Processing Source Category in El Paso County

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** Section 172(c)(1) of the Clean Air Act (CAA) requires areas that are not attaining a National Ambient Air Quality Standard (NAAQS) to reduce emissions from existing sources by adopting, at a minimum, reasonably

available control technology (RACT). EPA has established source categories for which RACT must be implemented. If no major sources of volatile organic compound (VOC) emissions in a particular source category exist in a nonattainment area, a State may submit a negative declaration for that category. Texas submitted a State Implementation Plan (SIP) revision which included negative declarations for certain source categories in the El Paso 1-hour ozone standard nonattainment area. EPA previously approved the State's declaration that no major sources existed for 9 source categories in the El Paso area. In the approval EPA neglected to approve the negative declaration for the synthetic organic chemical manufacturing industry (SOCMI) batch processing category in the El Paso area. EPA is proposing to approve this negative declaration for the El Paso 1-hour ozone standard nonattainment area.

**DATES:** Written comments must be received by July 9, 2007.

**ADDRESSES:** Comments may be mailed to Mr. Carl Young, Acting Chief, Air Planning Section (6PD-L), Environmental Protection Agency, 1445 Ross Avenue, Suite 1200, Dallas, Texas 75202-2733. Comments may also be submitted electronically or through hand delivery/courier by following the detailed instructions in the **ADDRESSES** section of the direct final rule located in the rules section of this **Federal Register**.

**FOR FURTHER INFORMATION CONTACT:** Jeffrey Riley, Air Planning Section (6PD-L), Environmental Protection Agency, Region 6, 1445 Ross Avenue, Suite 700, Dallas, Texas 75202-2733, telephone 214-665-8542; fax number 214-665-7263; e-mail address [riley.jeffrey@epa.gov](mailto:riley.jeffrey@epa.gov).

**SUPPLEMENTARY INFORMATION:** In the final rules section of this **Federal Register**, EPA is approving the State's SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no relevant adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no relevant adverse comments are received in response to this action, no further activity is contemplated. If EPA receives relevant adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action

should do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of the rule, and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment.

For additional information, see the direct final rule which is located in the rules section of this **Federal Register**.

Dated: May 21, 2007.

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 52

[EPA-R03-OAR-2007-0200; FRL-8323-1]

#### Approval and Promulgation of Air Quality Implementation Plans; Virginia; Amendments to the Open Burning Regulation

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** EPA is proposing to approve a State Implementation Plan (SIP) revision submitted by the Commonwealth of Virginia. This SIP revision pertains to the amendments of Virginia's open burning regulation. This action is being taken under the Clean Air Act (CAA or the Act).

**DATES:** Written comments must be received on or before July 9, 2007.

**ADDRESSES:** Submit your comments, identified by Docket ID Number EPA-R03-OAR-2007-0200 by one of the following methods:

A. *www.regulations.gov*. Follow the on-line instructions for submitting comments.

B. *E-mail:* [miller.linda@epa.gov](mailto:miller.linda@epa.gov).

C. *Mail:* EPA-R03-OAR-2007-0200, Linda Miller, Acting Chief, Air Quality Planning Branch, Mailcode 3AP21, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103.

D. *Hand Delivery:* At the previously-listed EPA Region III address. Such deliveries are only accepted during the Docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

*Instructions:* Direct your comments to Docket ID No. EPA-R03-OAR-2007-0200. EPA's policy is that all comments received will be included in the public docket without change, and may be

made available online at [www.regulations.gov](http://www.regulations.gov), including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through [www.regulations.gov](http://www.regulations.gov) or e-mail. The [www.regulations.gov](http://www.regulations.gov) Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through [www.regulations.gov](http://www.regulations.gov), your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

*Docket:* All documents in the electronic docket are listed in the [www.regulations.gov](http://www.regulations.gov) index. Although listed in the index, some information is not publicly available, *i.e.*, CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically in [www.regulations.gov](http://www.regulations.gov) or in hard copy during normal business hours at the Air Protection Division, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103. Copies of the State submittal are available at the Virginia Department of Environmental Quality, 629 East Main Street, Richmond, Virginia, 23219.

**FOR FURTHER INFORMATION CONTACT:** Rose Quinto, (215) 814-2182, or by e-mail at [quinto.rose@epa.gov](mailto:quinto.rose@epa.gov).

#### SUPPLEMENTARY INFORMATION:

##### I. Background

On February 5, 2007, the Virginia Department of Environmental Quality (VADEQ) submitted a revision to its State Implementation Plan (SIP) for Open Burning Regulation. The SIP
