## SECURITIES AND EXCHANGE COMMISSION

### Proposed Collection; Comment Request

*Upon written request, copies available from:* Securities and Exchange Commission, Office of Filings and Information Services, Washington, DC 20549.

*Extension:*

Rule 303, SEC File No. 270-450, OMB Control No. 3235-0505.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Regulation ATS (17 CFR 242.300 *et seq.*) under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) provides a regulatory structure that directly addresses issues related to alternative trading systems' role in the marketplace. Regulation ATS allows alternative trading systems to choose between two regulatory structures. Alternative trading systems have the choice between registering as broker-dealers and complying with Regulation ATS or registering as national securities exchanges. Regulation ATS provides the regulatory framework for those alternative trading systems that choose to be regulated as broker-dealers. Rule 303 of Regulation ATS describes the record preservation requirements for alternative trading systems that are not national securities exchanges.

Alternative trading systems that register as broker-dealers, comply with Regulation ATS, and meet certain volume thresholds are required to preserve all records made pursuant to Rule 302, which includes information relating to subscribers, trading summaries and order information. Such

alternative trading systems are also required to preserve records of any notices communicated to subscribers, a copy of the system's standards for granting access to trading and any documents generated in the course of complying with the capacity, integrity and security requirements for automated systems under Rule 301(b)(6) of Regulation ATS. Rule 303 also describes how such records must be kept and how long they must be preserved.

The information contained in the records required to be preserved by the Rule will be used by examiners and other representatives of the Commission, state securities regulatory authorities, and the SROs to ensure that alternative trading systems are in compliance with Regulation ATS as well as other rules and regulations of the Commission and the SROs. Without the data required by the proposed Rule, the Commission would be severely limited in its ability to comply with its statutory obligations, provide for the protection of investors and promote the maintenance of fair and orderly markets.

Respondents consist of alternative trading systems that choose to register as broker-dealers and comply with the requirements of Regulation ATS. The Commission estimates that there are currently approximately 65 respondents.

An estimated 65 respondents will spend approximately 260 hours per year (65 respondents at 4 burden hours/respondent) to comply with the record preservation requirements of Rule 303. At an average cost per burden hour of \$86.54, the resultant total related cost of compliance for these respondents is \$22,500.00 per year (260 burden hours multiplied by \$86.54/hour; a slight discrepancy is due to arithmetic rounding).

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Comments should be directed to R. Corey Booth Director/Chief Information Officer, Securities and Exchange

Commission, c/o Shirley Martinson, 6432 General Green Way, Alexandria, VA 22312 or send an e-mail to: [PRA\\_Mailbox@sec.gov](mailto:PRA_Mailbox@sec.gov). Comments must be submitted within 60 days of this notice.

Dated: May 16, 2007.

**J. Lynn Taylor,**

*Assistant Secretary.*

## SECURITIES AND EXCHANGE COMMISSION

### Proposed Collection; Comment Request

*Upon written request, copies available from:* Securities and Exchange Commission, Office of Filings and Information Services, Washington, DC 20549.

*Extension:*

Rule 301 and Forms ATS and ATS-R, SEC File No. 270-451, OMB Control No. 3235-0509.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Regulation ATS (17 CFR 242.300 *et seq.*) under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) provides a regulatory structure that directly addresses issues related to alternative trading systems' role in the marketplace. Regulation ATS allows alternative trading systems to choose between two regulatory structures. Alternative trading systems have the choice between registering as broker-dealers and complying with Regulation ATS or registering as national securities exchanges. Regulation ATS provides the regulatory framework for those alternative trading systems that choose to be regulated as broker-dealers. Rule 301 of Regulation ATS contains certain notice and reporting requirements, as well as additional obligations that only apply to alternative trading systems with significant volume. Rule 301 describes the conditions with which a registered broker-dealer operating an alternative trading system must comply. The Rule requires all alternative trading systems that wish to comply with Regulation ATS to file an initial operation report on Form ATS. The initial operation report requires

information regarding operation of the system including the method of operation, access criteria and the types of securities traded. Alternative trading systems are also required to supply updates on Form ATS to the Commission, describing material changes to the system, and quarterly transaction reports on Form ATS-R. Alternative trading systems are also required to file cessation of operations reports on Form ATS.

