Hand Trucks and Certain Parts Thereof from the People's Republic of China: Extension of Time Limit for the Preliminary Results of the Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: September 7, 2007.

FOR FURTHER INFORMATION CONTACT: Hilary E. Sadler, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-4340.

SUPPLEMENTARY INFORMATION:

Background

The Department of Commerce ("Department") published an antidumping duty order on hand trucks and certain parts thereof ("hand trucks") from the People's Republic of China ("PRC") on December 2, 2004. See *Notice of Antidumping Duty Order: Hand Trucks and Certain Parts Thereof From the People's Republic of China*, 69 FR 70122 (December 2, 2004). On February 2, 2007, the Department published in the **Federal Register** a notice of the initiation of the antidumping duty administrative review of hand trucks from the PRC for the period December 1, 2005, through November 30, 2006. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 72 FR 5005 (February 2, 2007). The preliminary results of this review are currently due no later than September 2, 2007.

Extension of Time Limit of Preliminary Results.

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("Act"), requires the Department to issue preliminary results within 245 days after the last day of the anniversary month of an order for which a review is requested and the final results within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the 245-day time period to a maximum of 365 days. We determine that completion of the preliminary results of this review within the 245-day period is not practicable because the Department requires additional time to analyze information pertaining to the respondents' sales practices, factors of production, and to issue and review responses to supplemental questionnaires.

Because it is not practicable to complete this review within the time specified under the Act, we are extending the time period for issuing the preliminary results of review by 90 days until December 1, 2007, in accordance with section 751(a)(3)(A) of the Act. Because December 1, 2007, falls on a Saturday, the preliminary results will be due by December 3, 2007, the next business day. The final results continue to be due 120 days after the publication of the preliminary results.

This notice is published pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

Dated: August 31, 2007.

Gary Taverman,

Acting Deputy Assistant Secretary for Import Administration.
