Changes Since the Preliminary Results

We made no changes to the *Preliminary Results*.

Final Results of Review

We find that the following margin exists during the period February 1, 2006, through September 12, 2006:

CERTAIN PRESERVED MUSHROOMS FROM THE PRC

Exporter/ manufacturer	Weighted-average margin (percent)
Guangxi Jisheng Foods, Inc.	0.00

Assessment Rates

Upon issuance of the final results, the Department will determine, and U.S. Customs and Border Protection ("CBP") shall assess, antidumping duties on all appropriate entries. The Department intends to issue assessment instructions for Jisheng to CBP 15 days after the date of publication of the final results of review. Pursuant to 19 CFR 351.212(b)(1), we will calculate importer-specific (or customer) *ad valorem* duty assessment rates based on the ratio of the total amount of the dumping margins calculated for the examined sales to the total entered value of those same sales. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review if any importer-specific assessment rate calculated in the final results of this review is above *de minimis*.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of these results of the new shipper review for all shipments of subject merchandise from Jisheng entered, or withdrawn from warehouse, for consumption on or after the publication date: (1) For subject merchandise produced and exported by Jisheng, no cash deposit will be required; (2) for subject merchandise exported by Jisheng but not manufactured by itself, the cash deposit rate will continue to be the PRC-wide rate (*i.e.*, 198.63 percent); and (3) for subject merchandise manufactured by Jisheng but exported by any other party, the cash deposit rate will be the rate applicable to the exporter. These requirements will remain in effect until publication of the final results of the next administrative review.

Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent

assessment of doubled antidumping duties.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective orders ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This new shipper review and notice are in accordance with sections 751(a)(2)(B) and 777(i) of the Tariff Act of 1930, as amended, and 19 CFR 351.214(h).

¹ On June 19, 2000, the Department affirmed that "marinated," "acidified," or "pickled" mushrooms containing less than 0.5 percent acetic acid are within the scope of the antidumping duty order. See "Recommendation Memorandum-Final Ruling of Request by Tak Fat, *et al.* for Exclusion of Certain Marinated, Acidified Mushrooms from the Scope of the Antidumping Duty Order on Certain Preserved Mushrooms from the People's Republic of China," dated June 19, 2000. mechanism to replace domestic judicial review of final determinations in antidumping and countervailing duty cases involving imports from a NAFTA country with review by independent binational panels. When a Request for Panel Review is filed, a panel is established to act in place of national courts to review expeditiously the final determination to determine whether it conforms with the antidumping or countervailing duty law of the country that made the determination.

Under Article 1904 of the Agreement, which came into force on January 1, 1994, the Government of the United States, the Government of Canada and the Government of Mexico established *Rules of Procedure for Article 1904 Binational Panel Reviews* ("Rules"). These Rules were published in the **Federal Register** on February 23, 1994 (59 FR 8686). The panel review in this matter has been conducted in accordance with these Rules.

Panel Decision: The panel remanded the International Trade Administration's final determination respecting Carbon and Certain Alloy Steel Wire Rod from Canada with a partial dissenting opinion and a further dissent. The panel remanded the opinion as follows:

1. On the issue of the permissibility of zeroing, the Panel remands this matter back to Commerce to re-calculate Mittal's dumping margins without zeroing.

2. On the issue of the significance of the actual cost increases, the Panel remands the question of the significance of the cost increase back to Commerce for a reasoned explanation of its decision, based on the record and corrected for any errors in calculation of costs that may have been made in the original decision. At a minimum, the revised determination should include a description of the criteria that Commerce applied and an explanation of how Commerce decided on the significance or lack thereof of the cost increases in this case.

3. On the issue of the consistency of the cost increases between the two cost periods proposed by Mittal, this Panel remands this matter back to Commerce to clarify what is its test for consistent cost increases in this case, to explain why that test is reasonable and to provide a reasoned explanation of whether Mittal's costs met that test in this case.

4. On the issue of the linkage between changes in costs and prices, this Panel also remands this matter back to Commerce to provide a reasoned description and explanation of its linkage test, to apply that test to the costs and prices in this case, and to

provide a reasoned explanation of whether Mittal has actually met this linkage test in its proposed cost periods in this case.

Commerce is further directed to issue its Final Re-determination on Remand within forty-five days from the date of this Panel Decision or by January 14, 2008.

Dated: December 3, 2007.
