

Administration, Room B-099, within 30 days of the date of publication of this notice. Requests should contain: (1) the party's name, address and telephone number; (2) the number of participants; and, (3) a list of issues to be discussed. See 19 CFR 351.310(c). Issues raised in the hearing will be limited to those raised in the respective case briefs. The Department will issue the final results of the administrative and new shipper reviews, including the results of its analysis of issues raised in any written briefs, not later than 120 days after the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Act.

Assessment

Upon completion of the administrative and new shipper reviews, the Department shall determine, and CBP shall assess, antidumping duties on all appropriate entries, in accordance with 19 CFR 351.212. The Department will issue appropriate appraisal instructions for the companies subject to these reviews directly to CBP 15 days after the date of publication of the final results of this review.

Pursuant to 19 CFR 351.212(b)(1), for all sales made by Colakoglu, Habas, Kaptan, and Kroman, as well as for certain sales made by Ekinciler, because we have the reported entered value of the U.S. sales, we have calculated importer-specific assessment rates based on the ratio of the total amount of antidumping duties calculated for the examined sales to the total entered value of those sales.

Regarding all of Diler's and certain of Ekinciler's sales, we note that these companies did not report the entered value for the U.S. sales in question. Accordingly, we have calculated importer-specific assessment rates for the merchandise in question by aggregating the dumping margins calculated for all U.S. sales to each importer and dividing this amount by the total quantity of those sales. To determine whether the duty assessment rates were *de minimis*, in accordance with the requirement set forth in 19 CFR 351.106(c)(2), we calculated importer-specific *ad valorem* ratios based on the estimated entered value.

We will instruct CBP to assess antidumping duties on all appropriate entries covered by these reviews if any importer-specific assessment rate calculated in the final results of these reviews is above *de minimis* (i.e., at or above 0.50 percent). Pursuant to 19 CFR 351.106(c)(2), we will instruct CBP to liquidate without regard to antidumping duties any entries for which the

assessment rate is *de minimis* (i.e., less than 0.50 percent). See 19 CFR 351.106(c)(1).

We are preliminarily revoking the order with respect to Colakoglu's and Diler's exports of subject merchandise. If these revocations become final, we will instruct CBP to terminate the suspension of liquidation for exports of such merchandise entered, or withdrawn from warehouse, for consumption on or after April 1, 2006, and to refund all cash deposits collected.

The final results of these reviews shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of these reviews and for future deposits of estimated duties, where applicable.

The Department clarified its "automatic assessment" regulation on May 6, 2003 (68 FR 23954). This clarification will apply to entries of subject merchandise during the POR produced by companies included in these preliminary results of review for which the reviewed companies did not know their merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the All-Others rate if there is no rate for the intermediate company(ies) involved in the transaction. For a full discussion of this clarification, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of the administrative and new shipper reviews, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for each specific company listed above will be that established in the final results of these reviews, except if the rate is less than 0.50 percent, and therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously reviewed or investigated companies not participating in these reviews, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in these reviews or the original less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the

merchandise; and 4) the cash deposit rate for all other manufacturers or exporters will continue to be 16.06 percent, the All-Others rate established in the LTFV investigation. These requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results of review in accordance with sections 751(a)(1), 751(a)(2)(B)(iv), and 777(i)(1) of the Act, as well as 19 CFR 351.214(i), 351.221(b)(4), and 351.222(f)(2)(iv).

Dated: April 30, 2007.

Assistant Secretary for Import Administration.

DEPARTMENT OF COMMERCE

International Trade Administration

Implementation of the Findings of the WTO Panel in US—Zeroing (EC): Notice of Determinations Under Section 129 of the Uruguay Round Agreements Act and Revocations and Partial Revocations of Certain Antidumping Duty Orders

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On April 23, 2007, the U.S. Trade Representative instructed the Department of Commerce (the Department) to implement its findings under section 129 of the Uruguay Round Agreements Act (URAA) regarding the offsetting of dumped sales with non-dumped sales in investigations involving average-to-average transactions. The Department issued its findings on April 9, 2007, regarding eleven investigations challenged by the European Communities before the World Trade Organization. The Department is now implementing those findings.

DATES: The effective date of these determinations is April 23, 2007.

FOR FURTHER INFORMATION CONTACT:

Daniel O'Brien, William Kovatch, or Michael Rill, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave., NW., Washington, DC 20230; telephone: (202) 482-1376, (202) 482-5052, or (202) 482-3058, respectively.

