22 CFR Ch. I (4-1-01 Edition)

within a one-year period totalling more than 180 days, for the same type of commodity.

§ 228.13 Special source rules requiring procurement from the United States.

(a) Agricultural commodities and products thereof must be procured in the United States if the domestic price is less than parity, unless the commodity cannot reasonably be procured in the United States in fulfillment of the objectives of a particular assistance program under which such commodity procurement is to be financed. (22 U.S.C. 2354)

(b) Motor vehicles must be manufactured in the United States to be eligible for USAID financing. Also, any vehicle to be financed by USAID under a long-term lease or where the sale is to be guaranteed by USAID must be manufactured in the United States. (22 U.S.C. 2396) For purposes of this section, motor vehicles are defined as self-propelled vehicles with passenger carriage capacity, such as highway trucks, passenger cars and buses, motorcycles, scooters, motorized bicycles and utility vehicles. Excluded from this definition are industrial vehicles for materials handling and earthmoving, such as lift trucks, tractors, graders, scrapers, off-the-highway trucks (such as off-road dump trucks) and other vehicles that are not designed for travel at normal road speeds (40 kilometers per hour and above).

(c) Pharmaceutical products must be manufactured in the United States in order to be eligible for USAID financing. USAID shall not finance any pharmaceutical product manufactured outside the United States if the manufacture of such product in the United States would involve the use of, or be covered by, a valid patent of the United States unless such manufacture is expressly authorized by the owner of such patent. (22 U.S.C. 2356)

§ 228.14 Nationality of suppliers of commodities.

(a) The rules on nationality of suppliers of commodities relate only to

the suppliers, and not to the commodities they supply. The nationality of the supplier is an additional eligibility criterion to the rules on source, origin and componentry.

(b) A supplier providing commodities must fit one of the following categories for the transaction to be eligible for USAID financing:

(1) An individual who is a citizen or a lawfully admitted permanent resident of a country or area included in the authorized geographic source code, except as provided in paragraph (c) of this section;

(2) A corporation or partnership organized under the laws of a country or area included in the authorized geographic source code and with a place of business in such country;

(3) A controlled foreign corporation (within the meaning of section 957 et seq. of the Internal Revenue Code) as attested by current information on file with the Internal Revenue Service of the United States (on IRS Form 959, 2952, 3646, or on substitute or successor forms) submitted by shareholders of the corporation; or

(4) A joint venture or unincorporated association consisting entirely of individuals, corporations, or partnerships which are eligible under either paragraph (b) (1), (2) or (3) of this section.

(c) Citizens of any country or area, or firms or organizations located in, organized under the laws of, or owned in any part by citizens or organizations of any country or area not included in Geographic Code 935 are ineligible for financing by USAID as suppliers of commodities. Limited exceptions to this rule are:

(1) Individuals lawfully admitted for permanent residence in the United States are eligible, as individuals or owners, regardless of their citizenship; and

(2) The USAID Procurement Executive may authorize the eligibility of organizations having minimal ownership by citizens or organizations of non-Geographic Code 935 countries.
