

U.S.C. app 2 section 10(a)(2), the Department of State announces a meeting of the International Security Advisory Board (ISAB) to take place on July 12, 2007, at the Department of State, Washington, DC. Pursuant to section 10(d) of the Federal Advisory Committee Act, 5 U.S.C. app 2 section 10(d), and to 5 U.S.C. 552b(c)(1), it has been determined that this Board meeting will be closed to the public in the interest of national defense and foreign policy because the Board will be reviewing and discussing matters classified in accordance with Executive Order 12958. The purpose of the ISAB is to provide the Department with a continuing source of independent advice on all aspects of arms control, disarmament and international security, and related aspects of public diplomacy. The agenda for this meeting will include classified discussions related to the Board's ongoing studies on current U.S. policy and issues regarding international security and nuclear proliferation.

For more information, contact Brandy Buttrick, Deputy Executive Director of the International Security Advisory Board, Department of State, Washington, DC 20520, telephone: (202) 647-9336.

Dated: May 29, 2007.

George W. Look,

Executive Director, International Security Advisory Board, U.S. Department of State.

Office of the Secretary

Aviation Proceedings, Agreements Filed the Week Ending, June 1, 2007

The following Agreements were filed with the Department of Transportation under the Sections 412 and 414 of the Federal Aviation Act, as amended (49 U.S.C. 1383 and 1384) and procedures governing proceedings to enforce these provisions. Answers may be filed within 21 days after the filing of the application.

Docket Number: OST-2007-28359.
Date Filed: May 29, 2007.

Parties: Members of the International Air Transport Association.

Subject: Mail Vote 537—Cargo Composite Expedited Resolutions. (Memo 0595). Intended effective date: 1 July 2007.

Docket Number: OST-2007-28360.
Date Filed: May 29, 2007.

Parties: Members of the International Air Transport Association.

Subject: Mail Vote 538—Cargo Composite Resolutions. (Memo 0596). Intended effective date: 1 October 2007.

DEPARTMENT OF TRANSPORTATION

Office of the Secretary

Notice of Applications for Certificates of Public Convenience and Necessity and Foreign Air Carrier Permits Filed Under Subpart B (Formerly Subpart Q) During the Week Ending June 1, 2007

The following Applications for Certificates of Public Convenience and Necessity and Foreign Air Carrier Permits were filed under Subpart B (formerly Subpart Q) of the Department of Transportation's Procedural Regulations (See 14 CFR 301.201 *et seq.*). The due date for Answers, Conforming Applications, or Motions to Modify Scope are set forth below for each application. Following the Answer period DOT may process the application by expedited procedures. Such procedures may consist of the adoption of a show-cause order, a tentative order, or in appropriate cases a final order without further proceedings.

Docket Number: OST-2007-28387.

Date Filed: May 31, 2007.

Due Date for Answers, Conforming Applications, or Motion to Modify Scope: June 21, 2007

Description: Application of G5 Executive AG ("GS Executive") requesting an exemption and an amended foreign air carrier permit authorizing G5 Executive to engage in charter foreign air transportation of persons, property and mail to the full extent permitted by the U.S.-Switzerland open skies agreement, using large aircraft.

Renee V. Wright,

Program Manager, Docket Operations, Federal Register Liaison.

BILLING CODE 4910-9X-P

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Environmental Impact Statement: Rock and Walworth Counties, WI

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of intent to prepare an Environmental Impact Statement.

SUMMARY: The FHWA is issuing this notice to advise the public that an Environmental Impact Statement (EIS) will be prepared for the proposed improvement of USH 14/STH 11 between Janesville, in Rock County, and IH 43 near Darien, in Walworth County, Wisconsin.

FOR FURTHER INFORMATION CONTACT: Mr. Mark Chandler, Field Operations Engineer, Federal Highway Administration, 567 D'Onofrio Drive—Suite 100, Madison, Wisconsin, 53719-2814; telephone: (608) 829-7514. You may also contact Mr. Eugene Johnson, Director, Bureau of Equity and Environmental Services, Wisconsin Department of Transportation, P.O. Box 7965, Madison, Wisconsin, 53707-7965; telephone: (608) 267-9527.

SUPPLEMENTARY INFORMATION:

Electronic Access

An electronic copy of this document may be downloaded from the Government Printing Office's Electronic Bulletin Board Service at (202) 512-1661, by using a computer, modem, and suitable communications software. Internet users may reach the Office of the **Federal Register's** home page at: <http://www.archives.gov/> and the Government Printing Office's database at: <http://www.gpoaccess.gov/nara/index.html>.

Background

The FHWA, in cooperation with the Wisconsin Department of Transportation, will prepare an Environmental Impact Statement to evaluate improvement alternatives for USH 14/STH 11. The project begins at USH 14 on the northwest side of Janesville, in Rock County, and extends approximately 25 miles to IH 43 near Darien, in Walworth County, Wisconsin. The EIS will be prepared in accordance with 40 CFR part 1500 and FHWA regulations.

Improvements to the highway are considered necessary to lessen congestion, improve safety, and provide efficient regional connections.