SUPPLEMENTARY INFORMATION:**Background**

On February 22, 2007, the Department initiated twelve proceedings under section 129 of the URAA to implement the WTO dispute settlement panel's report in United States—Laws, Regulations and Methodology for Calculating Dumping Margins ("Zeroing") (WT/DS294). In each proceeding, the Department recalculated the weighted-average dumping margin from the following antidumping investigations, applying the calculation methodology described in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin During an Antidumping Investigation; Final Modification*; see 71 FR 77722 (December 27, 2006):

1. Certain Hot-Rolled Carbon Steel from the Netherlands (A-421-807).
2. Stainless Steel Bar From France (A-427-820).
3. Stainless Steel Bar From Germany (A-428-830).
4. Stainless Steel Bar From Italy (A-475-829).
5. Stainless Steel Bar From the United Kingdom (A-412-822).
6. Stainless Steel Wire Rod From Sweden (A-401-806).
7. Stainless Steel Wire Rod From Spain (A-469-807).
8. Stainless Steel Wire Rod From Italy (A-475-820).
9. Certain Stainless Steel Plate in Coils from Belgium (A-423-808).
10. Stainless Steel Sheet and Strip in Coils from Italy (A-475-824).
11. Certain Cut-to-Length Carbon-quality Steel Plate From Italy (A-475-826).
12. Certain Pasta From Italy (A-475-818).

On February 26, 2007, the Department issued its preliminary results and requested comments. After receiving comments and rebuttal comments from the interested parties, the Department issued its Final Results for the Section 129 Determinations in eleven of the twelve proceedings on April 9, 2007.¹

¹ With respect to Stainless Steel Sheet and Strip in Coils from Italy (A-475-824), one interested party made allegations of computational errors in calculating the weighted-average dumping margin. The Department found that there was a reasonable

basis to investigate the allegations further, and postponed its decision in that proceeding in order to place additional information on the administrative record, and allow interested parties additional time to comment.

Nature of the Proceedings

Section 129 of the URAA governs the nature and effect of determinations issued by the Department to implement findings by WTO dispute settlement panels and the Appellate Body. Specifically, section 129(b)(2) provides that "notwithstanding any provision of the Tariff Act of 1930," within 180 days of a written request from the U.S. Trade Representative, the Department shall issue a determination that would render its actions not inconsistent with an adverse finding of a WTO panel or the Appellate Body. See 19 U.S.C. 3538(b)(2). The Statement of Administrative Action, U.R.A.A., H. Doc. 316, Vol. 1, 103d Cong. (1994) (SAA), variously refers to such a determination by the Department as a "new," "second," and "different" determination. See SAA at 1025, 1027. After consulting with the Department and the appropriate congressional committees, the U.S. Trade Representative may direct the Department to implement, in whole or in part, the new determination made under section 129. See 19 U.S.C. 3538(b)(4). Pursuant to section 129(c), the new determination shall apply with respect to unliquidated entries of the subject merchandise that are entered, or withdrawn from warehouse, for consumption on or after the date on which the U.S. Trade Representative directs the Department to implement the new determination. See 19 U.S.C. 3538(c). The new determination is subject to judicial review separate and apart from judicial review of the Department's original determination. See 19 U.S.C. 1516a(a)(2)(B)(vii).

Analysis of Comments Received

The issues raised in the case and rebuttal briefs submitted by interested parties to these proceedings are addressed in the Issues and Decision Memorandum for the Final Results of the Section 129 Determinations, from Stephen J. Claeys to David M. Spooner,

dated April 9, 2007 (Issues and Decision Memorandum), which is hereby adopted by this notice. The Issues and Decisions Memorandum is on file in the Central Records Unit (CRU), room B-099 of the Department of Commerce main building and can be accessed directly at <http://ia.ita.doc.gov/frn>. The paper copy and electronic version of the Issues and Decisions Memorandum are identical in content. A list of the issues addressed in the Issues and Decisions Memorandum is appended to this notice.

Final Antidumping Margins

The recalculated margins, unchanged from the Preliminary Results for all cases, except the investigation of Stainless Steel Sheet and Strip in Coils from Italy, are as follows:

(1) Certain Hot-Rolled Carbon Steel From the Netherlands

- The margin for Corus, the sole respondent, decreases from 2.59 percent to zero. Since Corus was the only respondent in the investigation, we are now revoking this order effective April 23, 2007 (the effective date).

(2) Stainless Steel Bar From France

- The margin for UGITECH decreases from 3.9 percent to zero. We are now revoking this order for UGITECH effective April 23, 2007 (the effective date).
- The margin for Aubert and Duval S.A. was based on total AFA. This margin does not change as a result of this proceeding.
- Since there are no non-AFA, above *de minimis* margins remaining, pursuant to Department practice, the all others rate is based on a simple average of the zero margins and the AFA margins. Therefore, the all-others rate changes from 3.9 percent to 35.92 percent.

(3) Stainless Steel Bar From Germany

- The margin for BGH decreases from 13.63 percent to 2.59 percent.
- The margin for Einsal decreases from 4.17 percent to *de minimis*. We are now revoking this order for Einsal effective April 23, 2007 (the effective date).
- The margin for Edle Stahl Witten-Krefeld GmbH decreases from 15.40 percent to 10.82 percent.
- The margin for Krupp Edle Stahlprofile GmbH decreases from 32.32 percent to 31.25 percent.
- The all-others rate changes from 16.96 percent to 15.16 percent.

