BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 97

[Docket No. 30554; Amdt. No. 3222]

Standard Instrument Approach Procedures; Miscellaneous Amendments

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This amendment amends Standard Instrument Approach Procedures (SIAPs) for operations at certain airports. These regulatory actions are needed because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, addition of new obstacles, or changes in air traffic requirements. These changes are designed to provide safe and efficient use of the navigable airspace and to promote safe flight operations under instrument flight rules at the affected airports.

DATES: This rule is effective June 14, 2007. The compliance date for each SIAP is specified in the amendatory provisions.

The incorporation by reference of certain publications listed in the regulations is approved by the Director of the Federal Register as of June 14, 2007.

ADDRESSES: Availability of matter incorporated by reference in the amendment is as follows:

For Examination—

1. FAA Rules Docket, FAA Headquarters Building, 800 Independence Ave., SW., Washington, DC 20591;

2. The FAA Regional Office of the region in which affected airport is located; or

3. The National Flight Procedures Office, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 or,

4. The National Archives and Records Administration (NARA). For

information on the availability of this material at NARA, call 202-741-6030, or go to: http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html.

*For Purchase—*Individual SIAP copies may be obtained from:

1. FAA Public Inquiry Center (APA-200), FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591; or

2. The FAA Regional Office of the region in which the affected airport is located.

*By Subscription—*Copies of all SIAPs, mailed once every 2 weeks, are for sale by the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

FOR FURTHER INFORMATION CONTACT:

Donald P. Pate, Flight Procedure Standards Branch (AFS-420), Flight Technologies and Programs Division, Flight Standards Service, Federal Aviation Administration, Mike Monroney Aeronautical Center, 6500 South MacArthur Blvd. Oklahoma City, OK 73169 (Mail Address: P.O. Box 25082 Oklahoma City, OK 73125) telephone: (405) 954-4164.

SUPPLEMENTARY INFORMATION: This amendment to Title 14, Code of Federal Regulations, Part 97 (14 CFR part 97) amends Standard Instrument Approach Procedures (SIAPs). The complete regulatory description of each SIAP is contained in the appropriate FAA Form 8260, as modified by the National Flight Data Center (FDC)/Permanent Notice to Airmen (P-NOTAM), which is incorporated by reference in the amendment under 5 U.S.C. 552(a), 14 CFR part 51, and § 97.20 of the Code of Federal Regulations. Materials incorporated by reference are available for examination or purchase as stated above.

The large number of SIAPs, their complex nature, and the need for a special format make their verbatim publication in the **Federal Register** expensive and impractical. Further, airmen do not use the regulatory text of the SIAPs, but refer to their graphic depiction on charts printed by publishers of aeronautical materials. Thus, the advantages of incorporation by reference are realized and publication of the complete description of each SIAP contained in FAA form documents is unnecessary. The provisions of this amendment state the affected CFR sections, with the types and effective dates of the SIAPs. This amendment also identifies the airport, its location, the procedure identification and the amendment number.

The Rule

This amendment to 14 CFR part 97 is effective upon publication of each separate SIAP as amended in the transmittal. For safety and timeliness of change considerations, this amendment incorporates only specific changes contained for each SIAP as modified by FDC/P-NOTAMs.

The SIAPs, as modified by FDC P-NOTAM, and contained in this amendment are based on the criteria contained in the U.S. Standard for Terminal Instrument Procedures (TERPS). In developing these chart changes to SIAPs, the TERPS criteria were applied to only these specific conditions existing at the affected airports. All SIAP amendments in this rule have been previously issued by the FAA in a FDC NOTAM as an emergency action of immediate flight safety relating directly to published aeronautical charts. The circumstances which created the need for all these SIAP amendments requires making them effective in less than 30 days.

Further, the SIAPs contained in this amendment are based on the criteria contained in TERPS. Because of the close and immediate relationship between these SIAPs and safety in air commerce, I find that notice and public procedure before adopting these SIAPs are impracticable and contrary to the public interest and, where applicable, that good cause exists for making these SIAPs effective in less than 30 days.

Conclusion

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 97

Air Traffic Control, Airports, Incorporation by reference, and Navigation (Air).

Issued in Washington, DC on June 1, 2007.

James J. Ballough,
Director, Flight Standards Service.

