## §121.709 Airworthiness release or aircraft log entry.

- (a) No certificate holder may operate an aircraft after maintenance, preventive maintenance or alterations are performed on the aircraft unless the certificate holder, or the person with whom the certificate holder arranges for the performance of the maintenance, preventive maintenance, or alterations, prepares or causes to be prepared—
  - (1) An airworthiness release; or
- (2) An appropriate entry in the aircraft log.
- (b) The airworthiness release or log entry required by paragraph (a) of this section must—
- (1) Be prepared in accordance with the procedures set forth in the certificate holder's manual;
  - (2) Include a certification that—
- (i) The work was performed in accordance with the requirements of the certificate holder's manual;
- (ii) All items required to be inspected were inspected by an authorized person who determined that the work was satisfactorily completed;
- (iii) No known condition exists that would make the airplane unairworthy;
- (iv) So far as the work performed is concerned, the aircraft is in condition for safe operation; and
- (3) Be signed by an authorized certificated mechanic or repairman except that a certificated repairman may sign the release or entry only for the work for which he is employed and certificated.
- (c) Notwithstanding paragraph (b)(3) of this section, after maintenance, preventive maintenance, or alterations performed by a repair station that is located outside the United States, the airworthiness release or log entry required by paragraph (a) of this section may be signed by a person authorized by that repair station.
- (d) When an airworthiness release form is prepared the certificate holder must give a copy to the pilot in command and must keep a record thereof for at least 2 months.

(e) Instead of restating each of the conditions of the certification required by paragraph (b) of this section, the air carrier may state in its manual that the signature of an authorized certificated mechanic or repairman constitutes that certification.

#### § 121.713 Retention of contracts and amendments: Commercial operators who conduct intrastate operations for compensation or hire.

- (a) Each commercial operator who conducts intrastate operations for compensation or hire shall keep a copy of each written contract under which it provides services as a commercial operator for a period of at least 1 year after the date of execution of the contract. In the case of an oral contract, it shall keep a memorandum stating its elements, and of any amendments to it, for a period of at least one year after the execution of that contract or change.
- (b) Each commercial operator who conducts intrastate operations for compensation or hire shall submit a financial report for the first 6 months of each fiscal year and another financial report for each complete fiscal year. If that person's operating certificate is suspended for more than 29 days, that person shall submit a financial report as of the last day of the month in which the suspension is terminated. The report required to be submitted by this section shall be submitted within 60 days of the last day of the period covered by the report and must include-
- (1) A balance sheet that shows assets, liabilities, and net worth on the last day of the reporting period;

#### § 121.721

- (2) The information required by \$119.36 (e)(2), (e)(7), and (e)(8) of this chapter;
- (3) An itemization of claims in litigation against the applicant, if any, as of the last day of the period covered by the report;
- (4) A profit and loss statement with the separation of items relating to the applicant's commercial operator activities from his other business activities, if any; and
- (5) A list of each contract that gave rise to operating income on the profit and loss statement, including the names and addresses of the contracting parties and the nature, scope, date, and duration of each contract.

# Subpart W—Crewmember Certificate: International

#### §121.721 Applicability.

This section describes the certificates that were issued to United States citizens who were employed by air carriers at the time of issuance as flight crewmembers on United States registered aircraft engaged in international air commerce. The purpose of the certificate is to facilitate the entry and clearance of those crewmembers into ICAO contracting states. They were issued under Annex 9, as amended, to the Convention on International Civil Aviation.

### Subpart X—Emergency Medical Equipment and Training

SOURCE: Docket No. FAA-2000-7119, 66 FR 19044, Apr. 12, 2001, unless otherwise noted.

#### § 121.801 Applicability.

This subpart prescribes the emergency medical equipment and training requirements applicable to all certificate holders operating passenger-carrying airplanes under this part. Nothing in this subpart is intended to require certificate holders or its agents to provide emergency medical care or to establish a standard of care for the provision of emergency medical care.

### § 121.803 Emergency medical equipment.

- (a) No person may operate a passenger-carrying airplane under this part unless it is equipped with the emergency medical equipment listed in this section.
- (b) Each equipment item listed in this section—
- (1) Must be inspected regularly in accordance with inspection periods established in the operations specifications to ensure its condition for continued serviceability and immediate readiness to perform its intended emergency purposes:
- (2) Must be readily accessible to the crew and, with regard to equipment located in the passenger compartment, to passengers;
- (3) Must be clearly identified and clearly marked to indicate its method of operation; and
- (4) When carried in a compartment or container, must be carried in a compartment or container marked as to contents and the compartment or container, or the item itself, must be marked as to date of last inspection.
- (c) For treatment of injuries, medical events, or minor accidents that might occur during flight time each airplane must have the following equipment that meets the specifications and requirements of appendix A of this part:
  - (1) Approved first-aid kits.
- (2) In airplanes for which a flight attendant is required, an approved emergency medical kit.