(4) Stainless Steel Bar From Italy

- The margin for Acciaiera Valbruna S.p.A. decreases from 2.50 percent to

zero. We are now revoking this order for Acciaiera Valbruna S.p.A. effective April 23, 2007 (the effective date).

- The margin for Acciaiera Foroni S.p.A. decreases from 7.07 percent to zero. We are now revoking this order for Acciaiera Foroni S.p.A. effective April 23, 2007 (the effective date).

- Trafilerie Bedini S.r.l. was excluded from the order and that does not change as a result of this proceeding.

- The margin for Cogne Acciai Speciali Srl was based on total AFA. This margin does not change as a result of this proceeding.

- The margin for Rodacciai S.p.A. decreases from 3.83 percent to zero. We are now revoking this order for Rodacciai S.p.A. effective April 23, 2007 (the effective date).

- Since there are no non-AFA above *de minimis* margins remaining, pursuant to Department practice, the all-others rate is based on a simple average of the zero margins and the AFA margins. Therefore, the all-others rate changes from 3.81 percent to 6.60 percent.

(5) Stainless Steel Bar From the United Kingdom

- The margin for Corus Engineering Steels Ltd. decreases from 4.48 percent to zero. We are now revoking this order for Corus Engineering Steels Ltd. effective April 23, 2007 (the effective date).

- Firth Rixon Special Steels Ltd. and Crownridge Stainless Steel Ltd.'s/Valkia Ltd.'s margins were based on total AFA. These margins do not change as a result of this proceeding.

- Since there are no non-AFA above *de minimis* margins remaining, pursuant to Department practice, the all-others rate is based on a simple average of the zero margins and the AFA margins. Therefore, the all-others rate changes from 4.48 percent to 83.85 percent.

(6) Stainless Steel Wire Rod From Sweden

- The margin for Fagersta Stainless AB decreases from 5.71 percent to zero. Since Fagersta Stainless AB was the only respondent in the investigation, we are now revoking this order effective April 23, 2007 (the effective date).

(7) Stainless Steel Wire Rod From Spain

- The margin for Roldan S.A., the sole respondent, decreases from 4.76 percent to 2.71 percent.

- The all-others rate changes from 4.76 percent to 2.71 percent.

(8) Stainless Steel Wire Rod From Italy

- The margin for Cogne Acciai Speciali S.r.l. decreases from 12.73 percent to 11.25 percent.

- Acciaiera Valbruna S.p.A. was excluded from the order and that does not change as a result of this proceeding.

- The all-others rate changes from 12.73 percent to 11.25 percent.

(9) Stainless Steel Plate in Coils From Belgium

- The margin for Ugine & ALZ Belgium (formerly ALZ N.V.), the sole respondent, decreases from 9.84 percent to 8.54 percent.

- The all-others rate changes from 9.84 percent to 8.54 percent.

(10) Certain Cut-To-Length Carbon-Quality Steel Plate Products From Italy

- The margin for Palini and Bertoli S.p.A. decreases from 7.85 percent to 7.64 percent.

- ILVA S.p.A. was excluded from the order and that does not change as a result of this proceeding.

- The all-others rate changes from 7.85 percent to 7.64 percent.

(11) Certain Pasta From Italy

- The margin for Arrighi S.p.A. Industrie Alimentari decreases from 21.34 percent to 20.84 percent.

- The margin for Liguori Pastificio Dal 1820 S.p.A. decreases from 12.41 percent to 12.14 percent.

- The margin for Pastificio Fratelli Pagani S.p.A. decreases from 18.30 percent to 18.23 percent.

- The margin for La Molisana Industrie Alimentari S.p.A. remains at 14.78 percent based on this recalculation.

- De Matteis Agroalimentare S.p.A. and Delverde S.r.l. were excluded from the order and that does not change as a result of this proceeding.

- F.lli De Cecco de Filippo Fara San Martino S.p.A.'s margin was based on total AFA. This margin does not change as a result of this proceeding.

- The all-others rate changes from 12.09 percent to 16.51 percent. We note that Delverde S.r.l.'s margin in the investigation was a component of the all-others rate. However, since Delverde S.r.l. was later revoked from the order as a result of litigation relating to the investigation, its margin is no longer a component of the all others rate. We note also that, for cash deposit purposes, we deduct from the margin of dumping any export subsidies. On that basis, the new cash deposit rate that will be established for all others is 15.45 percent.

Revocations, Cash Deposits and Continuation of the Suspension of Liquidation

On April 23, 2007, in accordance with sections 129(b)(4) and 129(c)(1)(B) of the URAA, the U.S. Trade Representative, after consulting with the Department and Congress, directed the Department to implement these determinations.
