Free, but advanced registration is required. Limited to 35 attendees. Register online at <http://www.loc.gov/flicc/feveform.html>.

As part of a series of orientations to libraries and information centers, FLICC is offering an opportunity for federal librarians to become acquainted with the programs and services of the National Library of Medicine.

Founded in 1836, NLM is the world's largest medical library. The collection of more than eight million items spans 11 centuries. NLM is also well known for its leading-edge applications of technology to enhance the teaching and practice of medicine. The program will include:

- Rare Book Room Tour
- MedlinePlus — The Making of a State-of-the Art, Consumer-Friendly Health Resource
- Walking Tour of the Two Reading Rooms and the Computer Room
- Optional Guided Tour of Interactive Exhibition, "Visible Proofs: Forensic Views of the Body"
