

the statutory notice required by section 41505 of the statute.

(b) *Grounds for approval.* The following facts and circumstances constitute some of the grounds for approving applications for Special Tariff Permission in the absence of other facts and circumstances warranting denial:

(1) *Clerical or typographical errors.* Clerical or typographical errors in tariffs constitute grounds for approving applications for Special Tariff Permission to file on less than statutory notice the tariff changes necessary to correct such errors. Each application for Special Tariff Permission based on such grounds shall plainly specify the errors and contain a complete statement of all the attending facts and circumstances, and such application shall be presented to the Department with reasonable promptness after issuance of the defective tariff.

(2) *Rejection caused by clerical or typographical errors or unintelligibility.* Rejection of a tariff caused by clerical or typographical errors constitute grounds for approving applications for Special Tariff Permission to file on less than statutory notice, effective not earlier than the original effective dates in the rejected tariff, all changes contained in the rejected tariff but with the errors corrected. Each application for the grant of Special Tariff Permission based on such grounds shall plainly specify the errors and contain a complete statement of all the attending facts and circumstances, and such application shall be filed with the Department within five days after receipt of the Department's notice of rejection.

(3) *Newly authorized transportation.* The fact that the Department has newly authorized a carrier to perform foreign air transportation constitutes grounds for approving applications for Special Tariff Permission to file on less than statutory notice the fares, rates, and other tariff provisions covering such newly authorized transportation.

(4) The fact that a passenger fare is within a statutory or Department-established zone of fare flexibility constitutes grounds for approving an application for Special Tariff Permission to file a tariff stating that fare and any rules affecting them exclusively, on less than statutory notice. The Depart-

ment's policy on approving such applications is set forth in §399.35 of this chapter.

(5) *Lowered fares and charges.* The prospective lowering of fares or charges to the traveling public constitutes grounds for approving an application for Special Tariff Permission to file on less than statutory notice a tariff stating the lowered fares or charges and any rules affecting them exclusively. However, the Department will not approve the application if the proposed tariff raises significant questions of lawfulness, as set forth in §399.35 of this chapter.

(c) *Filing notice required by formal order.* When a formal order of the Department requires the filing of tariff matter on a stated number of days' notice, an application for Special Tariff Permission to file on less notice will not be approved. In any such instance a petition for modification of the order should be filed in the formal docket.

§ 221.121 How to prepare and file applications for Special Tariff Permission.

(a) *Form.* Each application for Special Tariff Permission to file a tariff on less than statutory notice shall conform to the requirements of §221.212 if filed electronically.

(b) *Number of paper copies and place of filing.* For paper format applications, the original and one copy of each such application for Special Tariff Permission, including all exhibits thereto and amendments thereof, shall be sent to the Office of International Aviation, Department of Transportation, Washington, DC 20590.

(c) *Who may make application.* Applications for Special Tariff Permission to file fares, or other tariff provisions on less than statutory notice shall be made only by the issuing carrier or agent authorized to issue and file the proposed tariff. Such application by the issuing carrier or agent will constitute application on behalf of all carriers participating in the proposed fares, or other tariff provisions.

(d) *When notice is required.* Notice in the manner set forth in paragraph (e) of this section is required when a carrier files an application for Special Tariff Permission:

§ 221.122

(1) To offer passenger fares that would be outside a Department-established zone of price flexibility or, in markets for which the Department has not established such a zone, outside the statutory zone of price flexibility; or

(2) To file any price increase or rule change that the carrier believes is likely to be controversial.

(e) *Form of notice.* When notice of filing of a Special Tariff Permission application affecting passenger fares is required by paragraph (d) of this section, the carrier shall, when it files the application, give immediate telegraphic notice or other notice approved by the Office of International Aviation, to all certificated and foreign route carriers authorized to provide nonstop or one-stop service in the markets involved, and to civic parties that would be substantially affected. The application shall include a list of the parties notified.

§ 221.122 Special Tariff Permission to be used in its entirety as granted.

Each Special Tariff Permission to file fares, or other tariff provisions on less than statutory notice shall be used in its entirety as granted. If it is not desired to use the permission as granted, and lesser or more extensive or different permission is desired, a new application for Special Tariff Permission conforming with § 221.121 in all respects and referring to the previous permission shall be filed.

§ 221.123 Re-use of Special Tariff Permission when tariff is rejected.

If a tariff containing matter issued under Special Tariff Permission is rejected, the same Special Tariff Permission may be used in a tariff issued in lieu of such rejected tariff provided that such re-use is not precluded by the terms of the Special Tariff Permission, and is made within the time limit thereof or within seven days after the date of the Department's notice of rejection, whichever is later, but in no event later than fifteen days after the expiration of the time limit specified in the Special Tariff Permission.