Adoption of the Amendment

■ Accordingly, pursuant to the authority delegated to me, Title 14, Code of Federal regulations, Part 97, 14 CFR part 97, is amended by amending Standard Instrument Approach Procedures, effective at 0901 UTC on the dates specified, as follows:

PART 97—STANDARD INSTRUMENT APPROACH PROCEDURES

■ 1. The authority citation for part 97 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40106, 40113, 40114, 40120, 44502, 44514, 44701, 44719, 44721–44722.

■ 2. Part 97 is amended to read as follows:

By amending: § 97.23 VOR, VOR/DME, VOR or TACAN, and VOR/DME

or TACAN; § 97.25 LOC, LOC/DME, LDA, LDA/DME, LDA w/GS, SDF, SDF/DME; § 97.27 NDB, NDB/DME; § 97.29 ILS, MLS, TLS, GLS, WAAS PA, MLS/RNAV; § 97.31 RADAR SIAPs; § 97.33 RNAV SIAPs; § 97.35 COPTER SIAPs, § 97.37 Takeoff Minima and Obstacle Departure Procedures. Identified as follows:

* * * *Effective Upon Publication*

FDC date	State	City	Airport	FDC No.	Subject
5/22/07	NY	MONTAUK	MONTAUK	7/1798	TAKEOFF MINIMS AND OBSTACLE DP, AMDT 2.

BILLING CODE 4910–13–P

DEPARTMENT OF THE TREASURY

Internal Revenue Service

26 CFR Part 1

[TD 9330]

RIN 1545–BG66

Built-in Gains and Losses Under Section 382(h)

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Temporary regulations.

SUMMARY: This document contains temporary regulations that apply to corporations that have undergone ownership changes within the meaning of section 382. These regulations provide guidance regarding the treatment of prepaid income under the built-in gain provisions of section 382(h). The text of these temporary regulations also serves as the text of the proposed regulations set forth in the notice of proposed rulemaking on this subject in the Proposed Rules section in this issue of the **Federal Register**.

DATES: *Effective Date:* These regulations are effective on June 14, 2007.

Applicability Date: For dates of applicability, see § 1.382–7T(b).

FOR FURTHER INFORMATION CONTACT: Keith Stanley at (202) 622–7750 (not a toll-free number).

SUPPLEMENTARY INFORMATION:

Background

Section 382

Section 382 limits, after a more than 50 percent change in stock ownership (ownership change), the amount of a loss corporation’s taxable income for any post-change year that may be offset by pre-change losses. The amount of the limitation each year is equal to the product of the fair market value of all the stock of the loss corporation immediately before the ownership change multiplied by the applicable long-term tax-exempt rate (section 382 limitation).

Section 382(h)(1)(A) provides that if the loss corporation has a net unrealized built-in gain (NUBIG), the section 382 limitation for any taxable year ending within a 5-year recognition period is increased by the recognized built-in gain (RBIG) for the taxable year, subject to the NUBIG limitation. Section 382(h)(2)(A) defines RBIG as any gain recognized during the 5-year recognition period on the disposition of any asset to the extent the loss corporation establishes that (i) It held the asset on the change date and (ii) such gain does not exceed the asset’s built-in gain on the change date. Section 382(h)(6)(A) also treats as RBIG any item of income “properly taken into account during the recognition period” if the item is “attributable to periods before the change date.”

In Notice 2003–65 (2003–2 CB 747), the IRS provided interim guidance regarding the identification of built-in gains and losses under section 382(h). The Notice provides, among other things, that a loss corporation may use

the 338 approach in determining the amount of its RBIG or recognized built-in loss (RBIL) for purposes of section 382(h). The 338 approach identifies items of RBIG and RBIL generally by comparing the loss corporation’s actual items of income, gain, deduction, and loss with those that would have resulted if a section 338 election had been made with respect to a hypothetical purchase of all of the outstanding stock of the loss corporation on the change date.

Prepaid Income

Generally, a taxpayer, including an accrual method taxpayer that receives payments in advance of performance, must include the payments in gross income in the taxable year of receipt without regard to whether the required performance has occurred. In *Schlude v. Commissioner*, 372 U.S. 128 (1963), the Supreme Court held that advance payments for dance lessons were includable in gross income when received because the payments were nonrefundable and the services were provided on demand of the student. In *American Automobile Association v. United States*, 367 U.S. 687 (1961), the Supreme Court held that membership dues entitling members to emergency road assistance and trip-planning services were includable in gross income when received, even though the taxpayer’s method reflected income in accordance with generally accepted accounting principles (which generally operate to defer income recognition until the item is economically earned).

However, courts have allowed the deferral of prepaid income in limited circumstances. In *Artnell Co. v.*
