To assist in complying with environmental requirements, Borrowers are encouraged to select sites that are free of environmental hazards and are to provide HUD with environmental data

§ 573.8

24 CFR Ch. V (4-1-04 Edition)

needed to make a determination of compliance. For successful Borrowers, the costs for preparing the environmental data are eligible as project costs.

(1) If HUD determines that one or more of the thresholds are exceeded, HUD shall conduct a compliance review of the issue and, if appropriate, establish mitigating measures that the applicant shall carry out for the property.

(2) The lender's submissions under § 573.6 shall provide HUD with:

(i) Documentation for environmental threshold review; and

(ii) Any previously issued environmental reviews prepared by local, State, or other Federal agencies for the proposed property.

(3) In providing the above information, the Borrower is encouraged to contact the local community development agency to obtain any previously issued environmental reviews for the proposed property as well as for other relevant information that can be used in the applicant documentation for the environmental threshold review.

(4) HUD reserves the right to disqualify any request where one or more environmental thresholds are exceeded if HUD determines that the compliance review cannot be satisfactorily completed.

(5) If Guaranteed Loan Funds are requested for acquisition, rehabilitation, or construction, Borrowers and Financial Institutions are prohibited from committing or expending State, local, or other funds to undertake property acquisition, rehabilitation or construction under this part until HUD issues a letter of commitment notifying the lender of HUD approval of the loan guarantee.

(b) *Environmental thresholds.* HUD shall determine whether a NEPA environmental assessment is required. Also, HUD shall determine whether the proposed property triggers thresholds for the applicable Federal environmental laws and authorities listed under 24 CFR 50.4 as follows:

(2) For major rehabilitation of a building or for new construction or rebuilding, and environmental assessment under NEPA is required and, in addition to paragraph (b)(1)(i) through (vi) of this section, other Federal environmental laws and authorities may apply when the property:

(i) Affects coastal zone management;

(ii) Is located near hazardous industrial operations handling fuels or chemicals of an explosive or flammable nature;

(iii) Affects a sole source aquifer;

(e) *Project consultants.* In achieving compliance with these procedures, Borrower's architectural and engineering consultants shall consider these environmental factors and provide information in their plan narratives as to how their construction plans conform with the above environmental factors. To facilitate HUD's compliance with part 50, the Borrower is required to submit the consultant's information and plan narrative discussing the pertinent environmental factors under this section.

This paragraph shall apply to the rehabilitation of residential property only if such property contains not less than 8 units.

(2) *Volunteers.* The provisions of paragraph (d)(1) of this section shall not apply to volunteers under the conditions set forth in 24 CFR part 70. In applying part 70, loan guarantees under this part shall be treated as a program for which there is a statutory exemption for volunteers.

(3) *Labor standards.* Any contract, subcontract, or building loan agreement executed for a project subject to Davis-Bacon wage rates under paragraph (d)(1) of this section shall comply

with all labor standards and provisions of 29 CFR parts 1, 3 and 5 that would be applicable to a loan guarantee program to which Davis-Bacon wage rates are made applicable by statute.
