

during the POR. See Memorandum to the File from Angelica L. Mendoza, through Stephen Bailey, Acting Program Manager, Office 7, Duferco Coating SA and Sorral SA (collectively Duferco Sorral) - No Shipments of Certain Corrosion-Resistant Carbon Steel Flat Products from France Per CBP Inquiry, dated December 27, 2006. On January 19, 2007, U.S. Steel submitted a letter withdrawing its request for an administrative review of shipments or entries of CORE from France exported by Duferco Sorral. See Letter from Skadden, Arps, Slate, Meagher & Flom, LLP, dated January 19, 2007.

Rescission of Antidumping Duty Administrative Review

19 C.F.R. § 351.213(d)(1) provides that the Department will rescind an administrative review if the party that requested the review withdraws its request for review within 90 days of the date of publication of the notice of initiation of the requested review, or withdraws at a later date if the Department determines it is reasonable to extend the time limit for withdrawing the request. U.S. Steel's request is past the 90-day time limit; however, we find that it is reasonable to extend the deadline. In response to U.S. Steel's withdrawal of its request for an administrative review as well as the fact that Duferco Sorral had no shipments of subject merchandise during the POR pursuant to 19 C.F.R. § 351.213(d)(3), the Department hereby rescinds the administrative review of the antidumping duty order on CORE from France for the period August 1, 2005, through July 31, 2006.

The Department intends to issue appropriate assessment instructions to CBP 15 days after the date of the publication of this notice. The Department will direct CBP to assess antidumping duties for Duferco Sorral at the cash deposit rate in effect on the date of entry for entries during the period August 1, 2005, through July 31, 2006.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 C.F.R. § 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's assumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative

protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 C.F.R. § 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This notice is published in accordance with section 777(i)(1) of the Tariff Act of 1930, as amended, and 19 C.F.R. § 351.213(d)(4).

Dated: February 23, 2007.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

Certain Hot-Rolled Carbon Steel Flat Products from Thailand: Extension of Time Limit for the Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: March 2, 2007

FOR FURTHER INFORMATION CONTACT: Stephen Bailey or Dena Crossland, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-0193 or (202) 482-3362, respectively.

SUPPLEMENTARY INFORMATION:

Background

On November 8, 2006, the Department of Commerce ("the Department") published the preliminary results of the administrative review of the antidumping duty order on certain hot-rolled carbon steel flat products ("hot-rolled steel") from Thailand covering the period November 1, 2004, through October 31, 2005. See *Certain Hot-Rolled Carbon Steel Flat Products From Thailand; Preliminary Results of Antidumping Duty Administrative Review and Rescission in Part*, 71 FR 65458 (November 8, 2006). The final results for the antidumping duty administrative review of hot-rolled steel from Thailand are currently due no later than March 8, 2007.

Extension of Time Limits for Final Results of Review

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to issue the final results within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within that time period, section 751(a)(3)(A) of the Act allows the Department to extend the time limit of the final results to 180 days from the date of publication of the preliminary results.

Due to the complexity of the affiliation issue present in this administrative review, as well as the demands of other proceedings handled by the office administering this review, the Department has determined that it is not practicable to complete this review within the original time period. Accordingly, the Department is extending the time for completion of the final results to 180 days from the publication date of the preliminary results, until no later than May 7, 2007, in accordance with section 751(a)(3)(A) of the Act.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: February 23, 2007.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.
