SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-55714; File No. SR-Amex-2007-43]

Self-Regulatory Organizations; American Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to a One-Year Extension of the \$1 Strike Price Pilot Program

May 7, 2007.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”) ¹ and Rule 19b-4 thereunder, ² notice is hereby given that on April 30, 2007, the American Stock Exchange LLC (“Amex” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been substantially prepared by Amex. The Exchange has filed the proposal as a “non-controversial” rule change pursuant to Section 19(b)(3)(A) of the Act ³ and Rule 19b-4(f)(6) thereunder, ⁴ which renders it effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange seeks to extend the \$1 strike price pilot program (“Pilot Program”) for one year through June 5, 2008. The text of the proposed rule change is available at Amex, the Commission’s Public Reference Room, and <http://www.amex.com>.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Amex included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Amex has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

² 17 CFR 240.19b-4.

³ 15 U.S.C. 78s(b)(3)(A).

⁴ 17 CFR 240.19b-4(f)(6).

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Pilot Program was established in June 2003,⁵ with three one-year extensions granted by the Commission in June 2004, June 2005, and May 2006.⁶ The Exchange believes that the Pilot Program has operated as designed, providing investors with greater flexibility in achieving their investment strategies in connection with stocks trading below \$20. Accordingly, the Exchange believes that a one-year extension is reasonable and consistent with the intent of the Pilot Program.

The Pilot Program permits the Exchange to select a total of five individual stocks on which options series may be listed at \$1 strike price intervals. To be eligible for the Pilot Program, an underlying stock must close below \$20 on its primary market on the previous trading day. If selected, the Exchange may list \$1 strike prices at \$1 intervals from \$3 to \$20, however, a \$1 strike price may not be listed that is greater than \$5 from the underlying stock’s closing price on its primary market on the previous day. The Exchange may also list \$1 strikes on any other options class designated by another options exchange that employs a similar pilot program approved by the Commission.

The Pilot Program prohibits the Exchange from listing \$1 strikes on any series of individual equity options classes that have greater than nine months until expiration. In addition, the Exchange is also restricted from listing any series that would result in strike prices being \$0.50 apart.

To date, the Exchange believes that the Pilot Program has been beneficial to investors and the options market by providing investors with greater flexibility in the trading of equity options that overlie stocks trading below \$20. In this manner, options investors are able to better tailor their strategies through the availability of \$1 strikes. The Pilot Program Report, attached as Exhibit 3 to the proposal, provides data regarding the Pilot Program as required