Alternative trading systems with significant volume are required to comply with requirements for fair access and systems capacity, integrity and security. Under Rule 301, such alternative trading systems are required to establish standards for granting access to trading on its system. In addition, upon a decision to deny or limit an investor's access to the system, an alternative trading system is required to provide notice to the investor of the denial or limitation and their right to an appeal to the Commission. Regulation ATS requires alternative trading systems to preserve any records made in the process of complying with the systems' capacity, integrity and security requirements. In addition, such alternative trading systems are required to notify Commission staff of material systems outages and significant systems changes.

The Commission uses the information provided pursuant to the Rule to monitor the growth and development of alternative trading systems to confirm that investors effecting trades through the systems are adequately protected, and that the systems do not impede the maintenance of fair and orderly securities markets or otherwise operate in a manner that is inconsistent with the federal securities laws. In particular, the information collected and reported to the Commission by alternative trading systems enables the Commission to evaluate the operation of alternative trading systems with regard to national market system goals, and monitor the competitive effects of these systems to ascertain whether the regulatory framework remains appropriate to the operation of such systems. Without the information provided on Forms ATS and ATS-R, the Commission would not have readily available information on a regular basis in a format that will allow it to determine whether such systems have adequate safeguards.

Respondents consist of alternative trading systems that choose to register as broker-dealers and comply with the requirements of Regulation ATS. The Commission estimates that there are currently approximately 65 respondents.

An estimated 65 respondents will file an average total of 465 responses per year, which corresponds to an estimated annual response burden of 1,982.5 hours. At an average cost per burden hour of approximately \$95.57, the resultant total related cost of compliance for these respondents is \$189,458.15 per year (1,982.5 burden hours multiplied by \$95.57 per hour; a slight discrepancy is due to arithmetic rounding).

Written comments are invited on (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Comments should be directed to: R. Corey Booth, Director/Chief Information Officer, Securities and Exchange Commission, c/o Shirley Martinson, 6432 General Green Way, Alexandria, VA 22312 or send an e-mail to: [PRA\\_Mailbox@sec.gov](mailto:PRA_Mailbox@sec.gov). Comments must be submitted within 60 days of this notice.

Dated: May 16, 2007.

## SECURITIES AND EXCHANGE COMMISSION

### Proposed Collection; Comment Request

*Upon written request, copies available from:* Securities and Exchange Commission, Office of Filings and Information Services, Washington, DC 20549.

#### *Extension:*

Rule 302, SEC File No. 270-453, OMB Control No. 3235-0510.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission

plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Regulation ATS (17 CFR 242.300 *et seq.*) under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) provides a regulatory structure that directly addresses issues related to alternative trading systems' role in the marketplace. Regulation ATS allows alternative trading systems to choose between two regulatory structures. Alternative trading systems have the choice between registering as broker-dealers and complying with Regulation ATS or registering as national securities exchanges. Regulation ATS provides the regulatory framework for those alternative trading systems that choose to be regulated as broker-dealers. Rule 302 of Regulation ATS describes the recordkeeping requirements for alternative trading systems that are not national securities exchanges. Under Rule 302, alternative trading systems are required to make a record of subscribers to the alternative trading system, daily summaries of trading in the alternative trading system, and time-sequenced records of order information in the alternative trading system.

The information required to be collected under the Rule should increase the abilities of the Commission, state securities regulatory authorities, and the SROs to ensure that alternative trading systems are in compliance with Regulation ATS as well as other rules and regulations of the Commission and the SROs. If the information is not collected or is collected less frequently, the Commission would be severely limited in its ability to comply with its statutory obligations, provide for the protection of investors and promote the maintenance of fair and orderly markets.

Respondents consist of alternative trading systems that choose to register as broker-dealers and comply with the requirements of Regulation ATS. The Commission estimates that there are currently approximately 65 respondents.

An estimated 65 respondents will spend approximately 2,340 hours per year (65 respondents at 36 burden hours/respondent) to comply with the recordkeeping requirements of Rule 302. At an average cost per burden hour of \$86.54, the resultant total related cost of compliance for these respondents is \$202,504.00 per year (2,340 burden hours multiplied by \$86.54/hour; a slight discrepancy is due to arithmetic rounding).

Written comments are invited on (a) Whether the proposed collection of information is necessary for the proper
