

Note to paragraph (c)(1): If the grantee did not have a federally recognized indirect cost rate agreement on the date the training grant was awarded, indirect cost recovery is also limited to the amount authorized under § 75.560(d)(3).

(2) For the purposes of this section, a modified total direct cost base consists of total direct costs minus the following:

- (i) The amount of each sub-award in excess of \$25,000.
- (ii) Stipends.
- (iii) Tuition and related fees.
- (iv) Equipment, as defined in 34 CFR 74.2 and 80.3, as applicable.

Note to paragraph (c)(2)(iv): If the grantee has established a threshold for equipment that is lower than \$5,000 for other purposes, it must use that threshold to exclude equipment under the modified total direct cost base for the purposes of this section.

(3) The eight percent indirect cost reimbursement limit specified in paragraph (c)(1) of this section also applies to sub-awards that fund training, as determined by the Secretary under paragraph (b) of this section.

(4) The eight percent limit does not apply to agencies of State or local governments, including federally recognized Indian tribal governments, as defined in 34 CFR 80.3.

(5) Indirect costs in excess of the eight percent limit may not be charged directly, used to satisfy matching or cost-sharing requirements, or charged to another Federal award.

■ 4. Section 75.564 is amended by revising paragraph (e) to read as follows:

§ 75.564 Reimbursement of indirect costs.

* * * * *

(e)(1) Indirect costs for a group of eligible parties (See §§ 75.127 through 75.129) are limited to the amount derived by applying the rate of the applicant, or a restricted rate when applicable, to the direct cost base for the grant in keeping with the terms of the applicant's federally recognized indirect cost rate agreement.

(2) If a group of eligible parties applies for a training grant under the group application procedures in §§ 75.127 through 75.129, the grant funds allocated among the members of the group are not considered sub-awards for the purposes of applying the indirect cost rate in § 75.562(c).

40 CFR Part 52

[EPA-R04-OAR-2007-1059-200748a; FRL-8503-1]

Approval and Promulgation of Implementation Plans Georgia: Enhanced Inspection and Maintenance Plan

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: EPA is approving revisions to the Georgia State Implementation Plan (SIP), submitted by the Georgia Department of Natural Resources (GA DNR), through the Georgia Environmental Protection Division (GA EPD), on September 26, 2007. The revisions include modifications to Georgia's Air Quality Rules found at Chapter 391-3-20-.21, pertaining to rules for Enhanced Inspection and Maintenance (I/M). Enhanced I/M was required for 1-hour nonattainment areas classified as serious and above, under the Clean Air Act (CAA) as amended in 1990. The I/M program is a way to ensure that vehicles are maintained properly and verify that the emission control system is operating correctly, in order to reduce vehicle-related emissions. This action is being taken pursuant to section 110 of the CAA.

DATES: This direct final rule is effective February 5, 2008 without further notice, unless EPA receives adverse comment by January 7, 2008. If adverse comment is received, EPA will publish a timely withdrawal of the direct final rule in the **Federal Register** and inform the public that the rule will not take effect.

ADDRESSES: Submit your comments, identified by Docket ID Number, "EPA-R04-OAR-2007-1059," by one of the following methods:

1. *www.regulations.gov*: Follow the on-line instructions for submitting comments.
2. *E-mail*: harder.stacy@epa.gov.

5. *Hand Delivery or Courier*: Stacy Harder, Regulatory Development Section, Air Planning Branch, Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street, SW., Atlanta, Georgia 30303-8960. Such

deliveries are only accepted during the Regional Office's normal hours of operation. The Regional Office's official hours of business are Monday through Friday, 8:30 a.m. to 4:30 p.m., excluding federal holidays.

Instructions: Direct your comments to Docket ID Number, "EPA-R04-OAR-2007-1059." EPA's policy is that all comments received will be included in the public docket without change and may be made available online at www.regulations.gov, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit through www.regulations.gov or e-mail, information that you consider to be CBI or otherwise protected. The www.regulations.gov Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through www.regulations.gov, your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about EPA's public docket visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

Docket: All documents in the electronic docket are listed in the www.regulations.gov index. Although listed in the index, some information is not publicly available, i.e., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically in www.regulations.gov or in hard copy at the Regulatory Development Section, Air Planning Branch, Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street, SW.,

Atlanta, Georgia 30303–8960. EPA requests that if at all possible, you contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. The Regional Office's official hours of business are Monday through Friday, 8:30 a.m. to 4:30 p.m., excluding federal holidays.