Planning, environmental, and engineering studies are underway to develop transportation alternatives. The EIS will assess the need, location, and environmental impacts of alternatives within the study area. Possible improvement alternatives include a no build alternative, which assumes the continued use of the existing facility with the improvements necessary to ensure its continued use; an improved 2-lane highway with intersection

improvements, passing lanes, and wider shoulders; the addition of lanes to create a 4-lane highway; and evaluation of one or more alternatives that follow new alignments. In addition, alternatives for a potential by-pass connecting USH 14 and STH 11 on the west side of Janesville will be evaluated. These alternatives include 2 and 4-lane connections along various alignments, as well as consideration of a freeway type highway.

Information describing the proposed action and soliciting comments will be sent to appropriate Federal, State, and local agencies, and to private organizations and citizens who have previously expressed, or are known to have interest in this proposal. Local officials and the public will be given many opportunities to provide comments during the course of the study. There will be public information meetings throughout the data gathering and development and evaluation of alternatives. Two public hearings will be held. Public notice will be given of the time and place of the meetings and hearings. The Draft EIS will be available for public and agency review prior to the hearings. Several newsletters will be sent to keep local residents informed of the study's progress. A project Web site has been established to help provide information on the project. The Web site address is <http://www.dot.wisconsin.gov/projects/d1/wis11study/index.htm>.

In addition, two committees have been formed, a Technical Committee and an Advisory Committee, that will meet throughout the life of the study. These committees are made up of local government officials and agency personnel and they will be responsible for helping define the project purpose and need, as well as providing input and comments on alternatives.

The anticipated format for the EIS will be Screening Worksheets rather than the typical narrative form. The Wisconsin Department of Transportation has developed a series of Environmental Screening Worksheets, which are divided into Basic Sheets and Factor Sheets. The Screening Worksheets provide a flexible means of addressing the requirements for an Environmental Document.

To ensure that the full range of issues related to this proposed action is addressed, and all substantive issues are identified, comments and suggestions are invited from all interested parties. Comments or questions concerning this proposed action and the EIS should be directed to FHWA or the Wisconsin Department of Transportation at the

addresses provided in the caption **FOR FURTHER INFORMATION CONTACT.**

Federal law prohibits discrimination on the basis of race, color, age, sex, or country of national origin in the implementation of this action. It is also Federal and State policy that no group of people bears the negative consequences of this action in a disproportionately high and adverse manner without adequate mitigation.

Authority: 23 U.S.C. 315; 49 CFR 1.48

Issued on: May 24, 2007.

Mark R. Chandler,

Field Operations Engineer, Federal Highway Administration, Madison, Wisconsin.

DEPARTMENT OF TRANSPORTATION

Pipeline and Hazardous Materials Safety Administration

[Docket No. PHMSA-2003-15864]

Request Public Comment and Office of Management and Budget Approval for a New Information Collection

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA), U.S. Department of Transportation (DOT).

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, this notice requests public participation in the Office of Management and Budget (OMB) approval process for a new PHMSA information collection. This proposed information collection is a survey of hazardous liquid pipeline operators to obtain information on unregulated low-stress hazardous liquid pipeline characteristics. With this notice, PHMSA invites the public to submit comments over the next 60 days on ways to minimize the related burden.

DATES: Anyone may submit written comments on this proposed information collection activity by August 13, 2007. PHMSA will consider late-filed comments to the extent possible.

ADDRESSES: Reference Docket No. PHMSA-2003-15864 and submit in one of the following ways:

(1) Submit electronic comments to the DOT Docket Web Site: <http://dms.dot.gov> or the e-GOV Web site <http://www.regulations.gov>;

(2) Fax: 1-202-493-2251;

(3) Mail: Docket Management System: U.S. Department of Transportation, West Building Ground Floor, Room

W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590;

(4) Hand Delivery: DOT Docket Management System; 1200 New Jersey Avenue, SE., Washington, DC 20590. The Docket facility is open 9 a.m. to 5 p.m., Monday through Friday, excluding Federal holidays.

FOR FURTHER INFORMATION CONTACT: Lane Miller by phone at (405) 954-4969 or by e-mail at Lane.Miller@dot.gov.

SUPPLEMENTARY INFORMATION:

I. Instructions

Identify the docket number, PHMSA-2003-15864, at the beginning of your comments and send two copies. To receive confirmation that PHMSA received your comments, include a self-addressed stamped postcard. Internet users may submit comments at <http://www.regulations.gov>, and may access all comments received by DOT at <http://dms.dot.gov> by performing a simple search for the docket number.

Note: PHMSA posts all comments without changes or edits to <http://dms.dot.gov> including any personal information provided.

Privacy Act

Anyone can search the electronic form of all comments received in response to any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). DOT's complete Privacy Act Statement was published in the **Federal Register** on April 11, 2000 (65 FR 19477), and is on the Web at <http://dms.dot.gov>.

II. Background

The Pipeline Inspection, Protection, Enforcement, and Safety Act of 2006 (PIPES Act), enacted into law on December 29, 2006, reauthorizes PHMSA-administered pipeline safety programs for fiscal years 2007 through 2010. Section 4 of the PIPES Act requires that PHMSA issue regulations by December 31, 2007, subjecting all low-stress hazardous liquid pipelines to the same standards and regulations as other hazardous liquid pipelines. PHMSA currently regulates low-stress pipelines located in populated areas and crossing navigable waterways. On May 18, 2007, PHMSA published a supplemental notice of proposed rulemaking proposing to apply all Federal hazardous liquid pipeline safety regulations to rural low-stress lines meeting certain criteria (72 FR 28008).

Low-stress pipelines are pipelines operating at 20 percent or less of the specified minimum yield strength of the
