available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act (12 U.S.C. 1843). Unless otherwise noted, nonbanking activities will be conducted throughout the United States. Additional information on all bank holding companies may be obtained from the National Information Center website at www.ffiec.gov/nic/.

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than October 29,

## A. Federal Reserve Bank of Chicago (Burl Thornton, Assistant Vice President) 230 South LaSalle Street, Chicago, Illinois 60690–1414:

1. Capitol Bancorp, Ltd., and Capitol Development Bancorp Limited VII, both of Lansing, Michigan; to acquire 51 percent of the voting shares of Citizens Business Bank (in organization), Goodyear, Arizona.

### FEDERAL TRADE COMMISSION

## Granting of Request for Early Termination of the Waiting Period Under the Premerger Notification Rules

Section 7A of the Clayton Act, 15 U.S.C. 18a, as added by Title II of the Hart-Scott-Rodino Antitrust Improvements Act of 1976, requires persons contemplating certain mergers or acquisitions to give the Federal Trade Commission and the Assistant Attorney General advance notice and to wait designated periods before consummation of such plans. Section 7A(b)(2) of the Act permits the agencies, in individual cases, to terminate this waiting period prior to its expiration and requires that notice of this action be published in the **Federal Register**.

The following transactions were granted early termination of the waiting period provided by law and the premerger notification rules. The grants were made by the Federal Trade Commission and the Assistant Attorney General for the Antitrust Division of the Department of Justice. Neither agency intends to take any action with respect to these proposed acquisitions during the applicable waiting period.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health Submission for OMB Review; Comment Request; Second National Survey To Evaluate the National Institutes of Health (NIH) Small Business Innovation Research (SBIR) Program

Summary: Under the provisions of Section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, the Office of the Director (OD), Office of Extramural Research (OER) Office of Extramural Programs (OEP), National Institutes of Health (NIH) has submitted to the Office of Management and Budget (OMB) a request to review and approve the information collection listed below. This proposed information collection

was previously published in the **Federal Register** on February 15, 2007, pages 7442–7443 and allowed 60-days for public comment. No public comments were received. The purpose of this notice is to allow an additional 30 days for public comment. The National Institutes of Health may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

## **Proposed Collection**

Title: The Second National Survey to Evaluate the Outcomes of the NIH SBIR Program. Type of Information Collection Request: Reinstatement with changes.

Need and Use of the Information Collection: The NIH, Office of the Director, (OD), Office of Extramural Research (OER), Office of Extramural Programs (OEP) will seek OMB approval to reinstate with changes a prior approved collection to conduct a second survey to evaluate the outcomes of the NIH Small Business Innovation Research (SBIR) Program. The SBIR Program, established by Congress in 1982 (Pub. L. 97-219), and reauthorized through September 30, 2008 (Pub. L. 106-554; 15 U.S.C. § 638), provides research support to small businesses for innovative technology. OMB approved the information collection associated

with the initial National Survey to Evaluate the NIH SBIR Program on March 15, 2002 (OMB Control No. 0925–0499), expiration April 30, 2003. Through the first National Survey to Evaluate the NIH SBIR Program, NIH was able to obtain data demonstrating significant SBIR programmatic results. For example, seventy-three percent of the 768 awardee respondents reported commercializing new or improved products, processes, usages, and/or services in health-related fields. Other evidence of commercialization from the survey were that SBIR projects developed 48 drugs and medical devices receiving FDA approval; 281 awardees received additional funding from non-SBIR sources; and 436 awardees engaged in ongoing or completed marketing activities.

NIH will seek OMB approval to reinstate this information collection with changes with the primary objective to assess the extent to which the SBIR program goals continue to be met, particularly those dealing with the commercialization of research products, processes or services and the uncovering of new knowledge that will lead to better health for everyone. With outcome data, NIH will be able to more accurately assess the results of its large financial investment in funding innovative research conducted by small business concerns. Findings will help NIH to (1) understand if innovative