SUPPLEMENTARY INFORMATION:

Table of Contents

- I. EPA's Action
- II. Analysis of the State's Submittal
- III. Final Action
- IV. Statutory and Executive Order Reviews

I. EPA's Action

EPA is approving a SIP revision submitted by the GA DNR, through GA EPD on September 26, 2007, pertaining to rules for I/M. The revisions include changes to Georgia's Air Quality Rules, found at Chapters 391–3–20–.21, subparagraphs (3)(a) through (d). These revisions became State effective on September 26, 2007.

II. Analysis of the State's Submittal

Rule 391–3–20–.21 "Inspection Fees," is being revised, effective October 1, 2007, to reduce the administrative fee paid by the station owner to the GA DNR from \$6.95 to \$4.02 per pre-purchased Certificate of Emission Inspection. The fee for fleet inspection stations where GA EPD has required the installation and operation of a video camera surveillance system, is being reduced from \$7.95 to \$5.02. The reductions are based, in part, on lower contractual expenses effective October 1, 2007. This change will have a positive impact on small business owners that conduct vehicle inspections, by reducing their costs. There is no change in cost to the general public, as the inspection fee will remain the same. Additionally, this change has no effect on the emissions reductions claimed in the SIP.

III. Final Action

EPA is taking direct final action to approve the aforementioned revisions, specifically, Chapters 391–3–20–.21 subparagraphs (3)(a) through (d) into the Georgia SIP. These revisions were submitted by GA EPD on September 26, 2007.

EPA is publishing this rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. However, in the proposed rules section of this **Federal Register** publication, EPA is publishing a separate document that will serve as the proposal to approve the SIP revision should adverse comments be filed. This rule will be effective February 5, 2008 without further notice unless the Agency receives adverse comments by January 7, 2008.

If EPA receives such comments, EPA will then publish a document withdrawing the direct final rule and informing the public that such rule will not take effect. All public comments received will then be addressed in a subsequent final rule based on the proposed rule. EPA will not institute a second comment period. Parties interested in commenting should do so at this time. If no such comments are received, the public is advised that this rule will be effective on February 5, 2008 and no further action will be taken on the proposed rule.

IV. Statutory and Executive Order Reviews

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a "significant regulatory action" and therefore is not subject to review by the Office of Management and Budget. For this reason, this action is also not subject to Executive Order 13211, "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use" (66 FR 28355, May 22, 2001). This action merely approves state law as meeting Federal requirements and imposes no additional requirements beyond those imposed by state law. Accordingly, the Administrator certifies that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 et seq.). Because this rule approves pre-existing requirements under state law and does not impose any additional enforceable duty beyond that required by state law, it does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4).

This rule also does not have tribal implications because it will not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes,

as specified by Executive Order 13175 (65 FR 67249, November 9, 2000). This action also does not have Federalism implications because it does not have substantial direct effects on the states, on the relationship between the national government and the states, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999). This action merely approves a state rule implementing a Federal standard, and does not alter the relationship or the distribution of power and responsibilities established in the CAA. This rule also is not subject to Executive Order 13045, "Protection of Children from Environmental Health Risks and Safety Risks" (62 FR 19885, April 23, 1997), because it is not economically significant.

In reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the CAA. In this context, in the absence of a prior existing requirement for the State to use voluntary consensus standards (VCS), EPA has no authority to disapprove a SIP submission for failure to use VCS. It would thus be inconsistent with applicable law for EPA, when it reviews a SIP submission, to use VCS in place of a SIP submission that otherwise satisfies the provisions of the CAA. Thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply. This rule does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.).

The Congressional Review Act, U.S.C. 801 et seq., as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by *February 5, 2008*. Filing a petition for reconsideration by the

Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

Pesticide Tolerance Crop Grouping Program

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: This final rule makes revisions to the pesticide tolerance crop grouping regulations. Crop grouping allows tolerances to be established for multiple related crops based on data from a representative set of crops. The revisions will create a new crop group for edible fungi (mushrooms), expand existing crop groups by adding new commodities, establish new crop subgroups, and revise the representative crops in some groups. Additionally, EPA is revising the general crop group regulation to explain how the Agency will implement revisions to crop groups. EPA expects these revisions to promote greater use of crop groupings for tolerance-setting purposes and, in particular, assist in retaining or making pesticides available for minor crop uses. This is the first in a series of planned crop group updates expected during the next several years.

DATES: This final rule is effective on December 7, 2007.

ADDRESSES: EPA has established a docket for this action under docket identification (ID) number EPA–HQ–OPP–2007–0766. To access the electronic docket, go to <http://www.regulations.gov>, select “Advanced Search,” then “Docket Search.” Insert the docket ID number where indicated and select the “Submit” button.
