OFFICE OF THE DIRECTOR OF NATIONAL INTELLIGENCE
Office of the National Counterintelligence Executive
Privacy Act of 1974; System of Records

AGENCY: Office of the National Counterintelligence Executive, Office of the Director of National Intelligence.

ACTION: Notice to establish systems of records.

SUMMARY: The Office of the National Counterintelligence Executive (ONCIX) is establishing a system of records subject to the Privacy Act of 1974, as amended, 5 U.S.C. 552a. This system of records is maintained by ONCIX.

DATES: This action will be effective on February 6, 2008, unless comments are received that result in a contrary determination.

ADDRESSES: You may submit comments, identified by [RIN number], by any of the following methods:

Federal eRulemaking Portal: <http://www.regulations.gov>.

Mail: Director, Information Management Office, Office of the Director of National Intelligence, Washington, DC 20511.

FOR FURTHER INFORMATION CONTACT: Mr. John F. Hackett, Director, Information Management Office, 703-482-3610.

SUPPLEMENTARY INFORMATION: The National Counterintelligence Executive and the Office of the National Counterintelligence Executive (ONCIX) were established in statute by the Counterintelligence Enhancement Act of 2002 and codified as an element of the Office of the Director of National Intelligence (ODNI) in the Intelligence Reform and Terrorism Prevention Act (IRTPA) of 2004.

The mission of the ONCIX is to serve as the head of national counterintelligence for the United States Government. The counterintelligence components of the United States Government are responsible for identifying, assessing, prioritizing, and countering the intelligence threats to the United States. The ONCIX is charged with fostering integration of these components to best address threats presented by the intelligence services of foreign states and similar organizations of non-state actors, such as transnational terrorist groups.

The National Counterintelligence Executive serves as the principal advisor to the Director of National Intelligence (DNI) on issues relating to the overall strategy and performance of the Intelligence Community relating to counterintelligence. Under the direction of the National Counterintelligence Executive, ONCIX develops an annual integrated national counterintelligence strategy, sets priorities for counterintelligence collection, investigations and operations, and ensures that budget and staffing recommendations conform to established programmatic priorities. The ONCIX produces annual foreign intelligence threat assessments and other analytic counterintelligence products, including in-depth espionage damage assessments.

The DNI has designated the National Counterintelligence Executive as the Mission Manager for Counterintelligence. As Mission Manager, the National Counterintelligence Executive works through the National Counterintelligence Policy Board to meet the goals of the nation's strategic counterintelligence mission. Partner organizations on the Board include, but are not limited to: Central Intelligence Agency; Department of Defense/Joint Chiefs of Staff; Department of Energy; Department of Homeland Security; Department of Justice/ Federal Bureau of Investigation and Department of State.

The system of records published herewith contains information about acts of espionage or other intelligence-related crimes. Accordingly, to protect classified and sensitive law enforcement information and to prevent the compromise of counterintelligence investigations and methods, the DNI is proposing to exempt this system of records from certain portions of the Privacy Act and to continue to exempt from certain portions of the Privacy Act those records for which the source agency claimed exemption.

As required by the Privacy Act, a proposed rule is being published concurrently with this notice to seek public comment on the proposal to exempt this system. In accordance with 5 U.S.C. 552a(r), the ODNI has provided a report of this new system of records to the Office of Management and Budget and to Congress.

Dated: December 13, 2007.

John F. Hackett,

Director, Information Management Office.

SYSTEM NAME:

Damage Assessment Records (ONCIX/ODNI-001).
